**Re: S31 Grant Determination Letter for Early Years, Childcare and Families - Families First for Children Pathfinder Grant GD31/6760.**

This Determination is made between:

- (1) **The Secretary of State for Education** and
- (2) **The local authorities listed at Annex A**

### **Purpose of the Grant**

The purpose of this grant is to provide support to local authorities in England towards expenditure lawfully incurred or to be incurred by them.

This grant is intended to support the projects these local authorities have been requested to undertake, relating to the Families First for Children Pathfinder (FFCP) programme Wave 1, as described in the government's strategy and consultation, [Stable Homes, Built on Love](#). Through the FFCP programme, we will work with local areas in two waves to co-design and deliver end-to-end service reform, implementing new Family Help services, child protection arrangements and support for kinship care. This will deliver our future vision for how we want to work with children and families in a select number of areas.

The aim of the FFCP programme in Wave 1 is to:

- Work with key partners in local areas on the reform journey, creating sector champions.
- Take a 'test and learn' approach to answer some of the challenging questions about 'how' to operationalise, integrate and embed reforms – and how these will work - in local areas.
- Develop evidence about specific new ways of working, at a smaller scale, before the next stage of delivery – including where there are risks and how to mitigate these.

- Inform future revisions of the statutory framework (including *Working Together to Safeguard Children 2018*).
- Provide evaluation evidence on implementation, delivery, and any emerging impacts, including any barriers, facilitators, and unintended consequences.
- Evidence implementation costs for the reforms.

The payments specified in this grant letter will enable local areas to co-design their delivery and prepare a costed plan for the pathfinder in their area. Following the completion of these costed plans, DfE intends to make further grant funding available to the local authorities for the delivery of the pathfinder.

Local areas will receive support from an external delivery partner to help them implement the required changes.

DfE will work with the Evaluation Partner selected through the commercial process of appointing a preferred supplier to evaluate the impact of this programme.

Local areas must indicate that the programme is funded by the Department for Education in all materials used externally.

Annex A provides details of payments being made to local authorities involved in the programme where funding was agreed by 31 July 2023.
