International Trade

**Strategic Export Controls: Country  
Pivot Report**

1st January 2020 - 31st December  
2020

January 2024

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st January 2020 and 31st December 2020. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spreadsheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spreadsheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
General	OGELs	Not applicable
Individual	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for goods covered by the torture regulation** (see "Licence types and subtypes") concern trade in certain equipment and products which could be used for capital punishment torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for goods covered by the torture regulation are therefore not

included in the count of non-military goods for other SIEL subtypes.

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4) or Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees*. Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs**.

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by the torture regulation.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by the torture regulation** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by the torture regulation are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

# Reporting

## Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

## Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

<b>Issued licences for a given destination</b>	<b>Control Entries applied to goods on licence</b>
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	12250	11973	267	10
- Permanent Standard	10327	10069	251	7
- Temporary Standard	530	519	11	0
- Transshipment	7	7	0	0
- Incorporation	1349	1343	3	3
- For goods covered by the torture regulation (Permanent or Temporary)	37	35	2	0
SITCLs	170	160	10	0
OIELs	393	353	38	2
- Standard	321	281	38	2
- Dealer-to-dealer	27	27	0	0
- Cryptographic	36	36	0	0
- Media	0	0	0	0
- Continental Shelf	9	9	0	0
Global Project Licences	8	8	0	0
OITCLs	53	48	5	0

### Table notes for licensing statistics table:

**SIEL and OIEL sub-types are mutually exclusive. SIEL Transshipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.**

## Overall Processing Statistics

### Processing statistics covering the period 1st January 2020 to 31st December 2020

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	9813	62	13393	85	14 days
- Permanent Standard	8618	63	11718	86	14 days
- Temporary Standard	382	62	514	83	14 days
- Transhipment	18	78	22	96	9 days
- Incorporation	782	54	1107	76	19 days
- For goods covered by the torture regulation (Permanent or Temporary)	13	35	32	86	25 days
SITCLs	96	35	185	68	32 days
OIELs	115	24	241	50	61 days
- Standard	67	17	168	42	71 days
- Dealer-to-dealer	26	79	33	100	9 days
- Cryptographic	20	48	35	83	22 days
- Media	n/a	n/a	n/a	n/a	n/a
- Continental Shelf	2	17	5	42	69 days
Global Project Licences	0	0	0	0	198 days
OITCLs	9	11	23	29	77 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Virtual EU	0	0	0
EU GEA 2019/125	0	0	0
Open General Export Licence (Export of Dual-Use items to EU Member States)	355	0	0
General Trade Licence (Syria Sanctions - Earthquake relief efforts in Syria)	0	0	0
EU GEA 001 (EU001)	189	0	0
GEA 001	0	0	0

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	16	£21,710,485
Non-military	12	£11,623,080
Total	28	£33,333,565

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£14,635,614
ML5	4	£5,857,713
ML6	1	£140,000
ML7	1	£36,789
ML10	3	£889,889

ML13	4	£150,480
ML21	4	£0
ML22	4	£0

- all-wheel drive vehicles with ballistic protection.  
body armour (2 licences) [See footnote 11].  
components for body armour (2 licences) [See footnote 11].  
components for combat aircraft.  
components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 14].
- Rv components for munitions/ordnance detection/disposal equipment (2 licences).  
components for NBC protective/defensive equipment [See footnote 12].
- Rv general military aircraft components (2 licences).  
military helmets (3 licences) [See footnote 11].
- Rv munitions/ordnance detection/disposal equipment.  
NBC protective/defensive equipment [See footnote 12].  
software for targeting equipment (4 licences) [See footnotes 10, 7, 8, 9].  
targeting equipment (4 licences) [See footnotes 10, 7, 8, 9].  
technology for targeting equipment (4 licences) [See footnotes 10, 7, 8, 9].

Rv - Some or all of which have subsequently been revoked.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	3	£657,770
1C350	1	£22
2B352	3	£31,691
5A001	2	£10,160,000
5A002	3	£773,548
5D002	1	£49

- biotechnology equipment (3 licences) [See footnote 4].
- Rv chemicals used for general laboratory work/scientific research.  
civil explosive detection/identification equipment (3 licences) [See footnote 3].  
counter-improvised explosive device equipment [See footnote 13].
- T counter-improvised explosive device equipment.
- Rv information security equipment (3 licences) [See footnote 6].  
information security software [See footnote 6].

Rv - Some or all of which have subsequently been revoked.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	general military vehicle components
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 2]
3	P	information security equipment, information security software, software for information security equipment [See footnote 5]

#### SITCLs

Source	Issued	Refused	Revoked
--------	--------	---------	---------

Bulgaria	2	0	0
Jordan	1	0	0

### Issued

- all-wheel drive vehicles with ballistic protection.
- Rv components for assault rifles.
- Rv components for grenade launchers.
- Rv grenade launchers.

Rv - Some or all of which have subsequently been revoked.

### OITCLs

Source	Issued	Refused	Revoked
Albania, Austria, Bangladesh, Bosnia and Herzegovina, Brazil, Bulgaria, Canada, China, Croatia, Cyprus, Czech Republic, Egypt, Estonia, France, Germany, Greece, India, Indonesia, Israel, Kazakhstan, Kenya, Pakistan, Philippines, Poland, Romania, Serbia, Slovakia, Slovenia, South Korea, Thailand, Turkey, Ukraine, United States of America	0	1	0

### Rejected

- promoting the supply of aircraft cannons.
- promoting the supply of anti-aircraft guns.
- promoting the supply of anti-armour ammunition.
- promoting the supply of anti-armour weapons.
- promoting the supply of artillery.
- promoting the supply of assault rifles.
- promoting the supply of blank/inert ammunition.
- promoting the supply of body armour.
- promoting the supply of bombs.
- promoting the supply of components for assault rifles.
- promoting the supply of components for body armour.
- promoting the supply of components for pistols.
- promoting the supply of grenade launchers.
- promoting the supply of heavy machine guns.
- promoting the supply of launching/handling/control equipment for rockets.
- promoting the supply of military combat vehicles.
- promoting the supply of military helmets.
- promoting the supply of military support vehicles.
- promoting the supply of military trailers.
- promoting the supply of mortars.
- promoting the supply of pistols.
- promoting the supply of rifles.
- promoting the supply of small arms ammunition.
- promoting the supply of smooth-bore weapons.
- promoting the supply of sniper rifles.
- promoting the supply of tanks.
- promoting the supply of unmanned air vehicles.

## Country Footnotes

1. Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2255 (2011), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.
2. The Afghanistan (Sanctions) (EU Exit) Regulations 2020, which fully came into force on 31 December 2020, implement UK obligations under United Nations Security Council Resolution 2255 (2015). The Regulations impose trade sanctions prohibitions and requirements which apply to the trade in military goods and military technology, which is to, or for the benefit of a designated person as well as the provision to, or for the benefit of a designated person of certain services which enable or facilitate the conduct of armed hostilities in Afghanistan. The Regulations make provision in respect of exceptions that apply and licences that may be available, in respect of prohibitions under this regime.

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
3. Licence granted for a diplomatic mission.
4. Licence granted for a diplomatic mission.
5. Licence granted for humanitarian / international organisation / media end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
7. Licence granted for multinational force or peacekeeping end user.
8. Licence granted for multinational force or peacekeeping end user.
9. Licence granted for multinational force or peacekeeping end user.
10. Licence granted for multinational force or peacekeeping end user.
11. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
12. Licence granted for personal protective equipment. Multinational force or peacekeeping end user.
13. Licence granted for explosive detection / disposal purposes. Multinational force or peacekeeping end user.
14. Licence granted for explosive detection / disposal purposes. Multinational force or peacekeeping end user.

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	1	£2,430

small arms ammunition.

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Angola

### Processing Statistics (excluding amendments)

Median processing time SIELs	13 days
% and number of SIELs completed in 20 working days	87% (20)

% and number of SIELs completed in 60 working days	100% (23)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	114 days
% and number of OIELs completed in 20 working days	9% (1)
% and number of OIELs completed in 60 working days	27% (3)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£196,215
Non-military	16	£3,116,564
Total	18	£3,312,779

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	2	£26,715
ML13	1	£169,500

components for all-wheel drive vehicles with ballistic protection [See footnote 14].  
 constructions for ballistic protection of military systems [See footnote 15].  
 military trailers [See footnote 15].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	2	£52,006
5A002	7	£158,635
5E002	1	£25
6A001	3	£2,271,417
7A003	1	£120,587
7A103	1	£22,360
8A001	2	£450,000
8A002	3	£41,535

components for submersible vehicles [See footnote 4].  
 corrosion resistant chemical manufacturing equipment (2 licences) [See footnote 6].  
 heading sensors for hydrophone arrays [See footnote 10].  
 inertial equipment (2 licences) [See footnote 5].  
 information security equipment (7 licences) [See footnotes 8, 9].  
 marine position fixing equipment [See footnote 7].  
 submersible equipment [See footnote 10].

- T submersible equipment.  
submersible vehicles [See footnote 10].
- T submersible vehicles.  
technology for information security equipment [See footnote 9].  
towed hydrophone arrays.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 2]
2	P	information security equipment, technology for information security equipment
3	P	information security software [See footnote 3]
4	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 11]
5	P	underwater telecommunications systems [See footnote 12]
6	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
7	P	components for information security equipment, equipment for generating spreading codes, impulse radio equipment, information security equipment, information security software, software for information security equipment, technology for equipment for generating spreading codes, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 13]

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for components / accessories / spare parts. Commercial end use.
5. Licence granted for energy exploration / generation purposes. Commercial end use.
6. Licence granted for energy exploration / generation purposes. Commercial end use.
7. Licence granted for energy exploration / generation purposes. Commercial end use.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
10. Licence granted for energy exploration / generation purposes. Commercial end use.
11. Licence granted for commercial end use.
12. Licence granted for commercial end use.
13. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
14. Licence granted for humanitarian / international organisation / media end use.
15. Licence granted for humanitarian / international organisation / media end use.

promoting the supply of fire location equipment.  
 promoting the supply of military support vehicles.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1

#### Country Footnotes

1. The UK interprets the OSCE arms embargo for Armenia as prohibiting the export of any military goods or technology to any person, or to any destination, in Armenia. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.

4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.

5	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 4]
6	P	software for modelling/simulating military operation scenarios, technology for software for modelling/simulating military operation scenarios
7	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights

8	P	components for rifles, components for sniper rifles, components for sporting guns, gun silencers, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon sights
9	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 5]
10	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
11	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
12	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
13	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
14	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
15	P	barbiturate anaesthetic agents for injection [See footnote 6]

16	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
17	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

#### SITCLs

Source	Issued	Refused	Revoked
Bulgaria	2	0	0
United States of America	1	0	0

#### Issued

components for sniper rifles.  
 gun silencers.  
 promoting the supply of components for submarines (2 licences).  
 promoting the supply of equipment for the production of submarines.  
 sniper rifles (4).  
 technology for sniper rifles.

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for commercial end use.
3. Licence granted for commercial end use.
4. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
5. Licence granted for components / accessories / spare parts.
6. Licence granted for research and development purposes, including academic and medical.

## Australian Antarctic Territory

	small arms ammunition (2 licences).
	sporting guns (1).
T	targeting equipment.
	technology for decoying/countermeasure equipment.
	training small arms ammunition.
	unfinished products for combat aircraft.
	weapon night sights (3 licences).
T	weapon night sights (6 licences).
T	weapon sights (6 licences).

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9011	6	£27,230

components for sporting shotguns.  
sporting shotguns (1) (5 licences).  
sporting shotguns (4).

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	1	£142,899
Total	1	£142,899

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML16	1	£142,899

unfinished products for military support aircraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

United Kingdom

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
2	P	weapon night sights
3	P	body armour, components for body armour, military helmets
4	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
5	P	inertial equipment [See footnote 2]
6	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
7	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
8	P	components for environmental test facilities for military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines

9	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
10	P	components for sporting guns
11	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

## OITCLs

### Issued

promoting the supply of military shotguns (1) [See footnote 1].

### Refused

promoting the supply of air-to-surface missiles.  
promoting the supply of crowd control ammunition.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1
2	1
4	1

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

### Case & goods Footnotes

1. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.
2. Licence granted for commercial end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for commercial end use.
5. Licence granted for energy exploration / generation purposes.
6. Licence granted for commercial end use.

#### Country Footnotes

- On 20 June 2011 the EU adopted additional restrictions against Belarus, including prohibitions on the supply of arms and related material, as well as on equipment which might be used for internal repression. Restrictive measures currently in force with respect to Belarus are set out in Council Decision 2012/642/CFSP, as amended; as well as Council Regulation (EC) No 765/2006, as amended. Through Council Decision 2018/280, EU Member States may export certain types of small-calibre sporting rifles, small-calibre sporting pistols and small calibre ammunition, exclusively for use in sports events or sports training, or technical assistance or brokering services, financing or financial assistance related. This will be a limited number and without prejudice to the applicable licensing provisions. Member States shall notify other Member States and the Commission of its intention to grant an authorisation, at least 10 days prior to the authorisation.

All exports for this destination were approved in accordance with the sanctions in place.

- The Republic of Belarus (Sanctions) (EU Exit) Regulations 2019, which came fully into force on 31 December 2020, impose trade sanctions prohibitions and requirements and which apply to military goods and technology, as well as goods and technology, which might be used for internal repression. The Regulations make provision in respect of exceptions that apply and licences that may be available, in respect of prohibitions under this regime.

All licences for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

- Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Academic / civilian end users.
- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
- Licence granted for commercial end use.

5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

 components for weapon control equipment (4 licences).  
 military image recording/processing equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 India  
 Indonesia  
 Latvia  
 Netherlands  
 Oman  
 Saudi Arabia  
 South Africa  
 Thailand

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	machine guns
3	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
4	P	weapon night sights
5	P	technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors
6	P	body armour, components for body armour, military helmets
7	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 2]
8	P	technology for nuclear reactors
9	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
10	P	inertial equipment [See footnote 4]
11	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs,

		<p>components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights</p>
12	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
13	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment

14	P	components for military aero-engines, military aero-engines, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines
15	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
16	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
17	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
18	P	components for sporting guns
19	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

20	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft pressure refuellers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines

## OITCLs

Source	Issued	Refused	Revoked
United States of America	1	0	0

## Issued

promoting the supply of anti-armour weapons.  
 promoting the supply of assault rifles.  
 promoting the supply of grenade launchers.  
 promoting the supply of machine guns.  
 promoting the supply of military scenario simulation equipment.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of small arms training equipment.  
 promoting the supply of software for military scenario simulation equipment.  
 promoting the supply of surface launched rockets.

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
3. Licence granted for a Military end user.
4. Licence granted for commercial end use.

## Belize

### Processing Statistics (excluding amendments)

Median processing time SIELs	4 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	85 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	50% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	1	£13,950
Total	1	£13,950

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£13,950

military support vehicles.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	military support aircraft

### OITCLs

Source	Issued	Refused	Revoked
South Africa	1	0	0

#### Issued

bomb suits [See footnote 1].  
components for body armour [See footnote 1].  
components for bomb suits [See footnote 1].  
military helmets [See footnote 1].

### Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes.

## Benin

### Processing Statistics (excluding amendments)

Median processing time SIELs	21 days
% and number of SIELs completed in 20 working days	45% (5)

% and number of SIELs completed in 60 working days	100% (11)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£12,390
Non-military	9	£662,775
Total	11	£675,165

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£12,390

components for military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences) [See footnote 1].  
military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences) [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C351	1	£2,750
5A002	8	£645,252
5D002	5	£8,473
5E002	1	£6,300

information security equipment (8 licences).  
information security software (2 licences).  
software for information security equipment (3 licences).  
technology for information security equipment.  
toxins.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment

#### Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.

## Bermuda

### Processing Statistics (excluding amendments)

% and number of OIELs completed in 60 working days	33% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£4,258
Non-military	5	£46,279
Total	7	£50,537

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£1,258
ML11	1	£3,000

components for military guidance/navigation equipment.  
 training tear gas/irritant ammunition.  
 training wall/door breaching projectiles/ammunition.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A005	1	£16,800
5A002	2	£28,478
5D002	2	£1
FR AI	1	£1,000

T civil body armour.  
 information security equipment.  
 information security equipment.  
 information security software (2 licences).  
 sporting shotguns (1).

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£2,780
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£2,780

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£2,780

portable incapacitating substance riot control devices.

### OIELs (excluding Other OIELs)

#### Issued

Non-military	6	£88,714
Total	15	£782,688

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£16,308
ML4	2	£1,746
ML6	1	£11,840
ML13	1	£560,000
ML14	1	£73,080
ML18	1	£2,000
ML21	1	£29,000
ML22	1	£0

body armour.  
equipment for the production of small arms ammunition [See footnote 2].  
general military vehicle components.  
gun silencers.  
munitions/ordnance detection/disposal equipment (2 licences).  
small arms training equipment.  
sniper rifles (1).  
software for modelling/simulating military operation scenarios.  
technology for sniper rifles.  
weapon night sights.  
weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	5	£68,714
5D002	1	£20,000

information security equipment (5 licences).  
information security software.  
software for information security equipment.

#### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 3]
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 4]
3	P	information security equipment, information security software, software for information security equipment
4	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 5]

ML22	5	£2,900

airborne refuelling equipment (3 licences).  
 aircraft military communications equipment.  
 body armour (2 licences) [See footnote 2].  
 bomb suits (3 licences).  
 components for aircraft carriers.  
 components for aircraft military communications equipment (2 licences).  
 components for artillery.  
 components for body armour (2 licences) [See footnote 2].  
 components for bomb suits (3 licences).  
 components for combat aircraft.  
 components for electronic countermeasure equipment.  
 components for machine guns.  
 components for military aero-engines.  
 components for military bridges/pontoons/ferries.  
 components for military combat vehicles.  
 components for military communications equipment (2 licences).  
 components for military electronic equipment.  
 components for military guidance/navigation equipment.  
 components for military helicopters (2 licences).  
 components for military infrared/thermal imaging equipment (2 licences).  
 components for military support aircraft (10 licences).  
 components for military training aircraft (4 licences).  
 components for munitions/ordnance detection/disposal equipment.  
 components for naval communications equipment.  
 components for sporting guns.  
 components for submarines (7 licences).  
 components for surface-to-surface missiles.  
 components for tanks.  
 components for weapon control equipment.  
 equipment for the production of combat aircraft (2 licences).  
 general military aircraft components (2 licences).  
 general naval vessel components (3 licences).  
 launching/handling/control equipment for missiles.  
 military aircraft ground equipment.  
 military aircrew life support equipment.  
 military communications equipment.  
 military guidance/navigation equipment (2 licences).  
 military helicopters.  
 military helmets (5 licences) [See footnote 2].  
 military infrared/thermal imaging equipment (2 licences).  
 munitions/ordnance detection/disposal equipment (2 licences).  
 naval electrical/electronic equipment.  
 sporting guns (1).  
 technology for aircraft military communications equipment (2 licences).  
 technology for general naval vessel components.  
 technology for military guidance/navigation equipment.  
 technology for unfinished products for military support aircraft.  
 unfinished products for military support aircraft.

PL8001	1	£44,900

biotechnology equipment (2 licences).  
 chemicals used for pharmaceutical/healthcare production.  
 civil explosive detection/identification equipment (2 licences).  
 components for marine position fixing equipment.  
 components for metal powder production equipment (2 licences).  
 components for submersible vehicles (2 licences).  
 corrosion resistant chemical manufacturing equipment.  
 deuterium compounds.  
 deuterium solutions.  
 electronics cooling fluids (2 licences).  
 explosives detection equipment.  
 fibrous/filamentary materials (3 licences).  
 frequency changers.  
 frequency generators.  
 guidance/navigation equipment.  
 hydrophones (2 licences).  
 imaging cameras (7 licences).  
 inertial equipment (21 licences).  
 inertial equipment (2 licences).  
 information security equipment (7 licences).  
 information security software (3 licences).  
 machine tools.  
 marine position fixing equipment (12 licences).  
 marine position fixing equipment.  
 metal alloys in powder form.  
 neutron generators.  
 nickel powders.  
 pathogenic genetic elements.  
 small arms ammunition.  
 software for information security equipment (3 licences).  
 sonar log equipment (3 licences).  
 submersible equipment (6 licences).  
 submersible vehicle control systems.  
 submersible vehicles (3 licences).  
 syntactic foam.  
 technology for information security equipment (2 licences).  
 technology for information security software.  
 technology for radar equipment.  
 toxins (2 licences).  
 vibration test equipment.  
 viruses.  
 X-ray generators.

**SIELs - Incorporation**

## Issued

Types of goods on licence	No. of licences	Value
Military	16	£3,466,670
Non-military	1	£32,201
Total	17	£3,498,871

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£226,000
ML10	13	£3,240,670

airborne refuelling equipment.  
components for combat aircraft.  
components for launching/handling/control equipment for munitions (3 licences) [See footnote 4].  
components for military support aircraft (8 licences).  
components for military training aircraft (4 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
7A103	1	£32,201

inertial equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Afghanistan  
Austria  
Burkina Faso  
Chile  
Colombia  
Czech Republic  
Ecuador  
Indonesia  
Mali  
Mauritania  
Nigeria  
Philippines  
Portugal  
Turkmenistan  
United States of America

### SIELs for goods covered by the torture regulation

## Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	4	£616
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	4	£616

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	4	£616

barbiturate anaesthetic agents for injection (4 licences).

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for military aero-engines, technology for combat aircraft, technology for environmental test facilities for military aero-engines, technology for equipment for the production of military aero-engines, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for military aero-engines, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
3	P	components for military support aircraft

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

ML21	4	£3,473,000
ML22	12	£611,101
PL5001	1	£9,716

aerial target equipment.  
 anti-riot/ballistic shields.  
 body armour (3 licences).  
 bomb suits.  
 command/control equipment for unmanned air vehicles.  
 components for anti-armour weapons.  
 components for artillery ammunition (2 licences).  
 components for assault rifles (3 licences).  
 components for body armour (3 licences).  
 components for combat aircraft (2 licences).  
 components for combat naval vessels.  
 components for machine guns (2 licences).  
 components for military auxiliary/support vessels (2 licences).  
 components for military combat vehicles (4 licences).  
 components for military communications equipment (2 licences).  
 components for military infrared/thermal imaging equipment.  
 components for military radars.  
 components for military support aircraft (3 licences).  
 components for mortar bombs.  
 components for naval electrical/electronic equipment.  
 components for NBC protective/defensive equipment.  
 components for pistols.  
 components for small arms ammunition (2 licences).  
 components for sniper rifles (2 licences).  
 components for submarines (3 licences).  
 components for surface launched rockets.  
 components for tanks (3 licences).  
 components for turrets.  
 components for unmanned air vehicles.  
 general military vehicle components.  
 grenade launchers.  
 gun mountings.  
 gun silencers.  
 military combat vehicles (2 licences).  
 military communications equipment.  
 military communications equipment (2 licences).  
 military electronic equipment (5 licences).  
 military equipment for initiating explosives.  
 military guidance/navigation equipment.  
 military helmets (4 licences).  
 military image intensifier equipment (2 licences).  
 military infrared/thermal imaging equipment (4 licences).  
 military support vehicles (2 licences).  
 NBC protective/defensive equipment.  
 periscopes.  
 pistols (2).  
 propellants.  
 sniper rifles (1).  
 sniper rifles (2).  
 software for military communications equipment (2 licences).  
 software for modelling/simulating military operation scenarios (2 licences).  
 software for modelling/simulating/evaluating weapon systems.  
 sporting guns (1) (3 licences).  
 tanks.  
 targeting equipment (3 licences).  
 technology for command communications control and intelligence software.  
 technology for command/control equipment for unmanned air vehicles (4 licences).  
 technology for launching/ground support equipment for unmanned air vehicles (4 licences).  
 technology for military communications equipment (2 licences).  
 technology for military guidance/navigation equipment.  
 technology for software for modelling/simulating military operation scenarios (2 licences).  
 technology for software for modelling/simulating/evaluating weapon systems.  
 technology for unfinished products for assault rifles [See footnote 1].  
 technology for unmanned air vehicles (5 licences).  
 training artillery ammunition.  
 unfinished products for assault rifles [See footnote 1].  
 unfinished products for military support aircraft.  
 unmanned air vehicles.  
 wall/door breaching projectiles/ammunition.  
 weapon night sights.

T weapon sights.  
 T weapon sights.

7A003	3	£539,688
FR AI	12	£101,467

bacteria (4 licences).  
 components for nuclear reactors (2 licences).  
 components for sporting shotguns.  
 devices containing enriched lithium.  
 devices containing enriched lithium manufactures.  
 focal plane arrays.  
 hydrophones.  
 T inertial equipment (3 licences).  
 information security equipment (2 licences).  
 T marine position fixing equipment.  
 metal alloy cylindrical forms.  
 natural uranium.  
 neutron generators.  
 products containing enriched lithium (2 licences).  
 software for nuclear reactor fuel element fabrication equipment.  
 software for nuclear reactors.  
 sporting guns (1) (3 licences).  
 sporting guns (4).  
 sporting guns (18).  
 sporting shotguns (1) (2 licences).  
 sporting shotguns (2) (3 licences).  
 sporting shotguns (3) (2 licences).  
 sporting shotguns.  
 technology for enriched uranium.  
 technology for materials containing enriched uranium.  
 technology for materials containing plutonium-239.  
 technology for materials containing uranium-233.  
 technology for nuclear fuel reprocessing equipment.  
 technology for nuclear grade graphite.  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (2 licences).  
 technology for plutonium-239.  
 technology for products containing enriched uranium.  
 technology for products containing plutonium-239.  
 technology for products containing uranium-233.  
 technology for software controlled by entry 0D of the Dual-Use Regulation.  
 technology for technology for nuclear reactors.  
 technology for tritium handling equipment.  
 technology for uranium-233.  
 thyristors (2 licences).  
 toxins (4 licences).

viruses (3 licences).  
zirconium manufactures.

Algeria  
British Virgin Islands  
Bulgaria  
Colombia  
Democratic Republic of Congo  
Hungary  
India  
Indonesia  
Kuwait  
Norway  
Saudi Arabia  
South Korea  
United Kingdom  
United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	airborne refuelling equipment, aircraft military communications equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircraft head-up/down displays, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military guidance/navigation equipment
3	P	components for combat aircraft [See footnote 3]

4	P	anti-riot/ballistic shields, body armour, bomb suits, civil body armour, components for all-wheel drive vehicles with ballistic protection, components for anti-riot/ballistic shields, components for body armour, components for bomb suits, components for civil body armour, components for military combat vehicles, components for military helmets, components for military support vehicles, components for military trailers, components for tanks, components for turrets, general military vehicle components, military helmets, technology for all-wheel drive vehicles with ballistic protection, technology for anti-riot/ballistic shields, technology for body armour, technology for bomb suits, technology for civil body armour, technology for general military vehicle components, technology for military combat vehicles, technology for military helmets, technology for military support vehicles, technology for military trailers, technology for tanks, technology for turrets
5	T	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
6	P	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
7	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 4]
8	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
9	P	technology for materials controlled by entry 0C of the Dual-Use Regulation, technology for nuclear reactors
10	P	inertial equipment [See footnote 9]
11	P	electromagnetic wave absorbing materials
12	P	technology for unmanned air vehicles
13	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
14	P	components for military aero-engines, military aero-engines, technology for military aero-engines
15	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights,

		<p>general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights</p>
16	P	<p>components for rifles, components for sniper rifles, components for sporting guns, gun silencers, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon sights</p>
17	P	<p>aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 6]</p>
18	T	<p>components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 7]</p>
19	P	<p>airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment</p>

20	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
21	T	components for military helicopters [See footnote 8]
22	P	aircraft military communications equipment, command communications control and intelligence software, command/control equipment for unmanned air vehicles, components for aircraft military communications equipment, components for command/control equipment for unmanned air vehicles, components for electronic warfare equipment, components for equipment for the use of targeting equipment, components for equipment for the use of weapon control equipment, components for global navigation satellite systems jamming equipment, components for launching/ground support equipment for unmanned air vehicles, components for military cameras/photographic equipment, components for military communications equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for radar equipment, components for rangefinding equipment, components for unmanned air vehicles, electronic warfare equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, global navigation satellite systems jamming equipment, launching/ground support equipment for unmanned air vehicles, military cameras/photographic equipment, military communications equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, radar equipment, software for aircraft military communications equipment, software for command/control equipment for unmanned air vehicles, software for electronic warfare equipment, software for launching/ground support equipment for unmanned air vehicles, software for military cameras/photographic equipment, software for military communications equipment, software for military guidance/navigation equipment, software for military image recording/processing equipment, software for military infrared/thermal imaging equipment, software for radar equipment, software for rangefinding equipment, technology for aircraft military communications equipment, technology for combat naval vessels, technology for command/control equipment for unmanned air vehicles, technology for equipment for the use of targeting equipment, technology for equipment for the use of weapon control equipment, technology for global navigation satellite systems jamming equipment, technology for launching/ground support equipment for unmanned air vehicles, technology for military cameras/photographic equipment, technology for military communications equipment, technology for military guidance/navigation equipment, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military radars, technology for radar equipment, technology for rangefinding equipment, technology for unmanned air vehicles, unmanned air vehicles
23	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
24	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for

		launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
25	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
26	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. Military end use.
2. Licence granted for commercial end use.
3. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
4. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
6. Licence granted for components / accessories / spare parts.
7. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
8. Licence granted for components / accessories / spare parts.
9. Licence granted for commercial end use.

#### Case & goods Footnotes

1. Licence granted for commercial end use.

## Cayman Islands

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	100% (8)
% and number of SIELs completed in 60 working days	100% (8)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	43 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	67% (2)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£1,000
Non-military	7	£231,372
Total	8	£232,372

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML11	1	£1,000

components for military guidance/navigation equipment.

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£18,380
5A002	5	£205,892
FR AI	1	£7,100

civil explosive detection/identification equipment.  
information security equipment (5 licences).  
sporting shotguns (1).

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software
2	T	military support aircraft

## Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Central African Republic

### Processing Statistics (excluding amendments)

Median processing time SIELs	31 days
% and number of SIELs completed in 20 working days	33% (2)
% and number of SIELs completed in 60 working days	83% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	299 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	2	£18,005
Non-military	1	£23,732
Both Military and Non-military	1	£4,300
Total	4	£46,037

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	2	£18,005

body armour [See footnote 1].  
components for body armour [See footnote 1].  
military helmets (2 licences) [See footnotes 1, 6].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£23,719
5D002	1	£14

information security equipment [See footnote 3].  
information security software [See footnote 3].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£1,600
PL8001	1	£2,700

bomb suits [See footnote 2].  
devices for initiating explosives [See footnote 2].

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 4]
2	P	information security equipment, information security software, software for information security equipment [See footnote 5]

### Country Footnotes

1. UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. UNSCR 2507 (2019) extended the arms embargo until 31 July 2020. The EU implements these measures through Council Decision 2013/798/CFSP, as amended; as well as Council Regulation (EU) No 224/2014, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

2. UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. UNSCR 2536 (2020) extended the arms embargo until 31 July 2021 and decided that the arms embargo shall no longer apply to supplies of unarmed ground military vehicles and ground military vehicles mounted with weapons with a calibre of 14.5 mm or less and their spare parts, and of RPG and ammunition specially designed for such weapons, and provision of related assistance, to the CAR security forces including state civilian law enforcement institutions, as notified in advance to the Committee. The EU implements these measures through Council Decision 2013/798/CFSP, as amended; as well as Council Regulation (EU) No 224/2014, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	26	£177,893
Non-military	12	£3,092,262
Both Military and Non-military	6	£54,579
Total	44	£3,324,734

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	7	£17,245
ML2	1	£644
ML3	14	£63,891
ML4	2	£10,442
ML13	2	£76,597
PL5001	2	£9,075

assault rifles (1).  
 body armour.  
 components for artillery.  
 components for body armour (2 licences).  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for pistols.  
 components for portable riot control electric-shock devices.  
 components for portable self-protection electric-shock devices.  
 components for small arms ammunition.  
 components for training hand grenades.  
 gun silencers.  
 machine guns (1).  
 military helmets.  
 military improvised explosive device decoying/detection/disposal/jamming equipment.  
 pistols (1).  
 rifles (1).  
 shotgun ammunition (6 licences).

small arms ammunition (4 licences).  
 sniper rifles (1).  
 sporting guns (1) (2 licences).  
 training crowd control ammunition.  
 training small arms ammunition.  
 training tear gas/irritant ammunition.  
 wall/door breaching projectiles/ammunition.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9010	3	£71,400
PL9011	9	£3,020,862

rifles (1).  
 small arms ammunition (2 licences).  
 sporting guns (1).  
 sporting shotguns (1) (7 licences).  
 sporting shotguns (2).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	4	£28,162
ML3	3	£20,194
PL9010	2	£3,544
PL9011	4	£2,678

assault rifles (2).  
 components for small arms ammunition.  
 components for sporting shotguns.  
 gun silencers.  
 machine guns (1).  
 machine guns (2).  
 pistols (2) (2 licences).  
 pistols (3).  
 pistols (8).  
 rifles (1).  
 small arms ammunition (3 licences).  
 sporting guns (2).  
 sporting shotguns (1).  
 sporting shotguns (3).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£52,161
Total	2	£52,161

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	2	£52,161

components for periscopes.  
periscopes.

The items being incorporated in this destination are ultimately destined for all or some of the following:

United Kingdom

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£2,780
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£2,780

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£2,780

portable incapacitating substance riot control devices.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	weapon night sights
2	P	body armour, components for body armour, military helmets
3	P	inertial equipment [See footnote 1]
4	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
5	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
6	P	components for assault rifles, components for pistols, components for rifles, components for sniper rifles, components for sporting guns

7	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

11. Licence granted for academic / civilian end users.
12. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
13. Licence granted for Military (Navy) end user.
14. Licence granted for Military (Navy) end user.
15. Licence granted for Military (Navy) end user.
16. Licence granted for Military (Navy) end user.
17. Licence granted for Military (Navy) end user.
18. Licence granted for testing and evaluation by the potential end user.
19. Licence granted for Military (Navy) end user.
20. Licence granted for commercial end use.
21. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
22. Licence granted for personal protective equipment.
23. Licence granted for personal protective equipment. Personal end use.
24. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
25. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
26. Licence granted for Military (Navy) end user.
27. Licence granted for Military (Navy) end user.
28. Licence granted for Military (Navy) end user.
29. Licence granted for Military (Navy) end user.
30. Licence granted for commercial end use.
31. Licence granted for Military (Air Force) end user.
32. Licence granted for Military (Navy) end user.
33. Licence granted for Military (Navy) end user.
34. Licence granted for Military (Navy) end user.
35. Licence granted for personal protective equipment. Public Services (Government) end use.
36. Licence granted for explosive detection / disposal purposes. Military (Army) end use.

