There is not enough amenities for any more houses in the area.

You have to wait months to see a doctor, I have been on a waiting list for NHS dentist for 2 years and myself, my husband and 8 year old daughter still can't be seen by one!!

There are not enough schools but especially senior schools in the area and the one we have is falling down but can't get planning permission to build a new one!

The roads and pot holes are awful now what will it be like when there are even more cars on the road.

Our green space and wildlife don't want any more houses either!

We were little villages but you're trying to turn villages into towns and towns into city's!
