# Accommodation Update

From 31 October 2023 aspects of your accommodation offer will change...

The way people live and work is changing and our accommodation offer should reflect this. We know it's crucial to provide accommodation that works for a modern Whole Force, their partners and families.

Using feedback and findings from the FAM pilot, work is now underway on how best to deliver a wider accommodation offer that works for personnel across the whole of Defence.

## What's next..

Over the course of the next year, we will be giving you more details about what these changes will look like, keeping you informed and updated every step of the way through regular articles, Chain of Command updates, social media and on GOV.UK.

At this moment you do not need to take any action.