## China

### Processing Statistics (excluding amendments)

Median processing time SIELs	16 days
% and number of SIELs completed in 20 working days	58% (1079)
% and number of SIELs completed in 60 working days	84% (1570)
% [as a % of all SIEL cases processed] and number of SIELs refused	5% (92)

Median processing time SITCLs	30 days
% and number of SITCLs completed in 20 working days	0% (0)
% and number of SITCLs completed in 60 working days	100% (9)

% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)
--	--------

Median processing time OIELs	97 days
% and number of OIELs completed in 20 working days	13% (3)
% and number of OIELs completed in 60 working days	26% (6)
% [as a % of all OIELs cases processed] and number of OIELs refused	22% (5)

Median processing time OITCLs	103 days
% and number of OITCLs completed in 20 working days	25% (1)
% and number of OITCLs completed in 60 working days	25% (1)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	25% (1)

## **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	20	£1,536,628
Non-military	947	£1,598,347,852
Both Military and Non-military	1	£500,000
Total	968	£1,600,384,480

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£55,696
ML9	3	£202,381
ML10	2	£1,150,938
ML11	7	£122,164
ML13	1	£835
ML21	3	£2,112
ML22	9	£2,501

ballistic test equipment (3 licences).  
 components for ballistic test equipment.  
 components for bomb suits [See footnote 3].  
 components for combat aircraft (2 licences).  
 components for military communications equipment.  
 components for military guidance/navigation equipment.  
 components for munitions/ordnance detection/disposal equipment [See footnote 8].  
 equipment for the use of ballistic test equipment (3 licences).  
 general naval vessel components (3 licences) [See footnote 12].  
 military electronic equipment.  
 military guidance/navigation equipment.  
 munitions/ordnance detection/disposal equipment (2 licences) [See footnote 8].  
 software for ballistic test equipment (3 licences).  
 technology for ballistic test equipment (3 licences).

technology for combat naval vessels.  
 technology for general naval vessel components [See footnote 12].  
 technology for military infrared/thermal imaging equipment (2 licences).  
 technology for periscopes (2 licences).

### Non-military

- accelerometers.  
accessories for spectrometers (3 licences).  
acoustic seabed survey equipment (5 licences).  
atomic frequency standards.  
biotechnology equipment (9 licences).  
calibration equipment for guidance/navigation equipment (2 licences).  
chemicals used for pharmaceutical/healthcare production (2 licences).  
T civil explosive detection/identification equipment.  
components for biotechnology equipment (2 licences).  
components for corrosion resistant chemical manufacturing equipment (9 licences).  
components for explosives detection equipment.  
components for hydraulic systems (3 licences).  
components for image intensifier tubes.  
components for instrumentation cameras (11 licences).  
components for nuclear reactors.  
components for spectrometers.  
components for submersible vehicles.  
components for test equipment for industrial gas turbines.  
components for toxic gas detectors (7 licences).  
components for toxic gas monitoring equipment.  
components for vacuum systems.  
controlled atmosphere furnaces (2 licences).  
corrosion resistant chemical manufacturing equipment (55 licences).  
deuterium compounds.  
deuterium mixtures.  
deuterium solutions (6 licences).  
devices containing enriched lithium (4 licences).  
devices containing enriched lithium compounds (3 licences).  
dimensional inspection equipment (11 licences).  
dimensional measuring equipment (15 licences).  
electronics cooling fluids (2 licences).  
enriched lithium manufactures.  
equipment for the production of gas turbines (4 licences).  
equipment for the use of vacuum systems.  
explosives detection equipment (8 licences).  
fibre prepreps (3 licences).  
fibrous/filamentary materials (5 licences).  
flow measurement equipment.  
focal plane arrays (2 licences).  
frequency changers (3 licences).  
general laboratory equipment (3 licences).  
general purpose integrated circuits.  
guidance/navigation equipment (7 licences).  
hafnium.  
hafnium alloys.  
A helium-3 (5 licences) [See footnote 1].  
high speed pulse generators.  
hydrophones.  
imaging cameras (193 licences) [See footnote 7].  
T imaging cameras [See footnote 9].

inertial equipment (84 licences).  
 information security equipment (164 licences).  
 information security software (58 licences).  
 instrumentation cameras (80 licences).  
 lasers (16 licences).  
 machine tools (2 licences).  
 magnetic gradiometers.  
 magnetometers (18 licences).  
 marine position fixing equipment (7 licences).  
 mass spectrometers (18 licences).  
 A materials analysis equipment [See footnote 1].  
 materials testing equipment.  
 metal alloy cylindrical forms (14 licences).  
 metal alloy powder production equipment.  
 metal alloys in powder form.  
 microwave components (4 licences).  
 millimetric wave components (6 licences).  
 natural uranium.  
 nickel powders.  
 optics finishing machines (2 licences).  
 oscillators (4 licences).  
 pathogenic genetic elements.  
 photomultiplier tubes.  
 pressure transducers (14 licences).  
 products containing enriched lithium (4 licences).  
 products containing natural uranium (2 licences).  
 products containing plutonium-239.  
 products containing thorium.  
 rebreathing swimming equipment (3 licences) [See footnote 11].  
 semiconductor manufacturing equipment (4 licences).  
 semiconductor wafers with epitaxial layers (12 licences).  
 signal generators.  
 software for frequency changers (12 licences).  
 software for frequency generators.  
 software for inertial equipment (2 licences).  
 software for information security equipment (76 licences).  
 software for machine tools.  
 software for nuclear reactors.  
 software for spectrometers.  
 sonar log equipment (4 licences).  
 space qualified focal plane arrays (2 licences).  
 spectrometers (5 licences).  
 spectrophotometers.  
 submersible equipment (3 licences).  
 technology for atomic frequency standards.  
 technology for biotechnology equipment (2 licences).  
 technology for electronic devices.  
 technology for equipment for the production of gas turbines (5 licences).  
 technology for focal plane arrays.  
 technology for frequency changers (3 licences).  
 technology for frequency generators.  
 technology for inertial equipment.  
 technology for information security equipment (7 licences).  
 technology for information security software (5 licences).  
 technology for semiconductor wafers with epitaxial layers.  
 technology for software for inertial equipment (2 licences).  
 technology for software for information security equipment.  
 technology for space qualified focal plane arrays.  
 technology for spectrometers.  
 technology for submersible equipment.  
 telecommunications software.  
 toxic gas detectors (12 licences).  
 toxic gas monitoring equipment (2 licences).  
 triggered spark gaps.  
 zirconium.

A - Some or all of which were issued on appeal.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
9E002	1	£480,000
ML22	1	£20,000

technology for equipment for the production of gas turbines.  
technology for military aero-engines.

### Refused

#### SIELs - Incorporation

## Issued

Types of goods on licence	No. of licences	Value
Military	2	£3,258
Non-military	4	£5,185,079
Total	6	£5,188,336

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	2	£3,258

components for combat aircraft.  
components for combat helicopters.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	2	£1,277,579
3C001	1	£3,900,000
6C004	1	£7,500
6E002	1	£0

corrosion resistant chemical manufacturing equipment (2 licences).  
non-linear optical materials.  
semiconductor wafers with epitaxial layers.  
technology for non-linear optical materials.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Brazil  
Cambodia  
Israel  
Nepal  
Pakistan  
South Africa  
Thailand  
United Arab Emirates  
United Kingdom  
United States of America

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, bomb suits, components for body armour, components for bomb suits, components for military helmets, military helmets [See footnote 10]

 components for body armour [See footnote 18].  
 components for bomb suits (2 licences) [See footnotes 17, 18].  
 military helmets (2 licences) [See footnotes 17, 18].

### Rejected

promoting the supply of air-to-surface missiles.  
 promoting the supply of aircraft cannon ammunition.  
 promoting the supply of aircraft machine guns.  
 promoting the supply of aircraft missile protection systems.  
 promoting the supply of anti-aircraft ammunition.  
 promoting the supply of anti-armour ammunition.  
 promoting the supply of machine guns.  
 promoting the supply of rangefinding equipment.  
 promoting the supply of small arms ammunition.  
 promoting the supply of surface-to-surface missiles.  
 promoting the supply of targeting equipment.

### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for academic / civilian end users.
2. Licence granted for commercial end use.
3. Licence granted for explosive detection / disposal purposes.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
7. Licence granted for components / accessories / spare parts.
8. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
9. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
10. Licence granted for explosive detection / disposal purposes.
11. Licence granted for commercial end use.
12. Licence granted for commercial end use.
13. Licence granted for explosive detection / disposal purposes.
14. Licence granted for explosive detection / disposal purposes.
15. Licence granted for explosive detection / disposal purposes.

- 16. Licence granted for explosive detection / disposal purposes.
- 17. Licence granted for explosive detection / disposal purposes.
- 18. Licence granted for explosive detection / disposal purposes.
- 19. Licence granted for explosive detection / disposal purposes.

## Christmas Island

civil explosive detection/identification equipment (2 licences) [See footnotes 1, 2].  
components for radar equipment [See footnote 4].  
direct view imaging equipment [See footnote 3].  
fast switching modules.  
frequency changers (3 licences) [See footnotes 15, 7].  
imaging cameras [See footnote 19].  
inertial equipment.  
information security equipment (4 licences) [See footnote 16].  
radar equipment [See footnote 4].  
small arms ammunition [See footnote 5].  
software for information security equipment [See footnote 16].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment
2	P	underwater telecommunications systems [See footnote 12]
3	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 14]
4	T	military support aircraft
5	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for

		naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
6	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for commercial end use.
3. Licence granted for Military (Army) end user.
4. Licence granted for Military (Navy) end user.
5. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
6. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
7. Licence granted for commercial end use.
8. Licence granted for Military (Air Force) end user.
9. Licence granted for Military (Air Force) end user.
10. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
11. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
12. Licence granted for commercial end use.
13. Licence granted for testing and evaluation by the potential end user.
14. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
15. Licence granted for commercial end use.
16. Licence granted for Military (Air Force) end user.
17. Licence granted for components / accessories / spare parts.
18. Licence granted for Military (Air Force) end user.
19. Licence granted for commercial end use.

- promoting the supply of anti-armour weapons.
- promoting the supply of assault rifles.
- promoting the supply of grenade launchers.
- promoting the supply of machine guns.
- promoting the supply of military scenario simulation equipment.
- promoting the supply of mortars.
- promoting the supply of pistols.
- promoting the supply of small arms training equipment.
- promoting the supply of software for military scenario simulation equipment.
- promoting the supply of surface launched rockets.

**Rejected**

- promoting the supply of aircraft cannons.
- promoting the supply of anti-aircraft guns.
- promoting the supply of anti-armour ammunition.
- promoting the supply of anti-armour weapons.
- promoting the supply of artillery.
- promoting the supply of assault rifles.
- promoting the supply of blank/inert ammunition.
- promoting the supply of body armour.
- promoting the supply of bombs.
- promoting the supply of components for assault rifles.
- promoting the supply of components for body armour.
- promoting the supply of components for pistols.
- promoting the supply of grenade launchers.
- promoting the supply of heavy machine guns.
- promoting the supply of launching/handling/control equipment for rockets.
- promoting the supply of military combat vehicles.
- promoting the supply of military helmets.
- promoting the supply of military support vehicles.
- promoting the supply of military trailers.
- promoting the supply of mortars.
- promoting the supply of pistols.
- promoting the supply of rifles.
- promoting the supply of small arms ammunition.
- promoting the supply of smooth-bore weapons.
- promoting the supply of sniper rifles.
- promoting the supply of tanks.
- promoting the supply of unmanned air vehicles.

**Case & goods Footnotes**

1. Licence granted for commercial end use.

## Democratic Republic of Congo

### Processing Statistics (excluding amendments)

Median processing time SIELs	30 days
% and number of SIELs completed in 20 working days	32% (10)
% and number of SIELs completed in 60 working days	94% (29)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	2 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	184 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	17% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£450,000
Non-military	29	£1,243,871
Total	30	£1,693,871

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£450,000

body armour [See footnote 1].  
 components for body armour [See footnote 1].  
 military helmets [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	28	£993,214
5D002	3	£57
5E002	1	£600
7A103	1	£250,000

inertial equipment [See footnote 30].

information security equipment (28 licences) [See footnotes 12, 13, 14, 15, 16, 17, 18, 19, 2, 20, 21, 22, 23, 26, 27, 28, 29, 3, 31, 32, 33, 5, 6, 7, 9].

information security software (2 licences) [See footnotes 32, 6].

software for information security equipment [See footnote 2].

technology for information security equipment [See footnote 2].

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 8]
2	P	information security equipment, technology for information security equipment
3	P	information security equipment [See footnote 10]
4	P	information security software [See footnote 11]
5	P	underwater telecommunications systems [See footnote 24]
6	P	information security equipment, information security software, software for information security equipment [See footnote 25]

## Country Footnotes

- Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2478 (2019) which extended the arms embargo until 1 July 2020, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

- Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2528 (2020) which extended the arms embargo until 1 July 2021, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	43	£12,845,973
Non-military	10	£391,370
Total	53	£13,237,343

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	18	£1,647,519
ML3	9	£3,163,427
ML4	5	£3,301,903
ML7	1	£324,280
ML8	1	£12,325
ML11	1	£30,000
ML13	3	£273,200
ML15	1	£623,120
ML17	3	£36,212
ML21	1	£0
ML22	10	£3,433,986

blank/inert ammunition (4 licences).  
body armour (2 licences) [See footnote 5].  
command communications control and intelligence software.  
components for assault rifles.  
components for body armour (3 licences) [See footnote 5].  
components for decoying/countermeasure equipment.  
components for NBC protective/defensive equipment.  
components for pistols.  
components for sniper rifles (3 licences).  
components for sporting guns (1).  
components for sporting guns (4 licences).  
decoying/countermeasure equipment (4 licences).  
T electronic warfare equipment.

	explosives.
	gun silencers (2 licences).
	military helmets (3 licences) [See footnote 5].
T	military image intensifier equipment.
T	military infrared/thermal imaging equipment.
	shotgun ammunition (2 licences).
	signature suppression fittings/coatings/treatments for military use (3 licences).
	small arms ammunition.
	sniper rifles (1) (2 licences).
	software enabling equipment to function as military communications equipment.
	software for command communications control and intelligence software.
	sporting guns (1).
	technology for combat naval vessels.
	technology for command communications control and intelligence software.
	technology for decoying/countermeasure equipment (5 licences).
T	technology for electronic warfare equipment.
	technology for sniper rifles.
T	technology for sniper rifles.
	training small arms ammunition (4 licences).
	wall/door breaching projectiles/ammunition.
	weapon night sights (4 licences).
T	weapon night sights.
T	weapon sights.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£21,725
5A002	1	£17,880
5D002	1	£0
5E002	1	£135
6A001	2	£310,175
FR AI	1	£4,000
PL9011	5	£37,455

	hydrophones.
	information security equipment.
	non-military firing sets.
	software for information security equipment.
	sporting shotguns (1) (6 licences).
	technology for information security equipment.
T	towed hydrophone arrays.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£223,609
Total	3	£223,609

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£17,084
ML10	1	£206,525

components for aircraft military communications equipment.  
components for surface-to-air missiles (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Turkey  
United States of America

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
2	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
3	P	weapon night sights
4	P	components for flash suppressors, components for gun mountings, components for gun silencers, components for machine guns, components for mortars, components for weapon night sights, components for weapon sights, flash suppressors, gun mountings, gun silencers, machine guns, weapon sights
5	P	components for NBC protective/defensive equipment, software for NBC protective/defensive equipment, technology for NBC protective/defensive equipment
6	P	body armour, components for body armour, military helmets
7	T	military communications equipment, software enabling equipment to function as military communications equipment, software for military scenario simulation equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment, technology for software for military scenario simulation equipment [See footnote 3]
8	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
9	P	neutron generators, non-military detonators, non-military firing sets [See footnote 4]
10	P	liquid rocket propulsion systems, spacecraft attitude and orbit control systems, sub-systems for liquid rocket propulsion systems
11	P	neutron generators
12	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
13	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles

14	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
15	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
16	P	components for sporting guns

#### OITCLs

Source	Issued	Refused	Revoked
United States of America	1	0	0

#### Issued

- promoting the supply of anti-armour weapons.
- promoting the supply of assault rifles.
- promoting the supply of grenade launchers.
- promoting the supply of machine guns.
- promoting the supply of military scenario simulation equipment.
- promoting the supply of mortars.
- promoting the supply of pistols.
- promoting the supply of small arms training equipment.
- promoting the supply of software for military scenario simulation equipment.
- promoting the supply of surface launched rockets.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for commercial end use.
3. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
4. Licence granted for commercial end use.
5. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

## El Salvador

### Processing Statistics (excluding amendments)

Median processing time SIELs	7 days
% and number of SIELs completed in 20 working days	100% (2)
% and number of SIELs completed in 60 working days	100% (2)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	31 days
% and number of OIELs completed in 20 working days	50% (1)
% and number of OIELs completed in 60 working days	100% (2)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Non-military	2	£328,000
Total	2	£328,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£275,000
FR AI	1	£53,000

information security equipment.  
small arms ammunition [See footnote 1].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment
2	T	military support aircraft

#### Case & goods Footnotes

- Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.

## Equatorial Guinea

- weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0A001	1	£307,632
0E001	1	£1
1C233	4	£21,948
6A001	1	£6,116
PL9011	4	£24,314

- components for nuclear reactors.
- components for sporting shotguns.
- T devices containing enriched lithium (2 licences).
- devices containing enriched lithium (2 licences).
- hydrophones.
- sporting shotguns (1) (3 licences).
- sporting shotguns (2).
- technology for nuclear reactors.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£545
ML7	1	£2,244

- components for civil NBC protection equipment.
- NBC protective/defensive equipment.

**SIELs - Incorporation**

## Issued

Types of goods on licence	No. of licences	Value
Military	19	£297,506
Total	19	£297,506

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	11	£54,139
ML5	1	£140,300
ML6	3	£609
ML7	2	£98,042
ML10	2	£4,416

components for combat aircraft (2 licences).  
 components for launching/handling/control equipment for missiles (10 licences).  
 components for NBC detection equipment.  
 components for weapon control equipment.  
 general military vehicle components (3 licences).  
 launching/handling/control equipment for missiles.  
 NBC protective/defensive equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Japan  
 Malaysia  
 Qatar  
 Slovakia  
 Sweden

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
2	P	weapon night sights
3	P	body armour, components for body armour, military helmets
4	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 2]

5	P	<p>components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights</p>
6	P	<p>aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting</p>

		equipment, unfinished products for weapon night sights, unfinished products for weapon sights
7	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
8	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
9	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 3]
10	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines
11	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
12	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
13	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns,

		technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
14	P	components for sporting guns
15	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines

airborne refuelling equipment.  
aircraft military communications equipment.  
components for airborne refuelling equipment.  
components for aircraft military communications equipment.  
components for combat aircraft.  
components for countermeasure equipment.  
components for electronic warfare equipment.  
components for military aero-engines.  
components for military communications equipment.  
components for military electronic equipment.  
components for military guidance/navigation equipment.  
components for rangefinding equipment.

components for targeting equipment.  
 countermeasure equipment.  
 electronic warfare equipment.  
 military aero-engines.  
 military communications equipment.  
 military electronic equipment.  
 military guidance/navigation equipment.  
 promoting the supply of anti-armour weapons.  
 promoting the supply of assault rifles.  
 promoting the supply of combat aircraft.  
 promoting the supply of grenade launchers.  
 promoting the supply of machine guns.  
 promoting the supply of military scenario simulation equipment.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of small arms training equipment.  
 promoting the supply of software for military scenario simulation equipment.  
 promoting the supply of surface launched rockets.  
 rangefinding equipment.  
 targeting equipment.

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
3. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
4. Licence granted for humanitarian / international organisation / media end use.

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 2]
3	P	components for unmanned air vehicles, launching/ground support equipment for unmanned air vehicles, technology for launching/ground support equipment for unmanned air vehicles, technology for unmanned air vehicles
4	P	components for military support aircraft
5	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
6	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
7	P	components for aerial target equipment, components for multi-role missiles, technology for aerial target equipment, technology for multi-role missiles
8	P	technology for nuclear grade graphite, technology for nuclear reactors
9	P	weapon night sights
10	P	air-to-surface missiles, bombs, components for air-to-surface missiles, components for inert air-to-surface missiles, components for launching/handling/control equipment for missiles, components for military training equipment, equipment for the use of air-to-surface missiles, inert air-to-surface missiles, launching/handling/control equipment for missiles, military guidance/navigation equipment, military training equipment, software for air-to-surface missiles, software for military guidance/navigation equipment, software for military training equipment, technology for air-to-surface missiles, technology for military guidance/navigation equipment, weapon control equipment
11	P	components for air-to-surface missiles, components for military aero-engines, technology for air-to-surface missiles, technology for military aero-engines, technology for multi-role missiles, technology for surface-to-surface missiles [See footnote 6]
12	P	technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors
13	P	artillery ammunition, components for artillery ammunition
14	P	body armour, components for body armour, military helmets
15	P	components for uranium isotope separation equipment, technology for uranium isotope separation equipment
16	P	components for combat aircraft, components for military aero-engines, general military aircraft components
17	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 9]
18	P	technology for nuclear reactors
19	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights

20	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, software for multi-role missiles, technology for multi-role missiles, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
21	P	inertial equipment [See footnote 19]
22	P	electromagnetic wave absorbing materials
23	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft
24	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished

		products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights
25	P	components for aerial target equipment, components for air-to-surface missiles, components for combat aircraft, components for equipment for the production of military aero-engines, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, components for tanks, equipment for the production of military aero-engines, military aircraft ground equipment, technology for aerial target equipment, technology for air-to-surface missiles, technology for combat aircraft, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for tanks [See footnote 13]
26	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
27	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
28	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
29	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 14]
30	P	components for combat aircraft, components for military support aircraft
31	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
32	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
33	P	triggered spark gaps
34	P	components for military aero-engines [See footnote 15]
35	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment,

		technology for military support aircraft, technology for military training aircraft
36	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 16]
37	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
38	T	military support aircraft
39	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
40	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
41	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
42	P	components for military helicopters

43	P	components for sporting guns
44	P	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
45	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
46	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

#### OITCLs

Source	Issued	Refused	Revoked
United States of America	1	0	0

#### Issued

- promoting the supply of anti-armour weapons.
- promoting the supply of assault rifles.
- promoting the supply of grenade launchers.
- promoting the supply of machine guns.
- promoting the supply of military scenario simulation equipment.
- promoting the supply of mortars.
- promoting the supply of pistols.
- promoting the supply of small arms training equipment.
- promoting the supply of software for military scenario simulation equipment.
- promoting the supply of surface launched rockets.

#### Case & goods Footnotes

1. Council Decision 2014/512/CFSP, as amended and Council Regulation (EU) No 833/2014, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

2. Licence granted for components / accessories / spare parts.
3. Licence granted for commercial end use.
4. Licence granted for a Military end user.
5. Licence granted for a Military end user.
6. Licence granted for a Military end user.
7. Licence granted for manufacturing purposes.
8. Licence granted for commercial end use.
9. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

10. Licence granted for components / accessories / spare parts.
11. Licence granted for Military (Navy) end user.
12. Licence granted for commercial end use.
13. Licence granted for components / accessories / spare parts.
14. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
15. Licence granted for a Military end user.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
17. Licence granted for a Military end user.
18. Licence granted for goods returned after repair in the UK / replacement under warranty.
19. Licence granted for commercial end use.
20. Licence granted for manufacturing purposes.
21. Licence granted for Military (Navy) end user.
22. Licence granted for Military (Navy) end user.
23. Licence granted for Military (Navy) end user.
24. Licence granted for Military (Air Force) end user.
25. Licence granted for Military (Air Force) end user.
26. Licence granted for Military (Air Force) end user.
27. Licence granted for Military (Air Force) end user.
28. Licence granted for Military (Air Force) end user.
29. Licence granted for Military (Air Force) end user.
30. Licence granted for Military (Air Force) end user.
31. Licence granted for Military (Air Force) end user.
32. Licence granted for Military (Air Force) end user.

### Processing Statistics (excluding amendments)

Median processing time SIELs	7 days
% and number of SIELs completed in 20 working days	100% (5)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	167 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£483
Non-military	4	£60,593
Total	5	£61,076

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£483

components for sporting guns.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£34,544
8A002	2	£8,109
FR AI	1	£17,940

civil explosive detection/identification equipment.  
 rebreathing swimming equipment (2 licences).  
 small arms ammunition.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.

## Gabon

### Processing Statistics (excluding amendments)

% [as a % of all OIELs cases processed] and number of OIELs refused	20% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	4	£62,703
Non-military	8	£109,802
Total	12	£172,505

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£36,715
ML7	2	£25,988

components for sniper rifles (2 licences).  
NBC detection equipment (2 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C231	1	£210
1C233	1	£6,546
2B350	1	£5,773
5A002	3	£55,767
5D002	1	£6
FR AI	1	£41,500

T corrosion resistant chemical manufacturing equipment.  
devices containing enriched lithium.  
hafnium [See footnote 2].  
information security equipment (3 licences).  
information security software.  
sporting shotguns (1).

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]
2	P	underwater telecommunications systems [See footnote 3]
3	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 4]

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles

### Case & goods Footnotes

Both Military and Non-military	4	£269,204
Total	227	£31,204,164

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	57	£3,565,010
ML2	5	£763,623
ML3	11	£89,625
ML4	13	£1,083,258
ML5	13	£1,137,100
ML6	27	£867,668

ML7	6	£60,545
ML8	10	£1,532,253
ML9	7	£98,000
ML10	24	£1,244,877
ML11	4	£165,606
ML13	6	£148,983
ML14	1	£1,028
ML15	18	£12,052,100
ML16	8	£4,884,264
ML17	2	£25,640
ML18	2	£707,500
ML21	1	£6,000
ML22	14	£1,298,138

- T accessories for military infrared/thermal imaging equipment.  
aircraft military communications equipment (2 licences).  
all-wheel drive vehicles with ballistic protection.  
anti-armour ammunition (2 licences).  
armoured plate.  
assault rifles (1).  
assault rifles (40).  
assault rifles (376).  
ballistic test equipment.  
blank/inert ammunition.  
body armour (2 licences).  
components for air-to-air missiles (2 licences).  
components for aircraft cannons.  
components for anti-armour ammunition.  
components for assault rifles (2 licences).
- T components for assault rifles.  
components for body armour (3 licences).  
components for combat aircraft (9 licences).  
components for combat helicopters.  
components for decoying/countermeasure equipment (2 licences).  
components for equipment for the production of decoying/countermeasure equipment.  
components for grenade launchers (2 licences).  
components for launching/handling/control equipment for missiles (2 licences).  
components for launching/handling/control equipment for munitions.  
components for launching/handling/control equipment for rockets (2 licences).  
components for military aero-engines.
- T components for military aero-engines.
- T components for military communications equipment.  
components for military guidance/navigation equipment (2 licences).  
components for military helicopters.  
components for military infrared/thermal imaging equipment (2 licences).  
components for military radars (2 licences).  
components for military support vehicles (3 licences).  
components for military training aircraft.  
components for naval guns.  
components for NBC protective/defensive equipment (4 licences).
- T components for NBC protective/defensive equipment.  
components for pistols (2 licences).  
components for projectile launchers.  
components for small arms ammunition.  
components for sniper rifles (500).  
components for sniper rifles (9 licences).  
components for sporting guns (6 licences).
- T components for sporting guns (2 licences).  
components for submarines (2 licences) [See footnote 16].  
components for surface-to-surface missiles.  
components for tanks (5 licences).  
components for unmanned air vehicles.  
components for weapon night sights.  
devices containing military pyrotechnic materials.  
energetic materials additives (8 licences).

- equipment for the use of weapon night sights.
- general military aircraft components (2 licences).
- general military vehicle components (5 licences).
- general naval vessel components (5 licences).
- T goods treated for signature suppression for military use.
- gun silencers (9 licences).
- military aero-engines.
- military aircraft ground equipment.
- military aircrew life support equipment (3 licences).
- military combat vehicles.
- T military diving apparatus.
- military helmets.
- T military helmets.
- T military image intensifier equipment (15 licences).
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- military infrared/thermal imaging equipment.
- T military infrared/thermal imaging equipment (15 licences).
- military support vehicles (12 licences).
- military trailers.
- munitions/ordnance detection/disposal equipment (2 licences).
- NBC detection equipment.
- NBC protective/defensive equipment (2 licences).
- T NBC protective/defensive equipment.
- pistols (22).
- pistols (43).
- pistols (200).
- projectile launchers.
- propellants (2 licences).
- T rangefinding equipment (6 licences).
- rifles (1).
- small arms ammunition (3 licences).
- small arms training equipment.
- sniper rifles (2).
- sniper rifles (3).
- sniper rifles (5) (2 licences).
- sniper rifles (38).
- sniper rifles (39).
- software for weapon system software.
- sporting guns (1) (7 licences).
- T sporting guns (7).
- T targeting equipment (5 licences).
- technology for combat naval vessels.
- technology for launching/handling/control equipment for missiles.
- technology for military aero-engines (2 licences).
- T technology for military aero-engines.
- technology for military combat vehicles.
- technology for NBC detection equipment.
- technology for pistols.
- technology for sniper rifles (4 licences).
- technology for software for weapon system software.
- technology for submarines.
- technology for unfinished products for military aero-engines.
- technology for weapon night sights.
- training small arms ammunition (2 licences).
- training wall/door breaching projectiles/ammunition.
- unfinished products for artillery ammunition.
- unfinished products for combat aircraft.
- unfinished products for military aero-engines (4 licences).
- T unfinished products for sporting guns.
- unfinished products for torpedoes.
- wall/door breaching projectiles/ammunition (2 licences).
- weapon night sights (5 licences).
- T weapon night sights (14 licences).
- weapon sights.
- T weapon sights (14 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0C002	1	£1
0D001	5	£350,001
0E001	16	£200,015
1A007	1	£34,000
1C001	2	£750
1C233	4	£49,347
3A228	1	£3,400
3A231	3	£393,450
6A001	3	£35,875
PL9011	10	£136,900

devices containing enriched lithium.  
 electromagnetic wave absorbing materials (2 licences).  
 hydrophones (3 licences).  
 neutron generators (3 licences).  
 non-military detonators.  
 products containing enriched lithium (3 licences).  
 products containing enriched uranium.  
 products containing plutonium-239.  
 products containing uranium-233.  
 software for nuclear reactors (5 licences).  
 sporting guns (1).  
 sporting shotguns (1) (5 licences).  
 sporting shotguns (2) (4 licences).  
 technology for enriched uranium.  
 technology for materials containing enriched uranium.  
 technology for materials containing plutonium-239.  
 technology for materials containing uranium-233.  
 technology for materials controlled by entry 0C of the Dual-Use Regulation.  
 technology for nuclear grade graphite.  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation (3 licences).  
 technology for nuclear reactor fuel element fabrication equipment (2 licences).  
 technology for nuclear reactors (14 licences).  
 technology for plutonium-239.  
 technology for products containing enriched uranium.  
 technology for products containing plutonium-239.  
 technology for products containing uranium-233.  
 technology for software for nuclear reactors.  
 technology for uranium-233.  
 triggered spark gaps.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£12,090
ML1	3	£6,850
ML7	1	£4,046
ML11	1	£550
PL9011	3	£245,668

T civil explosive detection/identification equipment.  
 T civil NBC detection systems.  
 T components for NBC detection equipment.  
 T components for pistols (5).  
 T equipment for the use of NBC detection equipment.  
 sporting guns (1).  
 T sporting guns (1).  
 sporting shotguns (1).  
 T sporting shotguns (11).

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	142	£12,205,190
Non-military	4	£129,473
Total	146	£12,334,663

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	2	£30,116
ML4	14	£6,795,146
ML5	15	£879,597
ML6	4	£14,800
ML9	23	£1,214,959
ML10	54	£1,004,829
ML11	14	£1,376,554
ML14	2	£45,158
ML16	7	£163,817
ML21	7	£380,800
ML22	9	£299,415

aircraft military communications equipment (5 licences).  
 components for air-to-air missiles.  
 components for air-to-surface missiles (2 licences).  
 components for airborne refuelling equipment.  
 components for aircraft missile protection systems.  
 components for artillery ammunition (2 licences).  
 components for attack alerting/warning equipment.  
 components for combat aircraft (29 licences) [See footnotes 6, 7].  
 components for combat naval vessels (3 licences) [See footnotes 17, 18].  
 components for decoying/countermeasure equipment (3 licences).  
 components for electronic warfare equipment.  
 components for launching/handling/control equipment for missiles (6 licences) [See footnotes 13, 14].  
 components for military aero-engines (7 licences).  
 components for military guidance/navigation equipment (9 licences) [See footnotes 15, 19].  
 components for military helicopters (3 licences).  
 components for military radars (12 licences).  
 components for military scenario simulation equipment.  
 components for military support aircraft (2 licences).  
 components for military training aircraft (3 licences).  
 components for military training equipment.  
 components for multi-role missiles.  
 components for periscopes.  
 components for submarines (12 licences).  
 components for surface-to-surface missiles (2 licences).  
 components for turrets (3 licences).  
 components for weapon control equipment.  
 equipment for the use of military guidance/navigation equipment.

general military aircraft components (4 licences).  
 general naval vessel components (6 licences) [See footnote 20].  
 ground vehicle military communications equipment.  
 military electronic equipment (4 licences).  
 naval electrical/electronic equipment (2 licences).  
 software enabling equipment to function as munitions/ordnance detection/disposal equipment (6 licences).  
 software for military auxiliary/support vessels.  
 technology for air-to-surface missiles.  
 technology for combat aircraft (3 licences).  
 technology for launching/handling/control equipment for missiles.  
 technology for military aero-engines.  
 technology for military guidance/navigation equipment (2 licences) [See footnote 19].  
 technology for software for military auxiliary/support vessels.  
 technology for unfinished products for combat aircraft.  
 unfinished products for combat aircraft (6 licences).  
 unfinished products for military aero-engines.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C233	2	£100,397
3A001	1	£9,196
6A006	1	£19,880

extended temperature range integrated circuits.  
 magnetometers.  
 products containing enriched lithium (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Afghanistan  
 Algeria  
 Australia  
 Austria  
 Bangladesh  
 Belgium  
 Brazil  
 Burkina Faso  
 Canada  
 China  
 Czech Republic  
 Denmark  
 Egypt  
 Finland  
 France  
 Greece  
 Hungary  
 India  
 Indonesia  
 Iraq  
 Israel  
 Italy  
 Japan  
 Kuwait  
 Lithuania  
 Malaysia

Morocco  
 Netherlands  
 New Zealand  
 Nigeria  
 Norway  
 Oman  
 Pakistan  
 Peru  
 Poland  
 Qatar  
 Saudi Arabia  
 Singapore  
 South Africa  
 South Korea  
 Spain  
 Sweden  
 Switzerland  
 Thailand  
 Tunisia  
 Turkey  
 Turkmenistan  
 Ukraine  
 United Kingdom  
 United States of America

**SIELs for goods covered by the torture regulation**

**Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£1,500
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£1,500

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR All	1	£1,500

T thumb/finger-screws [See footnote 10].

