Dear Max

Thank you for your response on this issue, we understand that this is a difficult situation. I will refer it back to the full council at the next meeting in February.

Kind regards

Administrator to Takeley Parish Council

Hi Jane

Apologies for the delay on this. It's been difficult to get people to look at in the run up to Xmas. However we were able to find a ditch expert to look at it last week.

His assessment was that because there is no obvious place where the water can run and the area is very overgrown it would take a huge excavation, including a lot of trees having to be removed to try to solve the problem. Which would cause major disruption to the road, local residents and huge costs. Therefore his recommendation is to leave it as it is and let the occasional flooding pass.

Obviously this isn't a perfect solution, but the best option available to us.

Any further questions, please do not hesitate to contact me

Best regards

Max

Dear Max

Please see the attached map with dots indicating where the flooding occurs.

Kind regards

Hi Jane

Thanks for your email, would you be able to provide me with the exact location of the ditch is and we can address it.

Many thanks

Max

Dear Max

I understand you have been contacted by Cllr Geoff Bagnall regarding flooding in Jacks Lane. After doing a site visit, we have discovered that a ditch in Jacks Lane/Smiths Green will need to be cleared. The ditch is adjacent to the woodland. If you need further information please don't hesitate to contact me.

Kind regards

Administrator to Takeley Parish Council
