Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The changes introduced by this variation notice are to add the following activities to the Installation:

- A new listed activity to allow the receipt of hazardous waste for repackaging / bulking prior to transfer off site for onward disposal or recovery;
- The storage of hazardous waste pending repackaging/bulking and transfer off site for onward disposal or recovery. This will be less than 50 tonnes per day so is a waste operation;
- A waste operation for the receipt and storage of non-hazardous waste for repackaging / bulking prior to transfer off site for onward disposal or recovery; and
- The storage of hazardous and non hazardous waste pending transfer (without repackaging) if required for contingency measures.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
