II.a. Certificate reference no.	II.b.
---------------------------------	-------

Official Veterinarian / Official Inspector

By signing this certificate, I certify that the requirements laid out above and in the accompanying notes for completion have been met.

Name (in capital letters):

Qualification and title:

Date:

Signature:

Stamp:

MODEL CERTIFICATE ONLY

Part III. Notes for completion

These notes for completion must be read and understood by the certifying officer before signing the certificate. Notes are set out in sections that correspond to the sections in the certificate. By signing this certificate, certifiers are verifying that the consignment meets the requirements set out in the certificate and any relevant corresponding notes for completion.

These notes do not need to be printed as part of a paper certificate that accompanies the consignment or in any electronic copy of the certificate.

References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018) and can be viewed on the UK legislation website (legislation.gov.uk).

References to Great Britain in this certificate include Channel Islands and Isle of Man.

References to GB requirements refer to the requirement(s) of Great Britain as set out in the accompanying notes for completion.

Part I

- Box reference I.6: *Person responsible for the consignment in Great Britain*: this box is to be filled in only if it is a certificate for transit commodity; it may be filled in if the certificate is for import commodity.
- Box reference I.11 and I.12: *Approval number*: the registration number of the establishment or plant, which has been issued by the competent authority.
- Box reference I.12: *Place of destination*: this box is to be filled in only if it is a certificate for transit commodity. Products in transit can only be stored in free zones, free warehouses and custom warehouses.
- Box reference I.15: Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship); information is to be provided in case of unloading and reloading.
- Box reference I.23: For bulk containers, the container number and the seal number (if applicable) must be included.
- Box reference I.25: *Technical use*: any use other than for animal consumption.
- Box reference I.26 and I.27: Fill in according to whether it is a transit or an import certificate.
- Box reference I.28: *Manufacturing plant*: provide the registration number of treatment/processing establishment.

Part II

Animal Health

By signing this certificate, you, the official veterinarian, are certifying that you have read and understood Regulation (EC) No 1069/2009 and in particular Article 10 thereof, and Commission Regulation (EU) No 142/2011, and in particular Chapter II of Annex XIV thereto.

AH/E105 Establishment requirements

GB Requirements

The plant where the products have been prepared and stored must be approved and supervised by the competent authority in accordance with Article 24 of Regulation (EC) No 1069/2009 in order to kill pathogenic agents.

AH/P101D Product requirements (composition)

One or more options can be selected.

Fat derivatives (FDF)

GBHC513

- A:** Carcasses and parts of animals slaughtered or, in the case of game, bodies or parts of animals killed which were deemed fit for human consumption in accordance with retained EU law until irreversibly declared as animal by-products for commercial reasons.
- B:** Carcasses and the following parts originating either from animals that were slaughtered in a slaughterhouse and were considered fit for slaughter for human consumption following an ante-mortem inspection or bodies and the following parts of animals from game killed for human consumption in accordance with retained EU law :
- (i)** carcasses or bodies and parts of animals which were rejected as unfit for human consumption in accordance with retained EU law, but which did not show any signs of disease communicable to humans or animals;
 - (ii)** heads of poultry;
 - (iii)** hides and skins, including trimmings and splitting thereof, horns and feet, including the phalanges and the carpus and metacarpus bones, tarsus and metatarsus bones of animals, other than ruminants;
 - (iv)** pig bristles;
 - (v)** feathers.
- C:** Blood of animals which did not show any signs of disease communicable through blood to humans or animals, obtained from animals other than ruminants that have been slaughtered in a slaughterhouse after having been considered fit for slaughter for human consumption following an ante-mortem inspection in accordance with GB regulations.
- D:** Animal by-products arising from the production of products intended for human consumption, including degreased bone, greaves and centrifuge or separator sludge from milk processing.
- E:** Products of animal origin, or foodstuffs containing products of animal origin, which are no longer intended for human consumption for commercial reasons or due to problems of manufacturing or packaging defects or other defects from which no risk to public or animal health arises.
- F:** Petfood and feedingstuffs of animal origin, or feedingstuffs containing animal by-products or derived products, which are no longer intended for feeding for commercial reasons or due to problems of manufacturing or packaging defects or other defects from which no risk to public or animal health arises.
- G:** Blood, placenta, wool, feathers, hair, horns, hoof cuts and raw milk originating from live animals that did not show signs of any disease communicable through that product to humans or animals.
- H:** Aquatic animals, and parts of such animals, except sea mammals, which did not show any signs of diseases communicable to humans or animals.
- I:** Animal by-products from aquatic animals originating from establishments or plants manufacturing products for human consumption.
- J:** The following material originating from animals which did not show any signs of disease communicable through that material to humans or animals:
- (i)** shells from shellfish with soft tissue or flesh;
 - (ii)** the following originating from terrestrial animals:
 - hatchery by-products;
 - eggs;
 - egg by-products, including egg shells;
 - (iii)** day-old chicks killed for commercial reasons.
