FOI2023/10430  
Date:  
20 September 2023

Dear [REDACTED]

I am writing about your email of 29 August 2023, requesting the following information:

*Please provide me with the latest version at the time of this request of the Defence Clothing Catalogue- Acquisition Team 1: Combat Clothing, Sections 1.2 to 1.5 in .pdf format.*

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOI Act).

A search for the information has now been completed within the Ministry of Defence (MOD), and I can confirm that information in scope of your request is held. The information identified relating to this vehicle is attached, as follows:

- Annex A – Defence Clothing Catalogue Section 1-5: DMC V060 Protective Clothing

It has proved necessary to withhold some information in accordance with qualified exemptions of the FOI Act. Some of the information within Annex A relates to sensitive user communities or capabilities and has been withheld by virtue of section 23(1) (Information supplied by or relating to bodies dealing with security matters) or section 24(1) (National Security), which is a qualified exemption. These exemptions are being applied in the alternative, meaning the MOD is not stating the grounds on which this information is withheld. Section 23 is an absolute exemption and does not require a public interest test to be conducted; if these grounds have been applied a public interest test has not been completed. If section 24(2) applies, the Ministry of Defence recognises that there is public interest in transparency and openness in Government; if these grounds have been applied a public interest test has been completed the balance would be found to lie in the Government's ability to maintain national security. We have concluded that in all circumstances of the case, the public interest in maintaining the duty to confirm the grounds for withholding information is outweighed by safeguarding national security or the security bodies and have not confirmed the grounds for withholding information.

Separately, some of the commercially sensitive information within Annex A relates to unit prices, which have been withheld under qualified exemption Section 43(2) (Commercial Interests). Section 43 concerns information which if disclosed would or would likely

Defence Equipment & Support

prejudice the commercial interests of any person (including defence contractors and the public authority holding it).

As the exemption is qualified, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release. However, reporting the time taken by MOD contractors to rectify fault reports could be used, along with already published contractor information, to reveal market sensitive information, such as hourly labour rates, that would likely allow the company's competitors to exploit when bidding for similar work.

Given the arguments described above, on balance, it was determined that the information should be withheld under Section 43(2) (Commercial Interests). The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

Some of the information within Annex A falls entirely within the scope of the absolute exemption provided for at Section 40 (Personal Information) of the Freedom of Information Act and has been redacted. Section 40(2) has been applied in order to protect personal information as governed by the General Data Protection Regulations (GDPR). Section 40 is an absolute exemption and there is no requirement to consider the public interest in deciding to withhold the information.

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail [CIO-FOI-IR@mod.gov.uk](mailto:CIO-FOI-IR@mod.gov.uk)). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

DE&S Policy Secretariat
