

EMPLOYMENT TRIBUNALS

Claimant: Mrs S Begum
Respondent: Slough Borough Council

JUDGMENT

The claimant's application dated **13 April 2023** for reconsideration of the judgment sent to the parties on **12 April 2023** is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because **the claimant seeks reconsideration of the decision to remove the Second Respondent. She does so on the grounds that he was the person involved with her dismissal, and that she set out details of her complaints in relation to him at the hearing on 7 February 2023.**

These points are all considered in my judgment following the hearing on 7 February 2023.

Having considered the contents of the claimant's application, there are no reasonable prospects of the judgment being varied or reevoked.
