

Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2016

Moore Energy (Wells) Limited

Haybridge Advanced Thermal Treatment Facility
The Old Railway Yard
Glencot Road
Haybridge
Wells
Somerset
BA5 1AH

Variation application number

EPR/ZP3832UB/V004

Permit number

EPR/ZP3832UB

Haybridge Advanced Thermal Treatment Facility

Permit number EPR/ZP3832UB

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The Industrial Emissions Directive (IED) came into force on 7th January 2014 with the requirement to implement all relevant Best Available Techniques (BAT) conclusions as described in the Commission Implementing Decision. The BAT conclusions for incineration were published on 03 December 2019 in the Official Journal of the European Union (L323) following a European Union wide review of BAT, implementing decision 2017/2117/EU of 21 November 2017. This variation has been issued to ensure that the plant cannot operate until a full review has been carried out.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Permit ZP3832UB determined.	09/04/2009	Licence issued to WP2 Ltd
Notified of change of company name	12/02/2014	Name changed to Moore Energy (Wells) Limited

Moore Energy (Wells) Limited (“the operator”)

whose registered office is

**68 West Street
Warminster
BA12 8JW**

company registration number 04652821

to operate a regulated facility at

**Haybridge Advanced Thermal Treatment Facility
The Old Railway Yard
Glencot Road
Haybridge
Wells
Somerset
BA5 1AH**

to the extent set out in the schedules.

The notice shall take effect from 30/10/2023.

Name	Date
Permitting Team Leader	30/10/2023

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be added

The following conditions are added following an Environment Agency initiated variation

2.5 Pre-operational conditions

- 2.5.1 The activities shall not be brought into operation until the measures specified in schedule 1 table S1.4 have been completed

Table S1.4 Pre-operational measures	
Reference	Pre-operational measures
PO2	<p>Prior to the commencement of any activities authorised by the permit the operator shall submit to the Environment Agency for approval (using the form provided by the Environment Agency) a report that addresses compliance with each BAT conclusion listed in the Waste Incineration BAT Conclusions (Commission Implementing Decision (EU) 2019/2010 of 12 November 2019). The report shall include:</p> <ul style="list-style-type: none">i. A list of any BAT conclusions that are not relevant, including justification.ii. A description of how the installation complies with the standards set out in each relevant BAT conclusion, including those for new plants. <p>The permitted activities shall only commence once the operator has obtained the Environment Agency's written approval to the report and the Environment Agency has issued a variation notice to implement new plant BAT standards.</p>
