**Part II. Certification**

**Animal Health**

I, the undersigned official veterinarian, hereby certify that the ratites described in this certificate:

**AH/T008A Territory requirements**

Meet the provisions of GB legislation and have remained on:

- (\*) **EITHER** [the territory of code .....;]
- (\*) **OR** [compartment(s) (*insert the name*) .....;]

for at least three months or since hatching where it is less than three months old; where it was imported into the country, territory, zone or compartment of origin, this took place in accordance with veterinary conditions at least as strict as the relevant requirements of GB legislation;

**AH/T008F Territory requirements**

come from:

- (\*) **EITHER** [the territory of code .....;]
- (\*) **OR** [compartment(s) (*insert the name*) .....;]
- (\*) **EITHER** [(a) which was (were) free from Newcastle disease as defined in GB legislation;]
- (\*) **OR** [(a) which was not free from Newcastle disease as defined in GB legislation;]
- (b) where a surveillance programme for avian influenza according to GB legislation is carried out;

<b>II.a. Certificate reference no.</b>	<b>II.b.</b>
--	--------------

**AH/T131E Territory requirements (freedom from disease)**

come from:

- (\*) **EITHER** [the territory of code .....;]
- (\*) **OR** [compartment(s) (insert the name) .....;]

Which at the date of issue of this certificate:

- (a)
  - (\*) **EITHER** [(i) was (were) free from **highly pathogenic avian influenza** as defined in GB legislation;]
  - (\*) **OR** [(ii) was (were) not free from **highly pathogenic avian influenza** as defined in GB legislation, and, where they have occurred a `stamping out` policy has been implemented to control the disease, and comply with GB requirements;]

and

- (b)
  - (\*) **EITHER** [(i) was (were) free from **low pathogenic avian influenza** as defined in GB legislation;]
  - (\*) **OR** [(ii) following case(s) of **low pathogenic avian influenza**,
    - (\*) **EITHER** [(a) a stamping out policy has been implemented or the poultry have been slaughtered to control the disease, and where GB requirements were met]
    - (\*) **AND/OR** [(b) the ratites have been kept in an establishment that is compliant with GB requirements;]]

**AH/E016D Establishment requirements**

come from establishment(s) defined in Box I.11 of Part I officially approved in accordance with requirements which are at least equivalent to those laid down in GB legislation, where they have been kept since hatching or for at least six weeks immediately prior to export, and are compliant with GB requirements;

**AH/A109 Animal requirements**

come from a flock where vaccination against avian influenza has not been carried out;

**AH/A110F Animal requirements**

comes from a flock which:

- (a) has been examined no more than 24 hours before loading and showed no clinical signs of or grounds for suspecting any disease;
- (\*) **EITHER** [(b) has not been vaccinated against Newcastle disease;]
- (\*) **OR** [(b) has been vaccinated against Newcastle disease:

Identification of the flock	Age of the birds	Date of vaccination [dd/mm/yyyy]	Name and type (live or inactivated) of ND virus strain used in vaccine(s)	Batch number	Name and manufacturer of vaccine

;

- (\*) **AND** [(c) has been vaccinated against other diseases using officially approved vaccines:

Breeding or productive ratites (BPR)  
GBHC700

II.a. Certificate reference no.	II.b.
---------------------------------	-------

Identification of the flock	Age of the birds	Date of vaccination [dd/mm/yyyy]	Vaccinated against	Batch number	Name, manufacturer and type of officially approved vaccines

]

**AH/A256 Animal requirements**

have been examined at the date of issue of this certificate and showed no clinical signs of or grounds for suspecting any disease;

**AH/A625 Animal requirement**

(\*)[where they come from countries in Asia or Africa:

(\*)**EITHER** [were kept in isolation in tick-proofed surroundings under an officially approved programme for rodent control for at least 21 days prior import to Great Britain;]

(\*)**OR** [underwent treatment to ensure that all ticks on them were destroyed before they were moved to the tick- proofed surroundings; specification of the treatment:  
..... ;]

(\*)**OR** [after spending 14 days in tick-proofed surroundings, underwent the competitive ELISA test for antibodies to Crimean-Congo haemorrhagic fever and all ratites leaving isolation tested negative;]]

**AH/A718C Animal requirements**

during the period mentioned in AH/E have had no contact with ratites not complying with the requirements laid down in this certificate or with other birds;

**AH/MS101 Additional guarantees**

meet the provisions of GB legislation;

