

Department Purple: Illustrative trust statement

1. The illustrative trust statements for “Department Purple” (a fictitious departmental grouping) comprise:

Financial Statements

- Statement of Revenue, Other Income & Expenditure
 - Statement of Financial Position (SoFP)
 - Statement of Cash Flows (SoCF)
 - Notes to the accounts
2. The trust statements are for illustration only and should only be followed as the circumstances of an individual department or other reporting entity dictate. The accounts do not show every line item which may be necessary in the circumstances of an individual department and each department should assess whether disclosures are relevant and material to its circumstances.
 3. In line with the implementation of the Simplifying and Streamlining Accounts project, notes to the accounts will only be required for material balances. The removal of non-material balances, with a recognition that materiality is not restricted to just monetary value, will significantly streamline and simplify the accounts ensuring that the user is only presented with and can focus on relevant and material information. There will be no diminution of audit scope or depth, only the presentation of the information will be affected.

Department Purple – Trust Statement 202X–2Y

Notes to the Trust Statement

1. Statement of Accounting Policies

1.1 Basis of accounting

The Trust Statement is prepared in accordance with the accounts direction issued by HM Treasury under section 7 of the Government Resources and Accounts Act 2000 (*or 2(3) of the Exchequer and Audit Departments Act 1921 if appropriate*). The Trust Statement is prepared in accordance with the accounting policies detailed below. These have been agreed between Department Purple and HM Treasury and have been developed with reference to International Financial Reporting Standards and other relevant guidance. The accounting policies have been applied consistently in dealing with items considered material in relation to the accounts.

The income and associated expenditure contained in these statements are those flows of funds which Department Purple handles on behalf of the Consolidated Fund [*and other entities*] and where it is acting as agent rather than as principal.

The financial information contained in the statements and in the notes is rounded to the nearest £000

1.2 Accounting convention

The Trust Statement has been prepared in accordance with the historical cost convention.

1.3 Revenue recognition

Taxes, licence fees and penalties are measured at the fair value of amounts received or receivable net of repayments. Revenue is recognised when:

- A taxable event has occurred, the revenue can be measured reliably, and it is probable that the economic benefits from the taxable event will flow to the Exchequer. A taxable event occurs when a liability arises to pay a tax or licence fee. Licence fees are deemed to accrue evenly over the period for which the licence is valid. Repayments are accounted for on a similar basis;
- A penalty is validly imposed and an obligation to pay arises.

1.4 Receivables

Receivables are shown net of impairments in accordance with the requirements of IFRS 9.

1.5 Provisions

Provisions are recognised when Department Purple has a present legal or constructive obligation as a result of a past event, it is probable that Department Purple will be required to settle that obligation and an amount has been reliably estimated.

2. Revenue and other income

2.1 Licence fees, taxation and similar revenues

[Describe the sources of material revenue and income separately and provide any relevant supplementary information]

Licence fees are net of repayments for surrendered licences.

2.2 *Fines and penalties*

Accrued revenue receivable represents the amount of revenue from licences which relate to the financial year but for which invoices had not been issued. The amounts are estimated from statistical models of those activities which require a licence to be held.