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
3	P	airborne refuelling equipment, aircraft military communications equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircraft head-up/down displays, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military guidance/navigation equipment
4	P	components for NBC protective/defensive equipment, NBC protective/defensive equipment
5	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
6	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
7	P	weapon night sights
8	P	technology for military helicopters, unfinished products for military helicopters [See footnote 3]
9	P	components for submarines, equipment for the use of submarines, software for submarines, technology for submarines
10	P	body armour, components for body armour, military helmets
11	P	components for uranium isotope separation equipment, technology for uranium isotope separation equipment
12	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 4]
13	P	software for modelling/simulating military operation scenarios, technology for software for modelling/simulating military operation scenarios
14	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
15	P	neutron generators, non-military detonators, non-military firing sets [See footnote 5]
16	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, software for multi-role missiles, technology for multi-role missiles, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
17	P	inertial equipment [See footnote 12]

18	P	electromagnetic wave absorbing materials
19	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights
20	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment

21	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
22	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 8]
23	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
24	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 9]
25	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
26	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
27	P	triggered spark gaps
28	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft

29	P	aircraft bladders, aircraft diaphragms, aircraft gaskets, aircraft seals, aircraft valve seats, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, military parametric technical databases, software for environmental test facilities for military aero-engines, software for equipment for the production of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines
30	P	components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
31	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
32	P	components for military support aircraft
33	P	aircraft military communications equipment, command communications control and intelligence software, command/control equipment for unmanned air vehicles, components for aircraft military communications equipment, components for command/control equipment for unmanned air vehicles, components for electronic warfare equipment, components for equipment for the use of targeting equipment, components for equipment for the use of weapon control equipment, components for global navigation satellite systems jamming equipment, components for launching/ground support equipment for unmanned air vehicles, components for military cameras/photographic equipment, components for military communications equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for radar equipment, components for rangefinding equipment, components for unmanned air vehicles, electronic warfare equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, global navigation satellite systems jamming equipment, launching/ground support equipment for unmanned air vehicles, military cameras/photographic equipment, military communications equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, radar equipment, software for aircraft military communications equipment, software for command/control equipment for unmanned air vehicles, software for electronic warfare equipment, software for launching/ground support equipment for unmanned air vehicles, software for military cameras/photographic equipment, software for military communications equipment, software for military guidance/navigation equipment, software for military image recording/processing equipment, software for military infrared/thermal imaging equipment, software for radar equipment, software for rangefinding equipment, technology for aircraft military communications equipment, technology for combat naval vessels, technology for command/control equipment for unmanned air vehicles, technology for equipment for the use of targeting equipment, technology for equipment for the use of weapon control equipment, technology for global navigation satellite systems jamming equipment, technology for launching/ground support equipment for unmanned air vehicles, technology for military cameras/photographic equipment, technology for military communications equipment, technology for military guidance/navigation equipment, technology for

		military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military radars, technology for radar equipment, technology for rangefinding equipment, technology for unmanned air vehicles, unmanned air vehicles
34	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
35	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
36	P	barbiturate anaesthetic agents for injection [See footnote 11]
37	P	components for sporting guns
38	P	software for nuclear reactors, technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£1,043,000
Non-military	10	£1,244,029
Total	12	£2,287,029

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£393,000
ML13	1	£615,000
ML17	1	£35,000

components for military support vehicles.  
military field generators.  
military helmets.  
military support vehicles.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£79,010
1C350	1	£3,453
5A002	7	£1,157,911
5D002	1	£6
6A003	1	£3,649

chemicals used for industrial/commercial processes.  
civil explosive detection/identification equipment.  
imaging cameras.  
information security equipment (6 licences).  
T information security equipment.  
information security software.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment [See footnote 1]

2	P	information security equipment
3	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 2]
4	P	underwater telecommunications systems [See footnote 3]

 military helmets [See footnote 25].

## Country Footnotes

1. Following its meeting in Madrid of 26 and 27 June 1989, the European Council agreed a Declaration that it was necessary for Member States to adopt an arms embargo on China. The embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. Since 2000 the UK has applied this embargo to Macao and since July 2020 it has been applied to Hong Kong.

All licences for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
2. Licence granted for explosive detection / disposal purposes.
3. Licence granted for explosive detection / disposal purposes.
4. Licence granted for explosive detection / disposal purposes.
5. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
7. Licence granted for commercial end use.
8. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
9. Licence granted for disaster / emergency response purposes.
10. Licence granted for testing and evaluation by the potential end user. Commercial end use.
11. Licence granted for commercial end use.
12. Licence granted for energy exploration / generation purposes. Commercial end use.
13. Display items for a commercial end user
14. Licence granted for research and development purposes, including academic and medical.
15. Licence granted for commercial end use.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
17. Licence granted for explosive detection / disposal purposes.
18. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
19. Licence granted for components/spare parts/accessories for a ceremonial item.
20. Licence granted for explosive detection / disposal purposes.
21. Licence granted for explosive detection / disposal purposes.
22. Licence granted for explosive detection / disposal purposes.
23. Licence granted for commercial end use.
24. Licence granted for components / accessories / spare parts. Humanitarian / international organisation end use.
25. Licence granted for explosive detection / disposal purposes.
26. Licence granted for explosive detection / disposal purposes.
27. Licence granted for testing and evaluation by the potential end user.

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	88% (14)
% and number of SIELs completed in 60 working days	100% (16)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	84 days
% and number of OIELs completed in 20 working days	7% (1)
% and number of OIELs completed in 60 working days	36% (5)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

Median processing time OITCLs	221 days
% and number of OITCLs completed in 20 working days	0% (0)
% and number of OITCLs completed in 60 working days	0% (0)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	11	£4,815,146
Non-military	5	£29,096
Total	16	£4,844,241

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	7	£4,730,000
ML6	1	£1,800
ML7	2	£75,046
ML13	1	£8,300

- T assault rifles (4).  
body armour.  
components for body armour.  
components for NBC detection equipment.  
components for sniper rifles.  
military helmets.
- T NBC detection equipment.  
pistols (4).  
sniper rifles (1).  
sporting guns (1).  
turrets.  
weapon night sights (4 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9011	5	£29,096

sporting shotguns (1) (2 licences).  
sporting shotguns (2) (2 licences).  
sporting shotguns (3).

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft
2	P	weapon night sights
3	P	body armour, components for body armour, military helmets
4	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 2]
5	P	neutron generators
6	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
7	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
8	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
9	P	components for assault rifles, components for pistols, components for rifles, components for sniper rifles, components for sporting guns
10	P	components for sporting guns

#### OITCLs

Source	Issued	Refused	Revoked
United States of America	1	0	0

##### Issued

promoting the supply of anti-armour weapons.  
promoting the supply of assault rifles.  
promoting the supply of grenade launchers.  
promoting the supply of machine guns.  
promoting the supply of military scenario simulation equipment.  
promoting the supply of mortars.  
promoting the supply of pistols.  
promoting the supply of small arms training equipment.  
promoting the supply of software for military scenario simulation equipment.  
promoting the supply of surface launched rockets.

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

software for test equipment for gas turbines.  
software for testing aero gas turbine engines.  
software for transducers for airflow skin friction testing.  
software for turbofan engines.  
software for turbojet engines.  
software for turboprop unmanned air vehicle engine systems.  
space qualified focal plane arrays (2 licences).  
spacecraft attitude and orbit control systems.  
spacecraft telemetry and telecommand equipment.  
submersible equipment.  
syntactic foam.  
technology for acoustic vibration test equipment.  
technology for aero-engines for sustained supersonic flight.  
technology for anechoic chambers.  
technology for aromatic polyamide-imides.  
technology for aromatic polyetherimides.  
technology for aromatic polyimide film.  
technology for aromatic polyimide ribbons.  
technology for aromatic polyimide sheets.  
technology for aromatic polyimide tapes.  
technology for aromatic polyimides.  
technology for autoclaves (3 licences).  
technology for beryllium.  
technology for beryllium alloys.  
technology for beryllium compounds.  
technology for beryllium manufactures.  
technology for biotechnology equipment (6 licences).  
technology for bismaleimides.  
technology for bismuth.  
technology for calcium.  
technology for ceramic materials (2 licences).  
technology for ceramic precursor chemicals.  
technology for ceramic-ceramic composite materials (2 licences).  
technology for chemicals used for chemical/materials production [See footnote 12].  
technology for chemicals used for industrial/commercial processes [See footnote 12].  
technology for civil unmanned air vehicle engines.  
technology for civil unmanned air vehicles (2 licences).  
technology for combined cycle engines.  
technology for composite laminates (3 licences).  
technology for composite materials production equipment.  
technology for composite structures (3 licences).  
technology for composite tubes (2 licences).  
technology for corrosion resistant chemical manufacturing equipment (2 licences).  
technology for cryogenic distillation columns.  
technology for damping fluids.  
technology for diffusion bonding equipment.  
technology for diffusion bonding tools.  
technology for duplex stainless steel.  
technology for electrolytic cells for fluorine production.  
technology for electronics cooling fluids.  
technology for engine flow path systems.  
technology for environmental chambers.  
technology for equipment for the development of gas turbines.  
technology for equipment for the production of gas turbines.

technology for FADEC (2 licences).  
technology for fibre performs (2 licences).  
technology for fibre preforms (6 licences).  
technology for fibre prepregs (7 licences).  
technology for fibrous materials production equipment.  
technology for fibrous/filamentary materials (6 licences).  
technology for flotation fluids.  
technology for fluorinated phosphazene elastomers.  
technology for fluorinated polyimides.  
technology for focal plane arrays.  
technology for gas turbine engines (5 licences).  
technology for hafnium.  
technology for hafnium alloys.  
technology for hafnium compounds.  
technology for hafnium manufactures.  
technology for helicopter/tilt rotor aircraft power transfer systems.  
technology for high performance diesel engines.  
technology for hydroclaves (3 licences).  
technology for hydrogen gas compressors.  
technology for inertial equipment (3 licences).  
technology for information security equipment (7 licences) [See footnote 28].  
technology for lubricants.  
technology for machine tools.  
technology for magnesium.  
technology for magnetic materials.  
technology for maraging steels.  
technology for metal alloy cylindrical forms.  
technology for metal alloy materials (5 licences).  
technology for metal alloy powder production equipment.  
technology for metal alloy tubes.  
technology for metal alloys in particulate form (3 licences).  
technology for metal alloys in powder form (3 licences).  
technology for metal-working manufacturing processes (3 licences).  
technology for nickel powders.  
technology for nozzles for pyrolytic deposition.  
technology for polyarylene ketones.  
technology for polyarylene sulphides.  
technology for polybiphenylenethersulphone.  
technology for porous nickels.  
technology for potassium amide pumps.  
technology for propellant production equipment.  
technology for propeller blades.  
technology for radar equipment.  
technology for ramjet engines.  
technology for rhenium.  
technology for scramjet engines.  
technology for software for acoustic vibration test equipment.  
technology for software for aero gas turbine engines.  
technology for software for aero-engines for sustained supersonic flight.  
technology for software for anechoic chambers.  
technology for software for civil unmanned air vehicle engines.  
technology for software for civil unmanned air vehicles.  
technology for software for combined cycle engines.  
technology for software for composite materials production equipment.  
technology for software for environmental chambers.  
technology for software for equipment for the development of gas turbines.  
technology for software for equipment for the production of gas turbines.  
technology for software for FADEC systems.  
technology for software for metal casting.  
technology for software for modelling engine flow.  
technology for software for ramjet engines.  
technology for software for scramjet engines.  
technology for software for test equipment for gas turbines.  
technology for software for testing aero gas turbine engines.  
technology for software for transducers for airflow skin friction testing.  
technology for superconductive materials.  
technology for superplastic forming equipment.  
technology for superplastic forming tools.  
technology for surface coating equipment (2 licences).  
technology for surface modification equipment (2 licences).

- technology for technology for engine flow path systems.
- technology for technology for FADEC.
- technology for technology for gas turbine engines.
- technology for technology for helicopter/tilt rotor aircraft power transfer systems.
- technology for technology for wind tunnel models.
- technology for telecommunications interception equipment (4 licences).
- technology for test equipment for composite materials.
- technology for test equipment for gas turbines.
- technology for the application of surface coatings (2 licences).
- technology for the development of wing-folding systems.
- technology for transducers for airflow skin friction testing.
- technology for tungsten alloy tubes.
- technology for tungsten carbide tubes.
- technology for tungsten tubes.
- technology for turbofan engines.
- technology for turbojet engines.
- technology for zirconium.
- technology for zirconium alloys.
- technology for zirconium compounds.
- technology for zirconium manufactures.
- T telecommunications interception equipment (3 licences) [See footnotes 17, 18, 8].
- toxins (2 licences).
- triggered spark gaps.
- underwater telecommunications systems.
- X-ray accelerators (2 licences).
- X-ray generators (4 licences).
- zirconium alloys.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
6A001	1	£2,940,000
6A002	2	£15,600
FR AI	1	£700
ML1	1	£2,000
ML13	2	£3,900
ML21	1	£395,416

- T components for body armour (2 licences) [See footnote 10].
- T direct view imaging equipment (2 licences) [See footnote 10].
- diver location sonars.
- T military helmets (2 licences) [See footnote 10].
- software enabling equipment to function as military sonars.
- sporting guns (2).

**Refused**

	Count
Non-military	3
Total	3

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry
0E001	1
End Use	2

accessories for electron microscopes (2 licences).  
 components for electron microscopes.  
 electron microscopes (2 licences).  
 surface coating equipment.  
 technology for nuclear reactors.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	14	£2,815,170
Non-military	1	£42,000
Total	15	£2,857,170

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£23,703
ML5	1	£59,500
ML6	1	£204,000
ML7	2	£1,571,430
ML10	7	£956,537

components for air-to-air missiles.  
 components for air-to-surface missiles.  
 components for airborne refuelling equipment.  
 components for combat aircraft.  
 components for combat helicopters (3 licences).  
 components for launching/handling/control equipment for missiles (2 licences).  
 components for military helicopters.  
 components for military support aircraft.  
 components for NBC protective/defensive equipment (2 licences).  
 components for turrets.  
 weapon control equipment.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
5B001	1	£20,000
9A110	1	£22,000

equipment for the development of extended temperature range telecommunications equipment.  
rocket structures.

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Australia
- Brazil
- Philippines
- United Kingdom
- United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military electronic equipment, components for military field generators, components for military radars, components for military support vehicles, components for military trailers, military electronic equipment, military field generators
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
3	P	airborne refuelling equipment, aircraft military communications equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircraft head-up/down displays, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military guidance/navigation equipment
4	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up/down displays, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the production of combat aircraft, equipment for the production of combat helicopters, equipment for the production of general military aircraft components, equipment for the production of military aircraft head-up/down displays, equipment for the production of military guidance/navigation equipment, equipment for the production of military helicopters, equipment for the production of military support aircraft, equipment for the production of military training aircraft, extended temperature range integrated circuits, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military guidance/navigation equipment, software for general military aircraft components, software for military aircraft ground equipment, software for military aircraft head-up/down displays
5	P	software for digital computers, software for parallel computing electronic assemblies, technology for digital computers, technology for parallel computing electronic assemblies [See footnote 7]

6	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft pressure refuellers, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines, technology for test models for military aero-engines, technology for unfinished products for military aero-engines, technology for unfinished products for naval engines
7	P	components for combat helicopters, components for equipment for the production of combat helicopters, components for equipment for the production of military helicopters, components for military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, military aircraft ground equipment, technology for combat helicopters, technology for military helicopters
8	P	components for military support aircraft, general military aircraft components
9	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 15]
10	P	technology for information security equipment [See footnote 16]
11	P	technology for electronic devices [See footnote 19]
12	P	information security equipment [See footnote 21]
13	P	information security equipment [See footnote 22]
14	P	technology for anti-friction bearings, technology for ceramic materials, technology for ceramic precursor chemicals, technology for ceramic-ceramic composite materials, technology for composite laminates, technology for composite structures, technology for engine flow path systems, technology for gas turbine engines, technology for magnetic bearing systems, technology for metal alloy materials, technology for metal alloys in particulate form, technology for metal alloys in powder form, technology for metal-working manufacturing processes, technology for surface coating equipment, technology for surface modification equipment, technology for the application of surface coatings, technology for turbofan engines, technology for turbojet engines
15	P	information security equipment
16	P	components for military helicopters, technology for military helicopters
17	P	components for military helicopters, technology for military helicopters
18	P	metal alloy cylindrical forms
19	P	components for military aero-engines, components for military helicopters, components for military training aircraft, general military aircraft components
20	P	information security equipment, information security software, software for information security equipment [See footnote 38]
21	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for naval electrical/electronic equipment, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, military aircraft ground equipment, naval electrical/electronic equipment, naval hull penetrators/connectors, software for aircraft carriers, software for combat naval vessels, software for equipment for the operation of military aircraft in confined areas, software for general naval vessel components, software for military aircraft ground equipment, software for military auxiliary/support vessels, software for military patrol/assault craft, software for naval electrical/electronic equipment, software for naval hull penetrators/connectors, software for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military aircraft ground equipment, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for naval electrical/electronic equipment, technology for naval hull penetrators/connectors, technology for submarines
22	P	information security equipment
23	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 30]
24	P	information security software [See footnote 31]
25	P	biotechnology equipment, components for biotechnology equipment [See footnote 39]

26	P	components for military electronic equipment, equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
27	P	metal alloy cylindrical forms
28	P	underwater telecommunications systems [See footnote 33]
29	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
30	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
31	P	components for combat aircraft, components for military support aircraft, components for military training aircraft, general military aircraft components
32	P	technology for biotechnology equipment
33	P	toxins
34	P	components for combat helicopters [See footnote 35]
35	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
36	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military communications equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components, military aero-engines, military communications equipment, military guidance/navigation equipment
37	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment,

		technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
38	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
39	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment
40	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft pressure refuellers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
2	P	inertial equipment
3	P	technology for nuclear reactors
4	P	technology for nuclear reactors

### Issued

bomb suits [See footnote 37].  
 components for body armour [See footnote 37].  
 components for bomb suits [See footnote 37].  
 military helmets [See footnote 37].

### Rejected

promoting the supply of air-to-surface missiles.  
 promoting the supply of aircraft cannon ammunition.  
 promoting the supply of aircraft cannons.  
 promoting the supply of aircraft machine guns.  
 promoting the supply of aircraft missile protection systems.  
 promoting the supply of anti-aircraft ammunition.  
 promoting the supply of anti-aircraft guns.  
 promoting the supply of anti-armour ammunition (2 licences).  
 promoting the supply of anti-armour weapons.  
 promoting the supply of artillery.  
 promoting the supply of assault rifles.  
 promoting the supply of blank/inert ammunition.  
 promoting the supply of body armour.  
 promoting the supply of bombs.  
 promoting the supply of components for assault rifles.  
 promoting the supply of components for body armour.  
 promoting the supply of components for pistols.  
 promoting the supply of grenade launchers.  
 promoting the supply of heavy machine guns.  
 promoting the supply of launching/handling/control equipment for rockets.  
 promoting the supply of machine guns.  
 promoting the supply of military combat vehicles.  
 promoting the supply of military helmets.  
 promoting the supply of military support vehicles.  
 promoting the supply of military trailers.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of rangefinding equipment.  
 promoting the supply of rifles.  
 promoting the supply of small arms ammunition (2 licences).  
 promoting the supply of smooth-bore weapons.

promoting the supply of sniper rifles.  
promoting the supply of surface-to-surface missiles.  
promoting the supply of tanks.  
promoting the supply of targeting equipment.  
promoting the supply of unmanned air vehicles.

### **Case & goods Footnotes**

1. Licence granted for components / accessories / spare parts.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
3. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
4. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
5. Licence granted for training purposes.
6. Licence granted for research and development purposes, including academic and medical. Commercial end use.
7. Licence granted for commercial end use.
8. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
9. Licence granted for commercial end use.
10. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
11. Licence granted for commercial end use.
12. Licence granted for chemical manufacturing purposes.
13. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
14. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
15. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
17. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
18. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
19. Licence granted for commercial end use.
20. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
21. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
22. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
23. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
24. Licence granted for energy exploration / generation purposes.
25. Licence granted for disaster / emergency response purposes.
26. Licence granted for commercial end use.
27. Licence granted for manufacturing purposes.
28. Licence granted for commercial end use.
29. Licence granted for manufacturing purposes.
30. Licence granted for commercial end use.
31. Licence granted for commercial end use.
32. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Commercial end use.
33. Licence granted for commercial end use.
34. Licence granted for commercial end use.
35. Licence granted for components / accessories / spare parts.
36. Licence granted for testing and evaluation by the potential end user.
37. Licence granted for explosive detection / disposal purposes.
38. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
39. Licence granted for manufacturing purposes. Commercial end use.
40. Licence granted for testing and evaluation by the potential end user.

% and number of OITCLs completed in 60 working days	0% (0)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	25% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	121	£36,191,921
Non-military	56	£2,746,208
Both Military and Non-military	2	£32,919
Total	179	£38,971,048

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	10	£794,856
ML2	3	£215,574
ML3	3	£99,459
ML4	9	£15,781,382
ML5	11	£7,718,498
ML6	2	£204,565
ML7	6	£1,509,443

ML9	6	£455,307
ML10	53	£4,509,233
ML11	8	£302,534
ML13	4	£41,615
ML15	6	£2,137,350
ML17	5	£2,020,440
ML18	1	£1,262
ML21	3	£70,400
ML22	7	£330,004

- accessories for weapon control equipment.
- aircraft military communications equipment (6 licences).
- all-wheel drive vehicles with ballistic protection [See footnote 21].
- anti-armour ammunition [See footnote 20].
- body armour (3 licences) [See footnote 18].
- T body armour.
- components for airborne refuelling equipment.
- components for aircraft military communications equipment (4 licences).
- components for assault rifles.
- components for combat aircraft (2 licences).
- components for equipment for the use of weapon night sights (2 licences).
- T components for launching/handling/control equipment for missiles.
- components for machine guns.
- T components for man portable air defence system missiles.
- components for military aero-engines.
- components for military aircrew life support equipment.
- components for military combat vehicles.
- components for military communications equipment.
- components for military field engineer equipment.
- components for military guidance/navigation equipment.
- components for military helicopters.
- components for military improvised explosive device decoying/detection/disposal/jamming equipment.
- components for military radars (2 licences).
- components for military support aircraft (11 licences).
- components for military training aircraft (29 licences).
- components for munitions/ordnance detection/disposal equipment (6 licences).
- components for NBC protective/defensive equipment (5 licences) [See footnotes 15, 26, 3].
- components for pistols (4 licences) [See footnote 23].
- components for submarines (2 licences).
- components for weapon control equipment (2 licences).
- T equipment for the production of launching/handling/control equipment for missiles [See footnote 25].
- T equipment for the use of rangefinding equipment.
- equipment for the use of weapon night sights (2 licences).
- equipment for the use of weapon sights.
- general naval vessel components (3 licences).
- goods treated for signature suppression for military use.
- military aircrew safety equipment [See footnote 13].
- T military communications equipment [See footnote 31].
- military diving apparatus (2 licences) [See footnote 5].
- military fuel cells.
- military guidance/navigation equipment (3 licences).
- T military helmets.
- T military image intensifier equipment (4 licences) [See footnotes 10, 7, 8, 9].
- T military infrared/thermal imaging equipment (5 licences) [See footnotes 1, 7, 8, 9].
- military parachutist equipment.
- mortars.
- multi-role missiles.
- naval communications equipment.
- NBC protective/defensive equipment (2 licences) [See footnotes 24, 3].
- pistols (8).
- pistols (36).
- T rangefinding equipment (4 licences) [See footnotes 7, 8, 9].
- shotgun ammunition [See footnote 36].
- small arms ammunition [See footnote 20].
- software enabling equipment to function as military guidance/navigation equipment.
- T software for rangefinding equipment.

software for targeting equipment.  
sporting guns (2).  
targeting equipment.  
tear gas/irritant ammunition [See footnote 20].  
technology for artillery.  
technology for general naval vessel components.  
technology for machine guns.  
technology for military auxiliary/support vessels.  
technology for military cameras/photographic equipment.  
technology for military combat vehicles.  
technology for military guidance/navigation equipment.  
technology for military image intensifier equipment [See footnote 34].  
technology for military infrared/thermal imaging equipment (2 licences) [See footnote 34].  
technology for NBC protective/defensive equipment.  
technology for periscopes.  
technology for rangefinding equipment.  
technology for targeting equipment.  
technology for turrets.  
technology for weapon control equipment (2 licences).  
technology for weapon night sights (2 licences) [See footnote 34].  
technology for weapon sights.  
training small arms ammunition.  
wall/door breaching projectiles/ammunition [See footnote 20].  
weapon control equipment (3 licences).  
weapon night sights (3 licences) [See footnote 35].  
T weapon night sights (3 licences) [See footnotes 7, 8, 9].  
T weapon sights.  
T weapon sights (3 licences) [See footnotes 7, 8, 9].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	3	£95,402

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	5	£5,964,730
Non-military	1	£881,126
Total	6	£6,845,856

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	4	£5,092,000
ML10	1	£88,000
ML17	3	£784,730
ML22	3	£0

components for military support aircraft.  
 components for NBC protective/defensive equipment (4 licences).  
 goods treated for signature suppression for military use (3 licences).  
 technology for NBC protective/defensive equipment (3 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£881,126

corrosion resistant chemical manufacturing equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Malaysia  
 Qatar

## SIELs - Transshipment

### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£129,084

Total	1	£129,084
-------	---	----------

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A006	1	£129,084

improvised explosive device disposal remotely operated vehicles.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 17]
2	P	information security equipment [See footnote 14]
3	P	components for electronic warfare equipment, components for equipment for the use of electronic warfare equipment, electronic warfare equipment, equipment for the use of electronic warfare equipment, software for electronic warfare equipment, technology for electronic warfare equipment
4	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes
5	P	accessories for aerial target equipment, accessories for military training equipment, aerial target equipment, components for aerial target equipment, components for military training equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment
6	P	information security equipment [See footnote 16]
7	P	information security equipment
8	P	metal alloy cylindrical forms
9	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 27]
10	P	metal alloy cylindrical forms
11	P	underwater telecommunications systems [See footnote 28]

12	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
13	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
14	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for equipment for the use of military communications equipment, technology for general military vehicle components, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for military radars, technology for munitions/ordnance detection/disposal equipment
15	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines
16	P	inertial equipment [See footnote 29]
17	P	software for inertial equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for airborne refuelling equipment, components for combat aircraft, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
2	P	body armour, civil body armour

### Rejected

promoting the supply of air-to-surface missiles.  
 promoting the supply of aircraft cannon ammunition.  
 promoting the supply of aircraft machine guns.  
 promoting the supply of aircraft missile protection systems.  
 promoting the supply of anti-aircraft ammunition.  
 promoting the supply of anti-armour ammunition.  
 promoting the supply of machine guns.  
 promoting the supply of rangefinding equipment.  
 promoting the supply of small arms ammunition.  
 promoting the supply of surface-to-surface missiles.  
 promoting the supply of targeting equipment.

### Case & goods Footnotes

1. Licence granted for goods which will be returned to the UK.
2. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
3. Licence granted for personal protective equipment.
4. Licence granted for commercial end use.
5. Licence granted for training purposes.
6. Licence granted for explosive detection / disposal purposes.
7. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
8. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

9. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
10. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
11. Licence granted for explosive detection / disposal purposes.
12. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
13. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
14. Licence granted for commercial end use.
15. Licence granted for explosive detection / disposal purposes.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
17. Licence granted for energy exploration / generation purposes.
18. Licence granted for testing and evaluation by the potential end user.
19. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
20. Licence granted for testing and evaluation by the potential end user.
21. Licence granted for a diplomatic mission.
22. Licence granted for energy exploration / generation purposes.
23. Licence granted for commercial end use.
24. Licence granted for manufacturing purposes.
25. Licence granted for goods which will be returned to the UK.
26. Licence granted for manufacturing purposes.
27. Licence granted for components / accessories / spare parts.
28. Licence granted for commercial end use.
29. Licence granted for commercial end use.
30. Licence granted for explosive detection / disposal purposes.
31. Licence granted for testing and evaluation by the potential end user.
32. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Military end use.
33. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Law enforcement agency end use.
34. Licence granted for manufacturing purposes. Commercial end use.
35. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.
36. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	airframe structures, civil aero-engines, technology for airframe structures, technology for civil aero-engines

### Country Footnotes

- Following the implementation of the Joint Comprehensive Plan of Action, the flow of certain goods and services to Iran that were previously prohibited are now permitted. The restrictions currently in force with respect to Iran (counter proliferation) are set out in Council Decision 2010/413/CFSP, as amended, and EU Council Regulation (EU) No 267/2012, as amended. Measures include an arms embargo, which has one exemption for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

All exports for this destination were approved in accordance with the sanctions in place.

- On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, and Council Regulation (EU) No 359/2011, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

- Licence granted for commercial end use.

### Issued

body armour [See footnote 27].  
 components for body armour [See footnote 27].  
 military helmets [See footnote 27].  
 promoting the supply of anti-aircraft ammunition.  
 promoting the supply of artillery ammunition.  
 promoting the supply of assault rifles (1).  
 promoting the supply of assault rifles.  
 promoting the supply of body armour (3 licences).  
 promoting the supply of components for military combat vehicles.  
 promoting the supply of components for military helmets.  
 promoting the supply of components for military support vehicles.  
 promoting the supply of exploding grenade ammunition.  
 promoting the supply of machine guns (2).  
 promoting the supply of military helmets (3 licences).  
 promoting the supply of pistols (1).

promoting the supply of pistols (115).  
 promoting the supply of pistols.  
 promoting the supply of signalling devices.  
 promoting the supply of small arms ammunition.  
 promoting the supply of smoke/pyrotechnic ammunition.  
 promoting the supply of surface launched rockets.  
 promoting the supply of training small arms ammunition.  
 promoting the supply of weapon sights.

## Refused

promoting the supply of anti-aircraft ammunition.  
 promoting the supply of anti-aircraft guns.  
 promoting the supply of anti-armour ammunition.  
 promoting the supply of artillery ammunition.  
 promoting the supply of hand grenades.  
 promoting the supply of machine guns (2700).  
 promoting the supply of mortar bombs.  
 promoting the supply of mortars.  
 promoting the supply of small arms ammunition.  
 promoting the supply of sniper rifles (200).

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
2	1

## Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004). This is implemented in the EU with Common Position 2003/495/CFSP, as amended, Council Regulation (EC) No 1210/2003, as amended, and Council Regulation (EEC) No 3541/92.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for personal protective equipment. Commercial end use.
2. Licence granted for explosive detection / disposal purposes. Diplomatic mission end use.
3. Licence granted for commercial end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
7. Licence granted for energy exploration / generation purposes. Commercial end use.
8. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
9. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
10. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Law enforcement agency end use.
11. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
12. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
13. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
14. Licence granted for testing and evaluation by the potential end user. Commercial end use.

15. Licence granted for goods returned after repair in the UK / replacement under warranty. End use by the (Military) Navy.
16. Licence granted for commercial end use.
17. Licence granted for commercial end use.
18. Licence granted for commercial end use.
19. Licence granted for humanitarian / international organisation / media end use.
20. Licence granted for humanitarian / international organisation / media end use.
21. Licence granted for public services (Government) end use.
22. Licence granted for public services (Government) end use.
23. Licence granted for public services (Government) end use.
24. Licence granted for a Military end user.
25. Licence granted for a Military end user.
26. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Military end use.
27. Licence granted for personal protective equipment. Diplomatic mission end use.
28. Licence granted for goods which will be returned to the UK. Diplomatic mission end use.
29. Licence granted for explosive detection / disposal purposes.
30. Licence granted for commercial end use.
31. Licence granted for disaster / emergency response purposes.
32. Licence granted for humanitarian / international organisation / media end use.
33. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
34. Licence granted for commercial end use.
35. Licence granted for Military (Air Force) end user.
36. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	39	£2,188,384
Non-military	6	£193,106
Both Military and Non-military	4	£42,731
Total	49	£2,424,222

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	21	£148,021
ML3	2	£190,000
ML4	2	£1,343,653
ML6	4	£255,000
ML7	1	£1,623
ML8	5	£135,951
ML11	1	£636
ML17	4	£113,500
ML22	2	£0

components for launching/handling/control equipment for missiles.  
 components for military combat vehicles.  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for sniper rifles (5 licences).  
 energetic materials additives.  
 equipment for the use of NBC protective/defensive equipment.  
 explosives (2 licences).  
 gun silencers (8 licences).  
 military bridges/pontoons/ferries.  
 military containers.  
 military field generators (2 licences).  
 military improvised explosive device decoying/detection/disposal/jamming equipment.  
 military support vehicles (3 licences).  
 NBC protective/defensive equipment.  
 precursors for energetic materials (2 licences).  
 shotgun ammunition (2 licences).  
 sniper rifles (1) (10 licences).  
 sniper rifles (2).  
 sniper rifles (4).  
 technology for sniper rifles (2 licences).  
 weapon sights (2 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£74,231
PL9011	4	£118,875

civil explosive detection/identification equipment (2 licences).  
 shotgun ammunition.  
 sporting shotguns (1) (3 licences).

