

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
1GP_fatigue	Any DASOR where human fatigue has been a factor.	Accommodation,CRP,Crew Duty,Crew Rest,Crew Rest Period,Drowsy,Fatigue,ORM ,Operational Risk Matrix,Shift Pattern,Sleep,Tired,Tiredness	Global
3rd_party_animals	Any occurrence where an animal or animals have been startled resulting in an injury or potential injury to a 3rd party.	bolt,bolted,charge,cow,dog,pig,sheep,spooked ,stampede,startled	Global
3rd_party_horse	Any occurrence where a horse or horse rider has been startled resulting in injury or potential injury to a 3rd party. Any occurrence where a horse rider has been affected by the operation of an aircraft.	bolt,bolt,bolted,canter,charge,colt,equestrian,e quine,equine,equistrian,fall,filly,foal,horse,hors e raching,horseman,horsewoman,horsey,jockey, jockey,jump,mare,mare,rear up,rider,riding,riding school,spooked,stables,stallion,stampede,sta mpede,startle,startled,trot	Global
3rd_party_people	Any occurrence where a person or people have been startled resultling in an incident injury or potential injury to a 3rd party.	bolt,bolted,charge,humans,individuals,people,r un,spooked,stampede,startled	Global
4worlds_aircrew	4 worlds approach to reporting involving aircrew and aircraft operators in the delivery of defence aviation capability.	aircrew,operating,operators	Global
4worlds_airspace_ATM	4 worlds approach to reporting involving air traffic managers/controllers and battle space managers in the delivery of defence aviation capability.	ABM,ATM,air traffic manager,airspace,battle space management,battle space manager	Global
4worlds_maintainers	4 worlds approach to reporting involving engineers, technicians and maintainers in the delivery of defence aviation capability.	engineer,maintainer,maintenance,technical,tec hnician	Global
4worlds_support_staff	4 worlds approach to reporting involving ground handlers, movers and all other support staff operators in the delivery of defence aviation capability.	handlers,movers,support staff	Global
56SQN_crew	Any DASOR relating involving 56Sqn personnel or with a direct and important link to 56Sqn	Airseeker,E-3D,E7,MQ-9,MQ-9B,P-8A,Poseidon,Protector,RA2375,RJ,Reaper,Se ntry,Shadow,T&E,Task,Trial,Wedgetail,sUAS	Global
AAR	Air to Air refuelling operations	AAR,basket,diversion,drogue,probe,refuelling,t anker,tanking,turbulence	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
ACAWS	Advisory Caution and Warning System	Alerts ,Attention Getting System ,Emergency,Warnings Cautions	Global
AC_damage	Any DASOR where damage to an as is an outcome	Damage,unserviceable	Global
AEA	Aircrew Equipment Assembly - Clothing and Equipment worn by Aircrew	AEA,FACs,LSJ,NSN,WESS,aircraft,boots,flying clothing,flying suit,gloves,helmet,immersion suit,overalls,rollneck,socks,stores,thermals,visor	Global
AFOA	Articles Falling Off Aircraft	Articles ,Degraded Airframe,Departed,FOD,Falling Off ,Fell,Left,Loose,dropped,lost	Global
ALM	All occurrences involving Paveway (all variants), Brimstone (all variants), Stormshadow, ASRAAM, AMRAAM, Meteor and Mauser 27mm.	27mm,AMRAAM,ASRAAM,Brimstone,Mauser,Meteor,Paveway,Stormshadow	Global
ASP	Any DASOR issue which takes place on the ASP	ASP,pan	Global
ASWC_DHF	Any occurrence that involves the Duty Holder Facing organisations of the ASWC. Includes JADTEU, 744 NAS	#ASWC,#ATEC,#T&E,#Test & Evaluation,#flight trial,#trial	Global
ASWC_FgDiv	Any occurrence that involves the Flying Division of ASWC. Includes but not limited to 17 Sqn, 41 Sqn, 56 Sqn, 206 Sqn, RWTES, PTT.	#ASWC,#ATEC,#T&E,#Test & Evaluation,#flight trial,#trial	Global
ASWC_T&E	Any occurrence during formal ASWC or ATEC T&E activity, including associated engineering and planning activities but excluding routine CT.	#ASWC,#ATEC,#T&E,#Test & Evaluation,#flight trial,#trial	Global
ATC	Air Traffic Control	ATC,circuits,clearance,confliction,emergency landing,host nation,incursion,take-off,taxiing	Global
ATC equip	Air traffic Control Equipment failures. Loss of a surveillance, navigation or communication facilities, with no backup system available.	ATC equipment,HF,MSSR,MTI,PAR,PSR,SRE failure,SSR ,SSR u/s,UHF,VHF,Watchman,airfield lighting,channel,comms,failure,loss of ATC systems,loss of PSR,loss of SSR,power,power failure,primary radar unserviceable,radar,rader failure,radio,stud,traffic light failure,transmit	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
ATC_info	Any internal or external information used or broadcast by ATC. Includes weather, Flight Information Code Letter (FICL) or warnings	ATIS,FICL,Flight Log,NOTAM,weather info	Global
ATC_procedures	An incident where an aircraft is in breach of airfield procedures or ATC manoeuvre an aircraft not iaw published procedures.	clearance,land,runway	Global
ATGL	Worldwide Navigational Database	Navigation ,RNAV ,database ,procedural ,procedures ,separation,waypoint	Global
ATM_regs	Any occurrence where military or civil ATM procedures are breached.		Global
Aircraft Stall	Any DASOR relating to an event where an aircraft stalled or where the stall warning system was activated.	#audible alarm,#incipient,#stall,#stall protect,#stall warner	Global
Albion	Embarked in HMS Albion	HMS Albion,LPD	Global
Arctic_Challenge	Any DASOR relating to Coningsby typhoons, brize deploying in support of Ex Arctic Challenge, Draken aircraft, operational, tactical manoeuvres	#arctic_challenge	Global
Argus	Embarked in RFA Argus	PCRS,RFA Argus	Global
BALCS	Any issue relating to BALCS.	AEA,BALCS	Global
BOLTHOLE	Any DASOR relating to BOLTHOLE due to BZZ Airfield rectification work	#BHX,#BOLTHOLE,#Lossiemouth,#STN,#WADDINGTON	Global
Bay_Class	Embarked in Bay_Class	Bay Class,LSD(A),RAF Cardigan Bay,RAF Lyme Bay,RFA Mounts Bay	Global
CFIT	Controlled Flight Into Terrain	CFIT,approach,engine,flight into terrain,fuel,low level,starvation,terrain	Global
CFS_exam_wing	Any DASOR where a CFS examiner is part of the crew.	CFS,Central Flying School,Exam Wing,Examiner	Global
CHT	Cylinder Head Temperature out of limits	CHT,Cold,Cold soaked,Cooling,Cylinder Head Temperature,Hot,Out of Limits,Overheat	Global
COBRA_WARRIOR	Any DASOR relating to Ex COBRA WARRIOR (large scale UK based multi domain Ex involving RAF, Army and RN assets)	COBRA WARRIOR,EX COBRA WARRIOR,EX CW	Global
COVID-19	Any DASOR relating to an event where COVID-19 or Op RESCRIPT measures are considered to have had a cause or effect.	COVID-19,CV-19,Virus ,lock down	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
CSAT	Crew Situational Awareness Tool.	Awareness,CSAT,Crew,SA,Situational,Tool	Global
DAS	Defensive Aid Suite	CHAFF,Defensive Aids ,Defensive Systems ,EW ,Electronic Warfare ,Flares ,IRCM ,LAIRCM ,LIRCM ,MAWS	Global
DATA	Aircraft Electronic DATA.	DCRs,DMC,RDIT,software	Global
DDHTopEvent	Any DASOR relating to DDH or ODH's Top risks and events.	DDHTopRisk,ODHTopEvent,ODHTopRisk	Global
DDHTopRisk	Any DASOR relating to DDH or ODH's Top risks and events.	DDHTopEvent,ODHTopEvent,ODHTopRisk	Global
DESERT KHANJAR	Any DASOR relating to flying whilst on Ex DESERT KHANJAR/PINION OMAN, Oman.	#DESERT,#DESERTKHANJAR,#Oman,#PINIONOMAN	Global
DMC	Issue relating to Data Management Cells.	DMC,ESS,F700,MWO,docs	Global
EFB	Any DASOR relating to Electronic Flight Bags or where an EFB would have mitigated the issue.	Booklet,Charts,Document,EFB,Flight bag,Maps,Paperless,TAP,Tablet,iPad	Global
EFCS	electronic flight control system	EFCS,FCC,WAP,control,reset,warning	Global
ESA	All occurrences within the physical boundaries of an ESA or during transportation of OME by ESA personnel.	ESA,OME	Global
EVCS	Any DASOR relating to the use of or serviceability of EVCS	EVCS,Frequencies,GFX,Network,Stby Radios	Global
F15	Any DASOR relating to F15 activity or USAFE activity	F-15,F15	Global
F2FP_ATC_Cognisance	An occurrence relating Air Traffic Control failing to follow procedure as a result of cognisance failure.	ATC Error,Cognisance,Error,F2FP,Failure,Procedure,SOP's	Global
F2FP_Aircrew/ATC	An Aircrew/ATC associated Incident/Hazard Observation or Accident attributed/caused to/by Human Mistake, Error or Violation	F2FP,aircrew procedure,aircrew procedures,aircrew process,aircrew processes,failure to follow procedure,failure to follow process,procedure,procedures,process,processes	Global
F2FP_Aircrew/ATC_Process	Any occurrence relating to failure to follow procedure Air (F2FP (A)) as a result of processing error	Error,F2FP,FTFP,Process	Global
F2FP_Aircrew_ATC_Cognisance	Any occurrence relating to Failure to follow procedure Air (F2FP (A)) as a result of cognisance failure	Cognisance,F2FP,FTFP	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
F2FP_Aircrew_ATC_Resource	Any occurrence relating to Failure to follow procedure Air (F2FP (A)) as a result of a resource issue	F2FP,FTFP,Resource	Global
F2FP_Aircrew_Cognisance	An occurrence relating Aircrew failing to follow procedure as a result of cognisance failure.	Aircrew Error,Cognisance,Error,F2FP,Failure,Procedure,SOP's	Global
F2FP_Groundcrew	A Ground associated Incident/Hazard Observation or Accident attributed/caused to/by Human Mistake, Error or Violation	F2FP,failure to follow procedure,failure to follow process,ground procedure,ground procedures,groundcrew procedure,groundcrew procedures,groundcrew process,groundcrew processes,procedure,procedures,process,processes	Global
F2FP_Groundcrew_Cognisance	Any occurrence relating to Failure to follow procedure Air (F2FP (G)) as a result of cognisance failure	Cognisance,F2FP,FTFP,Groundcrew	Global
F2FP_Groundcrew_Process	Any occurrence relating to Failure to follow procedure Air (F2FP (G)) as a result of processing error	Error,F2FP,FTFP,Groundcrew,Process	Global
F2FP_Groundcrew_Resource	Any occurrence relating to Failure to follow procedure Air (F2FP (G)) as a result of a resource issue.	F2FP,FTFP,Groundcrew,Resource	Global
F2FP_Maintenance	A Engineering associated Incident/Hazard Observation or Accident attributed/caused to/by Human Mistake, Error or Violation	F2FP,engineering procedure,engineering procedures,engineering process,engineering processes,maintenance procedure,maintenance procedures,maintenance process,maintenance processes,procedure	Global
F2FP_Maintenance_Cognisance	Any occurrence relating to Failure to follow procedure Air (F2FP (M)) as a result of cognisance failure	Cognisance,F2FP,FTFP	Global
F2FP_Maintenance_Process	Any occurrence relating to Failure to follow procedure Air (F2FP (M)) as a result of processing error	Error,F2FP,FTFP,Process	Global
F2FP_Maintenance_Resource	Any DASOR relating to Failure to follow procedure Air (F2FP (M)) as a result of a resource issue	F2FP,FTFP,Resource	Global
FADEC	Malfunction in Fully Automated Digital Engine Controller	Engine,FADEC,fadec,warnings_caution	Global
FCM	All Flare and Chaff Counter Measure occurrences.	chaff,counter measure,flare	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
FDM	Flight Data Monitoring - Used when aircraft data should be requested from the RAF FDM Cell in order to support the investigation into the DASOR.	Data Exploitation,Exceedance,FDA,FDM,Flight Data Analysis,Flight Data Monitoring,Flight Envelope,RTS,SOP,exceedance,over-rotation,overspeed,overstress,under speed	Global
FLIM	Flight Line Inspection Manual	A/F,B/F,Pre-flight	Global
FOD	Foreign object debris causing hazard	AS,Air System,Casing,Casings,FOD,FOD,FOD Form,Foreign Object Damage,HLS,Helicopter Landing Site,Helipad,Inspection,Link,Litter,Round,Rounds,Rubbish,article in flight,bin stowages,debris,flying controls,foreign object,grass,ice guard,intake blocked,loose article,loose article,restricted visibility	Global
Fort_Victoria	Embarked in RFA Fort Victoria	AOR,Fort Victoria	Global
GEF	Issue relating to Ground Engineering Trade.	GEF,GPU,RHAG,arrestor,steps,workshops	Global
GOLDesp	Any data integrity issues with GOLDesp Any occurrence where the use of GOLD ESP or the associated data integrity have affected the outcome of the event.	GOLDesp,code,data,data integrity,electronic data,error,gold,incorrect,locate,out of date,overflow,seg code,serviceable,task codes,transfer,unserviceable	Global
GPS	For occurrences involving the aircraft GPS.	Aerials,GPS,Pins,Signal,fix,interference,position,space weather	Global
GSE	Ground Servicing Equipment	Ground Equipment,Ground Power	Global
GoPro	Any DASOR relating to the Camera within a case	GoPro,camera	Global
HIFR	Any occurrences involving helicopter in flight refuelling.	HIFR,aircrewman,fuel,fuel farm,helicopter,hose,in flight,in flight refuelling,maintainers,pressure,refuelling,selection,spillage,switch,winch	Global
HLS_sterile_area	Any DASOR relating to the HLS Sterile Area	Barrier,Crew change,Engine running,FOD,HLS,Helicopter Landing Site,MOP,Markings,Member of the public,Overhang,Road Markings,Rotary,Vehicle,Weapon change	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
Helicopter_Landing_Site	Any occurrence that occurs at or near a helicopter landing site or other remote landing site or issues with any support services as detailed within the HLS Directory or overseas equivalent.	HLS, helicopter, landing, landing site, remote, rogue	Global
IFRP	In flight refuel probe.	ADT, basket, flow, probe, retract	Global
IT_systems	Any occurrences where an IT system or database affected the safe execution of an activity, where the IT did not function as designed, or the IT is not fit for purpose.	ASIMS, GOLDesp, IT, MJDI, STARS, computer, database, electrical, email, laptop, office, system	Global
In-Form	For all DASORs originally raised as In-Forms	In-Form, Inform	Global
Incorrect Muting	Any DASOR where a UK RPAS was incorrectly muted resulting in a Lost Link Situation	#FSST, #LL, #Lost Link, #mute, #muted, #muting	Global
Instrument_Landing_System	For occurrences involving the Instrument Landing System, either a fault with ground based system or the equipment on a receiving aircraft.	ILS, ILS Glideslope, ILS Hawk, ILS Localizer	Global
JDA	Operating with Marine Nationale (French Navy)	dixmude, french, marine nationale, mistral, mistral-class, tonnerre	Global
LII_CAMO	Lightning F35 Delivery Team Name		Global
LII_Training	Lightning F35 Delivery Team Name	LII Training	Global
LOCI	Any DASOR issue that resulted in LOCI/would most likely result in LOCI if all barriers failed	LOCI, control, failure, technical	Global
LOS	Any loss of separation / deconfliction minima is to be reported. Any occurrence where there is a loss of separation between 2 aircraft in flight that concerns either the operator(s) within the aircraft or the ATC but does not meet the criterion of an AIRPROX.	Avoiding action, LOS, distance, height, near miss, separation, separation, traffic information	Global
Low_Flying_Booking_Cell	Any DASOR relating to Low Flying Booking Cell	LFBC, LowFlyingBookingCell	Global
MAC	Mid Air Collision	MAC, airprox, airspace, clearance, confliction, mid air collision, near miss, separation	Global
MK_10_helmet	Any DASOR relating to Technical failures of MK 10 helmet.	Communication, Helmet, Intercom, MK, MK10	Global
MOG	Any DASOR relating to a break in maximum number of Movements On Ground being handled or requested.	MOG, Movement on ground	Global
MOR	CAA Mandatory Occurrence Report	civil, civilian	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
Marked Masts	Any DASOR relating to Marked Obstructions/Masts, where a conflict or potential conflict occurred.	#Mistake,#Publications,#Uncharted Masts,#Uncharted Obstruction,#data,#mission_planning_systems	Global
Marked Obstructions	Any DASOR relating to Marked Obstructions/Masts, where a conflict or potential conflict occurred.	#Mistake,#Publications,#Uncharted Masts,#Uncharted Obstruction,#data,#mission_planning_systems	Global
Mars_Class	Embarked in Mars Class	AO,Tideforce,Tiderace,Tidespring,Tidesurge	Global
NFF	No Fault Found – Unable to recreate reported fault, standard diagnostics tests find nothing unusual.	CIETP,Diagnostics,no fault,unable to recreate	Global
NVD	Any DASOR relating to Incidents relating to NVD or Monocle.	Monocle,NVD	Global
NVG	Night Vision Goggles	NVD,NVG,Night Vision Device,Night Vision Goggles,compatibility with ac systems	Global
ODHTopEvent	Any DASOR relating to DDH or ODH's Top risks and events.	DDHTopEvent,DDHTopRisk,ODHTopRisk	Global
ODHTopRisk	Any DASOR relating to DDH or ODH's Top risks and events.	DDHTopEvent,DDHTopRisk,ODHTopEvent	Global
ODI-Landing_Lamps	Any DASOR relating to Landing lamp failure or malfunction	DMLL,Landing Lamps	Global
ODI_Water_Ingress	All Chinook AS suffer water ingress issues	Avionics,CAP,Crew,Downleads,Electronics,Helmet,Ingress,Instruments,Intercom,Malfunction,Water	Global
OPFORTIS21	Operation Fortis 2021.	CSG,Defender,Diamond,F35,Fort Victoria,Fortis,Kent,QEC,Queen Elizabeth,Richmond,Support Group,Task Group,Tidespring,UKCSG	Global
OP_FIREDRAKE	Any DASOR relating to OP FIREDRAKE activity	CSG 23,FIREDRAKE,OP FD,OP FIREDRAKE,TASK GROUP,TG 319.01	Global
OP_PITTING	Any DASOR relating to Op PITTING.	Afghanistan,HKIA,Kabul,Op Pitting,Pitting	Global
Op_CHAMBRAY	Any DASOR relating to ongoing Operations in support of 903 EAW	903 EAW,CHAMBRAY,Operation	Global
PAR	Precision Approach Radar	Az Only,PAR,Talkdown	Global
PFL	Precautionary/Practise Forced Landing	Practice Forced Landing,Precautionary Forced Landing,RPFL,Radar PFL	Global

