Amendments to RA 3264 – Aerodrome Inspections that were released in Mar 23, resulted in the DAM / DAAF no longer aligning with the RA. In addition, the 'Notes for Completion' within the DAAF have been amended to make it clearer for the RC to understand the intent of the DAAF and the requirement for appropriate evidence to be captured for 1PA and 2PA. The ASOEM 'Notes for Completion' has been amended to align with the latest release of RA 1010 and RA 1032.