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	4	£35,577
PL9011	4	£7,154

components for rifles.  
 components for sniper rifles.  
 components for sporting guns.  
 gun silencers (3 licences).

**SIELs - Incorporation****Issued**

Types of goods on licence	No. of licences	Value
Military	3	£10,357
Total	3	£10,357

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	3	£10,357

components for military radars (3 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

United States of America

**OIELs (excluding Other OIELs)****Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
2	P	weapon night sights
3	P	body armour, components for body armour, military helmets

4	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
5	P	inertial equipment [See footnote 2]
6	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
7	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
8	P	components for sporting guns
9	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

PL5001	1	£60,000

acoustic devices for riot control [See footnote 11].  
 components for military sonars [See footnote 11].  
 direct view imaging equipment.  
 imaging cameras (2 licences) [See footnote 11].  
 military infrared/thermal imaging equipment [See footnote 11].  
 military sonars [See footnote 11].  
 weapon night sights.

### Refused

	Count
Military	3
Non-military	3
Total	6

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry
ML7	1
ML11	2

components for military communications equipment.  
 components for NBC detection equipment.  
 military guidance/navigation equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
3A001	1
6A002	1
PL8001	1

devices for initiating explosives.  
 focal plane arrays.  
 general purpose integrated circuits.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

#### Issued

aircraft missile protection systems [See footnote 15].

bomb suits [See footnote 35].  
components for aircraft missile protection systems [See footnote 15].  
components for body armour [See footnote 35].  
components for bomb suits [See footnote 35].  
equipment for the use of aircraft missile protection systems [See footnote 15].  
military helmets [See footnote 35].

## Rejected

promoting the supply of aircraft cannons.  
promoting the supply of anti-aircraft guns.  
promoting the supply of anti-armour ammunition.  
promoting the supply of anti-armour weapons.  
promoting the supply of artillery.  
promoting the supply of assault rifles.  
promoting the supply of blank/inert ammunition.  
promoting the supply of body armour.  
promoting the supply of bombs.  
promoting the supply of components for assault rifles.  
promoting the supply of components for body armour.  
promoting the supply of components for pistols.  
promoting the supply of grenade launchers.  
promoting the supply of heavy machine guns.  
promoting the supply of launching/handling/control equipment for rockets.  
promoting the supply of military combat vehicles.  
promoting the supply of military helmets.  
promoting the supply of military support vehicles.  
promoting the supply of military trailers.  
promoting the supply of mortars.  
promoting the supply of pistols.  
promoting the supply of rifles.  
promoting the supply of small arms ammunition.  
promoting the supply of smooth-bore weapons.  
promoting the supply of sniper rifles.  
promoting the supply of tanks.  
promoting the supply of unmanned air vehicles.

## Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
2. Licence granted for manufacturing purposes. Commercial end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
6. Licence granted for disaster / emergency response purposes.
7. Licence granted for goods which will be returned to the UK. Commercial end use.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
9. Licence granted for testing and evaluation by the potential end user. Commercial end use.
10. Licence granted for items that will be returned to the UK
11. Licence granted for energy exploration / generation purposes. Commercial end use.
12. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
13. Licence granted for research and development purposes, including academic and medical. Commercial end use.
14. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
15. Licence granted for commercial end use.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
17. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
18. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

19. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
20. Licence granted for energy exploration / generation purposes.
21. Licence granted for research and development purposes, including academic and medical. Commercial end use.
22. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
23. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
24. Licence granted for training purposes.
25. Licence granted for Military (Air Force) end user.
26. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
27. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
28. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
29. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
30. Licence granted for commercial end use.
31. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
32. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.
33. Licence granted for a diplomatic mission.
34. Licence granted for commercial end use.
35. Licence granted for explosive detection / disposal purposes.
36. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
37. Licence granted for components / accessories / spare parts.
38. Licence granted for components / accessories / spare parts.
39. Licence granted for components / accessories / spare parts.
40. Licence granted for components / accessories / spare parts.
41. Licence granted for chemical manufacturing purposes.
42. Licence granted for components / accessories / spare parts.
43. Licence granted for components / accessories / spare parts.
44. Licence granted for energy exploration / generation purposes.
45. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
46. Licence granted for manufacturing purposes. Commercial end use.
47. Licence granted for chemical manufacturing purposes. Commercial end use.
48. Licence granted for goods which will be returned to the UK.
49. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
50. Licence granted for goods which will be returned to the UK.
51. Licence granted for training purposes.

 components for military aircraft head-up/down displays.  
 components for military combat vehicles (2 licences).  
 components for military communications equipment.  
 components for military guidance/navigation equipment.  
 components for military helicopters (23 licences).  
 components for military infrared/thermal imaging equipment.  
 components for military patrol/assault craft (2 licences).  
 components for military radars (23 licences) [See footnotes 17, 18, 19].  
 components for military support aircraft (2 licences).  
 components for military training aircraft (35 licences).  
 components for multi-role missiles.  
 components for naval electrical/electronic equipment.  
 components for NBC detection equipment [See footnote 16].  
 components for NBC protective/defensive equipment.  
 components for surface-to-air missiles (2 licences).  
 components for targeting equipment (2 licences).  
 components for torpedoes (2 licences).  
 components for training torpedoes.  
 components for weapon control equipment (3 licences).  
 electronic warfare equipment (3 licences).  
 general military aircraft components (3 licences).  
 general military vehicle components (2 licences) [See footnote 9].  
 goods treated for signature suppression for military use (2 licences).  
 military electronic equipment.  
 military guidance/navigation equipment (2 licences).  
 military image recording/processing equipment.  
 military infrared/thermal imaging equipment (2 licences).  
 NBC protective/defensive equipment.  
 software for attack alerting/warning equipment.  
 technology for air-to-surface missiles.  
 technology for attack alerting/warning equipment.  
 technology for combat naval vessels.  
 technology for general military aircraft components.  
 technology for military aero-engines (2 licences) [See footnotes 10, 7].  
 technology for military training aircraft.

technology for unfinished products for combat aircraft (2 licences).  
 unfinished products for combat aircraft (3 licences).  
 unfinished products for general military aircraft components.  
 unfinished products for launching/handling/control equipment for munitions.  
 unfinished products for military aero-engines (10 licences) [See footnotes 10, 7].  
 unfinished products for military helicopters (4 licences) [See footnote 11].  
 unfinished products for military training aircraft (3 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£19,830
6A003	1	£308,700
6A008	1	£228,110

components for radar equipment.  
 corrosion resistant chemical manufacturing equipment.  
 imaging cameras.  
 radar equipment.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A008	2	£557,372
ML11	2	£298,044
ML21	2	£5,262
ML22	2	£306

components for military guidance/navigation equipment (2 licences).  
 components for radar equipment (2 licences).  
 military guidance/navigation equipment.  
 software for military guidance/navigation equipment (2 licences).  
 technology for military guidance/navigation equipment (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
 Australia  
 Austria  
 Azerbaijan  
 Bangladesh  
 Belgium  
 Botswana  
 Brazil

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	body armour, components for body armour, components for military helmets, military helmets
3	P	components for combat aircraft, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for military aero-engines, technology for combat aircraft, technology for environmental test facilities for military aero-engines, technology for equipment for the production of military aero-engines, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for military aero-engines, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
4	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
5	P	components for equipment for the production of military helicopters, components for equipment for the use of military helicopters, components for military helicopters, equipment for the production of military helicopters, equipment for the use of military helicopters, military aircraft ground equipment, technology for military helicopters, technology for unfinished products for military helicopters, unfinished products for military helicopters [See footnote 2]
6	P	components for NBC protective/defensive equipment, NBC protective/defensive equipment
7	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
8	P	weapon night sights
9	P	technology for military helicopters, unfinished products for military helicopters [See footnote 4]
10	P	air-to-surface missiles, bombs, components for air-to-surface missiles, components for inert air-to-surface missiles, components for launching/handling/control equipment for missiles, components for military training equipment, equipment for the use of air-to-surface missiles, inert air-to-surface missiles, launching/handling/control equipment for missiles, military guidance/navigation equipment, military training equipment, software for air-to-surface missiles, software for military guidance/navigation equipment, software for military training equipment, technology for air-to-surface missiles, technology for military guidance/navigation equipment, weapon control equipment
11	P	general military vehicle components
12	P	body armour, components for body armour, military helmets
13	P	components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of aircraft military communications equipment, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of general naval vessel components, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, general naval vessel components, military aircraft ground equipment, technology for aircraft military communications equipment, technology for combat aircraft, technology for combat helicopters, technology for equipment for the use of combat aircraft, technology for equipment for the use of combat helicopters, technology for equipment for the use of military aero-engines, technology for equipment for the use of military aircraft ground equipment, technology for equipment for the use of military aircrew life support equipment,

		technology for equipment for the use of military helicopters, technology for equipment for the use of military support aircraft, technology for equipment for the use of military training aircraft, technology for equipment for the use of naval engines, technology for general military aircraft components, technology for general naval vessel components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
14	T	military communications equipment, software enabling equipment to function as military communications equipment, software for military scenario simulation equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment, technology for software for military scenario simulation equipment [See footnote 6]
15	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
16	P	neutron generators, non-military detonators, non-military firing sets [See footnote 8]
17	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, software for multi-role missiles, technology for multi-role missiles, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
18	P	inertial equipment [See footnote 15]
19	P	electromagnetic wave absorbing materials
20	P	neutron generators
21	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
22	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
23	P	technology for combat aircraft, technology for military aero-engines, unfinished products for combat aircraft, unfinished products for military aero-engines
24	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 12]
25	P	technology for unfinished products for combat aircraft, technology for unfinished products for military aero-engines, unfinished products for combat aircraft, unfinished products for military aero-engines
26	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment

27	P	triggered spark gaps
28	P	aircraft bladders, aircraft diaphragms, aircraft gaskets, aircraft seals, aircraft valve seats, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, military parametric technical databases, software for environmental test facilities for military aero-engines, software for equipment for the production of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines
29	P	components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
30	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
31	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
32	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters,

		technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
33	P	components for sporting guns
34	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
35	P	components for environmental test facilities for military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for military aero-engines, unfinished products for military aero-engines
36	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

 promoting the supply of assault rifles.  
 promoting the supply of combat aircraft.  
 promoting the supply of grenade launchers.  
 promoting the supply of machine guns.  
 promoting the supply of military scenario simulation equipment.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of small arms training equipment.  
 promoting the supply of software for military scenario simulation equipment.  
 promoting the supply of surface launched rockets.  
 rangefinding equipment.  
 signature suppression fittings/coatings/treatments for military use.  
 targeting equipment.

### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for a Military end user.
3. Licence granted for commercial end use.
4. Licence granted for a Military end user.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Military (Army) end use.
6. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
7. Licence granted for manufacturing purposes.
8. Licence granted for commercial end use.
9. Licence granted for a diplomatic mission.
10. Licence granted for manufacturing purposes.
11. Licence granted for a Military end user.
12. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
13. Licence granted for explosive detection / disposal purposes.
14. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
15. Licence granted for commercial end use.
16. Licence granted for disaster / emergency response purposes.
17. Licence granted for a Military end user.
18. Licence granted for a Military end user.
19. Licence granted for a Military end user.
20. Licence granted for Military (Navy) end user.

## Ivory Coast

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	62% (13)
% and number of SIELs completed in 60 working days	100% (21)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	0 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	167 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£20,000
Non-military	14	£1,991,029
Total	15	£2,011,029

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£20,000

components for military support vehicles [See footnote 4].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£37,708
5A002	10	£916,365
6A001	2	£480,220
7A003	2	£554,016
PL8001	1	£2,720

civil explosive detection/identification equipment.

T	devices for initiating explosives.
T	guidance/navigation equipment.
T	inertial equipment.
T	information security equipment (10 licences).
T	marine position fixing equipment (2 licences).
T	sonar log equipment.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 1]
2	P	information security equipment
3	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]
4	P	information security equipment, information security software, software for information security equipment [See footnote 3]
5	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
3. Licence granted for humanitarian / international organisation / media end use.
4. Licence granted for commercial end use.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	3	£219,526
Non-military	6	£39,538
Total	9	£259,064

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£101,400
ML7	1	£526
ML13	1	£117,600

components for NBC protective/defensive equipment.  
military helmets.  
shotgun ammunition [See footnote 1].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	2	£19,420
5A002	3	£19,718
6D003	1	£400

components for corrosion resistant chemical manufacturing equipment.  
corrosion resistant chemical manufacturing equipment.  
high performance air traffic control software.  
information security equipment (3 licences).

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 2]
2	P	underwater telecommunications systems [See footnote 3]
3	T	military support aircraft

## OITCLs

Source	Issued	Refused	Revoked
South Africa	1	0	0

## Issued

bomb suits [See footnote 4].  
components for body armour [See footnote 4].  
components for bomb suits [See footnote 4].  
military helmets [See footnote 4].

## Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Case & goods Footnotes

1. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
2. Licence granted for commercial end use.
3. Licence granted for commercial end use.
4. Licence granted for explosive detection / disposal purposes.

## Japan

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	2	£9,312
Total	2	£9,312

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A006	2	£9,312

magnetometers (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Taiwan  
 United States of America

#### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	metal alloy materials [See footnote 1]
2	P	information security equipment
3	P	software for modelling/simulating military operation scenarios, technology for software for modelling/simulating military operation scenarios
4	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
5	P	electromagnetic wave absorbing materials
6	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
7	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
8	P	toxins
9	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition

## Issued

accessories for military image intensifier equipment (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 accessories for military infrared/thermal imaging equipment (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 anti-armour ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 assault rifles (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 blank/inert ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 body armour (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for anti-armour ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for assault rifles (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for blank/inert ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for body armour (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for flash suppressors (3 licences) [See footnote 17].  
 components for gun mountings (2 licences) [See footnote 17].  
 components for gun silencers (2 licences) [See footnote 17].  
 components for machine guns (6 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for military helmets (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for military image intensifier equipment (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for military infrared/thermal imaging equipment (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for military shotguns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for pistols (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for rifles (7 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for shotgun ammunition (6 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for small arms ammunition (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for smooth-bore weapons (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for sniper rifles (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for sporting guns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for sporting shotguns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
 components for tactical shotguns (7 licences) [See footnotes 10, 11, 12, 2, 3].

components for tear gas/irritant ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
components for weapon night sights (2 licences).  
components for weapon sights.  
flash suppressors (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
gun mountings (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
gun silencers (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
machine guns (6 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
military helmets (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
military image intensifier equipment (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
military infrared/thermal imaging equipment (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
military shotguns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
pistols (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
promoting the supply of anti-armour weapons.  
promoting the supply of assault rifles.  
promoting the supply of grenade launchers.  
promoting the supply of machine guns.  
promoting the supply of military scenario simulation equipment.  
promoting the supply of mortars.  
promoting the supply of pistols.  
promoting the supply of small arms training equipment.  
promoting the supply of surface launched rockets.  
rifles (7 licences) [See footnotes 10, 11, 12, 2, 3].  
shotgun ammunition (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
small arms ammunition (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
smooth-bore weapons (7 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
sniper rifles (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
sporting guns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
sporting shotguns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
tactical shotguns (8 licences) [See footnotes 10, 11, 12, 17, 2, 3].  
tear gas/irritant ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
technology for tactical shotguns [See footnote 17].  
weapon night sights (7 licences) [See footnotes 10, 11, 12, 2, 3].  
weapon sights (6 licences) [See footnotes 10, 11, 12, 2, 3].

## Rejected

aircraft cannons.  
anti-aircraft guns.  
anti-armour weapons.  
artillery.  
assault rifles.  
components for aircraft cannons.  
components for anti-aircraft guns.  
components for anti-armour weapons.  
components for artillery.  
components for assault rifles.  
components for grenade launchers.  
components for machine guns.  
components for mortars.  
components for pistols.  
components for projectile launchers.  
components for rifles.  
components for smooth-bore weapons.  
components for sniper rifles.  
components for tactical shotguns.  
grenade launchers.  
machine guns.  
mortars.  
pistols.  
projectile launchers.  
promoting the supply of aircraft cannons (2 licences).  
promoting the supply of anti-aircraft guns (2 licences).  
promoting the supply of anti-armour ammunition.  
promoting the supply of anti-armour weapons (2 licences).  
promoting the supply of artillery (2 licences).  
promoting the supply of assault rifles (2 licences).  
promoting the supply of blank/inert ammunition.  
promoting the supply of body armour.  
promoting the supply of bombs.

promoting the supply of components for assault rifles.  
 promoting the supply of components for body armour.  
 promoting the supply of components for pistols.  
 promoting the supply of grenade launchers (2 licences).  
 promoting the supply of heavy machine guns.  
 promoting the supply of launching/handling/control equipment for rockets.  
 promoting the supply of machine guns.  
 promoting the supply of military combat vehicles.  
 promoting the supply of military helmets.  
 promoting the supply of military support vehicles.  
 promoting the supply of military trailers.  
 promoting the supply of mortars (2 licences).  
 promoting the supply of pistols (2 licences).  
 promoting the supply of projectile launchers.  
 promoting the supply of rifles (2 licences).  
 promoting the supply of small arms ammunition (2 licences).  
 promoting the supply of smooth-bore weapons (2 licences).  
 promoting the supply of sniper rifles (2 licences).  
 promoting the supply of tactical shotguns.  
 promoting the supply of tanks.  
 promoting the supply of unmanned air vehicles.  
 rifles.  
 small arms ammunition.  
 smooth-bore weapons.  
 sniper rifles.  
 tactical shotguns.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	9	£187,789
Non-military	7	£199,267
Both Military and Non-military	2	£108,250
Total	18	£495,306

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£3,650
ML3	1	£7,680
ML4	3	£9,985
ML7	1	£46,570
ML13	3	£101,260
ML22	1	£100
PL5001	1	£18,544

anti-riot/ballistic shields.  
body armour (3 licences).  
components for body armour (3 licences).  
components for munitions/ordnance detection/disposal equipment.  
components for NBC protective/defensive equipment.  
components for pistols.  
components for training bombs [See footnote 2].  
military helmets.

munitions/ordnance detection/disposal equipment.  
 NBC protective/defensive equipment.  
 technology for NBC protective/defensive equipment.  
 training small arms ammunition.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£47,432
5A002	4	£34,585
6A003	2	£117,250

civil explosive detection/identification equipment.  
 imaging cameras (2 licences).  
 information security equipment (4 licences) [See footnote 1].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£20,654
ML7	2	£86,345
ML22	2	£1,252

civil NBC protection equipment.  
 components for NBC protective/defensive equipment.  
 NBC protective/defensive equipment (2 licences).  
 technology for NBC protective/defensive equipment (2 licences).

### OIELs (excluding Other OIELs)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	2	£400,162
Total	2	£400,162

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£148,098
5D002	1	£0
5E002	1	£2,064
7A103	1	£250,000

inertial equipment.  
information security equipment.  
software for information security equipment.  
technology for information security equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	inertial equipment
2	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]
3	P	underwater telecommunications systems [See footnote 2]

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for commercial end use.

## Country Footnotes

1. UN Security Council Resolution 1701 (2006) established an embargo on the supply of arms and related material to Lebanon, with the exemption of arms and related materiel authorised by the Government of Lebanon or by UNFIL. This is implemented in the EU by Common Position 2006/625/CFSP, as amended, and Council Regulation (EC) No 1412/2006, as amended; as well as Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## Country Footnotes

1. UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) 2095 (2013) and 2362 (2017). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

UNSCR 2017/2362 states that the authorisation to inspect designated high seas vessels found in UNSCR 2146 (2014) shall apply with respect to vessels loading, transporting, or discharging petroleum, including crude oil and refined petroleum products, illicitly exported or attempted to be exported from Libya. UNSCR 2509 expands the scope of the concept of threat to peace, security and stability of Libya to include vessels illicitly importing oil into Libya. The length of time a vessel can be sanctioned has been extended from 90 days to 1 year.

EU Council Decision (CFSP) 2011/137, as amended, and Council Regulation (EU) 2016/446, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

Common Position 2004/698/CFSP, as amended, and Council Regulation (EC) No 3275/1993, as amended, are also in place.

All exports for this destination must be in accordance with the sanctions in place.

### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. This embargo also extends to arms exports to Macao. The UK interpretation of the embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. All exports for this destination were approved in accordance with the sanctions in place.
2. Following its meeting in Madrid of 26 and 27 June 1989, the European Council agreed a Declaration that it was necessary for Member States to adopt an arms embargo on China. The embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. Since 2000 the UK has applied this embargo to Macao and since July 2020 it has been applied to Hong Kong.

All licences for this destination were approved in accordance with the sanctions in place.

### Processing Statistics (excluding amendments)

Median processing time SIELs	16 days
% and number of SIELs completed in 20 working days	67% (2)
% and number of SIELs completed in 60 working days	100% (3)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	174 days
------------------------------	----------

% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£75,000
Both Military and Non-military	1	£1,490
Total	2	£76,490

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£75,000

military support vehicles [See footnote 1].

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	1	£640
ML1	1	£800
ML3	1	£50

small arms ammunition [See footnote 2].  
sporting guns (2) [See footnote 2].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment

#### Case & goods Footnotes

1. Licence granted for disaster / emergency response purposes. Commercial end use.
2. Licence granted for components / accessories / spare parts. Academic / civilian end users.

## Malaysia

## Processing Statistics (excluding amendments)

ML21	7	£13,023
ML22	7	£200,148

- aircraft military communications equipment (2 licences).  
assault rifles [See footnote 8].  
body armour (3 licences) [See footnote 9].
- T body armour [See footnote 7].  
components for aircraft military communications equipment.  
components for assault rifles [See footnote 8].  
components for attack alerting/warning equipment.  
components for body armour (2 licences) [See footnote 9].  
components for launching/handling/control equipment for man portable air defence system missiles.  
components for machine guns.
- T components for man portable air defence system missiles [See footnote 7].  
components for military combat vehicles.  
components for military communications equipment (5 licences).  
components for military guidance/navigation equipment (3 licences).  
components for military helicopters.  
components for military support aircraft.  
components for NBC detection equipment.  
components for NBC protective/defensive equipment.
- T components for rangefinding equipment [See footnote 7].  
components for sniper rifles (3 licences).  
components for targeting equipment.  
components for weapon sights.
- T equipment for the production of launching/handling/control equipment for missiles.  
equipment for the use of launching/handling/control equipment for man portable air defence system missiles.
- T equipment for the use of military communications equipment.  
equipment for the use of rangefinding equipment [See footnote 7].  
general military vehicle components (5 licences).  
general naval vessel components (3 licences).  
gun silencers (3 licences).  
launching/handling/control equipment for man portable air defence system missiles.  
launching/handling/control equipment for missiles.  
man portable air defence systems training equipment.  
military cameras/photographic equipment.  
military communications equipment (2 licences).  
military guidance/navigation equipment.
- T military guidance/navigation equipment.  
military helmets (3 licences) [See footnote 9].
- T military helmets [See footnote 7].  
military image intensifier equipment.  
military infrared/thermal imaging equipment.
- T military infrared/thermal imaging equipment [See footnote 7].  
military training equipment.  
NBC detection equipment (3 licences).  
NBC protective/defensive equipment.
- T rangefinding equipment [See footnote 7].  
recognition/identification equipment.  
small arms ammunition (2 licences) [See footnote 8].  
sniper rifles (14).  
sniper rifles (28).  
sniper rifles (34).  
software for launching/handling/control equipment for missiles.  
software for military communications equipment (2 licences).
- T software for military guidance/navigation equipment.  
software for modelling/simulating military operation scenarios.
- T software for rangefinding equipment [See footnote 7].  
software for targeting equipment.  
sporting guns (1).

targeting equipment (3 licences).  
 technology for launching/handling/control equipment for man portable air defence system missiles.  
 technology for military communications equipment.  
 technology for sniper rifles (3 licences).  
 technology for software for modelling/simulating military operation scenarios.  
 technology for targeting equipment.  
 weapon control equipment.  
 weapon night sights (3 licences).  
 weapon sights (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value

FR AI	2	£26,290
PL8001	5	£316,215

T analogue-to-digital equipment.  
 chemicals used for industrial/commercial processes.  
 civil explosive detection/identification equipment.  
 T civil explosive detection/identification equipment.  
 civil NBC protection clothing.  
 civil riot control agent protection equipment [See footnote 1].  
 components for corrosion resistant chemical manufacturing equipment (3 licences).  
 components for explosives detection equipment.  
 corrosion resistant chemical manufacturing equipment (6 licences) [See footnote 6].  
 dimensional measuring equipment.  
 electromagnetic wave absorbing materials.  
 electronic components.  
 explosives detection equipment (2 licences).  
 extended temperature range integrated circuits.  
 fibrous materials production equipment.  
 fibrous/filamentary materials.  
 imaging cameras (5 licences) [See footnotes 10, 13].  
 inertial equipment (2 licences).  
 information security equipment (9 licences).  
 information security software (5 licences).  
 magnetometers.  
 metal alloy cylindrical forms.  
 metal alloys in powder form.

- T millimetric wave components (3 licences) [See footnote 16].
- pathogenic genetic elements.
- radar equipment.
- real-time oscilloscopes.
- T real-time oscilloscopes (2 licences).
- signal analysers.
- small arms ammunition (2 licences).
- software for information security equipment (3 licences).
- submersible equipment (6 licences) [See footnote 10].
- submersible vehicles (4 licences) [See footnote 10].
- technology for explosives detection equipment (3 licences).
- technology for information security equipment.
- technology for information security software.
- technology for space qualified focal plane arrays.
- toxins.
- viruses (2 licences).
- zirconium compounds.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

6A003	2	£12,000
ML7	4	£28,358
ML11	2	£560
ML17	2	£125,100

- T civil NBC protection clothing.
- T civil NBC protection clothing (2 licences) [See footnotes 12, 5].
- civil NBC protection equipment.
- T civil NBC protection equipment (2 licences) [See footnotes 12, 5].
- T civil riot control agent protection equipment (2 licences) [See footnotes 12, 5].
- T components for civil NBC protection equipment [See footnote 5].
- T components for civil riot control agent protection equipment (2 licences) [See footnotes 12, 5].
- T components for NBC protective/defensive equipment (2 licences) [See footnotes 12, 5].
- T imaging cameras (2 licences) [See footnotes 12, 5].
- T military communications equipment (2 licences) [See footnotes 12, 5].
- T military diving apparatus (2 licences) [See footnotes 12, 5].
- T military laser protection equipment (2 licences) [See footnotes 12, 5].
- NBC protective/defensive equipment (2 licences).
- T NBC protective/defensive equipment (2 licences) [See footnotes 12, 5].

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	6	£1,636,724
Total	6	£1,636,724

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	5	£541,724
PL8001	1	£1,095,000

components for explosives detection equipment.  
extended temperature range integrated circuits (5 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Canada  
United States of America

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	components for aircraft carriers [See footnote 2]
2	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 15]
3	P	information security equipment [See footnote 11]
4	P	inertial equipment
5	P	components for military guidance/navigation equipment, components for military radars, components for radar equipment, military guidance/navigation equipment, military radars, software for radar equipment, technology for military guidance/navigation equipment, technology for military radars, technology for radar equipment
6	P	information security equipment [See footnote 14]
7	P	information security equipment
8	P	technology for composite laminates, technology for composite structures, technology for fibrous/filamentary materials, technology for stretch-forming equipment
9	P	metal alloy cylindrical forms
10	P	information security equipment
11	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 21]
12	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for naval electrical/electronic equipment, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, military aircraft ground equipment, naval electrical/electronic equipment, software for aircraft carriers, software for combat naval vessels, software for equipment for the operation of military aircraft in confined areas, software for general naval vessel components, software for military aircraft ground equipment, software for military auxiliary/support vessels, software for military patrol/assault craft, software for naval electrical/electronic equipment, software for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military aircraft ground equipment, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for naval electrical/electronic equipment, technology for submarines
13	P	accessories for air defence systems, accessories for man portable air defence systems, components for air defence systems, components for launching/handling/control equipment for missiles, components for man portable air defence systems, components for man portable air defence systems training

		equipment, components for military guidance/navigation equipment, components for military guidance/navigation equipment for man portable air defence system missiles, components for military scenario simulation equipment, components for rangefinding equipment, components for targeting equipment, components for turrets, equipment for the use of air defence systems, equipment for the use of man portable air defence systems, equipment for the use of rangefinding equipment, equipment for the use of targeting equipment, equipment for the use of turrets, man portable air defence system missiles, man portable air defence systems, man portable air defence systems training equipment, military combat vehicles, military guidance/navigation equipment, military guidance/navigation equipment for man portable air defence system missiles, military scenario simulation equipment, multi-role missiles, rangefinding equipment, software for air defence systems, software for launching/handling/control equipment for missiles, software for man portable air defence systems, software for man portable air defence systems training equipment, software for military guidance/navigation equipment, software for military scenario simulation equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for air defence systems, technology for launching/handling/control equipment for missiles, technology for man portable air defence systems, technology for man portable air defence systems training equipment, technology for military guidance/navigation equipment, technology for military scenario simulation equipment, technology for rangefinding equipment, technology for targeting equipment, training man portable air defence system missiles, training multi-role missiles, turrets
14	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 22]
15	P	metal alloy cylindrical forms
16	P	civil NBC protection equipment, components for civil NBC protection equipment
17	P	underwater telecommunications systems [See footnote 23]
18	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
19	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
20	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
21	P	components for combat aircraft, components for military support aircraft, components for military training aircraft, general military aircraft components
22	P	aircraft military communications equipment, components for aircraft military

		communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
23	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines
24	P	inertial equipment [See footnote 24]
25	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
26	P	components for launching/handling/control equipment for munitions, equipment for the use of launching/handling/control equipment for munitions, inert torpedoes, launching/handling/control equipment for munitions, software for launching/handling/control equipment for munitions
27	P	software for inertial equipment

28	P	components for environmental test facilities for military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for military aero-engines, unfinished products for military aero-engines
----	---	--

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for airborne refuelling equipment, components for combat aircraft, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components

accessories for military image intensifier equipment (7 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
accessories for military infrared/thermal imaging equipment (7 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
airborne refuelling equipment.  
aircraft military communications equipment.  
anti-armour ammunition (5 licences) [See footnotes 17, 18, 19, 3, 4].  
assault rifles (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
blank/inert ammunition (5 licences) [See footnotes 17, 18, 19, 3, 4].  
body armour (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
bomb suits [See footnote 25].  
components for airborne refuelling equipment.  
components for aircraft military communications equipment.  
components for anti-armour ammunition (5 licences) [See footnotes 17, 18, 19, 3, 4].  
components for assault rifles (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for blank/inert ammunition (5 licences) [See footnotes 17, 18, 19, 3, 4].  
components for body armour (9 licences) [See footnotes 17, 18, 19, 20, 25, 3, 4].  
components for bomb suits [See footnote 25].  
components for combat aircraft.  
components for countermeasure equipment.  
components for electronic warfare equipment.  
components for flash suppressors (3 licences) [See footnote 20].  
components for gun mountings (2 licences) [See footnote 20].  
components for gun silencers (2 licences) [See footnote 20].  
components for machine guns (6 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for military aero-engines.  
components for military communications equipment.  
components for military electronic equipment.

components for military guidance/navigation equipment.  
components for military helmets (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for military image intensifier equipment (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for military infrared/thermal imaging equipment (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for military shotguns (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for pistols (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for rangefinding equipment.  
components for rifles (7 licences) [See footnotes 17, 18, 19, 3, 4].  
components for shotgun ammunition (6 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for small arms ammunition (7 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for smooth-bore weapons (7 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for sniper rifles (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for sporting guns (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for sporting shotguns (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
components for tactical shotguns (7 licences) [See footnotes 17, 18, 19, 3, 4].  
components for targeting equipment.  
components for tear gas/irritant ammunition (5 licences) [See footnotes 17, 18, 19, 3, 4].  
components for weapon night sights (2 licences).  
components for weapon sights.  
countermeasure equipment.  
electronic warfare equipment.  
flash suppressors (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
gun mountings (7 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
gun silencers (7 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
machine guns (6 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
military aero-engines.  
military communications equipment.  
military electronic equipment.  
military guidance/navigation equipment.  
military helmets (9 licences) [See footnotes 17, 18, 19, 20, 25, 3, 4].  
military image intensifier equipment (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
military infrared/thermal imaging equipment (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
military shotguns (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
pistols (8 licences) [See footnotes 17, 18, 19, 20, 3, 4].  
promoting the supply of combat aircraft.  
rangefinding equipment.  
rifles (7 licences) [See footnotes 17, 18, 19, 3, 4].

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£21,000
Non-military	1	£6,990

Total	2	£27,990
-------	---	---------

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL5001	1	£21,000

anti-riot/ballistic shields [See footnote 7].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5D002	1	£6,990

information security software.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	inertial equipment
2	P	information security equipment

 military helmets.

## Country Footnotes

1. United Nations Security Council Resolution 2374 (2017) was adopted in September 2017 establishing a sanctions regime on Mali which imposes travel bans and assets freezes on individuals and entities engaged in activities that threaten the peace, security or stability of the country.

The EU implements this sanctions regime via Council Decision (CFSP) 2017/1775 and Council Regulation (EU) 2017/1770.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for humanitarian / international organisation / media end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
3. Licence granted for explosive detection / disposal purposes.
4. Licence granted for commercial end use.
5. Licence granted for humanitarian / international organisation / media end use.

