Subject: Moors Fields Station Road Little Dunmow Ref: S62A/2023/0021

My wife and I live at [REDACTED], which is on the current border line of the permissible build space around the Anglian Water Services Water Treatment Plant off of Station Road.

We are greatly concerned that the creation of 160 incremental dwellings, in line with the plans mentioned above, will increase the volume of work that this site needs to carry out and in turn push out the radius of the catchment.

If this is the case and building were still to commence then habitation of our property would be unviable and a mandatory purchase of our dwelling and further compensation would be expected

Regards

Jon Cox
