

Enforcement Undertaking Summary

Electric Vehicles (Smart Charge Points) Regulations 2021

An Enforcement Undertaking is a commitment by a business to undertake specific actions within a specified timeframe.

The Office for Product Safety and Standards ('OPSS') has accepted an Enforcement Undertaking under paragraph 20, Schedule 2 to the Electric Vehicles (Smart Charge Points) Regulations 2021 ('the Regulations') as summarised below.

Where an Enforcement Undertaking includes technical requirements in Schedule 1 of the Regulations, the actions will not take effect until after 30 December 2022, when Schedule 1 comes into force.

Date Enforcement Undertaking accepted	30 June 2022
Date by which all actions specified in the Enforcement Undertaking must be completed	25 October 2022

Name of business:	Wallbox UK Limited
Company registration number: (if applicable)	GB309208713
Address: (including postcode)	378-380 Deansgate Castlefield Manchester United Kingdom M3 4LY

Model(s) or type(s) of charge point covered by the Enforcement Undertaking
1. Copper SB
2. Pulsar Plus

1. Regulation 10 (Off-Peak Charging)

2. Regulation 11 (Randomised Delay)

Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date
Action(s) to secure that the breach(es) do not continue or recur.			
Pulsar Plus and Copper SB	Regulation 10, 11	The hardware is ready. Software implementation through a Software Update of the myWallbox App and the charger.	25 October 2022
Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.			
Pulsar Plus and Copper SB	Regulation 10, 11	The hardware is ready. Software implementation through a Software Update of the myWallbox App and the charger.	25 October 2022
Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).			
Pulsar Plus and Copper SB	Regulation 10, 11	Not applicable at this point in time.	N/A
How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:			
The statement of compliance will reflect that the chargers do not meet the smart charging regulations 2021 at the point of purchase, but that a software update is coming that will make these chargers compliant and add in the standardised off-peak charging schedule and the randomised delay.