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	14	£1,469,438
Non-military	47	£13,561,184
Both Military and Non-military	2	£43,120
Total	63	£15,073,742

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£1,262
ML9	1	£7,046
ML10	1	£91,445
ML11	3	£5,392

ML13	5	£29,110
ML15	2	£3,988
ML16	1	£1,059,114
ML18	2	£272,082

body armour (4 licences) [See footnotes 11, 8].  
 components for ballistic test equipment.  
 components for body armour (3 licences) [See footnotes 11, 8].  
 components for combat aircraft.  
 components for launching/handling/control equipment for missiles.  
 components for naval engines.  
 equipment for the production of rifles.  
 military cameras/photographic equipment.  
 military communications equipment.  
 military electronic equipment.  
 military guidance/navigation equipment.  
 military helmets (5 licences) [See footnotes 11, 8].  
 military image intensifier equipment [See footnote 12].  
 unfinished products for military aero-engines.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A003	1	£700
1A004	11	£746,573
1C202	1	£29,920
2B001	1	£284,240
2B006	2	£29,925
2B201	2	£329,840
2B350	1	£82,000
2E003	1	£1
3A225	1	£820
3A231	1	£5,000,000
5A002	17	£3,597,061
5D002	2	£3,046
7A103	2	£41,640
7E101	1	£10
8A001	3	£3,080,000
8A002	2	£161,000
9E003	5	£82,008
FR AI	1	£92,400

aromatic polyimide sheets.  
 civil explosive detection/identification equipment (11 licences).  
 corrosion resistant chemical manufacturing equipment.  
 dimensional inspection equipment.  
 dimensional measuring equipment.  
 frequency changers.  
 inertial equipment (2 licences).  
 information security equipment (17 licences).  
 information security software.  
 machine tools (2 licences).  
 metal alloy cylindrical forms.  
 T neutron generators.  
 small arms ammunition.  
 software for information security equipment.  
 submersible equipment (2 licences).  
 submersible vehicles (2 licences).  
 T submersible vehicles.  
 technology for FADEC.  
 technology for gas turbine engines (4 licences).  
 technology for inertial equipment.  
 technology for the application of surface coatings.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A005	1	£1,250
6A002	1	£8,955
6A003	1	£7,165
ML5	1	£22,790
ML13	1	£2,960

body armour [See footnote 2].  
 civil body armour [See footnote 2].  
 components for body armour [See footnote 2].  
 direct view imaging equipment [See footnote 1].  
 imaging cameras [See footnote 1].  
 military helmets [See footnote 2].  
 rangefinding equipment [See footnote 1].

**Refused**

	Count
Military	2
Total	2

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry
ML13	2

body armour (2 licences).  
 components for body armour (2 licences).  
 military helmets.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	3	£847,599
Total	3	£847,599

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	3	£847,599

components for combat aircraft.  
 components for military aero-engines (2 licences) [See footnotes 4, 5].

The items being incorporated in this destination are ultimately destined for all or some of the following:

- France
- Germany
- Malaysia
- Spain
- Turkey
- United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft [See footnote 7]
2	P	technology for unfinished products for military aero-engines, unfinished products for military aero-engines
3	P	information security equipment [See footnote 3]
4	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
5	P	information security equipment [See footnote 6]
6	P	information security equipment
7	P	underwater telecommunications systems [See footnote 9]
8	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft

9	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 10]
10	T	military support aircraft
11	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
12	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
3. Licence granted for commercial end use.
4. Licence granted for manufacturing purposes.
5. Licence granted for manufacturing purposes.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
7. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
8. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
9. Licence granted for commercial end use.
10. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
11. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
12. Licence granted for counter-piracy operations.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

**Issued**

Types of goods on licence	No. of licences	Value
Military	1	£86,639
Total	1	£86,639

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML11	1	£1,842
ML14	1	£84,797
ML21	1	£0

accessories for small arms training equipment.  
 components for small arms training equipment.  
 equipment for the use of small arms training equipment.  
 small arms training equipment.  
 software for small arms training equipment.

**SIELs - Incorporation****Issued**

Types of goods on licence	No. of licences	Value
Military	1	£12,259
Total	1	£12,259

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£12,259

components for military aero-engines.

The items being incorporated in this destination are ultimately destined for all or some of the following:

India  
 Serbia

**SIELs - Transshipment**

## Issued

Types of goods on licence	No. of licences	Value
Military	1	£1,731,960
Total	1	£1,731,960

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£1,731,960

components for military combat vehicles.  
components for turrets.

## OIELs (excluding Other OIELs)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	8	£1,718,053
Non-military	29	£4,884,988
Both Military and Non-military	1	£11,186
Total	38	£6,614,227

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£20,375
ML4	1	£20,790
ML5	2	£77,498
ML6	1	£30,500
ML9	1	£14,242
ML10	2	£1,554,499
ML14	1	£150
ML21	1	£0
ML22	1	£0

- aircraft military communications equipment.
- components for aircraft military communications equipment.
- components for military helicopters.
- components for military radars.
- components for military sonars.
- components for munitions/ordnance detection/disposal equipment.
- T components for projectile launchers.
- general naval vessel components.
- military support vehicles [See footnote 4].
- military trailers [See footnote 4].
- T projectile launchers.
- T small arms training equipment.
- T software for projectile launchers.
- T technology for projectile launchers.
- T weapon mountings.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C353	3	£24
2B350	1	£12,670
2B351	1	£748
5A001	1	£1,020,000
5A002	19	£1,800,548
5D002	4	£1,892,948
5E002	1	£74,048
7A103	1	£41,000
9E001	1	£1
9E002	1	£1
PL8001	1	£43,000

corrosion resistant chemical manufacturing equipment.  
 counter-improvised explosive device equipment.  
 explosives detection equipment.  
 inertial equipment [See footnote 3].  
 information security equipment (19 licences).  
 information security software (3 licences).  
 pathogenic genetic elements (3 licences).  
 software for information security equipment (2 licences).  
 technology for information security equipment.  
 technology for spacecraft.  
 toxic gas monitoring equipment.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£8,590
ML7	1	£2,046
ML11	1	£550

T civil NBC detection systems.  
 T components for NBC detection equipment.  
 T equipment for the use of NBC detection equipment.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	3	£293,664
Total	3	£293,664

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	3	£293,664

components for military sonars (3 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Algeria
- Australia
- Bangladesh
- Denmark
- France
- India
- Malaysia
- Mexico
- Norway

Philippines  
 Poland  
 Portugal  
 Qatar  
 Saudi Arabia  
 Singapore  
 South Korea  
 Sweden  
 United Arab Emirates  
 United Kingdom  
 United States of America  
 Vietnam

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft [See footnote 2]
2	P	information security equipment [See footnote 1]
3	P	information security equipment
4	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 5]
5	P	underwater telecommunications systems [See footnote 6]
6	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 7]
7	P	inertial equipment [See footnote 8]
8	P	information security equipment, information security software, software for information security equipment [See footnote 9]

#### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for commercial end use.
4. Licence granted for humanitarian / international organisation / media end use.
5. Licence granted for commercial end use.
6. Licence granted for commercial end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
8. Licence granted for commercial end use.
9. Licence granted for humanitarian / international organisation / media end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	11	£190,416
Total	11	£190,416

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	9	£186,582
5D002	5	£0
5E002	6	£3,434
6D003	1	£400

high performance air traffic control software.  
 information security equipment (9 licences).  
 software for information security equipment (5 licences).  
 technology for information security equipment (6 licences).

#### Refused

	Count
Non-military	3
Total	3

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry
5A001	1
5A002	1
FR AI	1

T information security equipment.  
small arms ammunition.  
telecommunications interception equipment.

7	1

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment [See footnote 2]

## Country Footnotes

1. Restrictions currently in force with respect to Myanmar are set out in Council Decision 2013/184/CFSP, as amended; these include an embargo on the provision of arms and related material, on the export of dual-use goods for military and Border Guard Police end users, as well as of equipment that might be used for internal repression, including the export of equipment for monitoring communications as specified in Annex I to Council Regulation (EU) No 401/2013, as amended. Also the technical assistance, and financing or financial assistance related to military activities are also prohibited, and there are restrictions on military training and cooperation.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for a diplomatic mission.

% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	100	£71,231,050
Non-military	9	£2,329,695
Both Military and Non-military	2	£284,231
Total	111	£73,844,975

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	32	£10,312,828

ML2	1	£15,606
ML3	8	£44,608
ML4	3	£4,132,241
ML5	12	£835,397
ML6	12	£1,557,755
ML7	17	£1,394,895
ML8	1	£1,700
ML9	4	£13,927
ML10	3	£48,019,711
ML11	7	£139,291
ML13	8	£589,311
ML14	2	£25,080
ML15	12	£3,778,180
ML17	4	£370,471
ML22	4	£50

- body armour (5 licences).
- bomb suits.
- components for assault rifles (3 licences).
- components for body armour (7 licences).
- components for bomb suits.
- components for decoying/countermeasure equipment.
- components for grenade launchers.
- components for gun mountings.
- components for military combat vehicles.
- components for military helicopters.
- components for military radars (5 licences).
- components for NBC detection equipment (4 licences).
- components for NBC protective/defensive equipment (5 licences).
- T components for NBC protective/defensive equipment (2 licences).

- military electronic equipment.
- T military electronic equipment (5 licences).
- military helmets (7 licences).
- military image intensifier equipment.
- T military image intensifier equipment (11 licences).
- T military infrared/thermal imaging equipment (11 licences).
- military support aircraft.
- military support vehicles (9 licences).
- military training equipment (2 licences).
- naval electrical/electronic equipment (3 licences).
- NBC protective/defensive equipment (4 licences).
- T NBC protective/defensive equipment (4 licences).
- T rangefinding equipment (2 licences).
- shotgun ammunition.
- signature suppression fittings/coatings/treatments for military use (3 licences).
- small arms ammunition (3 licences).
- sniper rifles (1).
- sporting guns (1).
- T targeting equipment (5 licences).
- technology for decoying/countermeasure equipment (3 licences).

T technology for general naval vessel components.  
 T training artillery ammunition.  
 T training small arms ammunition (2 licences).  
 wall/door breaching projectiles/ammunition.  
 weapon night sights (5 licences).  
 weapon night sights (11 licences).  
 weapon sights (11 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0B001	2	£0
0C004	1	£1
0D001	2	£6
0E001	2	£3
3A231	1	£2,326,500
6A001	1	£3,170
PL9002	1	£15

hydrophones.  
 neutron generators.  
 non-military energetic materials.  
 nuclear grade graphite.  
 software for nuclear reactors (2 licences).  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (2 licences).  
 uranium isotope separation equipment.  
 T uranium isotope separation equipment.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£6,368
ML3	2	£276,207
PL9002	1	£27
PL9011	1	£1,628

components for sporting guns.  
 components for sporting shotguns.  
 gun silencers.  
 non-military energetic materials.  
 shotgun ammunition.  
 small arms ammunition (2 licences).  
 sporting guns (6).  
 sporting shotguns (1).  
 tear gas/irritant ammunition.  
 training small arms ammunition.  
 training wall/door breaching projectiles/ammunition.  
 wall/door breaching projectiles/ammunition.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	46	£26,380,497
Non-military	8	£468,430
Total	54	£26,848,927

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	7	£131,006
ML5	3	£17,472
ML6	5	£58,475
ML7	6	£114,422

Australia  
 Belgium  
 Canada  
 China  
 Finland  
 France  
 Germany  
 Greece  
 Italy  
 New Zealand  
 Norway  
 Oman  
 Poland  
 Portugal  
 Qatar  
 Saudi Arabia  
 South Korea  
 Spain  
 Sweden  
 Ukraine  
 United Kingdom  
 United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for NBC protective/defensive equipment, NBC protective/defensive equipment
2	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings
3	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
4	P	weapon night sights
5	P	components for electronic warfare equipment, components for equipment for the use of electronic warfare equipment, electronic warfare equipment, equipment for the use of electronic warfare equipment, software for electronic warfare equipment, technology for electronic warfare equipment
6	P	body armour, components for body armour, military helmets
7	P	components for uranium isotope separation equipment, technology for uranium isotope separation equipment
8	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 2]

9	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
10	P	neutron generators, non-military detonators, non-military firing sets [See footnote 3]
11	P	inertial equipment [See footnote 5]
12	P	neutron generators
13	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft

		head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights
14	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
15	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
16	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
17	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 4]
18	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
19	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
20	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
21	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
22	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military

		patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£83,300
Non-military	2	£55,020
Total	4	£138,320

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	2	£83,300

components for body armour (2 licences) [See footnote 1].  
military helmets [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£55,000
5D002	1	£20

information security equipment (2 licences).  
information security software.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military equipment for initiating explosives, counter-improvised explosive device equipment

##### OITCLs

Source	Issued	Refused	Revoked
Albania, Austria, Bangladesh, Bosnia and Herzegovina, Brazil, Bulgaria, Canada, China, Croatia, Cyprus, Czech Republic, Egypt, Estonia, France, Germany, Greece, India, Indonesia, Israel, Kazakhstan, Kenya, Pakistan, Philippines, Poland, Romania, Serbia, Slovakia, Slovenia, South Korea, Thailand, Turkey, Ukraine, United States of America	0	1	0

##### Rejected

promoting the supply of aircraft cannons.  
promoting the supply of anti-aircraft guns.  
promoting the supply of anti-armour ammunition.  
promoting the supply of anti-armour weapons.  
promoting the supply of artillery.  
promoting the supply of assault rifles.  
promoting the supply of blank/inert ammunition.  
promoting the supply of body armour.  
promoting the supply of bombs.

promoting the supply of components for assault rifles.  
 promoting the supply of components for body armour.  
 promoting the supply of components for pistols.  
 promoting the supply of grenade launchers.  
 promoting the supply of heavy machine guns.  
 promoting the supply of launching/handling/control equipment for rockets.  
 promoting the supply of military combat vehicles.  
 promoting the supply of military helmets.  
 promoting the supply of military support vehicles.  
 promoting the supply of military trailers.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of rifles.  
 promoting the supply of small arms ammunition.  
 promoting the supply of smooth-bore weapons.  
 promoting the supply of sniper rifles.  
 promoting the supply of tanks.  
 promoting the supply of unmanned air vehicles.

### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

## Nigeria

5E002	1	£20

information security equipment.  
 software for information security equipment.  
 technology for information security equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Brazil  
 France  
 Germany  
 Greece  
 Japan  
 Lithuania  
 Malaysia  
 Oman  
 Qatar  
 Turkey  
 United States of America

### SIELs - Transshipment

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£18,297,838
Total	1	£18,297,838

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£18,297,838

components for surface-to-surface missiles.

OIELs (excluding Other OIELs)

Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
2	P	components for NBC protective/defensive equipment, NBC protective/defensive equipment
3	P	weapon night sights
4	P	body armour, components for body armour, military helmets
5	T	towed hydrophone arrays [See footnote 3]
6	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 4]
7	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
8	P	neutron generators, non-military detonators, non-military firing sets [See footnote 5]
9	P	inertial equipment [See footnote 7]
10	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure

		equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights
11	P	neutron generators
12	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
13	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
14	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 6]
15	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
16	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
17	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft

		cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
18	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
19	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft pressure refuellers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines

#### Issued

goods treated for signature suppression for military use.  
 promoting the supply of anti-armour weapons.  
 promoting the supply of assault rifles.  
 promoting the supply of grenade launchers.  
 promoting the supply of machine guns.  
 promoting the supply of military scenario simulation equipment.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of small arms training equipment.  
 promoting the supply of software for military scenario simulation equipment.  
 promoting the supply of surface launched rockets.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for commercial end use.
3. Licence granted for energy exploration / generation purposes.
4. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
5. Licence granted for commercial end use.

6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
7. Licence granted for commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	80	£6,024,530
Non-military	50	£4,134,507
Both Military and Non-military	5	£516,982
Total	135	£10,676,020

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	21	£1,610,069
ML3	2	£30,991
ML4	5	£563,815
ML5	1	£1,792,000
ML6	1	£160,000
ML9	10	£138,222
ML10	28	£569,334
ML11	3	£22,831
ML13	5	£1,112,466
ML14	1	£6,440
ML15	1	£15,222
ML21	1	£1,440
ML22	3	£1,700

- all-wheel drive vehicles with ballistic protection [See footnote 4].
- ballistic test equipment.
- body armour [See footnote 9].
- T body armour.
- T bomb suits [See footnote 10].
- components for aerial target equipment.
- components for ballistic test equipment.
- T components for body armour (2 licences) [See footnote 10].
- components for bomb suits [See footnote 2].
- components for combat aircraft (6 licences).
- components for combat helicopters (7 licences).
- components for combat naval vessels (2 licences).
- components for decoying/countermeasure equipment (3 licences).
- components for military aero-engines (3 licences).
- components for military communications equipment (2 licences) [See footnote 17].
- components for military helicopters (9 licences).
- components for military radars.
- components for military support aircraft (2 licences).
- components for military training aircraft (2 licences).
- components for naval engines.
- components for pistols [See footnote 11].
- components for small arms ammunition [See footnote 15].
- components for sniper rifles (5 licences) [See footnote 32].
- components for sporting guns (13 licences) [See footnotes 25, 26, 27, 28, 7].
- decoying/countermeasure equipment (3 licences).
- general military aircraft components (2 licences).

general naval vessel components (7 licences).  
 gun silencers.  
 military aircrew safety equipment.  
 military helmets.  
 T military helmets [See footnote 10].  
 military image intensifier equipment.  
 pistols (3) [See footnote 11].  
 sniper rifles (1) (2 licences) [See footnotes 31, 32].  
 software for ballistic test equipment.  
 sporting guns (1) (14 licences) [See footnotes 25, 26, 27, 28, 29, 31, 7].  
 technology for decoying/countermeasure equipment (2 licences).  
 technology for fire location equipment.  
 training small arms ammunition.  
 weapon night sights.

### Non-military

3	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

**Case & goods Footnotes**

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

## Peru

### Processing Statistics (excluding amendments)

Median processing time SIELs	12 days
% and number of SIELs completed in 20 working days	70% (21)
% and number of SIELs completed in 60 working days	83% (25)
% [as a % of all SIEL cases processed] and number of SIELs refused	3% (1)

Median processing time OIELs	230 days
% and number of OIELs completed in 20 working days	10% (1)
% and number of OIELs completed in 60 working days	30% (3)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	16	£1,372,203
Non-military	10	£1,336,731
Total	26	£2,708,935

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£119,240
ML5	2	£80,000
ML6	1	£12,000
ML9	1	£16,985
ML10	4	£50,773
ML11	1	£95,300
ML13	7	£46,805
ML15	2	£950,000
ML22	1	£1,100

body armour (6 licences) [See footnotes 3, 7, 8].  
bomb suits.  
components for body armour (6 licences) [See footnotes 3, 7, 8].  
components for military combat vehicles.  
components for military guidance/navigation equipment.  
components for military patrol/assault craft.  
components for military training aircraft (3 licences).

	military aircraft ground equipment.
	military helmets (7 licences) [See footnotes 3, 7, 8].
T	military image intensifier equipment (2 licences) [See footnote 2].
T	military infrared/thermal imaging equipment (2 licences) [See footnote 2].
T	rangefinding equipment (2 licences) [See footnote 2].
	technology for military guidance/navigation equipment.
T	weapon night sights (2 licences) [See footnote 2].
T	weapon sights (2 licences) [See footnote 2].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£164,873
2B352	2	£935,703
3A225	1	£350
5A002	2	£7,795
6A003	1	£20,514
8A002	1	£176,346
PL8001	1	£31,150

biotechnology equipment (2 licences).  
 civil explosive detection/identification equipment (2 licences) [See footnote 9].  
 explosives detection equipment.  
 frequency changers.  
 imaging cameras.  
 information security equipment (2 licences).  
 submersible equipment.

### Refused

	Count
Non-military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
5A001	1

telecommunications interception equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used

### OIELs (excluding Other OIELs)

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	components for military communications equipment, military communications equipment, software for military communications equipment, technology for military communications equipment
2	P	information security equipment [See footnote 1]
3	P	information security equipment
4	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 4]
5	P	underwater telecommunications systems [See footnote 5]
6	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 6]
7	T	military support aircraft
8	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

Rv - Some or all of which have subsequently been revoked.

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
3. Licence granted for testing and evaluation by the potential end user.
4. Licence granted for components / accessories / spare parts.
5. Licence granted for commercial end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
7. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
8. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
9. Licence granted for public services (Government) end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	35	£110,433,126
Non-military	18	£678,124
Both Military and Non-military	2	£12,480
Total	55	£111,123,730

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	10	£4,402,748
ML3	1	£250
ML4	1	£720,230
ML6	2	£59,392
ML7	8	£32,192
ML10	3	£105,020,736
ML11	7	£76,412
ML13	1	£106,000
ML15	1	£10,955
ML16	2	£3,273
ML18	1	£900
ML22	2	£40

combat helicopters.  
 components for anti-armour ammunition.  
 components for body armour.  
 components for decoying/countermeasure equipment.  
 components for military communications equipment (6 licences).  
 components for military support aircraft.  
 components for military training aircraft.  
 components for NBC detection equipment (2 licences).  
 components for NBC protective/defensive equipment (3 licences).  
 components for small arms ammunition.  
 components for sniper rifles (2 licences).  
 decoying/countermeasure equipment.  
 T electronic warfare equipment.  
 equipment for the production of small arms ammunition.  
 gun silencers (2 licences).  
 military helmets.  
 military infrared/thermal imaging equipment.  
 military support vehicles.

military trailers.  
 NBC decontamination equipment.  
 NBC protective/defensive equipment (2 licences).  
 sniper rifles (1).  
 sniper rifles (2).  
 technology for decoying/countermeasure equipment.  
 technology for sniper rifles.  
 unfinished products for military helicopters (2 licences).  
 weapon night sights (6 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
7A103	1	£625,000
FR AI	2	£8,546
PL9011	15	£44,578

components for sporting shotguns (1).  
 components for sporting shotguns.  
 inertial equipment.  
 sporting guns (1).  
 sporting shotguns (1) (11 licences).  
 sporting shotguns (2) (2 licences).  
 sporting shotguns (4).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£3,380
PL9011	2	£9,100

sniper rifles (1).  
 sporting guns (1).  
 sporting shotguns (1) (2 licences).

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	2	£74,899,976
Total	2	£74,899,976

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	2	£74,899,976

components for combat aircraft.  
 components for military helicopters.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Belgium  
 Finland  
 France  
 Germany  
 Greece  
 Italy  
 Netherlands  
 New Zealand  
 Norway  
 Oman  
 Spain  
 Sweden  
 Thailand

### Issued

airborne refuelling equipment.  
 aircraft military communications equipment.  
 aircraft missile protection systems [See footnote 9].  
 bomb suits [See footnote 20].  
 components for airborne refuelling equipment.  
 components for aircraft military communications equipment.  
 components for aircraft missile protection systems [See footnote 9].  
 components for body armour [See footnote 20].  
 components for bomb suits [See footnote 20].  
 components for combat aircraft.  
 components for countermeasure equipment.  
 components for electronic warfare equipment.  
 components for military aero-engines.  
 components for military communications equipment.

components for military electronic equipment.  
components for military guidance/navigation equipment.  
components for rangefinding equipment.  
components for targeting equipment.  
countermeasure equipment.  
electronic warfare equipment.  
equipment for the use of aircraft missile protection systems [See footnote 9].  
military aero-engines.  
military communications equipment.  
military electronic equipment.  
military guidance/navigation equipment.  
military helmets [See footnote 20].  
promoting the supply of combat aircraft.  
rangefinding equipment.  
targeting equipment.

## Rejected

promoting the supply of aircraft cannons.  
promoting the supply of anti-aircraft guns.  
promoting the supply of anti-armour ammunition.  
promoting the supply of anti-armour weapons.  
promoting the supply of artillery.  
promoting the supply of assault rifles.  
promoting the supply of blank/inert ammunition.  
promoting the supply of body armour.  
promoting the supply of bombs.  
promoting the supply of components for assault rifles.  
promoting the supply of components for body armour.  
promoting the supply of components for pistols.  
promoting the supply of grenade launchers.  
promoting the supply of heavy machine guns.  
promoting the supply of launching/handling/control equipment for rockets.  
promoting the supply of military combat vehicles.  
promoting the supply of military helmets.  
promoting the supply of military support vehicles.  
promoting the supply of military trailers.  
promoting the supply of mortars.  
promoting the supply of pistols.  
promoting the supply of rifles.  
promoting the supply of small arms ammunition.  
promoting the supply of smooth-bore weapons.  
promoting the supply of sniper rifles.  
promoting the supply of tanks.  
promoting the supply of unmanned air vehicles.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£320,000
Non-military	3	£57,662
Total	5	£377,662

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	2	£320,000

all-wheel drive vehicles with ballistic protection (2 licences) [See footnotes 1, 2].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£57,642
5D002	1	£20

information security equipment (3 licences) [See footnotes 3, 4].  
 information security software [See footnote 3].

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment [See footnote 5]

### Case & goods Footnotes

1. Licence granted for a diplomatic mission.
2. Licence granted for a diplomatic mission.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£672
Total	1	£672

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£672

information security equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 1]
2	P	underwater telecommunications systems [See footnote 2]

### Country Footnotes

1. Restrictions currently in force with respect to Guinea are set out in Council Decision 2010/638/CFSP, as amended; these include an embargo on the provision of technical and financial assistance and other services related to military equipment, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 1284/2009, as amended, with exemptions for certain humanitarian, protective and UN or EU end uses. Amendments to Council Decision 2010/638/CFSP in 2011 and 2012 introduce further exemptions for the supply of non-lethal equipment to be used for maintaining public order by the police and gendarmerie in Guinea, for the return of non-combat helicopters to Guinea, and for the provision of explosives and related equipment intended solely for civilian use in mining and infrastructure investments. In April 2014, Council Decision 2014/213/CFSP, as amended, lifts the arms embargo though measures against individuals remain in place.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
2. Licence granted for commercial end use.

Total	3	£1,203,154

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C233	2	£503,154
9A004	1	£700,000

products containing enriched lithium (2 licences).  
 spacecraft [See footnote 24].

The items being incorporated in this destination are ultimately destined for all or some of the following:

Armenia  
 Austria  
 Kazakhstan  
 United States of America  
 Vietnam

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.
--

No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 6]
2	P	underwater telecommunications systems [See footnote 19]
3	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 20]

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	oil and gas industry equipment/materials
2	P	oil and gas industry equipment/materials
3	P	oil and gas industry equipment/materials
4	P	information security equipment

### SITCLs

Source	Issued	Refused	Revoked
Indonesia, Singapore	2	0	0
Japan	1	0	0
Russia	1	0	0
Singapore	1	0	0
South Korea	1	0	0
Spain	1	0	0
Turkey	3	0	0
United States of America	1	0	0

### Issued

- oil and gas industry equipment/materials (5 licences).
- Rv promoting the supply of components for sporting shotguns (2 licences) [See footnotes 12, 27].
- promoting the supply of oil and gas industry equipment/materials (2 licences).
- Rv promoting the supply of sporting shotguns (5).
- Rv promoting the supply of sporting shotguns (605).
- promoting the supply of sporting shotguns (1200) [See footnote 11].
- Rv promoting the supply of sporting shotguns [See footnotes 12, 27].

Rv - Some or all of which have subsequently been revoked.

### OITCLs

Source	Issued	Refused	Revoked
Australia, Belgium, Germany, Netherlands, Switzerland, United States of America	1	0	0
Belgium, China, Denmark, Estonia, France, Germany, Italy, Netherlands, Portugal, Russia, South Korea, Switzerland	1	0	0

## Issued

oil and gas industry equipment/materials.  
promoting the supply of oil and gas industry equipment/materials.

## Country Footnotes

1. Council Decision 2014/512/CFSP, as amended and Council Regulation (EU) No 833/2014, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

2. The Russia (Sanctions) (EU Exit) Regulations 2019 which came fully into force on 31 December 2020, impose trade sanctions prohibitions and requirements, which apply to military goods and technology, dual use goods and technology and energy-related goods. It also imposes a prohibition on the provision of military-related services, as well as other prohibitions on the import of goods from Crimea or Sevastopol, the export of goods related to infrastructure to, or for use in, Crimea or Sevastopol, and the provision of services related to infrastructure and tourism. There are also measures that curtail Russian access to certain specified energy-related equipment and services.

The Regulations makes provision in respect of exceptions that apply and licences that may be available, in respect of prohibitions under this regime.

All licences for this destination were approved in accordance with the sanctions in place.

3. The Russia (Sanctions) (EU Exit) Regulations 2019, which came fully into force on 31 December 2020, impose trade sanctions prohibitions and requirements applying to: military goods and technology; dual use goods and technology; technical assistance to aircraft and ships; energy-related goods; luxury goods; iron and steel products; interception and monitoring devices and services; banknotes; jet fuel and fuel additives; revenue generating goods; oil and oil products; gold; coal and coal products; internet services; professional and business services; services to the Russian military; and a number of other import and export prohibitions on goods and services regarding non-government controlled Ukrainian territory.

The Regulations makes provision in respect of exceptions that apply and licences that may be available, in respect of prohibitions under this regime.

All licences for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
2. Licence granted for academic / civilian end users.
3. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
4. Licence granted for commercial end use.
5. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
7. Licence granted for academic / civilian end users.
8. Licence granted for academic / civilian end users.
9. Licence granted for commercial end use.
10. Licence granted for academic / civilian end users.
11. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
12. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
13. Licence granted for commercial end use.
14. Licence granted for commercial end use.
15. Licence granted for commercial end use.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
17. Licence granted for academic / civilian end users.
18. Licence granted for commercial end use.
19. Licence granted for commercial end use.

20. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
21. Licence granted for academic / civilian end users.
22. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
23. Licence granted for research and development purposes, including academic and medical.
24. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
25. Licence granted for commercial end use.
26. Licence granted for commercial end use.
27. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£180,770
Non-military	5	£69,857
Both Military and Non-military	1	£32,300
Total	8	£282,927

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£35,687
ML3	1	£47,583
ML6	1	£97,500

assault rifles (45) [See footnote 2].  
 military support vehicles.  
 training small arms ammunition [See footnote 2].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£29,117
5D002	3	£36,000
5E002	2	£240
6A002	1	£4,500

- T
- direct view imaging equipment.
  - information security equipment (3 licences) [See footnotes 4, 6, 7].
  - information security software [See footnote 5].
  - software for information security equipment (2 licences) [See footnotes 4, 6].
  - technology for information security equipment (2 licences) [See footnotes 4, 6].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£32,300
ML13	1	£0

- bomb suits [See footnote 3].
- components for bomb suits [See footnote 3].
- components for civil NBC protection equipment [See footnote 3].
- military communications equipment [See footnote 3].
- military helmets [See footnote 3].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, technology for information security equipment
2	P	information security equipment

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for training purposes.
3. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.

- air-to-air missiles.
- air-to-surface missiles.
- anti-armour ammunition.
- body armour (6 licences) [See footnotes 11, 26, 61, 71, 84].
- command/control equipment for unmanned air vehicles.
- components for aircraft military communications equipment [See footnote 151].
- components for body armour (5 licences) [See footnotes 26, 71, 84].
- components for bombs (4 licences) [See footnote 138].
- components for combat aircraft (4 licences) [See footnote 76].
- components for combat naval vessels [See footnote 158].
- components for launching/handling/control equipment for man portable air defence system missiles.
- components for launching/handling/control equipment for missiles.
- components for military aero-engines (4 licences) [See footnotes 141, 143, 147, 153].
- components for military auxiliary/support vessels.
- components for military combat vehicles (2 licences) [See footnote 154].
- components for military communications equipment (2 licences).
- components for military guidance/navigation equipment.
- components for military image recording/processing equipment (2 licences).
- components for military infrared/thermal imaging equipment.
- components for military support vehicles [See footnote 14].
- components for military trailers.
- components for military training aircraft (2 licences) [See footnotes 142, 144].
- components for munitions/ordnance detection/disposal equipment (4 licences) [See footnotes 131, 156, 159, 166].
- components for naval gun installations/mountings.
- T components for naval gun installations/mountings.
- components for NBC detection equipment.
- components for NBC protective/defensive equipment.
- T components for targeting equipment (3 licences) [See footnote 145].
- components for targeting equipment.
- components for training bombs [See footnote 138].
- components for turrets [See footnote 149].
- components for unmanned air vehicles.
- components for weapon control equipment (3 licences) [See footnote 152].
- decoying/countermeasure equipment.
- T electronic warfare equipment [See footnote 57].
- equipment for the production of artillery ammunition.
- equipment for the production of combat aircraft.
- equipment for the production of combat naval vessels.
- equipment for the production of military training aircraft (2 licences) [See footnote 144].
- equipment for the use of military communications equipment.
- equipment for the use of military guidance/navigation equipment.
- equipment for the use of targeting equipment (2 licences).
- T equipment for the use of targeting equipment.
- general military vehicle components (2 licences) [See footnote 65].
- global navigation satellite systems jamming equipment [See footnote 157].
- inert air-to-surface missiles [See footnote 148].
- inert multi-role missiles.
- launching/handling/control equipment for man portable air defence system missiles.
- man portable air defence system missiles.
- military cameras/photographic equipment.
- T military cameras/photographic equipment.
- military combat vehicles [See footnote 150].
- military communications equipment (4 licences).
- military electronic equipment (3 licences) [See footnotes 146, 159].
- military guidance/navigation equipment (4 licences).
- military helmets (6 licences) [See footnotes 26, 58, 71, 84].
- military image intensifier equipment (2 licences) [See footnote 133].
- T military image intensifier equipment (2 licences) [See footnotes 72, 73].
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- military infrared/thermal imaging equipment (3 licences).
- T military infrared/thermal imaging equipment (3 licences) [See footnotes 72, 73].
- military laser protection equipment.
- military scenario simulation equipment (3 licences).
- military software.
- military support vehicles.

