

EMPLOYMENT TRIBUNALS

Claimant: Mr R Wilson-Fry
Respondent: Artificial Solutions UK Ltd (in Liquidation)

JUDGMENT

It is the judgment of the Tribunal that:

All of the claimant's complaints other than the claim for a protective award are struck out.

REASONS

1. The claimant did not attend the final hearing on 27 March 2023 without any explanation. Case management orders relating to the claim were sent to the claimant on 19 May 2023.
2. The claimant was given an opportunity to provide further information in order for his claim to be determined pursuant to Rule 21. He has not done so or contacted the Tribunal at all.
3. The claimant was warned in the case management orders that if the further information was not provided the Tribunal would consider striking out the claims on the basis they are not being actively pursued.
4. I am satisfied that the claimant's claim has not been actively pursued and should be struck out under Rule 37.