PPE	Personal Protective Equipment - Articles used to prevent harm to it's user	COSHH,MSDS,PPE,absorbed,bump cap,cranial,gloves,goggles,hard hat,hazard,ingested,inhaled,injected,personal protective equipment,protection,safety equipment	Global
PSR	Primary Search Radar	PSR,Primary Radar,SRE,W'man,Watchman	Global
QE_Class	Embarked in QE Class	CVF,Carrier,Prince of Wales,Queen Elizabeth	Global
RA4947.1.a	Any DASOR relating to Develop and control an Aircraft Maintenance Programme, support any applicable reliability programme and propose amendments and additions to the Maintenance schedule to the Type Airworthiness Authority (TAA).	AMP,Aircraft Maintenance programme,F765,Propose amendments,RCM,Reliability	Global
RA4947.1.b	Any DASOR relating to Management and the embodiment of Modifications and repairs.	Embodiment,ISDC,Mod,Modification,NL,No limit,OOL,Out of limit,Repair,SM	Global
RA4947.1.c	Any DASOR relating Ensuring that all Maintenance is carried out to the required quality and in accordance with (iaw) the Aircraft Maintenance Programme, and correctly released.	Acceptance,Approved data,Delivery,Quality of Maintenance,Release	Global
RA4947.1.d	Any DASOR relating Ensuring that all applicable Special Instructions (Technical) (SI(T)) are applied.	Backstop,CD,CTI,Overflown,Overfly,RTI,SI(T), Satisfaction,Technical Instruction,UTI	Global
RA4947.1.e	Any DASOR relating Ensuring that Military Maintenance Organizations (MMOs) or MRP Part 145 Approved Maintenance Organizations (AMOs) correctly manage Faults reported, or discovered during scheduled Maintenance.	ADF,Cumulative risk,Deferred,Fault,LIM,Limitation,Out of limits,UFCM,Uncommanded	Global
RA4947.1.f	Any DASOR relating Co-ordinating scheduled Maintenance, the application of SI(T) and the replacement of service life limited parts.	Annual,Biennial,Concessions,Deferments,Fleet management ,LLP,Latitudes ,Major,Minor,Scheduled Maintenance	Global
RADHAZ	Radiation Hazard Any occurrence where a radio frequency may have operated outside the limited that are safe for exposure for a human. This can include airfield radars, aircraft equipment or ship's equipment or operating masts (HIRTA)	EMC,HIRTA,RADHAZ,armements,danger,frequency,fuelling,mobile phone,radar,radiation,radio,transmission,trials	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
RFFS	Rescue Fire Fighting Service	Crash Cat,Crash Category,Emergency response,Fire,ICAO,RFFS,Rescue	Global
RHAG	Rotary Hydraulic Arrestor Gear.	Arrestor,Cable,Wire	Global
RIAT	Any DASOR relating to RIAT event.	AirDisplay,Flypast,RIAT,Royal International Air Tattoo	Global
RPAS_airspace_management	Any DASORs submitted resulting in airspace management and deconfliction.	Airspace,ROZ,air incursion,airprox,cold,deconfliction,hot,safe separation	Global
RPAS_equipment_issues	Any DASORs submitted pertinent to system deficiencies or faults.	battery,FSK,Falcon Tracker,GCS,UA,camera,centre section,generator,gloves,hand controller,laptop,motor,payload,pele case,rail launcher,springs,toolbox	Global
RPAS_failed_launch	Any DASORs submitted that has resulted in a failed launch.	elevator,failed launch,fingers,impact,incursion,launch,loss of separation ground,props,stabilator,tree	Global
RPAS_failed_recovery	Any DASORs submitted resulting in an unplanned recovery.	Failed landing,elevator,impact with ground,line of site,propulsion ,recovery,recovery,safe separation,stabilator,tree	Global
RPAS_processes_policies_and_documents	Any DASORs submitted relating to processes, policies and documentation.	ADS,FASP,out of date,qualifications,signatures,tool control	Global
RPAS_uplink_downlink_GPS	Any DASORs submitted that has uplink, downlink and GPS issues.	GPS,comms box,downlink,line of site,loss of link,uplink	Global
RTS	Release to Service - references the limitation, operating envelope and safety cases relevant to a specific aircraft type	AWFL,CLE,OEC,RTS,exceeded,inadvertent,limits,policy,procedure,role specific,safety,systems	Global
S2RPAS_Authorisation	Any DASOR where authorisation has played a factor.		Global
S2RPAS_CFIT	Any DASOR relating to RPAS CFIT.		Global
S2RPAS_Communication	Any DASOR relating to any failings, issues or breakdowns in communication.		Global
S2RPAS_Currency	Any DASOR relating to Currency including, but not limited to lapses in Live or Sim Currency.		Global
S2RPAS_DAFAIR_error	Any DASOR that ends with the DAFAIR model being used and with the results being judged to be an Error.		Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
S2RPAS_DAFAIR_mistake	Any DASOR that ends with the DAFAIR model being used and with the results being judged to be an Mistake.		Global
S2RPAS_DAFAIR_sabotage	Any DASOR that ends with the DAFAIR model being used and with the results being judged to be an Sabotage.		Global
S2RPAS_DAFAIR_violation	Any DASOR that ends with the DAFAIR model being used and with the results being judged to be an Violation.		Global
S2RPAS_Equipment_Issues	Any DASOR relating to equipment issues.		Global
S2RPAS_F2FP	Any DASOR relating to Failure to follow Procedure.		Global
S2RPAS_F2FP_DAC	Any DASOR relating to F2FP within the Defence aviation community		Global
S2RPAS_Fatigue	Any DASOR relating to Fatigue of personnel.		Global
S2RPAS_GCS	Any DASOR relating to a ground control station		Global
S2RPAS_GPS	Any DASOR relating to RPAS GPS issues.		Global
S2RPAS_Human_Factors	Any DASOR in which human factors has been a factor.		Global
S2RPAS_Processes_Policies_Documents	Any DASOR relating to processes policies and documents.		Global
S2RPAS_RPAS_incorrect_system_data	Any DASOR relating to incorrect system data.		Global
S2RPAS_Simulation	Any DASOR relating to flying simulation.		Global
S2RPAS_Supervision	Any DASOR relating to any failings or issues within the supervisory chain.		Global
S2RPAS_Training	Any DASOR relating to training be it either lack of training or training insufficient.		Global
S2RPAS_UFIT	Any DASOR relating to UFIT.		Global
S2RPAS_ageing	Any DASOR relating to Ageing.		Global
S2RPAS_airprox	Any DASOR relating to Airprox.		Global
S2RPAS_airspace_excursion	Any DASOR relating to an RPAS Airspace Excursion.		Global
S2RPAS_airspace_incursion	Any DASOR relating to an Incursion into RPAS airspace.		Global
S2RPAS_airspace_management	Any DASOR relating to Airspace management.		Global

