Afternoon Simon,

Apologies for not answering your call this morning – I am on calls all day, so won't get a chance to discuss directly.

I understand that this application is not moving as quickly as you hoped. We need to be satisfied the assessment criteria (as outlined on gov.uk) are fulfilled, so to effectively address this we are working towards a single Schedule 5 Notification that outline all our current concerns. I have drafted the Notification, and need the policy team to review it. This review is to ensure I am not asking for anything unreasonable, and I haven't missed any key aspects. One key member is away until the 25<sup>th</sup>, so will not get a chance to review it until they are back. Without knowing the final scope of the questions, we are not ready to discuss the Schedule 5 deadline (to be agreed with yourself). I hope to have a finalised schedule 5 notification with you before the 4<sup>th</sup> November, but I do not have visibility on everyone's calendars.

I understand your frustration with the delays, but we are doing everything we can to progress this and complete determination of the application.

Kind regards,

**Matt Tanner BSc (Hons) MSc**
