

CCM 55mm x 200mm Magazine (Typhoon) Preparation/Return-to-Storage

Instructions for Use

CCM 55mm x 200mm Magazine (Typhoon)Preperation/Return-to-Storage - RAF Form 2946C(Typhoon)

1. The RAF Form 2946C(Typhoon) provides a record of Typhoon countermeasure Flare and Expendable Active Decoy (EAD) identification details, a work certificate and a work hours record.
2. The log is to be used to record details of the following Maintenance:
 - a. 'Preparation-for-Use' Maintenance of all Typhoon countermeasure flares and EADs.
 - b. 'Return-to-Storage' Maintenance of all Typhoon countermeasure flares and EADs.
 - c. 'Out-of-Phase' Maintenance of all Typhoon countermeasure flares and EADs.
3. The identification details of the carrier, countermeasure and components are to be entered fully in **Part A**.
4. The work is to be detailed and signed for in **Part B**.
5. The responsibilities of the Tradesperson (1st Signature), Supervisor (2nd Signature) and Co-ordinator (3rd Signature) are as detailed in MAM-P, Chapter 2.4.
6. Final Co-ordination must only take place once the 'Return-to-Storage' Maintenance has been completed.
