Purpose

Below you will find a complete list of DfE quality assured courses that schools and colleges in England can pay for using a senior mental health lead training grant.

Alongside the course information provided, you will be able to see which training providers have contributed to the DfE-funded [mental health lead resource hub](#). The resource hub signposts practical resources and tools to support embedding a whole-school or college approach to mental health and wellbeing.

Courses are listed in alphabetical order by training provider. There are currently 93 courses available, being delivered across 63 providers.

Further information on the quality assurance process and criteria can be found on DfE [contracts finder](#).

Only the courses listed below are approved by DfE, and this list will be updated at the end of each month to reflect any changes to the training providers and courses that are DfE assured at that time.

DfE reserves the right to remove a course(s) from its list of quality-assured courses at any time, where it is reasonable to do so, to ensure schools and colleges receive high quality training.

To select a course

A diverse range of courses are available to enable senior mental health leads to develop the knowledge and skills required to implement a whole school or college approach to mental health and wellbeing.

Schools and colleges seeking to identify a course that most closely meets their specific needs and preferences are encouraged to use the [online tools](#) available.

Training providers

Altruist Enterprises UK Ltd

Training course title	Course code	Level	Delivery mode	Type of setting course is intended for	Contributor to the DfE funded resource hub
Combined Setting Senior Mental Health Lead Training	SMHL067	Intermediate	Online / face to face	All settings	No