- T military training equipment (4 licences) [See footnotes 140, 76].  
military training equipment.  
munitions/ordnance detection/disposal equipment (2 licences) [See footnotes 131, 166].
- T naval gun installations/mountings.  
naval gun installations/mountings.  
naval guns.  
NBC detection equipment.  
NBC protective/defensive equipment.  
rangefinding equipment.
- T rangefinding equipment (2 licences) [See footnote 73].  
shotgun ammunition [See footnote 74].  
small arms ammunition [See footnote 167].  
software enabling equipment to function as global navigation satellite systems jamming equipment (2 licences).  
software for air-to-surface missiles.  
software for launching/handling/control equipment for missiles.  
software for man portable air defence system missiles.  
software for military communications equipment (2 licences).  
software for military guidance/navigation equipment.  
software for military image recording/processing equipment.  
software for military patrol/assault craft [See footnote 155].  
software for naval guns.  
software for targeting equipment (2 licences).  
software for unmanned air vehicles.  
software for weapon control equipment (2 licences).  
software for weapon system software.
- T targeting equipment (5 licences) [See footnote 145].  
targeting equipment [See footnote 66].  
technology for air-to-surface missiles (2 licences).  
technology for bombs.  
technology for decoying/countermeasure equipment.  
technology for equipment for the use of air-to-surface missiles.  
technology for equipment for the use of combat aircraft.  
technology for global navigation satellite systems jamming equipment.  
technology for inert air-to-surface missiles.  
technology for launching/handling/control equipment for missiles (3 licences).  
technology for man portable air defence system missiles.  
technology for military aircraft ground equipment.  
technology for military communications equipment (2 licences).  
technology for military electronic equipment.  
technology for military guidance/navigation equipment (3 licences).  
technology for military patrol/assault craft [See footnote 155].  
technology for military training aircraft.  
technology for military training equipment (2 licences).  
technology for munitions/ordnance detection/disposal equipment [See footnote 156].  
technology for naval guns.  
technology for NBC protective/defensive equipment.  
technology for software for modelling/simulating/evaluating weapon systems.  
technology for software for weapon system software.  
technology for targeting equipment.  
technology for unmanned air vehicles.  
technology for weapon control equipment (2 licences).  
unfinished products for bombs (3 licences) [See footnotes 136, 137].  
weapon control equipment.
- T weapon night sights (2 licences) [See footnotes 72, 73].
- T weapon sights [See footnote 73].

 components for NBC protective/defensive equipment [See footnote 134].  
 T components for NBC protective/defensive equipment [See footnote 28].  
 devices for initiating explosives [See footnote 97].  
 T imaging cameras [See footnote 28].  
 information security equipment [See footnote 135].  
 metal alloy cylindrical forms.  
 T military communications equipment [See footnote 28].  
 military image recording/processing equipment [See footnote 135].  
 military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 97].  
 T military laser protection equipment [See footnote 28].  
 NBC protective/defensive equipment [See footnote 70].  
 T NBC protective/defensive equipment [See footnote 28].  
 T rebreathing swimming equipment [See footnote 28].  
 software for military image recording/processing equipment [See footnote 135].  
 technology for military image recording/processing equipment [See footnote 135].  
 technology for unfinished products for launching/handling/control equipment for munitions.

### SIELs - Transhipment

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£153,000
Total	1	£153,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry') As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	1	£153,000

targeting equipment [See footnote 62].

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 63]
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 55]
3	P	information security equipment [See footnote 56]
4	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 59]
5	P	airborne refuelling equipment, aircraft military communications equipment, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for attack alerting/warning equipment, components for combat aircraft, components for decoying/countermeasure equipment, components for electronic warfare equipment, components for environmental test facilities for combat aircraft, components for equipment for the production of combat aircraft, components for military aero-engines, components for military aircraft head-up/down displays, components for military cameras/photographic equipment, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for recognition/identification equipment, countermeasure equipment for military image intensifier equipment, countermeasure equipment for military image recording/processing equipment, countermeasure equipment for military imaging radar sensor equipment, countermeasure equipment for military infrared/thermal imaging equipment, decoying/countermeasure equipment, electronic warfare equipment, environmental test facilities for combat aircraft, equipment for the production of combat aircraft, equipment for the use of combat aircraft, equipment for the use of military communications equipment, equipment for the use of military electronic equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military radars, equipment for the use of recognition/identification equipment, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military cameras/photographic equipment, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image recording/processing equipment,

		military imaging radar sensor equipment, military infrared/thermal imaging equipment, military parametric technical databases, military radars, recognition/identification equipment, software for airborne refuelling equipment, software for aircraft military communications equipment, software for attack alerting/warning equipment, software for combat aircraft, software for electronic countermeasure equipment, software for equipment for the production of combat aircraft, software for military aircraft ground equipment, software for military aircraft head-up/down displays, software for military image recording/processing equipment, software for military parametric technical databases, software for recognition/identification equipment, software for weapon system software, technology for airborne refuelling equipment, technology for aircraft military communications equipment, technology for attack alerting/warning equipment, technology for combat aircraft, technology for electronic countermeasure equipment, technology for equipment for the production of combat aircraft, technology for launching/handling/control equipment for munitions, technology for military aircraft ground equipment, technology for military aircraft head-up/down displays, technology for military image recording/processing equipment, technology for military parametric technical databases, technology for recognition/identification equipment, unfinished products for combat aircraft
6	P	information security equipment, information security software, software for information security equipment [See footnote 79]
7	P	information security equipment
8	P	components for munitions/ordnance detection/disposal equipment, equipment for the use of munitions/ordnance detection/disposal equipment, munitions/ordnance detection/disposal equipment, software for munitions/ordnance detection/disposal equipment, technology for munitions/ordnance detection/disposal equipment
9	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
10	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
11	P	components for combat aircraft, components for military support aircraft, components for military training aircraft, general military aircraft components
12	P	aircraft bladders, aircraft diaphragms, aircraft gaskets, aircraft seals, aircraft valve seats, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, military parametric technical databases, software for environmental test facilities for military aero-engines, software for equipment for the production of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines

13	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines
14	P	components for environmental test facilities for military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines
15	T	military support aircraft
16	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
2	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
3	P	underwater telecommunications systems

### SITCLs

Source	Issued	Refused	Revoked
South Africa	1	0	0

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	7	£353,603
Non-military	2	£33,008
Total	9	£386,611

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£9,600
ML4	1	£15,475
ML6	1	£160,000
ML7	2	£20,178
ML10	1	£37,709
ML13	2	£110,640

all-wheel drive vehicles with ballistic protection [See footnote 2].  
 bomb suits (2 licences) [See footnote 5].  
 components for bomb suits (2 licences) [See footnote 5].  
 components for military equipment for initiating explosives.  
 components for military support aircraft.  
 components for NBC detection equipment (2 licences) [See footnote 6].  
 gun mountings [See footnote 1].  
 military equipment for initiating explosives.  
 military helmets (2 licences) [See footnote 5].

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C353	1	£8
5A002	1	£33,000

information security equipment.  
 pathogenic genetic elements.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment
2	P	underwater telecommunications systems [See footnote 3]
3	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment

4	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 4]
5	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

ML22	47	£6,005

accessories for military infrared/thermal imaging equipment.  
 body armour [See footnote 5].  
 components for body armour [See footnote 5].  
 components for military aircraft ground equipment (3 licences).  
 components for military aircrew life support equipment.  
 components for military combat vehicles (9 licences).  
 components for military communications equipment (2 licences).  
 components for military infrared/thermal imaging equipment.  
 components for naval communications equipment.  
 components for NBC detection equipment (2 licences).  
 components for sniper rifles.  
 decoying/countermeasure equipment.  
 equipment for the production of combat aircraft (2 licences).  
 equipment for the production of military aircraft ground equipment (9 licences) [See footnotes 1, 2].  
 equipment for the production of military aircrew safety equipment.  
 equipment for the production of military communications equipment.  
 equipment for the production of military helicopters (3 licences).  
 equipment for the use of military aircrew life support equipment (2 licences).  
 equipment for the use of military aircrew safety equipment (2 licences).  
 general military vehicle components (2 licences).  
 gun silencers.  
 military aircraft ground equipment (14 licences).  
 military aircrew life support equipment (3 licences).  
 military communications equipment.  
 military helmets [See footnote 5].  
 military infrared/thermal imaging equipment (2 licences).  
 naval communications equipment.  
 sniper rifles (4).  
 technology for combat aircraft.  
 technology for decoying/countermeasure equipment.  
 technology for equipment for the production of combat aircraft.  
 technology for equipment for the production of military aircraft ground equipment (5 licences).  
 technology for equipment for the production of military aircrew safety equipment.  
 technology for equipment for the production of military helicopters (2 licences).  
 technology for military aircraft ground equipment (22 licences) [See footnotes 1, 2].  
 technology for military aircrew life support equipment (6 licences).  
 technology for military aircrew safety equipment (2 licences).  
 technology for military combat vehicles.  
 technology for military communications equipment.  
 technology for military helicopters.  
 technology for military infrared/thermal imaging equipment (2 licences).  
 technology for military support vehicles.  
 technology for naval communications equipment.  
 technology for sniper rifles.  
 technology for tanks.  
 technology for training equipment for tanks.  
 weapon night sights (3 licences).  
 weapon sights.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

### Issued

components for demolition charges/devices.  
 components for explosive charges/devices.  
 components for military equipment for initiating explosives.  
 components for military helmets.  
 components for munitions/ordnance detection/disposal equipment.  
 demolition charges/devices.  
 explosive charges/devices.  
 military equipment for initiating explosives.  
 munitions/ordnance detection/disposal equipment.

### Rejected

promoting the supply of aircraft cannons.  
 promoting the supply of anti-aircraft guns.  
 promoting the supply of anti-armour ammunition.  
 promoting the supply of anti-armour weapons.  
 promoting the supply of artillery.  
 promoting the supply of assault rifles.  
 promoting the supply of blank/inert ammunition.  
 promoting the supply of body armour.  
 promoting the supply of bombs.  
 promoting the supply of components for assault rifles.  
 promoting the supply of components for body armour.  
 promoting the supply of components for pistols.  
 promoting the supply of grenade launchers.  
 promoting the supply of heavy machine guns.  
 promoting the supply of launching/handling/control equipment for rockets.  
 promoting the supply of military combat vehicles.  
 promoting the supply of military helmets.  
 promoting the supply of military support vehicles.  
 promoting the supply of military trailers.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of rifles.  
 promoting the supply of small arms ammunition.  
 promoting the supply of smooth-bore weapons.  
 promoting the supply of sniper rifles.  
 promoting the supply of tanks.  
 promoting the supply of unmanned air vehicles.

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for goods which will be returned to the UK.
2. Licence granted for goods which will be returned to the UK.
3. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
4. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
5. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£7,500
Non-military	6	£236,732
Total	8	£244,232

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	2	£7,500

small arms ammunition (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	5	£44,665
5D002	1	£2
6A001	1	£16,212
7A003	1	£175,853

- T inertial equipment.
- T information security equipment (5 licences) [See footnotes 3, 4].
- T information security software [See footnote 4].
- T marine position fixing equipment.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£34,339

Non-military	2	£12,942
Total	5	£47,281

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	2	£24,000
PL5001	1	£10,339

anti-riot/ballistic shields [See footnote 5].  
military support vehicles (2 licences) [See footnote 3].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£9,342
6A003	1	£3,600

T imaging cameras.  
information security equipment.

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£211,815
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£211,815

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	1	£211,815

barbiturate anaesthetic agents for injection.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, technology for information security equipment
2	P	information security software [See footnote 2]
3	P	information security equipment, information security software, software for information security equipment [See footnote 4]

### Country Footnotes

1. The United Nations imposed embargo on Sierra Leone was lifted on 29 September 2010 with the adoption of UN Security Council resolution 1940. The European Union also lifted EU-imposed sanctions in November 2010. The national implementing legislation on Sierra Leone is however still in force.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
3. Licence granted for commercial end use.
4. Licence granted for humanitarian / international organisation / media end use.
5. Licence granted for commercial end use.

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
2	P	information security equipment, software for information security equipment
3	P	guidance/navigation equipment [See footnote 4]

4	P	software for digital computers, software for parallel computing electronic assemblies, technology for digital computers, technology for parallel computing electronic assemblies [See footnote 6]
5	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 18]
6	P	technology for information security equipment [See footnote 14]
7	P	inertial equipment
8	P	components for military guidance/navigation equipment, components for military radars, components for radar equipment, military guidance/navigation equipment, military radars, software for radar equipment, technology for military guidance/navigation equipment, technology for military radars, technology for radar equipment
9	P	information security equipment [See footnote 16]
10	P	components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of aircraft military communications equipment, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of general naval vessel components, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, general naval vessel components, military aircraft ground equipment, technology for aircraft military communications equipment, technology for combat aircraft, technology for combat helicopters, technology for equipment for the use of combat aircraft, technology for equipment for the use of combat helicopters, technology for equipment for the use of military aero-engines, technology for equipment for the use of military aircraft ground equipment, technology for equipment for the use of military aircrew life support equipment, technology for equipment for the use of military helicopters, technology for equipment for the use of military support aircraft, technology for equipment for the use of military training aircraft, technology for equipment for the use of naval engines, technology for general military aircraft components, technology for general naval vessel components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
11	P	information security equipment
12	P	metal alloy cylindrical forms
13	P	information security equipment, information security software, software for information security equipment [See footnote 25]
14	P	information security equipment
15	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 27]
16	P	components for military electronic equipment, equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
17	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 28]
18	P	metal alloy cylindrical forms
19	P	civil NBC protection equipment, components for civil NBC protection equipment
20	P	underwater telecommunications systems [See footnote 29]
21	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns,

		components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
22	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
23	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
24	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
25	P	technology for biotechnology equipment
26	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 30]
27	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
28	P	inertial equipment [See footnote 32]
29	P	components for military training equipment, components for projectile launchers, military image intensifier equipment, military infrared/thermal imaging equipment, military training equipment, projectile launchers, rangefinding equipment, software for military image intensifier equipment, software for military infrared/thermal imaging equipment, software for projectile launchers, targeting equipment, technology for military image intensifier equipment, technology for military infrared/thermal imaging equipment, technology for military training equipment, technology for projectile launchers, technology for rangefinding equipment, technology for targeting equipment
30	P	software for inertial equipment
31	P	barbiturate anaesthetic agents for injection [See footnote 34]

32	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
33	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
34	P	information security equipment, information security software
35	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

ML19	1	£4,600,000

- T components for high power RF weapon systems.
- T components for military combat vehicles.
- T high power RF weapon systems.
- military helmets.
- NBC protective/defensive equipment.
- sporting guns (1).

### **OIELs (excluding Other OIELs)**

#### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.
--

No.	Type	Goods Summary
1	T	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software, technology for software enabling equipment to function as military communications equipment
2	P	weapon night sights
3	P	body armour, components for body armour, military helmets
4	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
5	P	components for combat aircraft, components for military support aircraft, components for military training aircraft, general military aircraft components
6	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
7	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
8	P	components for assault rifles, components for pistols, components for rifles, components for sniper rifles, components for sporting guns
9	P	components for sporting guns

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	6	£137,553
Non-military	15	£2,895,764
Both Military and Non-military	2	£341,725
Total	23	£3,375,042

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£3,219
ML6	1	£51,000
ML13	3	£62,082
ML21	1	£0
PL5001	1	£21,252

anti-riot/ballistic shields [See footnote 18].  
 armoured plate [See footnote 22].  
 body armour [See footnote 8].  
 components for body armour (2 licences) [See footnote 8].  
 components for military combat vehicles [See footnote 22].  
 military helmets [See footnote 8].  
 software enabling equipment to function as munitions/ordnance detection/disposal equipment [See footnote 23].  
 weapon sights [See footnote 19].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£235,144
5A001	1	£2,563,000
5A002	9	£85,494
5D002	6	£1,626
PL8001	2	£10,500

civil explosive detection/identification equipment [See footnote 10].  
 counter-improvised explosive device equipment.  
 devices for initiating explosives (2 licences) [See footnotes 20, 21].  
 information security equipment (9 licences) [See footnotes 1, 11, 13, 2, 24, 5, 6, 9].  
 information security software (6 licences) [See footnotes 11, 17, 24, 4, 9].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A006	1	£50,000
ML4	2	£166,725
ML13	2	£105,000
PL8001	2	£20,000

body armour (2 licences) [See footnotes 25, 26].  
 devices for initiating explosives (2 licences) [See footnotes 25, 26].  
 improvised explosive device disruptors [See footnote 25].  
 military equipment for initiating explosives (2 licences) [See footnotes 25, 26].  
 military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 26].  
 munitions/ordnance detection/disposal equipment (2 licences) [See footnotes 25, 26].

## Issued

anti-armour ammunition [See footnote 14].  
bomb suits [See footnote 12].  
components for bomb suits [See footnote 12].  
military helmets [See footnote 12].  
promoting the supply of components for pistols (2).  
promoting the supply of pistols (430).  
promoting the supply of pistols (1005).  
promoting the supply of small arms ammunition [See footnote 15].

## Country Footnotes

1. UN Security Council Resolution 2444 (2019) extended the partial lift of the embargo on the supply of arms and related material until 15 November 2019, it was agreed on the 15 November 2019 that the partial lift would be extended for another year. UNSCR 2444 also consolidated and streamlined the provisions of the arms embargo and imposed an IED components ban. There are a number of exemptions, including standing exemptions, those requiring notification and those requiring permission from the Somalia UN sanctions committee.
2. The UN Security Council adopted resolution 2551 (2020) on 12 November 2020 renewing the UN sanctions regime on Somalia, including the partial arms embargo, charcoal ban and IED components ban, until the Council decides otherwise There are a number of exemptions, including standing exemptions, those requiring notification and those requiring permission from the Somalia UN sanctions committee.  
The EU implements this UN sanction regime via Council Decision 2010/231/CFSP, as amended, Council Regulation (EU) No 356/2010, as amended and Council Regulation (EC) No 147/2003, as amended.

11	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
12	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military infrared/thermal imaging equipment, accessories for military scenario simulation equipment, accessories for military training equipment, airborne refuelling equipment, aircraft cannons, aircraft military communications equipment, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft cannons, components for aircraft military communications equipment, components for attack alerting/warning equipment, components for electronic countermeasure equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aero-engines, components for military aircraft ground equipment, components for military cameras/photographic equipment, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military infrared/thermal imaging equipment, components for military scenario simulation equipment, components for military training aircraft, components for military training equipment, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, electronic countermeasure equipment, equipment for the development of military training aircraft, general military aircraft components, launching/handling/control equipment for missiles, launching/handling/control equipment for munitions, launching/handling/control equipment for rockets, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military cameras/photographic equipment, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military infrared/thermal imaging equipment, military parachutes and equipment, military training equipment, rangefinding equipment, recognition/identification equipment, software for airborne refuelling equipment, software for aircraft cannons, software for aircraft military communications equipment, software for attack alerting/warning equipment, software for electronic countermeasure equipment, software for equipment for the development of military training aircraft, software for launching/handling/control equipment for missiles, software for launching/handling/control equipment for

		munitions, software for launching/handling/control equipment for rockets, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military communications equipment, software for military electronic equipment, software for military guidance/navigation equipment, software for military image intensifier equipment, software for military image recording/processing equipment, software for military infrared/thermal imaging equipment, software for military parachutes and equipment, software for military scenario simulation equipment, software for military training aircraft, software for military training equipment, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sight mounts, software for weapon sights, targeting equipment, technology for airborne refuelling equipment, technology for aircraft cannons, technology for aircraft military communications equipment, technology for attack alerting/warning equipment, technology for electronic countermeasure equipment, technology for equipment for the development of military training aircraft, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes and equipment, technology for military scenario simulation equipment, technology for military training aircraft, technology for military training equipment, technology for rangefinding equipment, technology for recognition/identification equipment, technology for software for attack alerting/warning equipment, technology for software for electronic countermeasure equipment, technology for software for military cameras/photographic equipment, technology for software for military communications equipment, technology for software for military electronic equipment, technology for software for military guidance/navigation equipment, technology for software for military image intensifier equipment, technology for software for military image recording/processing equipment, technology for software for military infrared/thermal imaging equipment, technology for software for military scenario simulation equipment, technology for software for military training equipment, technology for software for recognition/identification equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon night sights, weapon sight mounts, weapon sights
13	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines
14	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment,

		components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
15	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
16	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
17	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for assault rifles, components for pistols, components for rifles, components for sniper rifles, components for sporting guns
2	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition

### OITCLs

Source	Issued	Refused	Revoked
Vessel and/or Platform in International Waters	8	0	0

### Issued

accessories for military image intensifier equipment (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
accessories for military infrared/thermal imaging equipment (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
anti-armour ammunition (5 licences) [See footnotes 3, 4, 47, 48, 49].

assault rifles (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 blank/inert ammunition (5 licences) [See footnotes 3, 4, 47, 48, 49].  
 body armour (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for anti-armour ammunition (5 licences) [See footnotes 3, 4, 47, 48, 49].  
 components for assault rifles (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for blank/inert ammunition (5 licences) [See footnotes 3, 4, 47, 48, 49].  
 components for body armour (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for flash suppressors (3 licences) [See footnote 65].  
 components for gun mountings (2 licences) [See footnote 65].  
 components for gun silencers (2 licences) [See footnote 65].  
 components for machine guns (6 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for military helmets (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for military image intensifier equipment (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for military infrared/thermal imaging equipment (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for military shotguns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for pistols (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for rifles (7 licences) [See footnotes 3, 4, 47, 48, 49].  
 components for shotgun ammunition (6 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for small arms ammunition (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for smooth-bore weapons (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for sniper rifles (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for sporting guns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for sporting shotguns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 components for tactical shotguns (7 licences) [See footnotes 3, 4, 47, 48, 49].  
 components for tear gas/irritant ammunition (5 licences) [See footnotes 3, 4, 47, 48, 49].  
 components for weapon night sights (2 licences).  
 components for weapon sights.  
 flash suppressors (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 gun mountings (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 gun silencers (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 machine guns (6 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 military helmets (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 military image intensifier equipment (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 military infrared/thermal imaging equipment (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 military shotguns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 pistols (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 rifles (7 licences) [See footnotes 3, 4, 47, 48, 49].  
 shotgun ammunition (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 small arms ammunition (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 smooth-bore weapons (7 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 sniper rifles (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 sporting guns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 sporting shotguns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 tactical shotguns (8 licences) [See footnotes 3, 4, 47, 48, 49, 65].  
 tear gas/irritant ammunition (5 licences) [See footnotes 3, 4, 47, 48, 49].  
 technology for tactical shotguns [See footnote 65].  
 weapon night sights (7 licences) [See footnotes 3, 4, 47, 48, 49].  
 weapon sights (6 licences) [See footnotes 3, 4, 47, 48, 49].

## Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for commercial end use.
3. Licence granted for counter-piracy operations. Commercial end use.
4. Licence granted for counter-piracy operations. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
7. Licence granted for chemical manufacturing purposes. Commercial end use.

8. Licence granted for chemical manufacturing purposes. Commercial end use.
9. Licence granted for commercial end use.
10. Licence granted for commercial end use.
11. Licence granted for commercial end use.
12. Licence granted for commercial end use.
13. Licence granted for commercial end use.
14. Licence granted for commercial end use.
15. Licence granted for commercial end use.
16. Licence granted for commercial end use.
17. Licence granted for commercial end use.
18. Licence granted for commercial end use.
19. Licence granted for components / accessories / spare parts. Commercial end use.
20. Licence granted for components / accessories / spare parts. Commercial end use.
21. Licence granted for components / accessories / spare parts. Commercial end use.
22. Licence granted for components / accessories / spare parts. Commercial end use.
23. Licence granted for components / accessories / spare parts. Commercial end use.
24. Licence granted for components / accessories / spare parts. Commercial end use.
25. Licence granted for components / accessories / spare parts. Commercial end use.
26. Licence granted for components / accessories / spare parts. Commercial end use.
27. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
28. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
29. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
30. Licence granted for testing and evaluation by the potential end user. Commercial end use.
31. Licence granted for testing and evaluation by the potential end user. Commercial end use.
32. Licence granted for personal protective equipment. Commercial end use.
33. Licence granted for disaster / emergency response purposes. Commercial end use.
34. Licence granted for communication and network surveillance, interception purpose. Law enforcement agency end use.
35. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
36. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
37. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
38. Licence granted for components / accessories / spare parts. End use by the (Military) Navy.
39. Licence granted for components / accessories / spare parts. Personal end use.
40. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
41. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
42. Licence granted for research and development purposes, including academic and medical.
43. Licence granted for components / accessories / spare parts.
44. Licence granted for components / accessories / spare parts.
45. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
46. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
47. Licence granted for counter-piracy operations.
48. Licence granted for counter-piracy operations.
49. Licence granted for counter-piracy operations.
50. Licence granted for research and development purposes, including academic and medical.
51. Licence granted for research and development purposes, including academic and medical.
52. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.
53. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
54. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
55. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Law enforcement agency end use.
56. Licence granted for commercial end use.
57. Licence granted for commercial end use.
58. Licence granted for commercial end use.
59. Licence granted for humanitarian / international organisation / media end use.
60. Licence granted for public services (Government) end use.
61. Licence granted for public services (Government) end use.
62. Licence granted for Military (Air Force) end user.
63. Licence granted for a Military end user.
64. Licence granted for manufacturing purposes.

65. Licence granted for counter-piracy operations. Commercial end use.  
 66. Licence granted for commercial end use.  
 67. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.  
 68. Licence granted for commercial end use.  
 69. Licence granted for personal protective equipment. State-owned end user.

## South Georgia and South Sandwich Islands

### Processing Statistics (excluding amendments)

Median processing time OIELs	43 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	100% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	military support aircraft

## South Korea

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	85% (486)
% and number of SIELs completed in 60 working days	98% (558)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	11 days
% and number of SITCLs completed in 20 working days	67% (2)
% and number of SITCLs completed in 60 working days	100% (3)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	88 days
% and number of OIELs completed in 20 working days	13% (5)
% and number of OIELs completed in 60 working days	32% (12)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

Median processing time OITCLs	135 days
% and number of OITCLs completed in 20 working days	0% (0)
% and number of OITCLs completed in 60 working days	0% (0)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	50% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	282	£73,411,229
Non-military	228	£1,668,930,134
Both Military and Non-military	2	£528,472
Total	512	£1,742,869,835

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	6	£214,319
ML3	7	£119,963
ML4	25	£12,641,447
ML5	23	£5,056,237
ML6	11	£396,877
ML7	4	£60,049
ML9	33	£11,846,019
ML10	108	£30,391,901
ML11	51	£8,778,238
ML13	3	£14,100
ML15	6	£1,073,535
ML16	2	£481,790
ML17	3	£811,549
ML18	3	£109,812
ML21	10	£1,114,142
ML22	23	£301,250

- aircraft military communications equipment (5 licences).
- anti-armour ammunition (2 licences).
- body armour (3 licences).
- components for air-to-surface missiles (4 licences).
- components for aircraft military communications equipment (4 licences).
- components for assault rifles.
- components for attack alerting/warning equipment (3 licences).
- components for ballistic test equipment.
- components for blank/inert ammunition.
- components for body armour (3 licences).
- components for combat aircraft (19 licences).
- T components for combat aircraft.
- components for combat helicopters (5 licences).
- components for combat naval vessels (6 licences).
- components for global navigation satellite systems jamming equipment.
- components for launching/handling/control equipment for missiles (3 licences).
- components for launching/handling/control equipment for munitions (3 licences).
- components for military aero-engines (3 licences).
- components for military aircraft head-up/down displays (3 licences).
- components for military bridges/pontoons/ferries.
- components for military combat vehicles (8 licences).
- components for military communications equipment (17 licences).
- components for military equipment for initiating explosives (3 licences).

components for military guidance/navigation equipment (22 licences).  
 components for military helicopters (49 licences).  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for military patrol/assault craft (4 licences).  
 components for military radars (11 licences).  
 components for military support aircraft (6 licences).  
 components for military support vehicles (2 licences).  
 components for military training aircraft (12 licences).  
 components for munitions/ordnance detection/disposal equipment (6 licences).  
 components for naval communications equipment (3 licences).  
 components for naval electrical/electronic equipment (4 licences).  
 components for NBC detection equipment (3 licences).  
 components for small arms ammunition.  
 components for sniper rifles (3 licences).  
 components for submarines (8 licences).  
 components for surface launched rockets.  
 components for surface-to-air missiles (6 licences).  
 components for tanks.  
 components for targeting equipment (4 licences).  
 components for unmanned air vehicles.  
 T equipment for the production of combat aircraft.  
 equipment for the production of military aircraft ground equipment.  
 equipment for the use of military aircraft ground equipment.  
 equipment for the use of military communications equipment (4 licences).  
 equipment for the use of military support vehicles.  
 general military aircraft components (3 licences).  
 general naval vessel components (9 licences).  
 global navigation satellite systems jamming equipment (2 licences).  
 gun silencers.  
 launching/handling/control equipment for missiles.  
 launching/handling/control equipment for munitions.  
 military aircraft ground equipment (2 licences).  
 military aircrew safety equipment (2 licences).  
 military communications equipment (5 licences).  
 military equipment for initiating explosives (4 licences).  
 military field engineer equipment.  
 military guidance/navigation equipment (8 licences).  
 military helmets (3 licences).  
 military image intensifier equipment.  
 T military image intensifier equipment (2 licences) [See footnote 2].  
 military improvised explosive device decoying/detection/disposal/jamming equipment.  
 T military infrared/thermal imaging equipment (5 licences) [See footnotes 1, 2].  
 military sonars.  
 munitions/ordnance detection/disposal equipment (4 licences).  
 naval electrical/electronic equipment (5 licences).  
 NBC protective/defensive equipment.  
 T rangefinding equipment (2 licences) [See footnote 2].  
 small arms ammunition (3 licences).  
 sniper rifles (3).  
 software enabling equipment to function as equipment for the use of military communications equipment.  
 software for ballistic test equipment.  
 software for bombs.  
 software for military communications equipment (5 licences).  
 software for military imaging radar sensor equipment.  
 software for munitions/ordnance detection/disposal equipment.  
 targeting equipment.  
 T targeting equipment.  
 technology for combat aircraft (6 licences).  
 technology for combat helicopters.  
 technology for general military aircraft components (2 licences).  
 technology for military aircraft ground equipment.  
 technology for military combat vehicles.  
 technology for military communications equipment (5 licences).  
 technology for military equipment for initiating explosives.  
 technology for military patrol/assault craft.  
 technology for munitions/ordnance detection/disposal equipment.  
 technology for NBC protective/defensive equipment.  
 technology for sniper rifles.

- technology for software for bombs.
- technology for software for combat aircraft.
- technology for surface-to-air missiles.
- technology for test models for combat aircraft.
- test models for combat aircraft.
- training small arms ammunition.
- unfinished products for military aero-engines.
- unfinished products for submarines.
- weapon night sights.
- T weapon night sights (2 licences) [See footnote 2].
- weapon sights.
- T weapon sights (2 licences) [See footnote 2].

accelerometers.  
 acoustic seabed survey equipment.  
 aromatic polyimide sheets.  
 atomic frequency standards.  
 bacteria (2 licences).  
 biotechnology equipment (3 licences).  
 civil explosive detection/identification equipment.  
 components for biotechnology equipment.  
 components for corrosion resistant chemical manufacturing equipment (2 licences).  
 components for metal powder production equipment.  
 components for nuclear reactors.  
 components for radar equipment.  
 components for radar equipment.  
 components for toxic gas monitoring equipment.  
 corrosion resistant chemical manufacturing equipment.  
 deuterium compounds (6 licences).  
 deuterium solutions (4 licences).  
 devices containing enriched lithium (3 licences).  
 devices for initiating explosives (2 licences).  
 dimensional inspection equipment (3 licences).  
 dimensional measuring equipment (3 licences).  
 enriched uranium [See footnote 10].  
 fibre prepregs (3 licences).  
 fibrous/filamentary materials (3 licences).  
 frequency changers (5 licences).  
 genetically modified organisms (2 licences).  
 guidance/navigation equipment.  
 helium-3.  
 hydrophones (5 licences).  
 imaging cameras (41 licences).  
 imaging cameras.  
 inertial equipment (21 licences).  
 inertial equipment.  
 information security equipment (34 licences).  
 information security software (8 licences).  
 instrumentation cameras (6 licences).  
 lasers (7 licences).  
 lasers.  
 magnesium.  
 magnetometers (3 licences).  
 mass spectrometers (2 licences).  
 metal alloy cylindrical forms (5 licences).  
 microwave components (3 licences).  
 millimetric wave components (4 licences).  
 pathogenic genetic elements (2 licences).  
 products containing enriched lithium (2 licences).  
 propellants (2 licences).  
 radar equipment (2 licences).  
 radar equipment (3 licences).  
 radiation hardened TV camera lenses (2 licences).  
 radiation hardened TV cameras (2 licences).  
 small arms ammunition (3 licences).  
 software for frequency changers.  
 software for information security equipment (20 licences).  
 software for nuclear reactors (2 licences).  
 software for radar equipment.  
 sonar log equipment.  
 technology for atomic frequency standards.  
 technology for electrolytic cells for fluorine production.  
 technology for electronic devices (2 licences).  
 technology for explosives detection equipment.  
 technology for frequency changers.  
 technology for gas turbine engines.

T  
 technology for information security equipment (7 licences).  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (2 licences).  
 technology for radar equipment.  
 technology for software for nuclear reactors.  
 technology for submersible vehicles.  
 thorium.  
 toxins (4 licences).  
 underwater electric field sensors.  
 viruses.  
 zirconium compounds (2 licences).

