Subject: Application S62A/2023/0025

I have the following comments on the above application:

I have previously objected to the planning application for 32 houses under reference UTT/22/1578/OP. My comments in that objection still hold for this application. This application does nothing to change my view and has not addressed the points I raised. The application seems a complete waste of time for you and for the public who are effected by this proposed development. Please refuse this application