STAR_NG	Any DASOR that is related to STAR NG	Network,PSR,STAR,Star NG	Global
SmArms	All occurrences associated with small arms weapons up to and including 0.500? / 12.7mm calibre.	12.7mm,small arms	Global
T23	Embarked in HMS T23	Argyll,Duke Class,Frigate,Iron Duke,Kent,Lancaster,Monmouth,Montrose,Northumberland,Portland,Richmond,Somerset,St Albans,Sutherland,T23,Type 23,Westminster	Global
T45	Embarked in HMS T45	Daring,Dauntless,Defender,Destroyer,Diamond,Dragon,Duncan,T45,Type 45	Global
TACAN	TACAN		Global
TAC_C2	Any DASOR relating to issues with TAC C2	TAC C2,clearance,confliction	Global
TCAS	Traffic Collision Avoidance System - Any TCAS event	MAC,RA,TA,TCAS,airprox,confliction	Global
TIES	Troop insertion/extraction systems	LTES,RTES,abseil,abseiling,extraction system,fall,fast,fast roping,fastrope,hoist,insertion system,ladder,rope,winch,winching	Global
TISHFWG	The Typhoon In Service Human Factors Working Group.	TISHFWG,awareness,capacity,factors,fatigue,human,lookout	Global
TLZ	Any DASOR relating to a Tactical Landing Zone	A400,C130,Land rover,Load,Markers,Pallet,RIB,Sand,Sea,TLZ,Tactical Landing Zone,Tide,Wave,Waves	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
Traffic_Avoidance_System(TAS)	Any DASOR where Traffic Avoidance System has been a factor, either as a barrier in preventing a more serious outcome or when it has: a.Provided spurious or incorrect information b.Failed	ACAS,AIRPROX,Aircraft Collision Avoidance ,TAS,TCAS,Traffic Avoidance System,Traffic Collision Avoidance	Global
UFCM	Issues relating to Undemanded Flying Control Movement Any occurrence where the pilot experiences an uncommanded flying control movement.	collective,cyclic,down,excessive,flying control,jerk,left,nose,oscillation,pitch,right,roll,sudden,uncommanded,uncommanded,undemanded,unintended,up,violent,yaw,yaw pedals	Global
UKCSG	UK Carrier Strike Group.	CSG,Carrier,Defender,Diamond,F35,Fort Victoria,Kent,OPFORTIS,QEC,QNLZ,Queen Elizabeth,Richmond,Support Group,Task Group,Tidespring	Global
USAFE	Any DASOR relating to United States Air Force or United States Marine Corp in order to assist in tracking the amount of DASORs they are involved in. Due to USAFE not having access to ASIMS it is vital to aid accurate Trend Analysis.	USAF,USAFE,USMC	Global
USL	Under Slung Load Operations	EMCRU,HULSE,HUSTLE,SACRU,Sling Load,Strop,Strops,USL,USL training,Under Slung Loads,aft,centre,double,fore,hook,load,loads,single,tandem,triple	Global
VCCS	Any DASOR relating to reduced Voice Command and Control System (VCCS) within ATC under Project Marshall.	ATC,VCCS,project marshall,voice command	Global
VF_cabin_crew	Any DASOR that Voyager Force cabin crew have raised.	CC,Cabin,Cabin Crew,Crew,Force,Purser,Voyager	Global
WAM	Any DASOR related to the function of WAM. Including False associations and instances where transponder information is lost as a result of ac being Non-SIFF equipt or Non-ICAO compliant.	False Association,Mode S,Network,SIFF,TATCC,Transponder,WAM	Global
WESS	Weapons and Escape Systems Services	AEA,Canopy	Global
WTC	All aspects of weapons training	training,weapons,weapons training	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
_AIRFINC_ATC_alert	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure of ATC prevention barriers, such as observation from the ATC tower and effective aircraft and vehicle movements control.	approach,crossing,incursion,taxi,taxiing,tower, vehicle	Global
_AIRFINC_ATC_avoid	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure of ATC mitigation barriers, such as observation from the ATC tower and effective aircraft and vehicle movements control.	go around,overshoot	Global
_AIRFINC_FOD	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in FOD prevention and management.	FOD,plod,sweeper	Global
_AIRFINC_airfield_design	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure of airfield design, including lighting and enhanced visibility.	airfield,design,lighting	Global
_AIRFINC_airfield_training	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in airfield awareness training.	driver,driving,incursion,vehicle	Global
_AIRFINC_equipment_conspicuity	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure to observe ground support equipment.	gpu,platform,set,starter,steps,trolley	Global
_AIRFINC_gnd_handling	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in the management and control of ground support equipment.	gse	Global
_AIRFINC_ground_marshalli ng	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure to effectively ground marshal air systems.	marshaller,marshalling	Global
_AIRFINC_pedestrian_contr ol	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in pedestrian control measures, such as signs and fencing.	pedestrian	Global
_AIRFINC_phys_conspicuity	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure to ensure that an air system can be readily seen on the ground.	colour,visual	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
_AIRFINC_physical_intervention	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in physical intervention by authorised personnel on the airfield to prevent the collision of an air system with an obstruction.	stopped,waved	Global
_AIRFINC_planning	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in planning and coordination measures.	planning	Global
_AIRFINC_regulations	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in the regulatory framework.	regulations	Global
_AIRFINC_security	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure of effective airfield security, including security patrols and challenges made by authorised airfield users.	patrol,security	Global
_AIRFINC_supervision	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in effective supervision.	supervision	Global
_AIRFINC_traffic_control	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in effective traffic control measures, such as traffic lights and barriers	atc,barrier,tower,traffic	Global
_AIRFINC_training_currency	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure in aircrew training, currency or competency.	currency,training	Global
_AIRFINC_visual_alert	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure to visually detect obstructions in the manoeuvring area.	spotted,visual	Global
_AIRFINC_visual_avoid	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure of the aircrew to visually avoid obstructions in the manoeuvring area.	avoid,spotted,turned,visual	Global
_AIRFINC_wildlife_control	Any DASOR that indicates a loss of safe separation in the manoeuvring area through a failure of effective wildlife control measures.	camel,deer,dog,fox,hare,rabbit	Global
_ALL_crashworthiness	Any DASOR that indicates the failure of the crashworthiness barrier in ANY BowTie	crashworthiness,restraint,seat	Global
_ALL_ejection	Any DASOR that indicates the failure of the ejection barrier in ANY BowTie	ejection	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
_ALL_emergency_diversion	Any DASOR that indicates a failure in the ability to reduce the risk to life by returning to base, or the nearest suitable airfield.	BDA,RTB,battle,diversion,divert,emergency,recovery	Global
_ALL_survival	Any DASOR that indicates the failure of the survival equipment barrier in ANY BowTie	AEA,EPLB,PLB,dinghy,liferaft	Global
_CFIT_ATC_alert	Any DASOR that indicates the failure of the ATC services prevention barrier in a CFIT BowTie	SALT	Global
_CFIT_ATC_avoid	Any DASOR that indicates the failure of the ATC services recovery barrier in a CFIT BowTie	PAR	Global
_CFIT_GPWS_alert	Any DASOR that indicates the failure of the sense and avoid prevention barrier in a CFIT BowTie	RADALT	Global
_CFIT_GPWS_avoid	Any DASOR that indicates the failure of the sense and avoid recovery barrier in a CFIT BowTie	GCAS,GPWS	Global
_CFIT_SA_systems	Any DASOR that indicates the failure of the situational awareness systems barrier in a CFIT BowTie	navigation,radar	Global
_CFIT_airspace	Any DASOR that indicates the failure of the airspace structure and charts barrier in a CFIT BowTie	LFS,low-flying,low-level	Global
_CFIT_planning	Any DASOR that indicates the failure of the planning barrier in a CFIT BowTie	NOTAM,mountain	Global
_CFIT_regulations	Any DASOR that indicates the failure of the regulations barrier in a CFIT BowTie	regulations	Global
_CFIT_supervision	Any DASOR that indicates the failure of the supervision and authorisation barrier in a CFIT BowTie	authorisation,supervision	Global
_CFIT_training_currency	Ability to reduce the risk of CFIT through training, maintaining currency and gaining competency.	currency,training	Global
_CFIT_visual_alert	Any DASOR that indicates the failure of the see and avoid prevention barrier in a CFIT BowTie	terrain	Global
_CFIT_visual_avoid	Any DASOR that indicates the failure of the see and avoid recovery barrier in a CFIT BowTie	CFIT	Global
_FIRE_auto_protection	Any DASOR that indicates a failure in the ability to reduce the risk of fire through the use of automatic protection or limitation systems, such as circuit breakers.	breaker,circuit	Global
_FIRE_detection_systems	Any DASOR that indicates a failure in the ability to reduce the risk of fire through the use of fire detection systems.	detector,fire,firewire,heat,smoke	Global

