

## Case Series Drug Analysis Print

Name: FOI 22/875 - AstraZeneca Vaccine - Guernsey

Report Run Date: 15-Aug-2022

FOI 22/875 - AstraZeneca Vaccine - Reaction (ADR) reports received upto 04/08/2022 associated with the AstraZeneca COVID-19 Vaccine reported from within Guernsey: All UK Spontaneously received Adverse Drug

A report of a suspected ADR to the Yellow Card scheme does not necessarily mean that it was caused by the vaccine, only that the reporter has a suspicion it may have. Underlying or previously undiagnosed illness unrelated to vaccination can also be factors in such reports. The relative number and nature of reports should therefore not be used to compare the safety of the different vaccines. All reports are kept under continual review in order to identify possible new risks.
