II. HEALTH INFORMATION

I, the undersigned Official Inspector, hereby certify regarding the above described, that:

1. The aquaculture farm of origin is authorised, approved and registered by the competent authority in the United Kingdom, and is regularly inspected by the competent authority. The aquaculture farm of origin has been registered with General Administration of Customs China.
2. The United Kingdom is officially free from the following diseases:
 - Viral Haemorrhagic Septicaemia (VHS)
 - Infectious haematopoietic necrosis (IHN)
 - Infectious salmon anaemia (ISA)
3. The aquaculture farm of origin is officially registered as free from Bacterial Kidney Disease and targeted surveillance is conducted on the farm by the competent authority during the last two years prior to export. Infectious Pancreatic Necrosis has not been identified during regular testing carried out on the farm of origin during the last two years prior to export.
4. The ova have been surface disinfected in accordance with the current WOH standards.
5. Pathogen free water has been used for all rinsing and disinfection solutions used for disinfection of the ova.
