Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date
Action(s) to secure that the breach(es) do not continue or recur.			
Powerhubb Smart 7	Regulations 5, 10, 11 and 12 (part)	Incorporating these features into the new charger model currently in process to ensure that we meet all the new compliance regulations.	30 June 2023
Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.			
No actions given			
Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).			
No actions given			
How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:			
<p>The statement of compliance will outline all breaches and how we endeavour to meet these requirements going forward. We will use this to update all parties concerned on how we are doing with the Electric Vehicles (Smart Charge Points) Regulations 2021 that come into force on the 30th June 2022. We want to give ensure end users and installers alike that we are working extremely hard on the minute details to ensure that our products are fully compliant. We will endeavour to support installers accordingly ensuring that all end users understand our compliance going forward. We will provide a compliance statement with every charge point sold and it will be readily available on all of our social media platforms as soon as it is ready.</p>			

The following installers/distributors have Enforcement Undertakings in place for charge points within scope of the actions outlined above.
