Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date
Action(s) to secure that the breach(es) do not continue or recur.			
Vestel EVC04 E7 Vestel EVC04 E22	Regulations 5, 10, 11, 13	Due to the constraints around building the functionality in the CPO platform, E.ON is taking a tactical approach where Vestel are building the compliance factors such as randomised delay and default off-peak scheduling into its firmware, these will meet regulations 5, 10, 11. Regulation 13 will be met once compliance is confirmed post testing.	01 September 2022
Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.			
Vestel EVC04 E7	Regulations 5, 10, 11, 13	CPO platform to issue commands to meet the compliance of the regulations.	01 January 2023
Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).			
How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:			
The customer will be communicated with to be informed that the new functionality will be issued via a F/W update, prior and on day with suitable information on how the changes will affect them.