_HOSTILE_training_currency	Any DASOR that indicates a failure in the ability to reduce the risk of an air system being targeted by a hostile actor through training, maintaining currency and gaining competency.	currency,theatre	Global
_HOSTILE_weapons	Any DASOR that indicates a failure in the ability to reduce the risk of an air system being targeted by a hostile actor by a hostile actor through the use of weapons.	ROE	Global
_LOCI_CRM	Effective CRM to reduce the likelihood of a pilot making an unsafe control input or mis-managing an aircraft system.	CRM,crew	Global
_LOCI_FOD	Effective FOD prevention and loose article check policy to reduce the likelihood of aircraft damage or flying control restriction due to foreign objects.	FOD	Global
_LOCI_G-LOC_AEA	Systems and aircrew equipment assemblies in place to reduce the likelihood of G-LOC.	G-LOC,GLOC	Global
_LOCI_G-LOC_awareness	Instrumentation monitoring and the ability to anticipate the early signs of G-LOC, prior to grey-out.	G-LOC,GLOC	Global
_LOCI_O2_failure_detection	Ability to pre-emptively reduce the likelihood of hypoxia with effective O2 or conditioning system failure detection systems.	depressurisation,oxygen	Global
_LOCI_auto-recovery	Ability of the pilot to regain control of the air system using automatic or semi-automatic systems which provide aircraft stabilisation.	DRF,autorecovery,disorientation	Global
_LOCI_avionics_warning	Aircraft systems designed to detect and warn of an avionics system failure, including FCS, instrumentation and navigation equipment.	HUD,avionics,fcs,navigation	Global
_LOCI_back-up_systems	Ability of the pilot to regain control of the air system through back-up systems.	backup	Global
_LOCI_bird_avoid	Ability to avoid or reduce the likelihood of LOCI from a bird-strike through avoidance.	bird,birdstrike	Global
_LOCI_bird_warning	Ability to avoid or reduce the likelihood of LOCI through bird activity warnings while airborne.	bird-radar	Global
_LOCI_cargo_inflight	Ability to avoid or reduce the likelihood of LOCI through in-flight management of stores, cargo and passengers.	load-restraint	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
_LOCI_cargo_loading	Ability to avoid or reduce the likelihood of LOCI through the correct loading, securing and storage of cargo and passengers.	loading	Global
_LOCI_control_obstructions	Robustly enacted policy in place to ensure that equipment or personnel do not cause an unintended flying control movement or restriction.	control restriction,passenger	Global
_LOCI_control_warning	Aircraft systems designed to detect and warn of a control system degradation or failure.	UFCM,aileron,controls,flaps,hydraulics,rudder	Global
_LOCI_cooperating_aircraft	Ability to avoid or reduce the likelihood of LOCI through component or system failure observation, or other assistance provided, by a cooperating aircraft.	cooperating,formation	Global
_LOCI_emergency_O2	Ability to reduce the likelihood of hypoxia with the use of emergency oxygen systems.	emergency,oxygen	Global
_LOCI_engine_monitoring	Pilot or crew instrumentation and gauge scan to maintain awareness of propulsion system performance.	engine,warning	Global
_LOCI_engine_warning	Aircraft systems designed to detect and warn of engine and gearbox malfunctions or performance limitations.	engine,warning	Global
_LOCI_envelope_auto-return	System in place to automatically adjust the aircraft configuration to within the flight envelope parameters. This includes systems which automatically avoid stall conditions prior to a loss of control event.	stall,stick-pusher	Global
_LOCI_envelope_limiter	System in place to ensure the pilot cannot exceed the flight envelope parameters.	flight-envelope,limiter	Global
_LOCI_envelope_warning	System in place to warn the pilot that flight envelope parameters have been, or are about to be, exceeded.	flight-envelope,warning	Global
_LOCI_fuel_management	Ability to avoid or reduce the likelihood of LOCI through effective fuel management.	fuel	Global
_LOCI_fuel_warning	Aircraft systems designed to detect and warn of fuel quantity and fuel contamination issues.	fuel,warning	Global
_LOCI_handling_check	Procedure used to minimise the risk of LOCI by checking the performance of the aircraft in a safe environment prior to landing, following an event that may have compromised the propulsion or flying control systems.	birdstrike,handling,low-speed	Global
_LOCI_hypoxia_ATC	Ability to reduce the likelihood of hypoxia in pilots with effective awareness training and procedures for ATC personnel.	hypoxia	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
_LOCI_hypoxia_CRM	Ability to reduce the likelihood of hypoxia in others with effective physiological awareness training.	hypoxia	Global
_LOCI_hypoxia_descent	Ability to reduce the likelihood of hypoxia through a descent below 10,000'.	hypoxia	Global
_LOCI_hypoxia_symptoms	Ability to reduce the likelihood of hypoxia through effective physiological awareness training.	hypoxia	Global
_LOCI_icing_systems	Ability to avoid or reduce the likelihood of LOCI through the use of anti-icing systems to avoid ice accretion.	anti-icing,icing	Global
_LOCI_laser_observation	Ability to reduce the risk of a laser incident through pilot adherence to TTPs on observing a laser.	#laser,#observation,#observe	Global
_LOCI_laser_protection	Ability to reduce the risk of a laser incident through the use of protective equipment.	#glasses,#goggles,#laser,#protection	Global
_LOCI_laser_warning	Ability to reduce the risk of a laser incident through pre-emptively warning the pilot of laser activity in a particular area.	#LWR,#laser,#warnings	Global
_LOCI_planning	Ability to avoid or reduce the likelihood of LOCI through prior planning.	planning	Global
_LOCI_regulations	Ability to reduce the risk of LOCI through a regulatory framework.	regulations	Global
_LOCI_self_recovery	Ability of the pilot to manually regain control of the air system, having previously experienced a loss of control event.	disorientation	Global
_LOCI_supervision	Ability to pre-emptively reduce the likelihood of HF errors associated with a LOCI event by ensuring that the pilot/crew's currency, planning, experience and fitness for flight is appropriate for the task.	supervision	Global
_LOCI_training_currency	Ability to reduce the risk of LOCI through training, maintaining currency and gaining competency.	currency,training	Global
_LOCI_weather_SA_systems	Ability to avoid or reduce the likelihood of LOCI through the use of SA systems to avoid adverse weather conditions.	cb,lightning,met,weather	Global
_LOCI_weather_avoid	Ability to avoid or reduce likelihood of LOCI associated with adverse environmental conditions through weather avoidance.	cb,lightning,met,weather	Global
_LOCI_weather_warning	Ability to avoid or reduce the likelihood of LOCI through weather warnings.	cb,lightning,met,weather	Global

