Date of Decision	:	27 November 2023

DECISION

The Tribunal grants dispensation from the consultation requirements of S.20 Landlord and Tenant Act 1985 in respect of refurbishment of the lift.

Dispensation is conditional upon the Applicant obtaining at least three quotations, the lower of which is to be accepted.

In granting dispensation, the Tribunal makes no determination as to whether any service charge costs are reasonable or payable.

Background

1. The Applicant seeks dispensation under Section 20ZA of the Landlord and Tenant Act 1985 from the consultation requirements imposed on the landlord by Section 20 of the 1985 Act. The application was received on 23 October 2023.
2. The property is described as a:

“Purpose built block of flats, comprising 9 units. Built post-2000 of brick, block and concrete.”
3. The Applicant explains that:

“The lift has been left out of service due to a continuous repetitive drive fault causing the lift to fail. The lift parts are now obsolete due to the age of the package and need to be upgraded.
4. And further:

“The lift engineers have recommended that the current lift control panel and drive unit is replaced with the current model, complete with new shaft wiring, new shaft positioning system, new lift car and landing buttons, new lift car lighting LED with emergency back up, new safety shaft devices to bring the lift in line with current regulations. A full proposal is attached. The cost quoted for this is £19,871.36 + VAT, well in excess of the Section 20 'limit' for this property.”
5. Consultation has been described as “a communication has been issued to leaseholders on 16th October. A total of three firms have been asked to quote for the refurbishment works, and it is the applicant's intention to place the contract with the most competitively priced firm. “
6. The Tribunal made Directions on 25 October 2023 which was sent to the Lessees together with a form for them to indicate to the Tribunal whether they agreed with or opposed the application and whether they requested an oral hearing. If the Leaseholders agreed with the application or failed to return the form they would be removed as a Respondent although they would remain bound by the Tribunal's Decision.
7. No responses were received. No requests for an oral hearing were made and the matter is therefore determined on the papers in accordance with Rule 31 of the Tribunal's Procedural Rules.
8. Before making this determination, the papers received were examined to determine whether the issues remained capable of

determination without an oral hearing and it was decided that they were, given that the application remained unchallenged.

The Law

9. The relevant section of the Act reads as follows:

S.20 ZA Consultation requirements:

Where an application is made to a Leasehold Valuation Tribunal for a determination to dispense with all or any of the consultation requirements in relation to any qualifying works or qualifying long-term agreement, the Tribunal may make the determination if satisfied that it is reasonable to dispense with the requirements.

10. The matter was examined in some detail by the Supreme Court in the case of *Daejan Investments Ltd v Benson*. In summary the Supreme Court noted the following.
- a. The main question for the Tribunal when considering how to exercise its jurisdiction in accordance with section 20ZA is the real prejudice to the tenants flowing from the landlord's breach of the consultation requirements.
 - b. The financial consequence to the landlord of not granting a dispensation is not a relevant factor. The nature of the landlord is not a relevant factor.
 - c. Dispensation should not be refused solely because the landlord seriously breached, or departed from, the consultation requirements.
 - d. The Tribunal has power to grant a dispensation as it thinks fit, provided that any terms are appropriate.
 - e. The Tribunal has power to impose a condition that the landlord pays the tenants' reasonable costs (including surveyor and/or legal fees) incurred in connection with the landlord's application under section 20ZA (1).
 - f. The legal burden of proof in relation to dispensation applications is on the landlord. The factual burden of identifying some "relevant" prejudice that they would or might have suffered is on the tenants.
 - g. The court considered that "relevant" prejudice should be given a narrow definition; it means whether non-compliance with the consultation requirements has led the landlord to incur costs in an unreasonable amount or to incur them in the provision of services, or in the carrying out of works, which fell below a reasonable standard, in other words whether the non-compliance has in that sense caused prejudice to the tenant.
 - h. The more serious and/or deliberate the landlord's failure, the more readily a Tribunal would be likely to accept that the tenants had suffered prejudice.

- i. Once the tenants had shown a credible case for prejudice, the Tribunal should look to the landlord to rebut it.

Evidence

11. The Applicant's case is set out in paragraph 2 to 5 above.

Determination

12. Dispensation from the consultation requirements of S.20 of the Act may be given where the Tribunal is satisfied that it is reasonable to dispense with those requirements. Guidance on how such power may be exercised is provided by the leading case of Daejan v Benson referred to above.
13. No objections have been received from the lessees and in these circumstances, I am prepared to grant conditional dispensation.
14. **The Tribunal therefore grants dispensation from the consultation requirements of S.20 Landlord and Tenant Act 1985 in respect of the lift refurbishment described in the application.**
15. **Dispensation is conditional upon the Applicant obtaining at least three quotations, the lower of which is to be accepted.**
16. In granting dispensation, the Tribunal makes no determination as to whether any service charge costs are reasonable or payable.
17. The Tribunal will send copies of this determination to the lessees.
