Hi Matt

I must say I feel it is extremely unnecessary for the EA to demand a response to your letter in 7 working days from my client when this permit application was first (re)submitted in May last year and you took over the duly making process in August last year and we are now no further forward in duly making after 8 months.

I know my client has spent an inordinate amount of time trying to assist in getting the TVBC planners to answer your/our queries without much luck.

I suggest you reconsider this unrealistic timescale.

Regards

Michael Jones BSc, FGS, AMIEMA, MIAEG

Afternoon Simon,

I appreciate your voicemails, but would prefer emails at the moment to ensure there are reliable records of conversations held.

We are not at liberty to give individual names of representatives of the Local Authority, but we can confirm we are formally consulting with Test Valley Borough Council. If you would like to consult with your previous contacts at TVBC (Simon Finch and Andrew Ferrier), they should be able to provide details if deemed appropriate.

As requested in the letter, we would be grateful for your response by 17 February 2023 to inform us how you wish to proceed with this application.

Kind regards,