hangar	Any occurrence that takes place in a hangar. This includes on land and on a ship.	FOD,building,cold,crash mats,doors,fall,hangar,hangarage,heating,hot,lighting,power,ship,storage,trip	Global
harness	Set of straps and fittings designed to restrain the crew in the aircraft	Harness,buckle,incorrect fit,restraint,straps,tight harness	Global
hawk	Enable the Hawk specific ASORs to be easily located by Occ Mgrs	Hawk	Global
helmet	Protection ancillary. Mandated to be worn when conducting JSAT Parachuting for safety reasons.	G3,chin strap,cracked,fell off,full face,goggles,kiss,mist,open face,protection,thrap hat,vent,visor	Global
hook_open_caption	Any DASOR relating to undemanded hook operation.	Caption,Hook,USL	Global
hostile_action	Incidents due to Hostile Action	blinded,dazzle,high powered torch,hostile,hostile action,laser,lasered	Global
human_factors	Any DASOR relating to Human Factors	EM,HF,HumanFactors,check missed,distracton,environment,error,error management,fatigue,human,human factor,incorrect clearance,misinterpretation,mistake,non tech,potential error by,stress,workload	Global
human_resources	An incident or hazard/observation due to a shortage of personnel.	FTRS,LAE,OC,PVR,QFI,SOM,babcock,engine er,gapped,gapped JPAN,gapped PID,gapped post,lack of man power,leave,manning,manning,manpower,personnel,retire,sick,student,undermanned,vacant	Global
hums	Any occurrence where an issue with the aircraft is discovered by an indication or interrogation from the health and usage monitoring system (HUMS).	chip detector,filter,health,magplug,magwipe,monitor ,monitoring,oil,sensor,usage,vibration,wiring	Global
in_flight_catering	Any DASOR relating to in-flight catering	In flight,Meals,Rations,catering	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
incorrect_ac_flown	Any occurrence where the aircrew have operated a different aircraft to either the aircraft that was briefed or MF700 that was signed for.	MF700,MF700C,board,brief,dispersal,incorrect, line,side number,spot,walk out,wrong	Global
incorrect_assembly	Any occurrence where any part of the aircraft system, role equipment or survival equipment was assembled incorrect in accordance with the ADS.	ADS,assembled,bolt,damaged,incorrect,incorrect,loose,missing,nut,over torqued,overtightened,split pin,tight,under torqued,washer,wirelocking,wrong,wrong	Global
incorrect_pob	Any occurrence where the incorrect number and details of personnel were recorded within an operating aircraft. (incorrect personnel on board)	STARS,incorrect,message,number,passed,passengers,personnel,signal,wrong	Global
incursion	Airfield Incursion: The incorrect or unauthorised presence of an aircraft, vehicle, person, animal, or object within the boundary of an aerodrome or para-drop site that has the potential to affect safety, security, disrupt operations, or incur the protected area of a surface designated for the landing and take-off of aircraft. Runway Incursion: Any occurrence at an aerodrome involving the incorrect presence of an aircraft, vehicle, or person on the protected area of a surface designated for the landing and take-off of aircraft.	ATC,ATC regulations,Driving regulations,SMRE,airfield,contractor,crossing,cyclist,dog,failed to stop,hounds,incursion,loose on airfield,pedestrian,personnel,runway,runway, taxiway,unauthorised,vehicle	Global
independent_inspections	Any occurrence that either occurred during an maintenance independent inspection, where an independent inspection was not completed correctly or where an independent inspection failed to detect an issue with the assembly, locking and function of an aircraft flight critical system.	707 IND,assembly,check,critical,flight,functional check,incorrect,independence,independent,inspection,maintenance,missed,safety,supervision,system	Global
infrastructure	Physical and organizational structures and facilities to support aviation	DIO,Ops,ROC,SSS,Sqn,WSF,airfield,base support,briefing room,building,construction,contractors,electrical, facilities,falling object,floor plate,hangar,hangar,heirachy,infrastructure,lighting,office,roof,runway,stores,water	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
injury	A wound or harm caused to the body Any occurrence where 1st/2nd/3rd party were injured regardless of the level of injury.	asphyxia,blind,break,broken,bruise,burn,concussion,cut,dislocation,electric shock,fracture,harm,hurt,hypothermia,ingestion,inhalation,injured,personal,personnel,poison,split,sprain,unconscious,wound	Global
instruments	Any DASOR relating to instrument failure or inaccuracy	AI,ASI,Compass,EHSI,Turn and Slip	Global
internal_loading	Any DASOR relating to aircraft damage or cargo damage when loading cargo or loading equipment.	cargo,damage,internal,load,vehicle	Global
knowledge	Lack of on-the-job experience and specific knowledge can lead workers into misjudging situations and making unsafe decisions.	Decisions,Experience,Situation,Unsafe	Global
landing_gear	Occurrence relating to an aircraft's landing gear. Equipment that supports the aircraft while on the ground	go around,hyd pressure,in flight,inadvertant selection,landing gear,tires,tyres,undercarriage,wave off,wheels,wheels up landing	Global
level_bust	A deviation of 300 feet or more from the assigned level (CAASRG).	CAS,GH,airspace incursion,general handling,infringement,lack of safe separation	Global
lightning_strike	Aircraft struck by lightning	emergency landing,poor visibility,unsuitable weather	Global
line	Issue relating to Flight Line ops.	AF,AMM,ASP,BF,SMRE,TR,chocks,line,liney,ramp,supervisor,taxiing,walker	Global
line_operations	Handling and launching of aircraft Any occurrence during line operations. This includes any operational environment including remote operating sites and flight decks.	chockmen,deck,emergency procedures,firefighting,flight,ground run,line up,marshalling,refuelling,rigger marshalling,towing arm,weapon loading	Global
line_over	Malfunction type. Line over canopy.	involuntary turn,mal,malformed,rotation,spiral	Global
link_16	Any DASOR relating to issues with Link 16 and Zeus	air picture,link 16,peripherals,zues	Global
living_accommodation	Any occurrence where issues associated with living accommodation have contributed to the occurrence.	SLAM,accommodation,beds,block,cold,doors,food,freezing,hot,living,mattress,noise,shower,warm,windows	Global
load_lifting	Moving stores by helicopter	FOD,SACRU,VERTREP,downwash,load lifting,static build up	Global
local_control_ATC	Any occurrences involving ATC personnel controlling aircraft locally.	ATC,control,local,locally	Global

Hashtag	Description	Associated Words	Station
logistics	Any occurrences where issues associated with logistic support was a contributing factor. This includes a lack of logistics support or slow logistics support.	MF 731,MF 760,MJDI,RDD,adrift,crate,damaged,date,det,late,logistic,logistics,missing,planning,provsn,routine demand,state demand,stowage,support,time	Global
lookout	Maintaining situational awareness by using visual means, primarily looking out of the cockpit	CRM,clearance,distracton,situational awareness,tunnel vision,turning,visual scan	Global
loose_article	Uncontrolled item loose inside aircraft	FOD,article,detached,flying controls,foreign object,loose,loose article,lost,tool control	Global
lost_article	An item that is missing in or in the vicinity of aviation	FOD,detached,grounding,loose article,lost,manpower,missing,search	Global
low_level	Below 2000ft AGL FW or Below 500ft AGL RW and Light Aircraft.	AGL,CADS,LFA,Low Flying Area,Low Flying System,UKLFS,low,low flying	Global
maintenance	Process of engineering and support to maintain a set state	communication,critical,engineering,independent inspections,independents,maintained,maintenance,non standard,orientation,oriented,policy,practice,practices,procedural,procedure,procedures,process,routine,work cards	Global
maintenance_activity		Mechanical,mechanical	Global
maintenance_overflow	Any occurrence where an aircraft has operated in flight outside the maintenance regime within the ADS and the RTS. This includes component lifing, scheduled maintenance, configuration and flight envelope.	GOLDesp,PT,calendar,date,days,flexops,forecast,hours,maintenance,months,outside,outside maintenance,overflown,pt2,pt3,scheduled,scheduled,years	Global
maintenance_scheduling	Any occurrence where issues with the scheduling of maintenance has resulted in the aircraft operating outside the ADS/RTS or where a maintenance organisation has had difficulty scheduling maintenance due to operation pressures, lack of resources or lack of manpower.	ADS,GOLDesp,PT,RTS,calendar,date,days,forecast,hours,maintenance,months,pt2,pt3,schedule,scheduling,years	Global
malfunction	Malformed canopy requiring the operation of the Reserve parachute	CUT AWAY,Cut-away,Cutaway,Entanglement,MAL,Mal,Reserve Deployment,Reserve deployment,Self entanglement	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
maritime	Any DASOR relating to operating in Maritime environment		Global
marshalling	Ground crew directing an aircraft during taxiing Any occurrences involving aircraft being marshalled on the ground or flight deck.	day,gloves,high vis,ignored,line operations,marshalled,marshalling wands,nav lights,night,night flying,signal,signs,spot,start-up,taxing,turn,turning,wands	Global
mass_and_balance	Any DASOR relating to issues concerning the loading and trimming of aircraft.	Mass Balance,Out of trim,Overload,Overweight,Trim	Global
members_of_the_public	Any DASOR relating to Members of the Public	General Public,MOP,MOPs,Member of the Public,Members of the Public	Global
military_javelin	Issue involving Military Javelin Parachute System	Known Factors,Malfunction,Nuisance Factor	Global
mini-pan	Issuesrelated to operating on the Mini-Pan located remotle from the main ASP.	ASP,HAS,Pan,line,mini-line,mini-pan	Global
mishandling	Any occurrence where the pilot has handled the aircraft poorly or dangerously either reducing the safety margin or breaching the RTC/flight envelope	RTC,abrupt,control,handled,input,judgement,m isappropriate,mishandled,misuse,poor,poorly	Global
misident	GA aircraft has misidentified Warton for Blackpool	Blackpool,Misident,Warton	Global
missed_process	Process not carried out when required/directed	CIETP,F2FP,Process,Task not completed,work not carried out	Global
mission_planning_systems	Systems that support the safe planning and conduct of aircraft operations, including the transfer of mission-specific data to and from the aircraft.	AMPA,GMPS,GMSS,MSS,OMPS,OMS,STAR S,mapping anomalies,mission planning,mission planning systems,network connectivity,system connectivity,terminal connectivity	Global
mistake	Any occurrence where an individual makes a mistakes, which is a non-deliberate decision-making failure.	accident,complex,equipment,failure,knowledge ,misinterpretation,mistake,non-deliberate,organisational,pressure,rules,stress ors,supervision,unintended	Global
mode_5_IFF	Any DASOR relating to Mode 5 IFF transponder, interrogator or control unit on all Platforms.	M5,Mode 5 IFF,SKL,XPDR,interrogator,transponder	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
navigation	Any occurrence where there have been errors in the navigation of the aircraft in flight or where there the navigation of a ship affects the safe recovery of an aircraft.	AI failure,GPS,HIS,TACAN,aircraft navigation,areas,attitude indicator,compass,direction,gyro,intermittent radio,intermittent radio,loss of communication,maps,nav,navigation,poor comms,radio failure,radio u/s,route,standby,truncate,unreliable TACAN	Global
no_process	Work required that does not have a process laid down for its completion	CIETP,F2FP,Process,Unable	Global
non-aviation_duties	Any occurrence involving activities that are not directly associated with aviation, but can affect the safe operation of an aircraft.	medical,medics,non-aviation	Global
norm	Workplace practices develop over time, through experience, and often under the influence of a specific workplace culture. These practices can be both, good and bad, safe and unsafe; they are referred to as “the way we do things round here” and become Norms.	Culture,Group,Normalisation,Practice	Global
nr/nf_overspeed	Any occurrence where the engines have oversped due to either a technical cause or mishandling by the pilot.	early,late,nf,nr,observed,oversped,overspeed,rpm,selection,switch	Global
oil	A viscous liquid used for fuel or lubrication / All incidents associated with an aircrafts oil system, indications, temperature and pressure.	coolant,engine oil,gauge,high temp,hydraulic oil,limitations,lubricant,oil,pressure,temperature	Global
operational_tasking	Any occurrence where the operational tasking has reduce the safety margin of the normal safe operations.	danger,duty holder,operation,operational,operations,paramount,required,risk,tasking	Global
orders	Any occurrence where the quality/content/accuracy/applicability of orders has contributed to the occurrence. This could include where person have breached orders or where they are not suitable.	breach,breached,brevity,clarity,command,direct,disobedience,instruct,instruction,order,orders, supervise,tell	Global
outhouse	Any occurrence where there are anomalies' with the use of outhouse to recover an aircraft safety to a ship.	aircraft safety,mother,outhouse,point of reference,recover,recovery,target	Global
over_speed	Over speed of rotor head	Auto Rotation,EOL,NR,Nr,PFL,Rotor Speed,high Nr,over speed,over-speed	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
overheat	Any occurrence where an aircraft system or equipment operates beyond safe working temperature.	boiling,extrusion,fire,gauge,grease,heat,hot,indication,pressure,smoke,temperature,whiting	Global
overtorque	A condition in which an engine has produced more torque than the manufacturer recommends, or where the engine torque has exceeded the maximum allowable for a given operating condition or time limit. Overtorque can cause internal damage to an engine or transmissions. Any occurrence where the aircraft systems have been overtorqued. This can include due to human error or a technical cause.	100%,AEOTQ,Constant Rotor Speed,Constant Speed Rotor,Gong,Over Torque,Torque,Tq,angle,figures,length,shear,snag,tight,torque wrench,torquemeter	Global
panel	Item fitted to the internal or external of an Air System.	Panel,cover,cowling	Global
parachuting	Any occurrence involving personnel parachuting or where parachuting has been taking place in the vicinity of an aircraft in flight.	buckle,canopy,chute,deploy,descend,fall,height,jumping,para,parachuting,reserve,snag,strap	Global
passenger_transfer	Any occurrence that includes passenger transfers within the sortie. This includes a SOOTAX and a VIPTAX, but excluded troop carrying as this has a separate hashtag.	VIP,brief,ladders,loading,number,onloading,passenger,steps,transfer	Global
pilot/eng_comms	Communication issues between Aircrew and Ground crew.	comms,headset,hearing,radio	Global
pins	Any DASOR where safety devices are an issue	Pins,canopy,seat,weapon	Global
poor_material_state	Any occurrence involving the poor material state of an aircraft, equipment (role/ground), tools, survival equipment, infrastructure or ship.	FOD,bad,condition,crumbling,equipment,hand over,infrastructure,poor,state,tool,tools,unsat equipment	Global
pre_launch_control_ATC	Any occurrence where the aircraft is controlled by ATC and the aircraft is about to launch.	checks,comms,launch,pre,pre launch,pre-launch,prelaunch,take off	Global
preps_flying_stations	Any occurrence where preparations for flying on a ship have not been conducted correctly.	FDO,FOD plods,SMR,barriers,captain of flight deck,check list,incorrect,lighting checks,prep,preparation,preparations,preps,signs,telebrief checks,wrong	Global
pressure	Any occurrence where pressure (either actual or perceived) on personnel has contributed	actual,external,organisational,panic,perceived,perceived,personnel,pressure,self,stress	Global
procedure	Sequence of activities or course of action	checks,cognitive errors,distracton,human factors	Global

