

# EMPLOYMENT TRIBUNALS

**Claimant:** Ms. R Campbell

**Respondent:** (1) Honeywell Control Systems Ltd (2) Mr P Holden

## JUDGMENT

The claimant's application dated 16 June 2023 for reconsideration of the judgment sent to the parties on 4 June 2023 is refused.

## REASONS

The application is based on three main points:

1. The claimant asserts that evidence that was available at the time of the hearing, but was not before the Tribunal, would have affected the Tribunal's decision;
2. The claimant disagrees with the weight the Tribunal gave various pieces of evidence; and,
3. The claimant seems to make a suggestion of bias on the part of the Tribunal.

There is no reasonable prospect of the original decision being varied or revoked on any of the three above grounds.