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£404,523
5D002	2	£0
5E002	1	£0
ML11	2	£119,793
ML21	1	£4,156
ML22	1	£0

components for military communications equipment (2 licences).  
 equipment for the use of military communications equipment.  
 information security equipment (2 licences).  
 military communications equipment.  
 software for information security equipment (2 licences).  
 software for military communications equipment.  
 technology for information security equipment.  
 technology for military communications equipment.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	14	£1,398,784
Non-military	2	£582,606
Total	16	£1,981,390

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	4	£102,583
ML5	1	£84,000
ML9	1	£2
ML10	6	£774,689
ML11	3	£437,500
ML18	1	£10

aircraft military communications equipment.  
 components for aircraft military communications equipment.  
 components for combat aircraft (3 licences).  
 components for launching/handling/control equipment for munitions (2 licences).  
 components for military aero-engines.  
 components for military auxiliary/support vessels.  
 components for military guidance/navigation equipment (3 licences).  
 components for military radars.  
 components for military training aircraft.  
 components for surface-to-surface missiles.  
 equipment for the production of launching/handling/control equipment for munitions.  
 launching/handling/control equipment for missiles.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£582,306
6D002	1	£300

corrosion resistant chemical manufacturing equipment.  
 software for radar equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

India  
 Indonesia  
 Iraq  
 New Zealand  
 Philippines  
 Saudi Arabia  
 Thailand  
 United Kingdom

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military sonars, components for submarines, naval hull penetrators/connectors, software for submarines, technology for military sonars, technology for naval hull penetrators/connectors, technology for software for submarines, technology for submarines
2	P	technology for electronic devices
3	P	technology for information security equipment [See footnote 3]
4	P	imaging cameras
5	P	inertial equipment
6	P	information security equipment [See footnote 4]
7	P	components for military helicopters
8	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 5]
9	P	toxins [See footnote 6]
10	P	information security equipment

11	T	military communications equipment, software enabling equipment to function as military communications equipment, software for military scenario simulation equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment, technology for software for military scenario simulation equipment [See footnote 7]
12	P	software for modelling/simulating military operation scenarios, technology for software for modelling/simulating military operation scenarios
13	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
14	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for naval electrical/electronic equipment, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, military aircraft ground equipment, naval electrical/electronic equipment, naval hull penetrators/connectors, software for aircraft carriers, software for combat naval vessels, software for equipment for the operation of military aircraft in confined areas, software for general naval vessel components, software for military aircraft ground equipment, software for military auxiliary/support vessels, software for military patrol/assault craft, software for naval electrical/electronic equipment, software for naval hull penetrators/connectors, software for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military aircraft ground equipment, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for naval electrical/electronic equipment, technology for naval hull penetrators/connectors, technology for submarines
15	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
16	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 8]
17	P	components for military electronic equipment, equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
18	P	components for combat aircraft, equipment for the production of combat aircraft, technology for combat aircraft
19	P	underwater telecommunications systems [See footnote 9]
20	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location

		equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
21	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
22	P	triggered spark gaps
23	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
24	P	technology for biotechnology equipment
25	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines
26	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
27	P	components for launching/handling/control equipment for munitions, equipment for the use of launching/handling/control equipment for munitions, inert torpedoes, launching/handling/control equipment for munitions, software for launching/handling/control equipment for munitions
28	P	software for inertial equipment

29	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
30	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

#### Rejected

promoting the supply of air-to-surface missiles.  
 promoting the supply of aircraft cannon ammunition.  
 promoting the supply of aircraft machine guns.  
 promoting the supply of aircraft missile protection systems.  
 promoting the supply of anti-aircraft ammunition.  
 promoting the supply of anti-armour ammunition.  
 promoting the supply of machine guns.  
 promoting the supply of rangefinding equipment.  
 promoting the supply of small arms ammunition.  
 promoting the supply of surface-to-surface missiles.  
 promoting the supply of targeting equipment.

#### Case & goods Footnotes

1. Licence granted for goods which will be returned to the UK.
2. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for commercial end use.
6. Licence granted for research and development purposes, including academic and medical.
7. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
8. Licence granted for components / accessories / spare parts.
9. Licence granted for commercial end use.
10. Licence granted for energy exploration / generation purposes.

## Issued

promoting the supply of air launched rockets [See footnote 5].  
 promoting the supply of all-wheel drive vehicles with ballistic protection [See footnote 5].  
 promoting the supply of anti-armour weapons [See footnote 5].  
 promoting the supply of artillery [See footnote 5].  
 promoting the supply of artillery ammunition [See footnote 5].  
 promoting the supply of assault rifles [See footnote 5].  
 promoting the supply of blank/inert ammunition [See footnote 5].  
 promoting the supply of body armour [See footnote 5].  
 promoting the supply of bombs [See footnote 5].  
 promoting the supply of components for body armour [See footnote 5].  
 promoting the supply of crowd control ammunition [See footnote 5].  
 promoting the supply of exploding grenade ammunition [See footnote 5].  
 promoting the supply of grenade launchers [See footnote 5].  
 promoting the supply of hand grenades [See footnote 5].  
 promoting the supply of inert air launched rockets [See footnote 5].  
 promoting the supply of inert bombs [See footnote 5].  
 promoting the supply of inert hand grenades [See footnote 5].  
 promoting the supply of inert multi-role missiles [See footnote 5].  
 promoting the supply of inert smoke canisters [See footnote 5].  
 promoting the supply of inert surface launched rockets [See footnote 5].  
 promoting the supply of inert surface-to-surface missiles [See footnote 5].  
 promoting the supply of machine guns [See footnote 5].  
 promoting the supply of military combat vehicles [See footnote 5].  
 promoting the supply of military helmets [See footnote 5].  
 promoting the supply of military support aircraft [See footnote 9].  
 promoting the supply of military support vehicles [See footnote 5].  
 promoting the supply of mortars [See footnote 5].  
 promoting the supply of multi-role missiles [See footnote 5].  
 promoting the supply of pistols [See footnote 5].  
 promoting the supply of rifles [See footnote 5].  
 promoting the supply of small arms ammunition [See footnote 5].  
 promoting the supply of smoke canisters [See footnote 5].  
 promoting the supply of smoke/pyrotechnic ammunition [See footnote 5].  
 promoting the supply of smooth-bore weapons [See footnote 5].  
 promoting the supply of sniper rifles [See footnote 5].  
 promoting the supply of surface launched rockets [See footnote 5].  
 promoting the supply of surface-to-surface missiles [See footnote 5].  
 promoting the supply of tear gas/irritant ammunition [See footnote 5].  
 promoting the supply of training air launched rockets [See footnote 5].  
 promoting the supply of training bombs [See footnote 5].  
 promoting the supply of training hand grenades [See footnote 5].  
 promoting the supply of training multi-role missiles [See footnote 5].  
 promoting the supply of training smoke canisters [See footnote 5].  
 promoting the supply of training surface launched rockets [See footnote 5].  
 promoting the supply of training surface-to-surface missiles [See footnote 5].

## Country Footnotes

1. EU Council Decision (CFSP) 2015/740, as amended and Council Regulation (EU) 2015/735, as amended, transpose UNSCR 2206 (2015). This provides for restrictive measures in the form of travel restrictions and asset freezes that may be applied in relation to persons and entities designated by the Security Council Committee.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

On 13 July 2018, UN Security Council Resolution 2428 (2018), established an embargo on the supply of arms and related material to South Sudan. Exemptions exist for equipment intended for the support of or use by UN personnel, humanitarian use, in support of the African Union Regional Task Force intended solely for regional operations to counter the Lords Resistance Army and intended solely in support of the implementation of the terms of the peace agreement.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
4. Licence granted for humanitarian / international organisation / media end use.
5. Licence granted for humanitarian / international organisation / media end use.
6. Licence granted for humanitarian / international organisation / media end use.
7. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
8. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
9. Licence granted for disaster / emergency response purposes. Humanitarian / international organisation end use.
10. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
11. Licence granted for humanitarian / international organisation / media end use.
12. Licence granted for humanitarian / international organisation / media end use.
13. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
14. Licence granted for components / accessories / spare parts. Humanitarian / international organisation end use.
15. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

components for weapon sights.  
decoying/countermeasure equipment (2 licences).  
electronic warfare equipment.  
general naval vessel components.  
gun silencers (2 licences).

T

- T
- military combat vehicles.
  - military helmets.
  - military trailers.
  - NBC protective/defensive equipment (2 licences).
  - periscopes.
  - shotgun ammunition.
  - signature suppression fittings/coatings/treatments for military use.
  - small arms ammunition.
  - sniper rifles (1).
  - sniper rifles (20).
  - sniper rifles (31).
  - software for modelling/simulating military operation scenarios.
  - sporting guns (1) (6 licences).
  - technology for airborne refuelling equipment.
  - technology for decoying/countermeasure equipment (3 licences).
  - technology for military aircraft ground equipment.
  - technology for sniper rifles (2 licences).
  - unfinished products for combat aircraft.
  - unfinished products for military aero-engines.
  - weapon night sights (2 licences).
  - weapon sights.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0E001	2	£100,000
1A007	2	£115,747
1C233	1	£6,546
1E001	1	£0
PL9011	8	£292,220

- T
- components for sporting shotguns.
  - devices containing enriched lithium.
  - non-military detonators.
  - non-military firing sets.
  - small arms ammunition.
  - sporting shotguns (1) (2 licences).
  - sporting shotguns (2) (3 licences).
  - sporting shotguns (3).
  - sporting shotguns (4).
  - technology for non-military detonators.
  - technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.
  - technology for nuclear reactors.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£1,850
PL9011	1	£26,600

- sporting guns (3).
- sporting shotguns (6).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	75	£6,467,807
Non-military	2	£62,660
Total	77	£6,530,467

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	4	£410,649
ML5	5	£461,852
ML9	11	£1,498,340
ML10	26	£3,244,518
ML11	26	£287,942
ML16	3	£564,106
ML21	1	£399
ML22	2	£1

airborne refuelling equipment.  
aircraft military communications equipment (2 licences).  
components for air-to-air missiles.  
components for aircraft military communications equipment (2 licences) [See footnote 3].  
components for attack alerting/warning equipment (3 licences).  
components for combat aircraft (8 licences).  
components for combat naval vessels (3 licences).  
components for electronic warfare equipment (23 licences).  
components for launching/handling/control equipment for missiles (2 licences).  
components for military aero-engines (3 licences) [See footnote 5].  
components for military auxiliary/support vessels.  
components for military communications equipment.  
components for military equipment for initiating explosives.  
components for military guidance/navigation equipment.  
components for military helicopters.  
components for military support aircraft (9 licences) [See footnote 4].  
components for naval communications equipment.  
components for weapon control equipment.  
electronic warfare equipment.  
general naval vessel components (6 licences).  
recognition/identification equipment.  
software for military communications equipment.  
technology for electronic warfare equipment.  
technology for military communications equipment.  
unfinished products for combat aircraft.  
unfinished products for military aero-engines (2 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£22,337
6A008	1	£40,323

components for radar equipment.  
non-military detonators.

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Australia
- Austria
- Belgium
- Brazil
- Burkina Faso
- Ecuador
- France
- Germany
- India
- Ireland
- Italy
- Jamaica
- Kazakhstan
- Kuwait
- Luxembourg
- Malaysia
- Morocco
- Oman
- Pakistan
- Portugal
- Qatar
- Saudi Arabia
- Singapore
- South Africa
- South Korea
- Sweden
- Turkey
- United Arab Emirates
- United Kingdom
- United States of America
- Vietnam

general military vehicle components.

The items being incorporated in this destination are ultimately destined for all or some of the following:

United Arab Emirates

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
3	P	weapon night sights
4	P	body armour, components for body armour, military helmets
5	T	military communications equipment, software enabling equipment to function as military communications equipment, software for military scenario simulation equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment, technology for software for military scenario simulation equipment [See footnote 6]
6	P	technology for nuclear reactors
7	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
8	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, software for multi-role missiles, technology for multi-role missiles, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
9	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software, technology for software enabling equipment to function as military communications equipment
10	P	inertial equipment [See footnote 9]
11	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
12	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for

		countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights
13	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
14	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
15	P	components for combat aircraft, components for military support aircraft
16	P	unfinished products for naval gun installations/mountings
17	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
18	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military

		aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
19	T	components for military helicopters [See footnote 7]
20	P	components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for software for environmental test facilities for military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for software for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
21	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
22	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

23	P	components for sporting guns
24	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment
25	P	aircraft military communications equipment, components for aircraft military communications equipment, components for electronic warfare equipment, components for ground vehicle military communications equipment, components for military communications equipment, components for military electronic equipment, components for military radars, electronic warfare equipment, equipment for the use of military communications equipment, general military aircraft components, general military vehicle components, ground vehicle military communications equipment, military communications equipment, military improvised explosive device decoying/detection/disposal/jamming equipment, munitions/ordnance detection/disposal equipment, software enabling equipment to function as munitions/ordnance detection/disposal equipment, technology for aircraft military communications equipment, technology for electronic warfare equipment, technology for ground vehicle military communications equipment, technology for military communications equipment, technology for military electronic equipment, technology for military improvised explosive device decoying/detection/disposal/jamming equipment, technology for munitions/ordnance detection/disposal equipment, technology for software enabling equipment to function as munitions/ordnance detection/disposal equipment

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	11	£2,975,166
Non-military	8	£334,296
Total	19	£3,309,463

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£223,524
ML7	6	£2,505,230
ML11	2	£34,162
ML17	1	£202,250
ML21	2	£10,000
ML22	1	£0

- components for military communications equipment.
- components for munitions/ordnance detection/disposal equipment [See footnote 15].
- components for NBC protective/defensive equipment (2 licences).
- goods treated for signature suppression for military use.
- military communications equipment (2 licences).
- military equipment for initiating explosives (2 licences) [See footnotes 1, 15].
- munitions/ordnance detection/disposal equipment [See footnote 15].
- T NBC detection equipment (3 licences).
- NBC protective/defensive equipment.
- software for military equipment for initiating explosives [See footnote 1].
- software for munitions/ordnance detection/disposal equipment [See footnote 15].
- technology for military patrol/assault craft.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£154,925
1C350	1	£791
5A002	3	£150,000
5D002	1	£200
6A003	1	£20,000
6D003	1	£8,000
8A002	1	£380

- chemicals used for general laboratory work/scientific research.
- civil explosive detection/identification equipment.
- high performance air traffic control software.
- imaging cameras.
- information security equipment (3 licences).
- rebreathing swimming equipment.
- software for information security equipment.

### Refused

	Count
--	-------

Non-military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry
5A001	1

T telecommunications interception equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
2	1

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	8	£3,698,511
Total	8	£3,698,511

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	5	£3,003,704
ML10	3	£395,477
ML17	1	£299,330

components for military helicopters (3 licences).  
 components for NBC protective/defensive equipment (5 licences).  
 goods treated for signature suppression for military use.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia

## Country Footnotes

1. UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument. The enforcement of the arms embargo was further strengthened by resolution 1945 (2010) of 14 October 2010. This is implemented by Council Regulation (EC) No 747/2014, as amended.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	98	£196,576,015
Total	98	£196,576,015

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	5	£383,827

ML4	6	£132,712
ML5	23	£22,925,187
ML6	3	£57,000
ML9	5	£17,944
ML10	35	£154,941,624
ML11	12	£1,083,921
ML16	8	£16,576,639
ML17	1	£185,093
ML21	2	£270,068
ML22	3	£2,001

airborne refuelling equipment (2 licences).  
 aircraft military communications equipment.  
 components for aircraft military communications equipment.  
 components for anti-aircraft guns.  
 components for attack alerting/warning equipment.  
 components for combat aircraft (15 licences).  
 components for decoying/countermeasure equipment (2 licences).  
 components for electronic warfare equipment (10 licences).  
 components for launching/handling/control equipment for man portable air defence system missiles (2 licences).  
 components for launching/handling/control equipment for missiles (4 licences).  
 components for military combat vehicles (2 licences).  
 components for military radars (21 licences).  
 components for military support aircraft (10 licences).  
 components for military training aircraft.  
 components for naval guns (4 licences).  
 components for unmanned air vehicles (5 licences).  
 decoying/countermeasure equipment.  
 electronic warfare equipment.  
 general military vehicle components.  
 general naval vessel components (5 licences).  
 goods treated for signature suppression for military use.  
 military communications equipment.  
 rangefinding equipment [See footnote 5].  
 software for military communications equipment.  
 software for military radars.  
 technology for aircraft military communications equipment.  
 technology for launching/handling/control equipment for missiles.  
 technology for military communications equipment.  
 unfinished products for anti-armour weapons (7 licences).  
 unfinished products for launching/handling/control equipment for missiles (2 licences).

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft, components for military guidance/navigation equipment, general military aircraft components
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 1]
3	P	components for NBC protective/defensive equipment, NBC protective/defensive equipment
4	P	components for combat aircraft
5	P	weapon night sights
6	P	body armour, components for body armour, military helmets
7	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 3]
8	P	components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, components for weapon control equipment, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for targeting equipment, technology for weapon control equipment, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
9	P	inertial equipment [See footnote 4]
10	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for

		developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for weapon sights
11	P	components for artillery ammunition
12	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment, technology for NBC protective/defensive equipment
13	P	components for sniper rifles, flash suppressors, gun silencers, sniper rifles
14	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military

		cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
15	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
16	P	components for military scenario simulation equipment, components for military training equipment, military scenario simulation equipment, military software, military training equipment, software for military scenario simulation equipment, software for military training equipment, software for modelling/simulating military operation scenarios
17	P	aircraft military communications equipment, command communications control and intelligence software, command/control equipment for unmanned air vehicles, components for aircraft military communications equipment, components for command/control equipment for unmanned air vehicles, components for electronic warfare equipment, components for equipment for the use of targeting equipment, components for equipment for the use of weapon control equipment, components for global navigation satellite systems jamming equipment, components for launching/ground support equipment for unmanned air vehicles, components for military cameras/photographic equipment, components for military communications equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for radar equipment, components for rangefinding equipment, components for unmanned air vehicles, electronic warfare equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, global navigation satellite systems jamming equipment, launching/ground support equipment for unmanned air vehicles, military cameras/photographic equipment, military communications equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, radar equipment, software for aircraft military communications equipment, software for command/control equipment for unmanned air vehicles, software for electronic warfare equipment, software for launching/ground support equipment for unmanned air vehicles, software for military cameras/photographic equipment, software for military communications equipment, software for military guidance/navigation equipment, software for military image recording/processing equipment, software for military infrared/thermal imaging equipment, software for radar equipment, software for rangefinding equipment, technology for aircraft military communications equipment, technology for combat naval vessels, technology for command/control equipment for unmanned air vehicles, technology for equipment for the use of targeting equipment, technology for equipment for the use of weapon control equipment, technology for global navigation satellite systems jamming equipment, technology for launching/ground support equipment for unmanned air vehicles, technology for military cameras/photographic equipment, technology for military communications equipment, technology for military guidance/navigation equipment, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military radars, technology for radar equipment, technology for rangefinding equipment, technology for unmanned air vehicles, unmanned air vehicles
18	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military

		patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes
19	P	components for combat aircraft
20	P	components for sporting guns
21	P	software for nuclear reactors, technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
22	P	general military aircraft components, military electronic equipment, software for general military aircraft components, software for military electronic equipment, technology for general military aircraft components, technology for military electronic equipment

#### OITCLs

Source	Issued	Refused	Revoked
United States of America	1	0	0

#### Issued

promoting the supply of anti-armour weapons.  
 promoting the supply of assault rifles.  
 promoting the supply of grenade launchers.  
 promoting the supply of machine guns.  
 promoting the supply of military scenario simulation equipment.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of small arms training equipment.  
 promoting the supply of software for military scenario simulation equipment.  
 promoting the supply of surface launched rockets.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for commercial end use.
3. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
4. Licence granted for commercial end use.
5. Licence granted for Military (Air Force) end user.

## Switzerland

### Processing Statistics (excluding amendments)

Median processing time SIELs	11 days
% and number of SIELs completed in 20 working days	73% (177)
% and number of SIELs completed in 60 working days	91% (223)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	124	£10,148,209
Non-military	56	£9,777,221
Both Military and Non-military	6	£52,296
Total	186	£19,977,725

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	35	£1,306,609
ML3	8	£35,950
ML4	5	£690,268
ML5	18	£1,161,873
ML6	13	£194,303
ML7	8	£1,537,570
ML10	31	£1,446,985
ML11	9	£121,233
ML13	2	£173,950
ML15	10	£2,946,300
ML18	1	£698
ML21	3	£476,820
ML22	6	£52,370
PL5001	1	£3,280

- anti-riot/ballistic shields.
- assault rifles (1).
- assault rifles (5).
- blank/inert ammunition (2 licences).
- body armour.
- components for artillery ammunition (3 licences).
- components for assault rifles.
- components for body armour (2 licences).
- components for combat aircraft (4 licences) [See footnote 4].
- components for equipment for the use of military aircrew life support equipment (3 licences).
- components for fuze setting devices.
- components for launching/handling/control equipment for missiles.
- components for military aero-engines.
- components for military combat vehicles.
- T components for military guidance/navigation equipment.
- components for military radars (5 licences).
- components for military training aircraft (14 licences).
- components for munitions/ordnance detection/disposal equipment.
- components for NBC detection equipment (6 licences).
- T components for NBC detection equipment.
- components for pistols (2 licences).
- components for sniper rifles (5 licences).
- components for sporting guns (2 licences).
- components for surface-to-air missiles.
- components for tanks (3 licences).
- components for targeting equipment.
- components for weapon control equipment (2 licences).
- decoying/countermeasure equipment.
- equipment for the production of military aircrew safety equipment.
- equipment for the use of military aircrew life support equipment (3 licences) [See footnote 3].
- general military aircraft components (4 licences).
- general military vehicle components (4 licences).
- machine guns (7).
- military aircraft ground equipment.
- military aircrew life support equipment (4 licences).
- military aircrew safety equipment (5 licences).
- military electronic equipment.
- military guidance/navigation equipment.
- military helmets (2 licences).
- T military image intensifier equipment (9 licences).
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- T military infrared/thermal imaging equipment (10 licences).
- military support vehicles (5 licences).
- military trailers.
- T NBC detection equipment (2 licences).
- NBC detection equipment.
- rangefinding equipment (2 licences).
- T rangefinding equipment (6 licences).
- rifles (1).
- small arms ammunition (2 licences).
- sniper rifles (1) (4 licences).
- sniper rifles (4).
- software for military radars.
- software for modelling/simulating military operation scenarios.
- software for targeting equipment.
- sporting guns (1) (6 licences).
- sporting guns (2) (2 licences).
- T targeting equipment (2 licences).
- technology for artillery ammunition.
- technology for decoying/countermeasure equipment.
- technology for military radars (2 licences).
- technology for sniper rifles (2 licences).
- weapon night sights (3 licences).
- T weapon night sights (9 licences).
- T weapon sights (9 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0A001	1	£20,000
0C001	1	£700
0C003	1	£40
0D001	1	£200,000
0E001	2	£51
1A007	1	£33,000
1C233	5	£32,318
1C235	1	£0
1C351	15	£1,505,601

T

anthrax vaccines.  
bacteria.  
components for nuclear reactors.  
components for sporting shotguns (2 licences).  
deuterium compounds.  
devices containing enriched lithium (4 licences).  
devices containing enriched lithium compounds.  
direct view imaging equipment (2 licences).  
information security equipment (10 licences).  
information security equipment.  
information security software.  
non-military detonators.  
products containing depleted uranium.  
small arms ammunition.  
software for information security equipment.  
software for nuclear reactors.  
sporting shotguns (1) (8 licences).  
sporting shotguns (2) (4 licences).  
technology for nuclear reactors.  
technology for uranium isotope separation equipment.  
toxins (14 licences).  
triggered spark gaps.  
tritium.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	6	£27,890
ML1	6	£22,481
PL9010	1	£1,925

components for sporting guns (2 licences).  
pistols (1).  
rifles (2).  
sporting guns (1) (2 licences).  
sporting guns (3).  
sporting guns (4) (2 licences).  
sporting shotguns (1) (2 licences).  
sporting shotguns (2) (2 licences).

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	28	£7,541,419
Total	28	£7,541,419

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

## Issued

aircraft missile protection systems [See footnote 2].  
 components for aircraft missile protection systems [See footnote 2].  
 equipment for the use of aircraft missile protection systems [See footnote 2].  
 promoting the supply of anti-armour weapons.  
 promoting the supply of assault rifles.  
 promoting the supply of grenade launchers.  
 promoting the supply of machine guns.  
 promoting the supply of military scenario simulation equipment.  
 promoting the supply of mortars.  
 promoting the supply of pistols.  
 promoting the supply of small arms training equipment.  
 promoting the supply of software for military scenario simulation equipment.  
 promoting the supply of surface launched rockets.

## Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for commercial end use.
3. Licence granted for components / accessories / spare parts.
4. Licence granted for a Military end user.

5. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
6. Licence granted for commercial end use.

## Syria

#### Issued

body armour [See footnote 3].  
 devices for initiating explosives [See footnote 3].  
 munitions/ordnance detection/disposal equipment [See footnote 3].

#### Country Footnotes

1. On 31 May 2013, the EU adopted Council Decision 2013/255/CFSP, as amended, and Council Regulation (EU) No 36/2012, as amended, which lifted the embargoes on arms and related material, as well as on equipment which might be used for internal repression.

This Decision also renewed the remaining measures set out in repealed Decision 2012/739/CFSP, which include embargoes on further equipment that might be used for internal repression (chemical warfare precursors and related equipment), monitoring and interception equipment, key equipment and technology for certain sectors of the oil and natural gas industry in Syria, luxury goods, and Syrian denominated banknotes and coinage.

Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended, are also in place.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
2. Licence granted for commercial end use.
3. Licence granted for humanitarian / international organisation / media end use.
4. Licence granted for humanitarian / international organisation / media end use.

accessories for military image intensifier equipment (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 accessories for military infrared/thermal imaging equipment (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 anti-armour ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 assault rifles (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 blank/inert ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 body armour (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for anti-armour ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for assault rifles (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for blank/inert ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for body armour (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for flash suppressors (3 licences) [See footnote 13].  
 components for gun mountings (2 licences) [See footnote 13].  
 components for gun silencers (2 licences) [See footnote 13].  
 components for machine guns (6 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for military helmets (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for military image intensifier equipment (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for military infrared/thermal imaging equipment (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for military shotguns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for pistols (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for rifles (7 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for shotgun ammunition (6 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for small arms ammunition (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for smooth-bore weapons (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for sniper rifles (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for sporting guns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].

components for sporting shotguns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 components for tactical shotguns (7 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for tear gas/irritant ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 components for weapon night sights (2 licences).  
 components for weapon sights.  
 flash suppressors (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 gun mountings (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 gun silencers (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 machine guns (6 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 military helmets (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 military image intensifier equipment (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 military infrared/thermal imaging equipment (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 military shotguns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 pistols (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 rifles (7 licences) [See footnotes 10, 11, 12, 2, 3].  
 shotgun ammunition (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 small arms ammunition (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 smooth-bore weapons (7 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 sniper rifles (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 sporting guns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 sporting shotguns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 tactical shotguns (8 licences) [See footnotes 10, 11, 12, 13, 2, 3].  
 tear gas/irritant ammunition (5 licences) [See footnotes 10, 11, 12, 2, 3].  
 technology for tactical shotguns [See footnote 13].  
 weapon night sights (7 licences) [See footnotes 10, 11, 12, 2, 3].  
 weapon sights (6 licences) [See footnotes 10, 11, 12, 2, 3].

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for counter-piracy operations. Commercial end use.

## **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	70	£9,972,148
Non-military	79	£5,534,068
Both Military and Non-military	4	£1,120,950
Total	153	£16,627,165

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	6	£277,217
ML2	2	£3,300,752
ML3	12	£337,920
ML4	8	£368,550
ML5	8	£1,821,534
ML6	3	£56,119
ML7	2	£52,913
ML8	1	£121
ML9	2	£1,392,600
ML10	20	£560,451
ML11	10	£179,038
ML15	2	£950,000
ML17	1	£161,273
ML18	1	£7,000
ML21	4	£5,360
ML22	4	£501,300

T anti-armour ammunition (2 licences) [See footnote 3].  
blank/inert ammunition (2 licences) [See footnote 30].  
command/control equipment for unmanned air vehicles [See footnote 14].  
command/control equipment for unmanned air vehicles [See footnote 16].  
components for artillery.  
components for assault rifles [See footnote 30].  
components for blank/inert ammunition.

- components for combat aircraft (9 licences).
- components for combat helicopters (3 licences).
- components for combat naval vessels.
- components for command/control equipment for unmanned air vehicles [See footnote 14].
- components for decoying/countermeasure equipment.
- components for launching/handling/control equipment for man portable air defence system missiles.
- components for machine guns [See footnote 30].
- components for military aero-engines.
- components for military combat vehicles (2 licences).
- components for military communications equipment (2 licences).
- T components for military communications equipment (2 licences) [See footnote 23].
- components for military equipment for initiating explosives.
- components for military guidance/navigation equipment (2 licences).
- components for military helicopters (3 licences).
- components for military radars.
- components for munitions/ordnance detection/disposal equipment (5 licences).
- components for naval gun installations/mountings (2 licences).
- components for naval guns.
- components for NBC detection equipment.
- components for pistols [See footnote 30].
- components for sniper rifles [See footnote 2].
- components for tanks.
- components for targeting equipment.
- components for unmanned air vehicles [See footnote 14].
- T components for unmanned air vehicles [See footnote 16].
- components for weapon control equipment.
- T electronic warfare equipment [See footnote 1].
- energetic materials additives.
- equipment for the production of combat naval vessels.
- equipment for the use of attack alerting/warning equipment (2 licences).
- equipment for the use of targeting equipment.
- equipment for the use of weapon control equipment.
- T equipment for the use of weapon control equipment.
- military aircrew safety equipment (2 licences).
- military communications equipment.
- T military communications equipment (2 licences) [See footnote 23].
- military equipment for initiating explosives (5 licences).
- military field engineer equipment.
- military guidance/navigation equipment (3 licences).
- T military image intensifier equipment (2 licences) [See footnotes 5, 7].
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- T military infrared/thermal imaging equipment (2 licences) [See footnotes 5, 7].
- munitions/ordnance detection/disposal equipment (5 licences).
- naval guns.
- NBC detection equipment (2 licences).
- pistols (30).
- rangefinding equipment.
- T rangefinding equipment (2 licences) [See footnotes 5, 7].
- small arms ammunition (8 licences) [See footnotes 12, 13, 18, 2, 26, 27].
- sniper rifles (7) [See footnote 2].
- software for command/control equipment for unmanned air vehicles [See footnote 14].
- T software for command/control equipment for unmanned air vehicles [See footnote 16].
- software for decoying/countermeasure equipment.
- software for naval guns.
- sporting guns (2).
- targeting equipment.
- technology for bombs.
- technology for global navigation satellite systems jamming equipment.
- technology for launching/handling/control equipment for munitions.
- technology for munitions/ordnance detection/disposal equipment.
- technology for naval guns.
- training small arms ammunition [See footnote 30].
- unmanned air vehicles [See footnote 14].
- T unmanned air vehicles [See footnote 16].
- T weapon night sights (2 licences) [See footnotes 5, 7].
- T weapon sights (2 licences) [See footnotes 5, 7].

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	5	£68,763
1C202	5	£645,369
1C233	3	£6,556
1C351	4	£84
1C353	1	£8

7A103	2	£38,692
9D005	1	£18,000
9E002	1	£24,000
FR AI	10	£1,343,000
PL8001	1	£129,900

bacteria (3 licences).  
 biotechnology equipment.  
 civil explosive detection/identification equipment (5 licences).  
 components for corrosion resistant chemical manufacturing equipment.  
 corrosion resistant chemical manufacturing equipment (15 licences).  
 devices containing enriched lithium (2 licences).  
 devices containing enriched lithium manufactures.  
 direct view imaging equipment.  
 explosives detection equipment.  
 frequency changers (3 licences).  
 imaging cameras (11 licences) [See footnotes 15, 31, 32].  
 inertial equipment (3 licences).  
 information security equipment (6 licences).  
 instrumentation cameras.  
 T lasers.  
 marine position fixing equipment.  
 metal alloy cylindrical forms (5 licences).  
 pathogenic genetic elements.  
 small arms ammunition (10 licences) [See footnotes 10, 17, 20, 25, 28, 29].  
 software for frequency changers (4 licences).  
 software for information security equipment (5 licences).  
 software for spacecraft payload data handling systems.  
 sonar log equipment.  
 technology for composite laminates.  
 technology for composite structures.  
 technology for composite tubes.  
 technology for fibre preforms.  
 technology for fibre prepregs.  
 technology for information security equipment (3 licences).  
 technology for spacecraft payload data handling systems.  
 toxic gas detectors.  
 viruses.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	3	£343,500
6A003	3	£261,750
FR AI	1	£2,250
ML1	1	£41,250
ML3	1	£2,200
ML5	3	£470,000

- T direct view imaging equipment (3 licences) [See footnotes 4, 6, 8].  
T imaging cameras (3 licences) [See footnotes 4, 6, 8].  
small arms ammunition [See footnote 24].  
T targeting equipment (3 licences) [See footnotes 4, 6, 8].  
T weapon night sights [See footnote 6].

### Refused

	Count
Military	1
Non-military	4
Total	5

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry
ML1	1

components for assault rifles.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
5A001	3
5A004	2

- components for telecommunications interception equipment.  
cryptanalytic equipment.  
T cryptanalytic equipment.  
telecommunications interception equipment (2 licences).  
T telecommunications interception equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
2	5

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£554,100
Non-military	3	£8,034,200
Total	4	£8,588,300

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML11	1	£554,100

components for military communications equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	1	£5,334,200
7A103	2	£2,700,000

Rv inertial equipment (2 licences).  
microwave components.

