Subject: RE: Whitehouse Field - Schedule 5 Notification and TVBC consultation

Morning Simon,

It is not my intention to extend this determination longer than required, and we are carrying out legitimate consultation with the council. As stated in my email dated 1st December, the consultation is in regards to your obligation to carry out the works - similar to question 2 of the Schedule 5 Notification I sent on the 9th November.

We are hoping to hear from TVBC by the end of the week. I will let you know when we are able to continue our assessment.

Kind regards,

Matt Tanner BSc (Hons) MSc

Matt,

What could Test Valley Borough Council possibly add to this ? You have seen the numerous emails & letters from the LPA stating that they would like the works completed as soon as possible to avoid further enforcement action.

You have seen the planning inspectorates previous decisions and notes in relation to the planning position of the site which confirm unequivocally the position. Perhaps if you could be transparent and share the questions you have asked the LPA we could assist you in answering them ?

This has been delayed so far for over 5 years !! My concern is that the EA have now adopted an approach which seems to be “lets just delay the job as long as we can”,