**Animal Health Additional**

I, the undersigned official veterinarian, further certify that:

**AA/A010 Animal health additional guarantees**

(\*)[the breeding or productive ratites have been examined and tested in accordance with GB legislation;]

**AA/A105 Animal health additional guarantees**

the ratites are transported in crates or cages which:

- (a) contain only ratites of the same species, category and type coming from the same establishment;
- (b) bear the approval number of the establishment of origin;
- (c) are closed in accordance with the instructions of the competent authority to avoid any possibility of substitution of the contents;
- (d) in addition to the vehicles in which they are transported, are designed to:
  - (i) prevent any excrement escaping and reduce to a minimum any loss of feathers during transport;
  - (ii) allow visual inspection of the ratites;

<b>II.a. Certificate reference no.</b>	<b>II.b.</b>
--	--------------

- (iii) allow cleansing and disinfecting;
- (e) have been cleansed and disinfected, as have the vehicles in which they are transported, before loading in accordance with the instructions of the competent authority

**AA/A300 Animal requirements**

(\*)[additional health requirements for countries not free from Newcastle disease  
the ratites described in this certificate:

- (a) were placed under official surveillance for at least 21 days prior to import to Great Britain in a quarantine station as defined in Article 2 of Directive 2009/158/EC and approved by the competent authority: (*approval number and address of the quarantine station:*  
.....);
- (b) underwent a virus isolation test for Newcastle disease, carried out in an official laboratory 7 to 10 days after their entry into quarantine station on either cloacal swabs or faeces samples from each bird and in which no avian paramyxovirus type 1 isolates with an intracerebral Pathogenicity Index (ICPI) of more than 0.4 were found. Favourable results were available from all birds in the consignment before they left the quarantine station for import to Great Britain;
- (c) come from flocks in which surveillance for Newcastle disease has been carried out under a statistically based sampling plan which produced negative results for at least six months immediately prior to import to Great Britain.]

(\*) Keep as appropriate.

**Official Veterinarian**

**By signing this certificate, I certify that the requirements laid out above and in the accompanying notes for completion have been met.**

Name (in capital letters):

Qualification and title:

Stamp:

### Part III. Notes for completion

These notes for completion must be read and understood by the certifying officer before signing the certificate. Notes are set out in sections that correspond to the sections in the certificate. By signing this certificate, certifiers are verifying that the consignment meets the requirements set out in the certificate and any relevant corresponding notes for completion.

These notes do not need to be printed as part of a paper certificate that accompanies the consignment or in any electronic copy of the certificate.

References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018) and can be viewed on the UK legislation website (legislation.gov.uk).

References to Great Britain in this certificate include Channel Islands and Isle of Man.

References to GB requirements refer to the requirement(s) of Great Britain as set out in the accompanying notes for completion.

**This certificate is valid for 10 days.**

### Part I

- Box reference I.8: Provide the code for the zone or the compartment of origin, if necessary, as defined under code of column 2 as set out in a document relating to 'poultry and poultry products' published on gov.uk, in accordance with Regulation (EC) No 798/2008.<sup>(†)</sup>
- Box reference I.11: Name, address and approval number of breeding or rearing establishment.
- Box reference I.15: Indicate the registration number(s) of railway wagons and lorries, the names of ships and, if known, the flight numbers of aircraft. In the case of transport in containers or boxes, the total number of these and their registration and where there is a serial number of the seal it has to be indicated in box I.23.
- Box reference I.28: *Category*: Select one of the following: Pure line/grandparents/parents/others;  
*Identification System and Identification Number*: Neck-tags and microchips must include the ISO code of the country of origin; microchips must comply with ISO standards.

### Part II

#### Animal Health

'Ratites' means birds of the order Struthioniformes (Casuariidae, Rheidae, Struthionidae) reared or kept in captivity for breeding and production.

#### AH/T008A Territory requirements

Code of the territory as it appears in column 2 as set out in a document relating to 'poultry and poultry products' published on GOV.UK, in accordance with Regulation No 798/2008.<sup>(†)</sup>

"GB legislation" refers to Directive 2009/158 and any subsidiary legislation.

