Sight Tests in NI are free in many cases based on extensive eligibility criteria pertaining to age, current health, and social security status. These tests are conducted by registered Optometrists and Ophthalmic Medical Practitioners, and the costs are claimed back through BSO. These are mostly carried out at the practitioner's premises.

Domiciliary Sight Tests If a patient who is eligible for a sight test is unable to leave their home unaccompanied they can have a domiciliary sight test. These are mostly carried out in people's homes, residential homes and day care centres.

There were **117,941** sight tests paid for by BSO during quarter 1 of 2023/24, including domiciliary tests.

An increase of **7.6%** on the previous quarter.

An increase of **4.6%** on the same quarter in 2022/23.

In quarter 1 of 2023/24 there were **4,455** domiciliary sight tests paid for by BSO.

An increase of **31.7%** from the previous quarter.

An increase of **21.6%** on the same quarter last year.

Optical Vouchers A patient may receive a voucher toward the cost of glasses, having lenses fitted to their current frames or contact lenses if they are eligible. To note, the eligibility for an optical voucher is not the same as for a free sight test.

Repair/Replacement Vouchers Eligibility for vouchers for repair or replacements is the same as that for optical vouchers. However, patients must provide additional information on how the loss or damage happened.

There were **46,074** vouchers paid for during quarter 1 of 2023/24:
