

EXPORT OF DOGS AND CATS FROM UNITED KINGDOM TO THE UNITED ARAB EMIRATES

NOTES FOR THE GUIDANCE OF THE OFFICIAL VETERINARIAN AND THE EXPORTER

IMPORTANT

These notes provide guidance to Official Veterinarians (OV) and exporters. The NFG should have been issued to you together with export certificate 3926EHC. The NFG should not be read as a standalone document but in conjunction with certificate 3926EHC. We strongly suggest that exporters obtain full details of the importing country's requirements from the veterinary authorities in the country concerned, or their representatives in the UK, in advance of each consignment.

1. SCOPE OF THE CERTIFICATE

Export health certificate 3926EHC may be used for the export of cats and dogs from United Kingdom to the United Arab Emirates.

2. CERTIFICATION BY AN OFFICIAL VETERINARIAN (OV)

This certificate may be signed by an OV appointed by the Department for Environment, Food and Rural Affairs, the Scottish Government, Welsh Government or the Department of Agriculture, Environment and Rural Affairs (DAERA) Northern Ireland, who is on the appropriate panel for export purposes or who holds the appropriate Official Controls Qualification (Veterinary) (OCQ(V)) authorisation.

OVs must sign and stamp the health certificate with the OV stamp in any ink colour **OTHER THAN BLACK**.

Certified Copy Requirements

Certifiers are only required to return a certified copy of EHCs for the following EHC types:

- if the commodity is cattle, pigs, sheep, goats or camelids
- EHCs where the certifier cannot submit certifier feedback

If you are required to return a certified copy to CITA, email a scanned copy to certifiedcopies@apha.gov.uk.

Retain a copy of all EHCs and supporting documentation certified for two years.

Certifiers are not required to return certified copies of other EHCs issued, however, CITA may request certified copies of EHCs and supporting documentation in order to complete Quality Assurance checks or if an issue arises with the consignment after certification.

DAERA Export Health Certificates: Provision of certified copies

aPVPs certifying DECOL produced Export Health Certificates must return a legible, scanned copy of the final EHC to the relevant DAERA Processing Office within 1 working day of signing.

Good quality photographic copies will be accepted by the department, where obtaining a scanned copy is not feasible - for example, where 'on site' certification is undertaken and scanning facilities are not available.

For record purposes, a copy of the final Export Health Certificate and associated Support documents should be retained by the aPVP for a period of 2 years from the date of certification.

The Department will carry out periodic audits of all aspects of export certification to ensure that a high standard of certification is being maintained.

3. **IMPORT PERMIT/RE-ENTRY CARD**

An import permit is required from the Ministry of Climate Change and Environment:

<https://www.moccae.gov.ae/en/our-services/service-directory.aspx?mainCategory=274#page=1>

4. **MICROCHIP**

Paragraph I. refers. Microchips should normally comply with ISO Standard 11784 or Annex A to ISO Standard 11785. Prior notification must be obtained if an alternative type of microchip is to be used. In such cases, if permission is granted, the owner/agent will be responsible for ensuring that a suitable reader is available at the point of entry.

5. **Clinical examination**

Paragraph IV (a) refers. The examination should consist of visual inspection, supported as necessary by clinical examination, laboratory reports, and pathological examination of any animals in contact with the animals for export.

6. **OWNER/AGENT'S DECLARATIONS**

Paragraph IV. (b) refers. This paragraph may be certified provided written declarations have been obtained from the owner/agent of the owner. OVs should retain copies of these declarations for record purposes.

7. **NOTIFIABLE DISEASE CLEARANCE**

Official Veterinarians may certify paragraph IV. c) on behalf of the Department provided written authority to do so has been obtained on form 618NDC from the APHA Centre for International Trade at Carlisle or from the issuing office of DAERA in Northern Ireland.

8. **VACCINATIONS**

Paragraph IV. (d) refers. In case of primary vaccination a full course, in accordance with manufacturer's instructions, should be given. Following primary vaccination the animal should be revaccinated at the intervals recommended by the manufacturer. In essence, the most recent vaccination should have been within 12 months of export. Initial rabies vaccination must be carried out more than 21 days prior to export.

The vaccination certificates should accompany the animal entering the UAE. Only licensed products may be used.

Paragraph IV. (d) refers. For the purpose of this certificate 'expiry date' in column 5 means the shelf expiry date of the vaccine used.

9. **Parasite Treatments**

Paragraphs IV e) and d) refer. The treatments should be carried out in line with the manufacturers' recommendations and comply with the requirements laid out in the 3926EHC.

10. **Welfare**

Exporters and transporters must comply with all the legislation for the welfare of live animals during transport. The welfare conditions required during transport, are set out in Council Regulation EC No 1/2005 (as retained), implemented in England by The Welfare of Animals (Transport) (England) Order 2006, with parallel legislation in Scotland

and Wales.

If transported by air, animals should also be transported in accordance with International Air Transport Association (IATA) standards.

Information about welfare during transport in Great Britain and the necessary requirements can be obtained from the Animal and Plant Health Agency: Welfare in Transport Team

Centre for International Trade

Eden Bridge House

Lowther Street, Carlisle

CA3 8DX

E-mail: WIT@apha.gov.uk

Or, in the case of Northern Ireland, DAERA at Dundonald House, Belfast.

11. **Disclaimer**

This certificate is provided on the basis of information available at the time, and may not necessarily comply fully with the requirements of the importing country. It is the exporter's responsibility to check the certificate against any relevant import permit or any advice provided by the competent authority in the importing country. If these do not match, the exporter should contact the APHA Centre for International Trade, Carlisle or DAERA, via the link or e-mail address below:
