Section 1.

Fill in your name, full address including postcode, telephone number and email address (optional).

Section 2.

Write in figures in the boxes provided the number of certificates you require.

Types of certificates:

There are two types of civil partnership certificate. The **full certificate** shows all the information contained in the civil partnership record, including the addresses for the civil partners at the time the civil partnership was registered.

The **extract certificate** does not show these addresses.

Information needed:

The details of both civil partners, the date and the place where their civil partnership was registered should be provided.

For a **full certificate**, the details provided must also include the full addresses of both civil partners at the time their civil partnership was registered. If the full addresses of both civil partners are not provided, an **extract certificate** will be issued. If a full certificate is required and the full addresses of both civil partners cannot be provided, an application may be made to the Registrar General with the reasons. The Registrar General may authorise the issue of a full certificate if satisfied that it would be reasonable to do so.

Section 6.
