Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date
Action(s) to secure that the breach(es) do not continue or recur.			
EVBox BusinessLine	Regulation 9.1(b), 9.3(a)(b), 10.1, 11, 12, 13.1 and 13.3	Next generation charging station, software updates, updates to the charging management platform and app to be released, compliant with the Regulations.	01 July 2024
Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.			
See below			
Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).			
It will not be the case that third parties will suffer a loss by paying the higher cost associated with a charge point compliant with the 2021 Regulations whilst receiving only a charge point that complies with the requirements pertaining until 30 June 2022 or until 30 December 2022 (as the case may be).			
How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:			
All stations that fall within scope of this Enforcement Undertaking will be sold with a statement of compliance (or non-compliance as the case may be and as highlighted per the Enforcement Undertaking) to this Regulation as part of the product documentation.			

The following installers/distributors have Enforcement Undertakings in place for charge points within scope of the actions outlined above.