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
propulsion_efflux	Where the efflux from a propulsion system (engines and propellers) has an unwanted effect. These effects typically impact other aircraft, vehicles, persons or infrastructure.NOTE Helicopter downwash is a separate tag.	Efflux,blow,exhaust,jetblast,jetwash,propwash	Global
publications	Documents produced by higher authority Any occurrence where the quality/content/accuracy/applicability of publication has contributed to the occurrence. This could include where person have breached a publication, where they are not suitable or where there is not sufficient access to the publication.	AERO,AESO,AR,CIETP,JTD,Joint Technical Data,MAA,SOI,action request,amendment state,briefscan,cockpit,joint technical data,links,publiation,quality,servicing instruction	Global
quality_assurance	Any occurrence where the safety reducing was reduced and discovered during a quality assurance audit or where a quality assurance audit missed a performance shortfall. This includes all types of QA including standards for aircrew/ATC and maintenance airworthiness reviews (MAR)	BMAR,IQA,MAR,MAR,QA,airworthiness review,assurance,audit,audit,checks,external checks,internal checks,performance,quality,trap,visits	Global
radios	any breakdown in external communications	TCAS,channel,comms,communications,failed,intermittent ,radio,radios,receive,transmit,uhf,vhf	Global
rapid_roping	Any occurrences where rapid roping is taking place from an operating aircraft or the drill on land.	abseiling,descent,fall,fast roping,gloves,rapid,rope,roping,snag,weapons	Global
reckless	Any occurrence where an individual shows a deliberate lack of regard for safety	HF,dangerous,defiant,deliberate,intended,negligent,purpose,reckless,violation	Global
regulations	Any occurrence where the quality/content/accuracy/applicability of regulations has contributed to the occurrence. This could include where person have breached regulation, or where they are not suitable.	SYOPS,decree,law,procedure,reg,regs,regulation,rules	Global
resource	Any occurrence where a lack of resources has contributed. This includes any type of resources including the available of personnel.	aircraft,aircrew,availability,equipment,manpower,money,personnel,pubs,resource,supply,tools	Global
role_change	Any occurrence where a role change to the aircraft has affected the outcome.	camera,carriers,change,fuel,guns,mod state,pods,role,seats,tanks,weapons,weight	Global

signage	Any DASOR relating to Signs or Signage	Barrier,Flag,Flags,Flags,JSP403,Lights,MOP, Member of the public,Quad,Quads,Sign,Signage	Global
signal_flare	All incidents relating to the 40mm Signal Flare	40mm Signal Flare,Blind Fire,Misfire	Global
situational_awareness	Any occurrence where a person loses situational awareness. Situational awareness is the perception of environmental elements and events with respect to time or space, the comprehension of their meaning, and the projection of their status after some variable has changed, such as time, or some other variable, such as a predetermined event.	attentive,awareness,awareness,danger,emergency,focussed attention,observation,perception,saturation,situational,situational awareness,vigilant	Global
smoke_fumes_burning	Any occurrence where there is smoke/fumes/burning from any cause either within the aircraft or from an external source.	arcing,blacken,burn,burning,burning,combust, exhaust,fire,flame,fumes,melt,scorch,smell,smoke,smoulder	Global
snagging	Any occurrence where an individual is prevented from conducting their activity due to a physical restriction including clothing. This applies to any branch in any circumstance.	catching,caught,impeded,obstructed,restriction,snagged,snagging	Global
sonar_operations	Any occurrence where an active or passive sonar is being operated as a part of a sortie.	active,carousel,chute,dip,field,passive,search,sonar,sonbouy,sow	Global
soundproofing	Any Dasor relating to Soundproofing failure or loose article relating to soundproofing.	Soundproofing,loose article	Global
spillage	Any occurrence where any fluid has spilt.	dropped,fluid,leak,overflow,seepage,spill,spillage,spilt,spilt	Global
spray_shop	Spray Shop		Global
start_shutdown	Any occurrence that occurs during the start or shut down of an aircraft.	FRC's,checks,engines,indications,leaks,shutdown,start,start checks	Global
starting	Any DASOR relating to problems during engine start	Fire,Flames,Ignition,Mixture,Over Priming,Priming,RPM,Run down,Smoke,Stop	Global
stress	The feeling of being overwhelmed or unable to cope with mental or emotional pressure.	fatigue,pressure,strain,stress,tension	Global
supervision	The act of supervising a task or individual	experience,knowledge,level of supervision,outcome,trust	Global
supervisor	Issue relating to the supervision of air and ground personnel.	auth,authorisation,supervisor	Global
supply	Issue relating to logistics Support Section.	LS,PEP,spares,supply	Global

EGI	EGI Failure	EGI,EGI Fail,EGI Failure	Brize Norton - RAF
EJD	Equipment Jettison device	EJD	Brize Norton - RAF
GAO	Any DASOR relating to Air Mobility movements at GAO in Mali	GAO,Mali,Op NEWCOMBE	Brize Norton - RAF
HAHO	High Altitude High Opening	High Altitude,Jump	Brize Norton - RAF
HALO	High Altitude Low Opening	High descent	Brize Norton - RAF
HAMO	High Altitude Medium Opening	Medium Altitude Descent	Brize Norton - RAF
HAPES	High Altitude Parachute Equipment Straps	HAPES	Brize Norton - RAF
HAPLSS	Any DASOR relating to High Altitude Parachute Life Support System	High Altitude ,Life Support ,Life Support System,Parachute,System	Brize Norton - RAF
HMNO	Any DASOR relating to night descents with night vision goggles.	Head Mounted Night Optics,Night Descents	Brize Norton - RAF
HUPRA	Any DASOR relating to Hung Up Parachutist Release Assembly	Hung Up,Hung up parachutist,Parachutist Release Assembly	Brize Norton - RAF
INU	INU Failure	CNI,INU fail	Brize Norton - RAF
LAIRCM	LAIRCM Failures, spurious firing or dispense	LAIRCM,chaff,dispense,flare	Brize Norton - RAF
LLP	Parachute Type	ADW,C17 PT AFE,PES,parachute	Brize Norton - RAF
LPG	Any DASOR relating to Low Profile Goggles	Eye protection,Low Profile ,Parachutists,Parachutists FF goggles,goggles	Brize Norton - RAF
LPS	Parachute Type	ADW,C17 PT AFE,PES,parachute	Brize Norton - RAF
LPS_SO	Any DASOR relating to Student LPS descents	LPS SO,Lightweight Parachute System ,Student	Brize Norton - RAF

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
MBTR	Multiband Team Radio	Comms, Radio	Brize Norton - RAF
MDS	Maintenance Data Systems	MDS, PMDS, SRP, Tech Log, computer system, data system, mds functionality, overfly	Brize Norton - RAF
MFF	Military Free Fall	Course, FF Course, Free Fall	Brize Norton - RAF
MFFI	Military Free Fall Instructor	Free Fall Instructor, Instructor	Brize Norton - RAF
MJ	Military Javelin	Military Javelin, Parachute Type	Brize Norton - RAF
OMAS	Oxygen Mask Air System	OMAS, Omas	Brize Norton - RAF
OP_REDTOP	Any DASOR relating to OP REDTOP	Redtop	Brize Norton - RAF
OTP	On Time Performance	Delay, Delayed, Distraction, Time, Time Compression	Brize Norton - RAF
Ops_Core_Helmet	Parachuting Ops Core Helmet	OPS Core Fast Ballistic High , OPS Core Fast Carbon Helmet, Ops core fast ballistic high , Ops core fast carbon, STORM Helmet, Storm helmet	Brize Norton - RAF
PEL	Parachutist Equipment Load	Eqpt, Failure to Lower Eq , Failure to lower EQ, Failure to lower Eq, Failure to lower PEL, HAPES, PEL	Brize Norton - RAF
PES	Any DASOR relating to the Military Parachute Maintenance Facility	Maintainer, Maintenance, Parachute Engineering Squadron, Parachute Packer, Parachute Packing	Brize Norton - RAF
PLP	Parachutist Life Preserver	PLP, SFLJ, USLJ	Brize Norton - RAF
PMDS	Portable Maintenance Data System	MDS, PMDS, SRP, Tech log, portable, transfer	Brize Norton - RAF
POSS	Parachutists Oxygen Supply System	O2, Oxy system, Oxygen Supply, Oxygen Supply System, Parachutists	Brize Norton - RAF
PVSS	Perris Valley Student System	Perris, Student, System, Valley	Brize Norton - RAF
Ruck	Term used by the Americans for a Bergan, Equipment Container	Container, Equipment, Kit	Brize Norton - RAF

student_aircrew		student aircrew	Halton - RAF
technical_factor	Engineering or equipment	technical	Halton - RAF
ODI_AFOA	Any DASOR relating to Articles Falling Off the Aircraft (AFOA)	AFOA,Articles ,Falling,Fell,ODI RT3P	Hereford
ODI_CFIT	An event which has resulted in, or has got close to a collision with the ground, or an obstruction.	CFIT,DVE,Terrain,uncharted,unchartered	Hereford

