Part II. Certification

Animal Health

I, the undersigned official veterinarian, hereby certify in accordance with GB legislation that the SPF eggs described in this certificate:

AH/E502 Establishment requirements

come from chicken flocks that meet GB requirements;

AH/P527 Product requirements (transport and labelling)

are transported in perfectly clean disposable boxes used for the first time and which:

- (a) contain only eggs coming from the same establishment;
- (b) are clearly marked with the following information:
 - (i) the name and ISO code of the country, territory, zone or compartment of origin,
 - (ii) SPF eggs for diagnostic, research or pharmaceutical use only',
 - (iii) the number of eggs,
 - (iv) the name, address and approval number of the production establishment,
 - (v) the country of destination in Great Britain;
- (c) are closed in accordance with the instructions of the competent authority to avoid any possibility of substitution of the contents and are leak-proof;

**Specified pathogen-free eggs (SPF)
GBHC696**

II.a. Certificate reference no.	II.b.
--	--------------

AH/P528 Product requirements (transport)

the containers and vehicles in which the boxes mentioned in AH/P have been transported have been cleansed and disinfected before loading in accordance with the instructions of the competent authority;

AH/P619 Product requirements

have been marked as indicated in Box I.28 under 'Identification number' of the certificate using coloured ink;

AH/P620 Product requirements

have been collected from to (dates);

Official Veterinarian

By signing this certificate, I certify that the requirements laid out above and in the accompanying notes for completion have been met.

Name (in capital letters):

Qualification and title:

Date:

Signature:

Stamp:

Part III. Notes for completion

These notes for completion must be read and understood by the certifying officer before signing the certificate. Notes are set out in sections that correspond to the sections in the certificate. By signing this certificate, certifiers are verifying that the consignment meets the requirements set out in the certificate and any relevant corresponding notes for completion.

These notes do not need to be printed as part of a paper certificate that accompanies the consignment or in any electronic copy of the certificate.

References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018) and can be viewed on the UK legislation website (legislation.gov.uk).

References to Great Britain in this certificate include Channel Islands and Isle of Man.

References to GB requirements refer to the requirement(s) of Great Britain as set out in the accompanying notes for completion.

This certificate is valid for 15 days.

Part I

- Box reference I.8: Provide the code for the zone or name of the compartment of origin, if necessary, as defined under code in column 2 as set out in a document relating to 'poultry and poultry products' published on gov.uk, in accordance with Regulation (EC) No 798/2008.^(†)
- Box reference I.11: Name, address and approval number of the breeding establishment.
- Box reference I.15: Indicate the registration number(s) of railway wagons and lorries, the names of ships and, if known, the flight numbers of aircraft. In the case of transport in containers or boxes, the total number of these and their registration and where there is a serial number of the seal it has to be indicated in box I.23.
- Box reference I.28: *Identification number*: provide egg marks including establishment number and ISO code of the country of origin.

Part II

Animal Health

Hatching eggs as defined in Regulation No 798/2008 which are derived from 'chicken flocks free from specified pathogens' as described in the European Pharmacopoeia and which are intended for diagnostic, research or pharmaceutical use only.

"GB legislation" refers to Directive 2009/158.

AH/E502 Establishment requirements

GB requirements:

come from chicken flocks that:

- (a) are free from specified pathogens as described in the European Pharmacopoeia and the results of all tests and clinical examinations required for this specific status have been favourable, including negative testing results for avian influenza and Newcastle disease carried out within the last **30 days** preceding dispatch;
- (b) have been clinically examined at least **once a week** as described in the European Pharmacopoeia and no clinical signs of or grounds for suspecting any disease were detected;
- (c) have been kept for at least six weeks immediately prior to import to Great Britain in the establishment(s) defined in Box I.11 of Part I, officially approved in accordance with requirements which are at least equivalent to those laid down in Annex II to Directive 2009/158:
 - (i) the approval of which has not been suspended or withdrawn;

**Specified pathogen-free eggs (SPF)
GBHC696**

(ii) which is (are) not subject to any animal health restriction;

(d) during the period mentioned in (c), have had no contact with poultry not meeting the requirements laid down in this certificate or with wild birds;

European Pharmacopoeia refer to: <http://www.edqm.eu> (the latest edition).

AH/P527 Product requirements (transport and labelling)

No further notes for completion.

AH/P528 Product requirements (transport)

No further notes for completion.

AH/P619 Product requirements

No further notes for completion.

AH/P620 Product requirements

No further notes for completion.
