

From Mrs. Jenny Arnell. [REDACTED]

Subject Land at Beiden Hall Farm.

Ref S62A/22/0006

To Section 62A Applications Section 62a  
@planninginspectorate.gov.uk.

7th January 2024.

Dear Sirs. I wish to object most strongly to the above application.

It seems hard to believe in this world, where the temperatures are rising, wars are preventing us from being able to purchase grain from other countries - we are wanting to put solar panels on this precious grade II land, in a very rural area. We have many important listed buildings & much important wild life.

The local roads are totally inadequate to cope with the traffic that would be needed. Has anyone been and adequately looked around the area?

Surely the letter from the Rt. Hon. Steve Barclay MP. Published 4<sup>th</sup> Jan: has had an impact on attitudes to the countryside? Why are we STILL not putting panels on new builds? Car parks are an answer - like the one outside Cambridge.

This must not be allowed  
we must protect these precious areas.

Yours faithfully  
Jenny Arnell.
