PO1 Form

Notification of Sectoral Group / Producer Organisation (PO) vessel change

This form is to be completed by both sectoral groups and POs to notify the department of vessels joining or leaving their group as soon as the change takes place. Failure to do so promptly may result in errors in allocation and monitoring quota allocations.

The form must be submitted via email to the Marine Management Organisation, Marine Scotland and the Welsh Government at the **email addresses given above**. The form must be completed on screen, to include authorisation from both groups and saved before emailing (please include the email chain to verify authorisation by both groups). If the vessel is moving to or from a Northern Irish sectoral group/PO, the form must also be forwarded to DAERA.
