IV. HEALTH INFORMATION

I, the undersigned Official Veterinarian, hereby certify that:

- (a) the samples were obtained during the conduct of a study and as part of a research project under veterinary supervision in Great Britain.
- (b) within the three months prior to commencing the study, during the period of the study, including the sampling period, no notifiable diseases as listed by the WOH Animal Health Code, insofar as they are transmissible to or by poultry, have been detected on the holding where the animals were being kept;
- (c) the animals have not been experimentally infected with epizootic agents;
- (d) the animals have undergone a veterinary examination prior to sampling and have not shown any clinical symptoms or signs of communicable diseases;
- (e) I am in receipt of a written declaration from the exporter stating that:
 - i) the samples will be transported in a container with absorbent material that is tightly closed and leak-proof, so that even in case of damage the liquid remains contained;
 - ii) the samples will be transported from the Border Control Post of arrival, directly to the final destination premises described in paragraph III(a) above.

This certificate is valid for 10 days from the date of issue.
