

Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2016

CEG Technology UK Limited
Derby Alternative Energy Plant
Unit 1C and 1D
Trafalgar Park
Victory Road
Derby
DE24 8DX

Variation application number

EPR/FP3739VA/V004

Permit number

EPR/FP3739VA

Derby Alternative Energy Plant

Permit number EPR/FP3739VA

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The Industrial Emissions Directive (IED) came into force on 7th January 2014 with the requirement to implement all relevant Best Available Techniques (BAT) conclusions as described in the Commission Implementing Decision. The BAT conclusions for incineration were published on 03 December 2019 in the Official Journal of the European Union (L323) following a European Union wide review of BAT, implementing decision 2017/2117/EU of 21 November 2017. This variation has been issued to ensure that the plant cannot operate until a full review has been carried out.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Permit determined EPR/YP3838TF/A001	11/03/2011	Issued to Clarke Power Limited
Application received EPR/YP3838TF/V002 (admin variation)	Duly made 28/09/2011	To change Company Name, correct date of Permit issue in status log and amend monitoring requirement of point source emission to air "A1"

Issued to

CEG Technology UK Limited (“the operator”)

whose registered office is

Rivermead House

7 Lewis Court

Leicester

LE19 1SD

company registration number 08708126

to operate a regulated facility at

Derby Alternative Energy Plant

Unit 1C and 1D

Trafalgar Park

Victory Road

Derby

DE24 8DX

to the extent set out in the schedules.

The notice shall take effect from 12/10/2023.

Name	Date
Permitting Team Leader	12/10/2023

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be added

The following conditions are added following an Environment Agency initiated variation

2.5 Pre-operational conditions

- 2.5.1 The activities shall not be brought into operation until the measures specified in schedule 1 table S1.4 have been completed

Reference	Pre-operational measures
PO4	<p>Prior to the commencement of any activities authorised by the permit the operator shall submit to the Environment Agency for approval (using the form provided by the Environment Agency) a report that addresses compliance with each BAT conclusion listed in the Waste Incineration BAT Conclusions (Commission Implementing Decision (EU) 2019/2010 of 12 November 2019). The report shall include:</p> <ul style="list-style-type: none">i. A list of any BAT conclusions that are not relevant, including justification.ii. A description of how the installation complies with the standards set out in each relevant BAT conclusion, including those for new plants. <p>The permitted activities shall only commence once the operator has obtained the Environment Agency's written approval to the report and the Environment Agency has issued a variation notice to implement new plant BAT standards.</p>