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
ODI_MAC	A Mid Air Collision (MAC) or near MAC.	Airprox,MAC,TAS,prox	Hereford
ODI_RT3P	An event which has resulted in Third Party persons or property being endangered or hurt/damaged.	party,AFOA,HLS,Third,damage,downwash,hor se,rider	Hereford
ODI_RUA	The release or near release of an unairworthy aircraft for flight.	AMIS,GOLDesp,overfly,release,unairworthy	Hereford
ODI_Survivability	Any DASOR relating to Survivability (including BALCS, PSTASS, maritime integration of aircrew equipment and windscreen strength)	BALCS,Drone,Embarked,Intercom,PSTASS,U AS,UAV,Water Ingress,Windscreen	Hereford
ODI_TIES	Any incident or hazard relating to TIES	FR,LTES,RTES,TIES,abseil,fast,hoist,rope,win ch	Hereford
AFF	Accelerated Free Fall.	AFF,levels	JSAT
PLA	The area used to land.	landing area,pre planned,safe landing area	JSAT
advanced	Individual who is advanced undertaking JSAT Parachuting.	adv,advanced course,experienced,quantity of jumps	JSAT
altimeter	Height. Instrument worn on the parachutist to give indication of altitude.	alpha,analogue,ancil,digital,galaxy,instrument, viso	JSAT
bag_lock	Malfunction type. The canopy is unable to come out of the Parachute bag and the Parachutist will need to conduct reserve drills.	fast speed,mal,malfunction,no canopy,reserve drill required	JSAT
camera	Parachute filming.	camera,camera helmet,chest,go pro,head	JSAT
canopy_handling	Control of Canopy. The method in which a parachute controls the parachute from deployment to landing.	CH1,CH1,CH2,CH2,coach,coach,dangerous,d angerous,good,good,low turn,low turn,poor,poor	JSAT
chief_instructor	Overseeing Parachute activity on DZ.	knowledge,responsible,subject	JSAT
cutaway	Transfer of main to reserve.	fall away,operate,pad	JSAT
end_cell_closure	Nuisance factor.	deflated,depression of brakes,end cells	JSAT
formation_skydiving	Formation Parachuting.	4 People,4 Way,Advanced,FS1,camera,track away	JSAT
freefall	After exit and prior to deployment.	4 way,FF,solo,stable,unstable	JSAT
freely	Head up flying.	FF,FF1,FF2	JSAT
instructor	Instructing JSAT Parachuting.	AFFI,CI,CSBI,CSI,Coach,Inst,oversee,tandem	JSAT
landed_off	Missed PLA. The parachutist has not landed in the planned area and outside of the pre-planned landing area.	cloud,distance,injured,not injured,off,spot,wind	JSAT

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
landing_pattern	Controlling canopy onto PLA.	cross wind,downwind,heights,into wind,left,right	JSAT
parachute	A system that allows a person to descend safely when dropped from an aircraft.	3 ring,RSL,canopy,chest straps,container,cuttaway pad,leg straps,lines,main,para,reserve,reserve handle,system,toggle	JSAT
parachute_documentation	Parachute material that provides official information or evidence or that serves a record.	POM,air safety management plan,performance designs	JSAT
premature_break_release	Nuisance factor.	spiral,steering toggle,turn	JSAT
publication	Documentation issued to make something general know.	AP,RN,air publications,document,regulatory article	JSAT
reserve	Used if the main canopy fails to get a person safely to the ground. Operated by pulling the reserve handle.	handle,second canopy	JSAT
slider_high	Slider not coming down the lines.	depression of brakes,high,nuisance factor,stuck	JSAT
static_line	Static line deployed. A method of deploying the main canopy, the anchor point on the aircraft will assist with the deployment of the main canopy.	RAPS,SL,student	JSAT
student	Individual who is a student undertaking JSAT Parachuting.	AFF,basic,student,tandem	JSAT
tandem	When a student skydiver is connected to an instructor via a harness.	attached,connected,drogue,harness,instructor, student	JSAT
toggle	Turn Canopy. Pulled to deploy main canopy.	dropped,fell,pulled,released,steering,stiff	JSAT
twists	Nuisance Factor. Twist in the lines that prevent Parachutist taking control.	high twists,minimal twists,nuisance factor	JSAT
wind_loading	Weight under canopy. This is the number indicating the load per unit of surface of a parachute.	Katanna,Navigator,PD,POM,Recommendation ,Sabre,Stiletto,Storm,Velocity,tandem	JSAT
wind_tunnel	Indoor skydiving.	VWT,course,door,glass,instructor,student,wall, wind	JSAT
AHRS	For occurrences involving the aircraft AHRS.	AHRS,AI,HSI,erect,toppled	Leeming - RAF
ATC_landline	Any DASOR relating to Direct Dial Landlines that are unserviceable or intermittent.	ATC ,Communications,Landline,Telephone	Leeming - RAF
ATC_staffing	When ATC Manning is below that acceptable for ATC/BM tasking.	ATC,Air Traffic,BM,manning,tasking	Leeming - RAF
MDU	For occurrence involving the aircraft MDU.	MDU,mdu	Leeming - RAF

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
airfield_equipment	Any occurrence involving Generic Airfield Equipment, which is maintained by Airfield repair services such as Barriers, Arrestors, Traffic Lights, Runway Lights etc.	Approach lights,Arrestor,Barrier,PAPI,Runway Lights,Taxiway Lights,Traffic Lights,VASI	Leeming - RAF
bird_activity	When Bird Activity is recorded as being Medium or High. Circuit traffic is restricted to clearances of departures only, straight in arrivals or no further take-offs. Flt Lt Andrew Cornes	activity,bird,nest	Leeming - RAF
exercise_traffic	For occurrences involving aircraft temporarily based on Stn for exercises.	Ex,Exercise	Leeming - RAF
foreign_aircraft	For occurrences involving non-UK aircraft.	Foreign,overseas	Leeming - RAF
fuel_gauge	Instrument used to indicate the level of fuel contained in a tank. Any DASOR relating to fuel gauging issues	Imbalance,LH,Ltrs,RH,failure of gauge,fuel,fuel gauge,gauge,oscillation of contents	Leeming - RAF
glider	For occurrence involving Gliders/Paragliders/Paramotors/Hanglifters	glider,glider site,gliders,handglider,handgliders,paraglider,paragliders,paramotor,paramotors	Leeming - RAF
incorrect_clearance	For occurrences involving an incorrect clearance	Clearance,cleared	Leeming - RAF
visiting_aircraft	For occurrences involving non-Stn based aircraft.	Non-Station,Visiting	Leeming - RAF
3rd_age_unseen	Those 3rd age reports that were not observed by any other than the crew. This allows differentiation from those 3rd age which are submitted because the event was obvious to others.		Linton-on-Ouse - RAF
DAO	Duty Aircrew Officer involvement in the occurrence	DAO,DI,duty instructor	Linton-on-Ouse - RAF
ECM	Engine Control Malfunction as per the Tucano ADS	EEC,EGT,fluct,fluctuation,gauge,malfunction,overswing,rpm,surge,torque,tq,undemanded	Linton-on-Ouse - RAF
MTF	Maintenance Test Flights	Airtest,Maintenance Test Flight,Test Flight,Unit Test Flight,Unit Test Pilot	Linton-on-Ouse - RAF
PFC	Primary Flying Control faults ie Flaps, Airbrakes or undercarriage (not microswitch)	airbrake,control restriction,flap,flap failure,flap malfunction,undercarriage	Linton-on-Ouse - RAF
formation	Formation Flying	3 ship,Battle,Form,Formation,MAC,Tactical,airshow,fly past,fly past practice,pair	Linton-on-Ouse - RAF
generator_failure	Generator failure	GEN Caption,Gen,generator,generator caption,generator failure	Linton-on-Ouse - RAF

illumination (DO NOT USE, select LASER/HP ILLUMINATION additional report)	This hashtag should not be used, illumination reports should be identified by selecting the LASER/HP ILLUMINATION additional report. A deliberate direct or indirect illumination of an aircraft by a ground-based high intensity light source.	bright,laser,light,night,nvd	Shawbury - RAF
intercom	Malfunction/discrepancy in intercom operation	Intercom,comms	Shawbury - RAF
knee_protection	Issues with crewman knee protection	Knee,kneepads,pads,protection	Shawbury - RAF
leak	Fluid leaking from an aircraft.	dripping,fluid,fuel,leaking,oil	Shawbury - RAF
local_avoid	An aircraft infringes a published local avoid or sensitive area, unknowingly, due to insufficient planning, navigational error, miscommunication or weather.	brief,operations,sensitive area	Shawbury - RAF
longlead	Malfunction/discrepancy in crewman long intercom lead operation	Longlead,intercom,lead,long	Shawbury - RAF
lowlevel_corridor	Airspace used to transit Manchester and Liverpool airspace.	corridor,liverpool,manchester	Shawbury - RAF
mgb_chip	Metal particles detected in tail rotor gearbox oil system	Gearbox,chip,oil,tail rotor,tailrotor	Shawbury - RAF
mgb_high_temp	Main gearbox oil temperature above 105 degrees	MGB,high,mgb,temp,temperature	Shawbury - RAF
mgb_oil_press	Main gearbox oil pressure below minimum	Gearbox,G'box,MRGB,high,low,oil,pressure	Shawbury - RAF
mgb_overlimit	Main gearbox temperature and/or pressure outside threshold values	MGB,limit,mgb,overlimit,press,pressure	Shawbury - RAF
model_ac	Traditional remote control model aircraft often flown at known sites, not to be confused with drone.	club,model aircraft,montford bridge,peplow,remote,sleap	Shawbury - RAF
night	Any activity taking place during the night flying period	NVD,after dark,darkness,fatigue,look out,night,nights,unsuitable weather	Shawbury - RAF
no_clearance	An aircraft fails to obtain or be in receipt of positive clearance prior to entering an airfield area or a regime of flight.	clearance,radio call,take-off,taxi	Shawbury - RAF
over_torque	Over torque	Tq,over torque,over-torque	Shawbury - RAF
overfly	An incident or potential incident where an aircraft hours exceed scheduled maintenance or checks.	hours,maintenance,overdue,techlog	Shawbury - RAF
p_flt_test	The pre flight test of the autopilot system of the Juno and Jupiter aircraft.	autopilot,pitch,roll	Shawbury - RAF
panels	Any occurrence of an aircraft panel not being fitted, fitted incorrectly or becoming detached in flight.	detached,insecure,missing,open,panel,panels	Shawbury - RAF