#### AH/T008F Territory requirements

For territory code insert code of the territory as it appears in column 2 in a document relating to 'poultry and poultry products' published on gov.uk, in accordance with Regulation No 798/2008 (†)

For countries or territories with the entry 'N' in column 6 for breeding or productive ratites (BPR) only, this means that in the case of an outbreak of Newcastle disease as defined in Regulation No 798/2008 then the country code or territory code shall continue to be used but this will exclude any area under official restrictions, by the third country concerned in relation to Newcastle disease, at the date of issue of this certificate.

## Breeding or productive ratites (BPR)

### GBHC700

The second (a) attestation that refers to territories or compartments not free from Newcastle disease is applicable only to the countries with the entry 'I' in column 5 as set out in the document referred to above. However, this does not apply to breeding and productive ratites coming from compartments.

GB legislation refers to Regulation No 798/2008

### AH/T131E Territory requirements (freedom from disease)

Insert code of the territory as it appears in column 2 as set out in a document relating to 'poultry and poultry products' published on gov.uk, in accordance with Regulation No 798/2008. <sup>(†)</sup>

GB legislation refers to:

Regulation No 798/2008.

GB requirements for (a)(ii):

- (i) adequate cleansing and disinfection had been carried out on all previously infected establishments; and
- (ii) following completion of the cleansing and disinfection referred to in point (i) of this paragraph, avian influenza surveillance has been carried out at least by randomised representative sampling of the populations at risk to demonstrate the absence of infection, (taking into account the specific epidemiological circumstances in relation to the occurred outbreak(s)), with negative results; and
- (iii) an opening date has been entered in column 6B in the list of approved countries ('Poultry and poultry products') published on gov.uk, in accordance with Regulation No 798/2008 <sup>(†)</sup>

GB requirements for (b)(ii)(a):

- (i) adequate cleansing and disinfection had been carried out on all previously infected establishments; and
- (ii) following completion of the cleansing and disinfection referred to in point (i) of this paragraph, avian influenza surveillance has been carried out at least by randomised representative sampling of the populations at risk to demonstrate the absence of infection, (taking into account the specific epidemiological circumstances in relation to the occurred outbreak(s)), with negative results;

GB requirements for (B)(ii)(b):

The ratites have been kept in an establishment:

- (i) in which within the last 30 days prior to import to Great Britain low pathogenic avian influenza has not been present;
- (ii) located in an area which is not placed under official veterinary restrictions by the competent authority in relation to an outbreak of low pathogenic avian influenza and in any case around which within a 1 km radius low pathogenic avian influenza has not been present within the last 30 days prior to import to Great Britain in any establishment;
- (iii) where there has been no epidemiological link to an establishment where low pathogenic avian influenza has been present within the last 30 days prior to import to Great Britain;

### AH/E016D Establishment requirements

GB legislation:

Annex II to Directive 2009/158

GB requirements:

Come from establishment(s)

- (a) the approval of which has not been suspended or withdrawn;
- (b) which is (are) not subject to any animal health restriction;
- (c) within a **10 km** radius of which, including, where appropriate, the territory of a neighbouring country, there has been no outbreak of highly pathogenic avian influenza or Newcastle disease for at least the previous **30 days**

## **Breeding or productive ratites (BPR)**

### **GBHC700**

#### **AH/A109 Animal requirements**

No further notes for completion.

#### **AH/A110F Animal requirements**

No further notes for completion.

#### **AH/A256 Animal requirements**

No further notes for completion.

#### **AH/A625 Animal requirement**

No further notes for completion.

#### **AH/A718C Animal requirements**

No further notes for completion.

#### **AH/MS101 Additional guarantees**

“GB legislation” refers to: provisions of Directive 2009/158.

### **Animal Health Additional**

#### **AA/A010 Animal health additional guarantees**

GB legislation refers to point 8 of Section I of Annex 3 to Regulation No 798/2008

This guarantee is only required for breeding or productive ratites coming from countries, territories or zones with the entry 'X' in column 5 as set out in a document relating to 'poultry and poultry products' published on gov.uk, in accordance with Regulation No 798/2008 (†)

#### **AA/A105 Animal health additional guarantees**

Please note that according to Regulation No 1/2005 animals will be checked by the competent authorities if they are fit to continue the journey after entry into Great Britain. In the case the requirements are not fulfilled, the animals need to be unloaded and further measures taken.

#### **AA/A300 Animal requirements**

This is applicable only to the countries with the entry 'I' in column 5 as set out in a document relating to 'poultry and poultry products' published on gov.uk, in accordance with Regulation No 798/2008 (†)

However, this does not apply to breeding and productive ratites coming from compartments