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
pitot_static	Malfunction/discrepancy in pitot static air system	Pitot,static	Shawbury - RAF
power_outage	A power outage resulting in the loss of electrical equipment within aviation support buildings.	electricity,powercut	Shawbury - RAF
pressure_setting	Incorrect pressure setting	FL,ICAO,QFE,QNH,RPS,SPS	Shawbury - RAF
refuel	Any incident involving the refuelling of an aircraft including bowser activity.	bowser,fuel,hose,ppe,refuel	Shawbury - RAF
rescue_hoist	Rescue Hoist Operations	Decks,Grappling,SAR,Sits,WinchOp,Winching,Winchman	Shawbury - RAF
rotor_brake	Rotor Brake	Rotor Brake	Shawbury - RAF
rotor_rpm	Nr low/high	Nr,rpm	Shawbury - RAF
run_on_landing	Malfunction/discrepancy during run on landing	EOL,running landing	Shawbury - RAF
running_landing	An occurrence during a practice running landing.	run on landing,running landing	Shawbury - RAF
seats	Incidents of observations relating to aircraft seats and harnesses.	buckle,inertia reel,seat,seatbelt,strap	Shawbury - RAF
single_engine_failure	Respective engine n1 below threshold values	Single,engine,failure	Shawbury - RAF
sits	Rescue Hoist Operations over land	Decks,Grappling,Injury,SAR,Sits,WinchOp,Wi nching,Winchman	Shawbury - RAF
sleep	A general aviation airfield in the vicinity of Shawbury also used as a relief landing ground.	GA,RLG,general aviation	Shawbury - RAF
starter_motor	The electrical motor used to start aircraft engines.	starter,starter motor	Shawbury - RAF
stby_bat	Malfunction/discrepancy in standby battery	Standby,Stby,battery	Shawbury - RAF
stinger_strike	Stinger Srtike	hockey stick,stinger strike,tail strike	Shawbury - RAF
sys_bus_tie	Malfunction/discrepancy in system bus ties	System,bus ,sys	Shawbury - RAF
tailrotor_fail_forward_flight	Failure of tail rotor control/drive in forward flight	Tail rotor,failure,hover,tailrotor	Shawbury - RAF
tailrotor_fail_hover	Failure of tail rotor control/drive in hover	Tail rotor,failure,hover,tailrotor	Shawbury - RAF
throttle	Engine throttles.	throttle	Shawbury - RAF
torque_mismatch	A difference in torque produced by a twin-engine aircraft.	mismatch,torque,tq	Shawbury - RAF
trgb_chip	Metal particles detected in tail rotor gearbox oil system	Gearbox,chip,oil,tail rotor,tailrotor	Shawbury - RAF
trim	Helicopter trim system.	beeper,pitch,pitch actuator,roll actuator,trim	Shawbury - RAF
unexpected_GA	Unexpected interaction with GA traffic either in the air or on the ground, for example a C172 makes an approach to airfield without permission.	GA,civilian aircraft,general aviation,out of hours	Shawbury - RAF

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
verey_pistol	Use of Verey Pistol	Misfire,SAR,Smokes,winching	Shawbury - RAF
vert_bounce	A phenomenon specific to helicopters in the form of vibration in the vertical plane.	bounce,oscillations,vertical,vibration	Shawbury - RAF
walk_around	An hazard identified during a walkaround or a incident due to a insufficient walkaround	ground inspection,reach around,walk around,walkaround	Shawbury - RAF
window	An incident involving aircraft windows.	crack>window	Shawbury - RAF
windscreen_wiper	Windscreen wiper	windscreen wiper	Shawbury - RAF
wipers	Malfunction/discrepancy in heating system	Wipers,blade,blades,motor,windscreen	Shawbury - RAF
UFIT	Uncontrolled flight into terrain (UFIT) Impact with ground	impact,terrain,uncontrolled	Surveillance Gp
autopilot(RPAS)	Erratic flight, UA failed launch	RPAS,UA,auto pilot,auto-pilot,autopilot,erratic,failed launch,launch	Surveillance Gp
erratic_flight_profile	UA height fluctuation, Flight path	erratic,flight path,flight profile,fluctuation,profile	Surveillance Gp
lost_link(RPAS)	Loss of Ulink/Downlink, stay on mission loss of link	communication,downlink,ulink	Surveillance Gp
SWK_hazard_1_unnotified_traffic_increase	Any DASOR relating to an un-notified increase or change to traffic levels in the Swanwick Mil AOR	controller overload,controller workload,exercise traffic,overload,traffic increase,traffic levels	Swanwick RAF (U)
SWK_hazard_2_non_transponding_light_aircraft	Any DASOR relating to interaction with a non-transponding light a/c while under the control of Swanwick Mil	Non squawking,Non transponding,Primary only,Primary only contact	Swanwick RAF (U)
SWK_hazard_3_lack_of_dynamic_mapping	Hashtag DefinitionAny DASOR relating to an event involving map overlays on NATS controlling screens	SIS,controller screen,dynamic mapping,dynamic overlay,map overlay,radar map,radar screen	Swanwick RAF (U)
SWK_hazard_NOTAM_AGL_AMSL_conversion	Hashtag DefinitionAny DASOR relating to confusion from NOTAMs using AGL vs. AMSL.	AGL,AMSL	Swanwick RAF (U)
SWK_hazard_Northolt_rwy_07	Any DASOR relating to increased traffic workload while operating on Rwy 07 at RAF Northolt	Northolt,Northolt 07,Northolt Rwy 07,Rwy 07	Swanwick RAF (U)
SWK_hazard_catastrophic_equipment_failure	Any DASOR relating to NATS equipment being affected by a catastrophic fault	Equipment failure,Equipment fault,NATS equipment,NATS hardware	Swanwick RAF (U)
SWK_hazard_controller_fatigue	Any DASOR involving a controller from Swanwick Mil controlling while fatigued	controller fatigue ,fatigue	Swanwick RAF (U)
SWK_hazard_cosford_light_aircraft	Any DASOR relating to non-detection of slow-moving light aircraft operating in the vicinity of RAF Cosford	Cosford ,Cosford Tutuors,RAF Cosford	Swanwick RAF (U)

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
SWK_hazard_listening_watch_discrepancy	Hashtag DefinitionAny DASOR relating to sorties being controlled by Swanwick Mil controllers requiring a listening watch which was not pre-planned, or aircrew not understanding the service requirement of a listening watch in line with GASOs	listening watch	Swanwick RAF (U)
SWK_hazard_north_7000_squawk	Any DASOR relating to unintended interaction with 7000 squawking aircraft in the Swanwick Mil North AOR	7000,North 7000	Swanwick RAF (U)
SWK_issue_1_task_vs_resource	Any DASOR relating to flying activity exceeding the available manpower at Swanwick	Controller manning,Swanwick manning,Swanwick manpower,manning,manpower	Swanwick RAF (U)
SWK_issue_2airspace_activity_AOR	Any DASOR relating to Swanwick Mil controllers being unaware of airspace activity in their AOR	AOR,airspace activity	Swanwick RAF (U)
SWK_issue_3_overload_traffic_management	Any DASOR relating to a Swanwick Mil Tac controller becoming overloaded due to capacity or workload, or from poor management by the Planner	Traffic management,controller workload	Swanwick RAF (U)
SWK_issue_CO_SQEP	Any DASOR relating to the CO not being fully SQEP in Safety qualifications due to Covid reducing the opportunity to complete training courses.	CO RAF Swanwick	Swanwick RAF (U)
SWK_issue_D&D_hrdf_infringement	Any DASOR relating to HRDF equipment being infringed by vegetation	HRDF	Swanwick RAF (U)
SWK_issue_MAMC_experience	Any DASOR relating to incidents involving inexperienced Pers working in MAMC due to staff turnover at RAF Swanwick	MAMC	Swanwick RAF (U)
SWK_issue_Northolt_radar_requirement	Any DASOR relating to an unnotified increase in Northolt Radar traffic OOH when only one radar controller is rostered	Northolt Manning,Northolt Radar	Swanwick RAF (U)
SWK_issue_communication_with_NATS	Any DASOR relating to miscommunication with NATS Swanwick/Prestwick	NATS Preswick,NATS Swanwick	Swanwick RAF (U)
SWK_issue_night_shift_manning	Any DASOR relating to manning over night shift periods where each bank routinely only has one controller.	night shift,night shift manning	Swanwick RAF (U)
SWK_issue_southeast_SUP_endorsement	Any DASOR relating to a lack of Supervisors on Swanwick Mil West Bank due to controllers being required to endorse in Southeast before beginning Sup training	Swanwick Mil West	Swanwick RAF (U)
SWK_issue_swanwick_flight_safety_officer	Any DASOR relating to the unavailability of the RAF Swanwick Flight Safety Officer due to controlling requirements	Swanwick BMFSO,Swanwick FSO,Swanwick Flight Safety Officer	Swanwick RAF (U)

ASIMS Hashtag Definitions

Hashtag	Description	Associated Words	Station
SWK_issue_traffic_regeneration	Any DASOR relating to an increase in civil flying activity following as COVID restrictions are eased	Traffic regeneration,covid	Swanwick RAF (U)
ATC_infrastructure	Failure of Air Traffic Control infrastructure buildings or equipment; VCR Windows, Air Conditioning etc.	ATC,ATC building,PSR,RHAG,Radar,air conditioning,radio,runway,runway surface,rwy surface,sink holes,smre,ssr,sweeper,taxiway,tower,watchman, windows	Valley - RAF
Texan_Ejection_Systems	Any DASOR relating to Texan Ejection Seat Systems	Ejection,HPRU ,Harness,PIRD ,Restraint,Seat,Straps, Texan Ejection, Texan Mk 16B, Texan Seats	Valley - RAF
airfield_equipment	Any occurrence involving Generic Airfield Equipment, which is maintained by Airfield repair services such as Barriers, Arrestors, Traffic Lights, Runway Lights etc.	Approach lights,Arrestor,Barrier,PAPI,Runway Lights,Taxiway Lights,Traffic Lights,VASI	Valley - RAF
incorrect_switches	Any DASOR relating to incorrect switch configuration, wrong switches selected	Incorrect,Selected,Selection,Switch	Valley - RAF
2404	Any DASOR relating to the platforms operating software	2404,software	Waddington - RAF
2407	Any DASOR relating to the platforms operating software	2407,software	Waddington - RAF
2409	Any DASOR relating to the platforms operating software	2409,software	Waddington - RAF
ACU	Any DASOR relating to issues with GCS air conditioning for equipment cooling	Air conditioning,trip	Waddington - RAF
ATC1.1	Loss of control, human performance & handling (ATC)	atc,handling,human,loss of control,performance	Waddington - RAF
ATC1.2	Loss of Control, adverse environmental conditions (ATC)	environmental,loss of control	Waddington - RAF
ATC1.3	Loss of Control, technical failure (ATC)	atc,failure,loss of control,technical	Waddington - RAF
ATC2.1	Runway excursion, landing operations overrun (ATC)	ATC,excursion,landing,overrun,runway	Waddington - RAF
ATC2.2	Runway excursion, lateral excursion (ATC)	ATC,excursion,lateral,runway	Waddington - RAF
ATC2.3	Takeoff/departures overrun (ATC)	ATC,Takeoff,departures,overrun	Waddington - RAF
ATC3.1	CFIT, general flight (ATC)	ATC,CFIT,flight	Waddington - RAF
ATC3.2	CFIT, non-precision control (ATC)	non-precision ,ATC,CFIT,control	Waddington - RAF
ATC3.3	CFIT, precision approach (ATC)	ATC,CFIT,approach,precision	Waddington - RAF
ATC4.1	Runway incursion, aircraft operating on the ground, within the protected area (ATC)	ATC,Runway,ground,incursion,protected area	Waddington - RAF
ATC4.2	Runway Incursion, aircraft takeoff and landing operations (ATC)	ATC,Incursion,Runway,landing,takeoff	Waddington - RAF
ATC5.1	Airborne conflict, civilian airspace (ATC)	ATC,airspace,civilian airspace,conflict	Waddington - RAF