Rv - Some or all of which have subsequently been revoked.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Denmark  
Finland  
Russia

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 11]
2	P	components for combat aircraft
3	P	inertial equipment
4	P	information security equipment [See footnote 9]

5	P	information security equipment
6	P	components for combat aircraft, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the use of combat aircraft, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircraft pressure refuellers, military aircrew life support equipment
7	P	underwater telecommunications systems [See footnote 19]
8	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
9	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
10	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
11	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
12	P	technology for biotechnology equipment
13	P	inertial equipment [See footnote 21]
14	P	components for launching/handling/control equipment for munitions, equipment for the use of launching/handling/control equipment for munitions, inert torpedoes, launching/handling/control equipment for munitions, software for launching/handling/control equipment for munitions
15	P	software for inertial equipment
16	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£163,931
Non-military	4	£395,883
Total	7	£559,814

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£4,531
ML13	2	£159,400

body armour.  
 components for body armour.  
 components for sporting guns.  
 military helmets (2 licences).  
 sporting guns (1).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5D002	1	£350,000
7A103	1	£23,500
8A002	1	£19,283
FR AI	1	£3,100

inertial equipment.  
 information security software.  
 small arms ammunition.  
 submersible equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	underwater telecommunications systems [See footnote 1]
2	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment,

		naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
3	T	military support aircraft
4	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

#### SITCLs

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	10	£3,531,202
Non-military	1	£19,763
Total	11	£3,550,965

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£54,000
ML9	1	£476,000
ML10	5	£2,529,202
ML11	2	£467,000
ML22	1	£5,000

components for combat aircraft.  
 components for combat naval vessels.  
 components for military support aircraft.  
 components for military training aircraft (4 licences).  
 electronic warfare equipment [See footnote 5].  
 military aircraft ground equipment.  
 military guidance/navigation equipment.  
 technology for combat naval vessels.  
 training small arms ammunition [See footnote 2].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£19,763

imaging cameras [See footnote 1].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 3]
2	P	underwater telecommunications systems [See footnote 4]

#### OITCLs

Source	Issued	Refused	Revoked

% and number of OIELs completed in 60 working days	13% (4)
% [as a % of all OIELs cases processed] and number of OIELs refused	10% (3)

Median processing time OITCLs	134 days
% and number of OITCLs completed in 20 working days	0% (0)
% and number of OITCLs completed in 60 working days	0% (0)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	25% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	139	£190,250,492
Non-military	209	£99,806,034
Both Military and Non-military	10	£575,337
Total	358	£290,631,863

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	11	£1,457,171
ML2	6	£365,771
ML3	8	£110,396
ML4	13	£58,072,490

	accessories for targeting equipment.
	aircraft military communications equipment (11 licences).
	anti-riot/ballistic shields.
T	assault rifles (1) [See footnote 55].
	assault rifles (30) [See footnote 87].
	blank/inert ammunition.
T	body armour (4 licences) [See footnotes 34, 38, 40].
	body armour [See footnote 33].
	command/control equipment for unmanned air vehicles.
	components for air-to-surface missiles.
	components for aircraft cannons (3 licences).
	components for aircraft military communications equipment (2 licences).
	components for all-wheel drive vehicles with ballistic protection.
	components for assault rifles [See footnote 55].
T	components for assault rifles [See footnote 87].
	components for body armour (4 licences) [See footnotes 34, 38, 40].
T	components for body armour [See footnote 33].
	components for combat aircraft (3 licences).
	components for command/control equipment for unmanned air vehicles.

T components for heavy machine guns [See footnote 74].  
 components for launching/handling/control equipment for munitions (2 licences).  
 components for military aero-engines (6 licences).  
 components for military aircraft head-up/down displays.  
 components for military aircrew life support equipment.  
 components for military auxiliary/support vessels.  
 components for military combat vehicles (4 licences) [See footnote 69].  
 components for military communications equipment (3 licences) [See footnote 89].  
 components for military containers.  
 components for military guidance/navigation equipment.  
 components for military helicopters (5 licences).  
 components for military infrared/thermal imaging equipment [See footnote 77].  
 components for military patrol/assault craft.  
 components for military radars (2 licences).  
 components for military support aircraft.  
 components for military training aircraft (14 licences).  
 components for munitions/ordnance detection/disposal equipment (3 licences).

T components for munitions/ordnance detection/disposal equipment.

T components for naval gun installations/mountings [See footnote 37].

T components for pistols [See footnote 87].  
 components for projectile launchers.  
 components for small arms training equipment.  
 components for sniper rifles (2 licences).

T components for sniper rifles [See footnote 87].  
 components for targeting equipment.  
 components for unmanned air vehicles.

T electronic warfare equipment (3 licences) [See footnote 17].  
 equipment for the operation of military aircraft in confined areas (2 licences).  
 equipment for the production of military support aircraft.  
 equipment for the production of military training aircraft.  
 equipment for the use of military communications equipment.  
 equipment for the use of military electronic equipment.  
 equipment for the use of munitions/ordnance detection/disposal equipment.  
 equipment for the use of small arms training equipment.  
 explosive charges/devices (2 licences) [See footnote 86].  
 general military aircraft components (2 licences).  
 general military vehicle components (2 licences).

T general military vehicle components.

T gun silencers (4 licences).

T gun silencers [See footnote 87].  
 launching/handling/control equipment for munitions (2 licences).  
 military aircrew life support equipment (2 licences).  
 military auxiliary/support vessels.

T military cameras/photographic equipment [See footnote 71].  
 military communications equipment.  
 military containers.  
 military electronic equipment.  
 military equipment for initiating explosives.  
 military guidance/navigation equipment (2 licences).

T military guidance/navigation equipment (2 licences).

T military helmets (5 licences) [See footnotes 34, 38, 40].

T military helmets (2 licences) [See footnote 33].

T military image intensifier equipment (3 licences) [See footnotes 68, 84].

T military improvised explosive device decoying/detection/disposal/jamming equipment.

T military infrared/thermal imaging equipment (4 licences) [See footnotes 68, 76, 84].  
 military support aircraft.  
 military support vehicles.  
 military trailers [See footnote 29].  
 munitions/ordnance detection/disposal equipment (2 licences).

T munitions/ordnance detection/disposal equipment.  
 NBC detection equipment.  
 NBC protective/defensive equipment.

T pistols (21) [See footnote 87].  
 projectile launchers.

T projectile launchers [See footnote 33].

T rangefinding equipment.

T rangefinding equipment [See footnote 37].  
 shotgun ammunition [See footnote 52].  
 small arms ammunition (5 licences) [See footnotes 35, 61, 80].  
 small arms training equipment.

T	sniper rifles (2) (2 licences).
T	sniper rifles (3) [See footnote 87].
	sniper rifles (5).
	software enabling equipment to function as military electronic equipment.
	software for equipment for the operation of military aircraft in confined areas.
	software for equipment for the use of military aircraft ground equipment.
	software for military communications equipment.
	software for military patrol/assault craft.
T	software for naval gun installations/mountings [See footnote 37].
T	software for rangefinding equipment [See footnote 37].
T	software for targeting equipment [See footnote 37].
T	software for weapon control equipment [See footnote 37].
	sporting guns (1) [See footnote 57].
	sporting guns (2).
	sporting guns (13) [See footnote 35].
	targeting equipment.
T	targeting equipment (2 licences) [See footnote 37].
T	technology for electronic warfare equipment [See footnote 17].
	technology for equipment for the operation of military aircraft in confined areas.
	technology for equipment for the use of military aircraft ground equipment.
	technology for launching/handling/control equipment for munitions.
	technology for military combat vehicles.
	technology for military guidance/navigation equipment.
	technology for military patrol/assault craft.
	technology for military support aircraft.
	technology for military training aircraft.
	technology for munitions/ordnance detection/disposal equipment.
T	technology for naval gun installations/mountings [See footnote 37].
	technology for production installations for military support aircraft.
T	technology for rangefinding equipment [See footnote 37].
	technology for sniper rifles.
	technology for targeting equipment.
T	technology for targeting equipment [See footnote 37].
T	technology for weapon control equipment [See footnote 37].
	unmanned air vehicles.
	wall/door breaching projectiles/ammunition.
T	weapon control equipment [See footnote 37].
T	weapon night sights (3 licences) [See footnotes 68, 84].
T	weapon sights (3 licences) [See footnotes 68, 84].

- T accessories for improvised explosive device disposal remotely operated vehicles [See footnote 78].  
accessories for spectrometers.  
bacteria (3 licences).  
biotechnology equipment.  
chemicals used for general laboratory work/scientific research (22 licences) [See footnotes 32, 56, 8, 88].  
chemicals used for pharmaceutical/healthcare production [See footnote 60].  
civil explosive detection/identification equipment (9 licences) [See footnote 58].  
civil NBC protection clothing.  
civil NBC protection equipment (2 licences) [See footnote 27].  
components for civil NBC protection clothing.  
components for corrosion resistant chemical manufacturing equipment.
- T components for improvised explosive device disposal remotely operated vehicles [See footnote 78].  
components for sporting shotguns (2 licences) [See footnotes 16, 24].  
composite laminates.  
corrosion resistant chemical manufacturing equipment (16 licences) [See footnotes 45, 49, 7].
- T counter-improvised explosive device equipment.  
deuterium.  
deuterium compounds.  
diver deterrent acoustic systems.  
diver location sonars (2 licences).  
high energy capacitors [See footnote 30].  
high speed pulse generators.  
imaging cameras (15 licences) [See footnotes 41, 54].
- T imaging cameras (2 licences) [See footnote 75].
- T improvised explosive device disposal remotely operated vehicles [See footnote 78].  
inertial equipment (16 licences) [See footnotes 1, 39, 67, 72].
- T inertial equipment.  
information security equipment (76 licences) [See footnotes 10, 13, 14, 15, 19, 2, 20, 21, 22, 23, 25, 26, 31, 4, 42, 44, 46, 47, 5, 53, 6, 63, 73, 79, 90, 92, 97].
- T information security equipment [See footnote 9].  
information security software (7 licences) [See footnotes 28, 53].  
instrumentation cameras (2 licences).  
lasers.  
machine tools (3 licences).  
marine position fixing equipment (5 licences) [See footnote 59].  
metal alloy cylindrical forms [See footnote 12].  
pathogenic genetic elements [See footnote 62].  
radar equipment [See footnote 11].
- T radar equipment (2 licences) [See footnote 75].
- T RF direction finding equipment (2 licences) [See footnote 75].  
software for diver location sonars (2 licences).  
software for information security equipment (14 licences) [See footnotes 14, 4, 5, 53, 6, 73, 79, 90, 92, 97].  
software for nuclear reactors (2 licences) [See footnote 81].  
sporting shotguns (1) (2 licences) [See footnotes 16, 24].  
sporting shotguns (2) [See footnote 43].  
sporting shotguns (4) [See footnote 3].  
sporting shotguns (10) (2 licences).  
submersible equipment (3 licences) [See footnote 36].  
technology for chemicals used for industrial/commercial processes [See footnote 82].  
technology for information security equipment (6 licences) [See footnotes 4, 6].  
telecommunications interception equipment.
- T telecommunications interception equipment.

### Both Military and Non-military

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	5	£15,379,378
Non-military	6	£201,580
Total	11	£15,580,958

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£269,853
ML7	1	£48,490
ML9	1	£11,490
ML11	2	£15,048,583
ML21	1	£81
ML22	1	£880

components for military combat vehicles.  
 components for military communications equipment [See footnote 99].  
 components for military patrol/assault craft.  
 components for NBC detection equipment.  
 general military vehicle components.  
 military communications equipment [See footnote 99].  
 military guidance/navigation equipment.  
 software for military communications equipment [See footnote 99].  
 technology for military communications equipment [See footnote 99].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	5	£173,080
6A003	1	£28,500

components for corrosion resistant chemical manufacturing equipment (3 licences).  
 corrosion resistant chemical manufacturing equipment (2 licences) [See footnotes 18, 48].  
 imaging cameras.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
 Bangladesh  
 Jordan  
 Kuwait  
 Nigeria

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£700
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£700

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	1	£700

barbiturate anaesthetic agents for injection.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 70]
2	P	information security equipment [See footnote 64]
3	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 65]
4	P	information security equipment [See footnote 66]

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	416	£341,927,583
Non-military	427	£14,157,679,110
Both Military and Non-military	42	£1,259,103
Total	885	£14,500,865,796

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	68	£193,434,806
ML2	11	£539,295
ML3	12	£10,461,146
ML4	22	£18,075,533
ML5	21	£9,034,810
ML6	37	£4,089,322
ML7	20	£1,383,449
ML8	1	£237,760
ML9	12	£17,168,954
ML10	119	£44,632,407
ML11	40	£17,615,986

aircraft military communications equipment (3 licences) [See footnote 46].  
 components for air launched rockets.  
 components for air-to-air missiles (5 licences).  
 components for air-to-surface missiles (2 licences).  
 components for aircraft cannons.  
 components for aircraft military communications equipment (2 licences).  
 components for bombs (2 licences).  
 components for combat aircraft (15 licences) [See footnote 45].  
 components for combat helicopters (9 licences) [See footnote 4].  
 components for combat naval vessels (11 licences).  
 components for command/control equipment for unmanned air vehicles.  
 components for decoying/countermeasure equipment.  
 components for electronic warfare equipment.  
 components for launching/handling/control equipment for missiles (3 licences).  
 components for launching/handling/control equipment for munitions (3 licences) [See footnote 37].  
 components for military aero-engines (15 licences) [See footnotes 15, 19].  
 components for military aircraft head-up/down displays (7 licences).  
 components for military communications equipment (3 licences).  
 components for military guidance/navigation equipment (7 licences).

components for military helicopters (7 licences) [See footnote 4].  
 components for military infrared/thermal imaging equipment (2 licences).  
 components for military patrol/assault craft (2 licences).  
 components for military radars (6 licences).  
 components for military sonars.  
 components for military support aircraft (12 licences) [See footnotes 14, 4].  
 components for military training aircraft (6 licences).  
 components for military training equipment [See footnote 6].  
 components for naval engines (2 licences).  
 components for surface-to-air missiles (3 licences).  
 components for surface-to-surface missiles [See footnote 47].  
 components for tanks.  
 components for targeting equipment (5 licences) [See footnote 48].  
 components for torpedoes.  
 components for unmanned air vehicles (2 licences).  
 components for weapon mountings.  
 components for weapon night sights [See footnote 1].  
 general military aircraft components.  
 ground vehicle military communications equipment.  
 launching/handling/control equipment for missiles.  
 military aero-engines.  
 military communications equipment.  
 military guidance/navigation equipment (8 licences).  
 military training equipment.  
 NBC protective/defensive equipment [See footnote 3].  
 software for electronic warfare equipment.  
 software for unmanned air vehicles.  
 targeting equipment (2 licences).  
 technology for command/control equipment for unmanned air vehicles.  
 technology for electronic warfare equipment.  
 technology for software for electronic warfare equipment.  
 unfinished products for combat aircraft.

#### Non-military

**SIELs - Transshipment**

**Issued**

Types of goods on licence	No. of licences	Value
Military	2	£53,350
Total	2	£53,350

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry')As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£53,350

components for hand grenades.  
 hand grenades.

**SIELs for goods covered by the torture regulation**

**Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£360
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£360

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

**Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	1	£360

barbiturate anaesthetic agents for injection.

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
2	P	general military aircraft components, general military vehicle components, general naval vessel components [See footnote 2]
3	P	airborne refuelling equipment, aircraft military communications equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircraft head-up/down displays, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military guidance/navigation equipment
4	P	components for military support aircraft
5	P	components for combat aircraft [See footnote 12]
6	P	machine guns
7	P	anti-riot/ballistic shields, body armour, bomb suits, civil body armour, components for all-wheel drive vehicles with ballistic protection, components for anti-riot/ballistic shields, components for body armour, components for bomb suits, components for civil body armour, components for military combat vehicles, components for military helmets, components for military support vehicles, components for military trailers, components for tanks, components for turrets, general military vehicle components, military helmets, technology for all-wheel drive vehicles with ballistic protection, technology for anti-riot/ballistic shields, technology for body armour, technology for bomb suits, technology for civil body armour, technology for general military vehicle components, technology for military combat vehicles, technology for military helmets, technology for military support vehicles, technology for military trailers, technology for tanks, technology for turrets
8	P	guidance/navigation equipment [See footnote 5]
9	P	components for NBC protective/defensive equipment, NBC protective/defensive equipment
10	P	technology for unfinished products for military aero-engines, unfinished products for military aero-engines
11	P	weapon night sights
12	P	components for military aero-engines
13	P	general military vehicle components
14	P	hydrophones
15	T	military communications equipment, software enabling equipment to function as military communications equipment, technology for military communications equipment, technology for software enabling equipment to function as military communications equipment [See footnote 16]
16	P	software for modelling/simulating military operation scenarios, technology for software for modelling/simulating military operation scenarios
17	P	components for artillery
18	P	neutron generators, non-military detonators, non-military firing sets [See footnote 18]
19	P	components for aircraft military communications equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military communications equipment
20	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
21	P	inertial equipment [See footnote 39]
22	P	electromagnetic wave absorbing materials

23	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
24	P	devices containing enriched lithium
25	P	components for sporting shotguns, sporting shotguns [See footnote 21]
26	P	components for military aero-engines, military aero-engines, technology for military aero-engines
27	P	aircraft missile protection systems, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft carriers, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for bombs, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for counter-countermeasure equipment for military image intensifier equipment, components for counter-countermeasure equipment for military infrared/thermal imaging equipment, components for countermeasure equipment for military image intensifier equipment, components for countermeasure equipment for military infrared/thermal imaging equipment, components for decoying/countermeasure equipment, components for developmental missile components, components for electronic countermeasure equipment, components for fire location equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for military aircraft head-up/down displays, components for military auxiliary/support vessels, components for military combat vehicles, components for military helicopters, components for military infrared/thermal imaging equipment, components for military patrol/assault craft, components for military support aircraft, components for military support vehicles, components for military training aircraft, components for military underwater remotely operated vehicles, components for multi-role missiles, components for naval electrical/electronic equipment, components for naval gun installations/mountings, components for periscopes, components for rangefinding equipment, components for recognition/identification equipment, components for submarines, components for surface launched rockets, components for surface-to-air missiles, components for tanks, components for targeting equipment, components for torpedoes, components for turrets, components for weapon control equipment, components for weapon night sights, components for weapon sights, general military aircraft components, general military vehicle components, general naval vessel components, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft carriers, technology for attack alerting/warning equipment, technology for bombs, technology for combat aircraft, technology for combat helicopters, technology for combat naval vessels, technology for counter-countermeasure equipment for military image intensifier equipment, technology for counter-countermeasure equipment for military infrared/thermal imaging equipment, technology for countermeasure equipment for military image intensifier equipment, technology for countermeasure equipment for military infrared/thermal imaging equipment, technology for decoying/countermeasure equipment, technology for developmental missile components, technology for electronic countermeasure equipment, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military aircraft head-up/down displays, technology for military auxiliary/support vessels, technology for military combat vehicles, technology for military helicopters, technology for military infrared/thermal imaging equipment, technology for military patrol/assault craft, technology for military support aircraft, technology for military support vehicles, technology for military training aircraft, technology for military underwater remotely operated vehicles, technology for multi-role missiles, technology for naval electrical/electronic equipment, technology for naval gun installations/mountings, technology for periscopes, technology for rangefinding equipment, technology for recognition/identification equipment, technology for submarines, technology for surface launched rockets, technology for surface-to-air missiles, technology for tanks, technology for targeting equipment, technology for torpedoes, technology for turrets, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for fire location equipment, unfinished products for military aircraft head-up/down displays, unfinished products for military image intensifier equipment, unfinished products for military infrared/thermal imaging equipment, unfinished products for periscopes, unfinished products for rangefinding equipment, unfinished products for recognition/identification equipment, unfinished products for targeting equipment, unfinished products for weapon night sights, unfinished products for

		weapon sights
28	P	components for nuclear reactors, technology for nuclear reactors
29	P	information security equipment
30	P	components for nuclear reactors, nuclear reactors, technology for nuclear reactors
31	P	components for rifles, components for sniper rifles, components for sporting guns, gun silencers, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon sights
32	P	neutron generators
33	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for equipment for the operation of military aircraft in confined areas, components for military aero-engines, components for military aircraft ground equipment, components for military aircraft head-up/down displays, components for military aircraft pressure refuellers, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the operation of military aircraft in confined areas, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military electronic equipment, military guidance/navigation equipment [See footnote 28]
34	P	components for nuclear reactors, technology for nuclear reactors
35	T	components for military electronic equipment, components for military training equipment, components for projectile launchers, components for targeting equipment, military electronic equipment, military training equipment, projectile launchers, software for military electronic equipment, software for projectile launchers, software for targeting equipment, targeting equipment, technology for military electronic equipment, technology for military training equipment, technology for projectile launchers, technology for targeting equipment [See footnote 30]
36	P	anti-riot/ballistic shields, bomb suits, components for body armour, components for bomb suits, components for military helmets, military helmets [See footnote 31]
37	P	components for military guidance/navigation equipment, components for surface-to-surface missiles, technology for military guidance/navigation equipment, technology for surface-to-surface missiles, technology for unfinished products for surface-to-surface missiles, unfinished products for surface-to-surface missiles
38	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings, weapon control equipment
39	P	airborne refuelling equipment, components for airborne refuelling equipment, military aircraft ground equipment, technology for airborne refuelling equipment, technology for military aircraft ground equipment
40	P	triggered spark gaps
41	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military support aircraft, components for military training aircraft, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety

		equipment, military electronic equipment, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military support aircraft, technology for military training aircraft
42	P	components for combat aircraft, components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, general military aircraft components, military aero-engines, military aircraft ground equipment, software for environmental test facilities for military aero-engines, software for military aero-engines, technology for environmental test facilities for military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for unfinished products for military aero-engines, unfinished products for military aero-engines
43	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment
44	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
45	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment
46	P	aircraft military communications equipment, command communications control and intelligence software, command/control equipment for unmanned air vehicles, components for aircraft military communications equipment, components for command/control equipment for unmanned air vehicles, components for electronic warfare equipment, components for equipment for the use of targeting equipment, components for equipment for the use of weapon control equipment, components for global navigation satellite systems jamming equipment, components for launching/ground support equipment for unmanned air vehicles, components for military cameras/photographic equipment, components for military communications equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for radar equipment, components for rangefinding equipment, components for unmanned air vehicles, electronic warfare equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, global navigation satellite systems jamming equipment, launching/ground support equipment for unmanned air vehicles, military cameras/photographic equipment, military communications equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, radar equipment, software for aircraft military communications equipment, software for command/control equipment for unmanned air vehicles, software for electronic warfare equipment, software for launching/ground support equipment for unmanned air vehicles, software for military cameras/photographic equipment, software for military communications equipment, software for military guidance/navigation equipment, software for military image recording/processing equipment, software for military infrared/thermal imaging equipment, software for radar equipment, software for rangefinding equipment, technology for aircraft military communications equipment, technology for combat naval vessels, technology for command/control equipment for unmanned air vehicles, technology for equipment for the use of targeting equipment, technology for equipment for the use of weapon control equipment, technology for global navigation satellite systems jamming equipment, technology for launching/ground support equipment for unmanned air vehicles, technology for military cameras/photographic equipment, technology for military communications equipment, technology for military guidance/navigation equipment, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military radars, technology for radar equipment, technology for rangefinding equipment, technology for unmanned air vehicles, unmanned air vehicles

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	5	£21,108
Non-military	7	£284,571
Both Military and Non-military	4	£1,436,300
Total	16	£1,741,980

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£3,841
ML3	2	£5,717
ML10	1	£600
ML13	2	£10,950

body armour.  
 components for assault rifles.  
 components for body armour.  
 components for military support aircraft.  
 military helmets.  
 pistols (4).  
 small arms ammunition.  
 training small arms ammunition.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£216
1A004	1	£15,228
6A002	2	£34,777
6A003	3	£234,350

civil explosive detection/identification equipment.

deuterium compounds.  
 direct view imaging equipment (2 licences).  
 imaging cameras (3 licences).

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	4	£899,300
ML1	4	£537,000

imaging cameras (4 licences).  
 weapon night sights (4 licences).

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment
2	T	military support aircraft
3	P	aircraft cannons, command communications control and intelligence software, components for air launched rockets, components for air-to-air missiles, components for air-to-surface missiles, components for aircraft cannons, components for aircraft carriers, components for anti-aircraft guns, components for combat aircraft, components for combat helicopters, components for combat naval vessels, components for decoying/countermeasure equipment, components for depth charges, components for electronic warfare equipment, components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, components for launching/handling/control equipment for rockets, components for machine guns, components for military aero-engines, components for military auxiliary/support vessels, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military patrol/assault craft, components for military radars, components for military underwater remotely operated vehicles, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, components for naval guns, components for naval mines, components for periscopes, components for sensor integration equipment, components for submarines, components for surface launched rockets, components for surface-to-surface missiles, components for targeting equipment, components for torpedoes, components for weapon control equipment, components for weapon mountings, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, general military aircraft components, general naval vessel components, launching/handling/control equipment for missiles, military aero-engines, military radars, technology for air launched rockets, technology for air-to-air missiles, technology for air-to-surface missiles, technology for aircraft cannons, technology for combat aircraft, technology for combat helicopters, technology for depth charges, technology for electronic warfare equipment, technology for general military aircraft components, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for machine guns, technology for military aero-engines, technology for military electronic equipment, technology for military helicopters, technology for military radars, technology for torpedoes

**Country Footnotes**

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Uzbekistan

### Processing Statistics (excluding amendments)

Median processing time SIELs	23 days
% and number of SIELs completed in 20 working days	50% (1)

information security equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment [See footnote 2]
2	P	information security equipment [See footnote 3]

### Country Footnotes

1. EU Council Decision (CSFP) 2017/2074 and Council Regulation (EU) 2017/2063 were introduced in November 2017. It includes an asset freeze, travel ban and arms embargo, embargo on equipment that could be used for repression, and restrictions on monitoring equipment. Targeted restrictions should be imposed against those responsible for serious human rights violations or abuses or the repression of civil society and democratic opposition; or those whose actions, policies or activities otherwise undermine democracy or the rule of law in Venezuela.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for a diplomatic mission.
3. Licence granted for commercial end use.

 assault rifles (12) [See footnote 24].  
 assault rifles (16) [See footnote 14].  
 assault rifles (20) [See footnote 9].  
 assault rifles (23) [See footnote 15].  
 assault rifles (26) [See footnote 7].  
 assault rifles (32) [See footnote 28].  
 assault rifles (52) [See footnote 10].  
 assault rifles (58) [See footnote 27].  
 body armour (18 licences) [See footnotes 10, 13, 14, 15, 21, 22, 24, 25, 27, 30, 31, 7, 9].  
 components for assault rifles (10 licences) [See footnotes 10, 13, 14, 15, 24, 30, 7, 9].  
 components for body armour (16 licences) [See footnotes 10, 13, 14, 21, 22, 24, 25, 30, 31, 7, 9].  
 components for pistols (2 licences) [See footnotes 21, 23].  
 components for rifles (3 licences) [See footnotes 24, 25].  
 components for sporting guns (6 licences) [See footnotes 21, 22, 30, 31].  
 military helmets (18 licences) [See footnotes 10, 13, 14, 15, 21, 22, 24, 25, 27, 30, 31, 7, 9].  
 pistols (4) (2 licences) [See footnotes 21, 23].  
 promoting the supply of assault rifles (24) [See footnote 6].  
 promoting the supply of assault rifles (58) [See footnote 12].  
 promoting the supply of assault rifles (113) [See footnote 2].

promoting the supply of body armour (3 licences) [See footnotes 12, 2, 6].  
 promoting the supply of components for assault rifles (3 licences) [See footnotes 12, 2, 6].  
 promoting the supply of components for body armour (3 licences) [See footnotes 12, 2, 6].  
 promoting the supply of military helmets (3 licences) [See footnotes 12, 2, 6].  
 promoting the supply of small arms ammunition (3 licences) [See footnotes 12, 2, 6].  
 promoting the supply of weapon night sights (2 licences) [See footnotes 2, 6].  
 rifles (4).  
 rifles (16) (2 licences) [See footnotes 24, 25].  
 shotgun ammunition.  
 small arms ammunition (20 licences) [See footnotes 1, 10, 13, 14, 15, 21, 22, 23, 24, 25, 28, 30, 31, 7, 9].  
 smooth-bore weapons (1).  
 sporting guns (1) (2 licences) [See footnotes 27, 30].  
 sporting guns (4).  
 sporting guns (7).  
 sporting guns (12) [See footnote 22].  
 sporting guns (84) [See footnote 21].  
 sporting guns (91) [See footnote 31].

## Issued

accessories for military image intensifier equipment (16 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5].  
 accessories for military infrared/thermal imaging equipment (16 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5].  
 anti-armour ammunition (14 licences) [See footnotes 11, 16, 17, 18, 19, 20, 3, 32, 4, 5, 8].  
 assault rifles (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 blank/inert ammunition (11 licences) [See footnotes 16, 17, 18, 19, 20, 3, 4, 5].  
 body armour (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 bomb suits (2 licences) [See footnotes 11, 8].  
 components for anti-armour ammunition (10 licences) [See footnotes 16, 17, 18, 19, 20, 3, 4, 5].  
 components for assault rifles (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for blank/inert ammunition (10 licences) [See footnotes 16, 17, 18, 19, 20, 3, 4, 5].  
 components for body armour (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for bomb suits (2 licences) [See footnotes 11, 8].  
 components for flash suppressors (7 licences) [See footnotes 26, 29, 32].  
 components for gun mountings (5 licences) [See footnotes 26, 29, 32].  
 components for gun silencers (4 licences) [See footnotes 26, 29, 32].  
 components for machine guns (12 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 4, 5].  
 components for military helmets (16 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5].  
 components for military image intensifier equipment (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for military infrared/thermal imaging equipment (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for military shotguns (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for pistols (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for rifles (17 licences) [See footnotes 11, 16, 17, 18, 19, 20, 3, 32, 4, 5, 8].

components for shotgun ammunition (12 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 4, 5].  
 components for small arms ammunition (14 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 4, 5].  
 components for smooth-bore weapons (17 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for sniper rifles (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for sporting guns (17 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5].  
 components for sporting shotguns (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 components for tactical shotguns (16 licences) [See footnotes 11, 16, 17, 18, 19, 20, 3, 32, 4, 5].  
 components for tear gas/irritant ammunition (10 licences) [See footnotes 16, 17, 18, 19, 20, 3, 4, 5].  
 components for weapon night sights (5 licences) [See footnote 32].  
 components for weapon sights (3 licences) [See footnote 32].  
 flash suppressors (18 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 3, 32, 4, 5, 8].  
 gun mountings (16 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 3, 32, 4, 5, 8].  
 gun silencers (16 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 machine guns (12 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 4, 5].  
 magazines (2 licences) [See footnotes 11, 8].  
 military helmets (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 military image intensifier equipment (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 military infrared/thermal imaging equipment (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 military shotguns (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 pistols (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 rifles (17 licences) [See footnotes 11, 16, 17, 18, 19, 20, 3, 32, 4, 5, 8].  
 shotgun ammunition (17 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 small arms ammunition (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 smoke/pyrotechnic ammunition.  
 smooth-bore weapons (17 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 sniper rifles (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 sporting guns (17 licences) [See footnotes 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5].  
 sporting shotguns (19 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5, 8].  
 tactical shotguns (18 licences) [See footnotes 11, 16, 17, 18, 19, 20, 26, 29, 3, 32, 4, 5].  
 tear gas/irritant ammunition (10 licences) [See footnotes 16, 17, 18, 19, 20, 3, 4, 5].  
 technology for tactical shotguns (2 licences) [See footnotes 26, 29].  
 weapon night sights (17 licences) [See footnotes 11, 16, 17, 18, 19, 20, 3, 32, 4, 5, 8].  
 weapon sights (15 licences) [See footnotes 11, 16, 17, 18, 19, 20, 3, 32, 4, 5, 8].

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	12	£1,483,417
Non-military	54	£6,067,723
Total	66	£7,551,140

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£119,240

ML2	1	£2,000
ML3	2	£4,676
ML5	3	£370,355
ML9	1	£153,590
ML10	2	£6,946
ML11	1	£6,776
ML13	1	£5,494
ML15	2	£810,000
ML18	1	£840
ML22	1	£3,500

- anti-armour ammunition [See footnote 3].
- ballistic test equipment (2 licences).
- blank/inert ammunition.
- body armour.
- bomb suits.
- components for military aero-engines [See footnote 4].
- components for military support aircraft.
- equipment for the use of military sonars.
- military helmets.
- T military image intensifier equipment (2 licences) [See footnotes 5, 6].
- T military infrared/thermal imaging equipment (2 licences) [See footnotes 5, 6].
- naval electrical/electronic equipment.
- projectile launchers.
- T rangefinding equipment (2 licences) [See footnotes 5, 6].
- technology for military radars [See footnote 14].
- weapon mountings.
- T weapon night sights (2 licences) [See footnotes 5, 6].
- T weapon sights (2 licences) [See footnotes 5, 6].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£19,220
1C006	2	£242,800
1C240	1	£1,500,000
1C351	6	£7,291
1C353	8	£2,697
2B350	3	£13,069
5A001	2	£199,500
5A002	14	£300,409
5D002	8	£1,500
5E002	1	£60
6A001	1	£0
6A003	4	£37,344
6A005	1	£1,256,316
6A008	1	£120,000
7A003	1	£33,140
7A103	3	£1,833,500
8A002	4	£328,118
8D001	1	£2,000
PL8001	1	£170,760

- bacteria (3 licences).
- civil explosive detection/identification equipment.
- components for submersible vehicles.
- corrosion resistant chemical manufacturing equipment (3 licences).
- counter-improvised explosive device equipment.
- electronics cooling fluids (2 licences).
- explosives detection equipment.
- imaging cameras (4 licences) [See footnotes 13, 7].

- Rv inertial equipment (4 licences) [See footnotes 17, 19].
- information security equipment (14 licences).
- lasers.
- marine position fixing equipment.
- nickel powders.
- pathogenic genetic elements (8 licences).
- radar equipment.
- software for information security equipment (8 licences) [See footnote 12].
- software for submersible vehicle control systems.
- submersible equipment (2 licences).
- submersible vehicle control systems.
- technology for information security equipment.
- T telecommunications interception equipment [See footnote 1].
- toxins (3 licences).

Rv - Some or all of which have subsequently been revoked.

### Refused

	Count
Non-military	4
Total	4

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
5A001	4
5D001	1
5E001	1

- components for telecommunications interception equipment.
- software for telecommunications interception equipment.
- technology for telecommunications interception equipment.
- telecommunications interception equipment (4 licences).

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
2	4
7	1

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	4	£1,548,863
Total	4	£1,548,863

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A005	1	£23,863
7A103	3	£1,525,000

Rv inertial equipment (3 licences).  
laser electro-optical components.

Rv - Some or all of which have subsequently been revoked.

The items being incorporated in this destination are ultimately destined for all or some of the following:

China  
Russia

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 10]
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 8]
3	P	information security equipment [See footnote 9]
4	P	information security equipment
5	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 15]
6	P	underwater telecommunications systems [See footnote 16]
7	P	artillery, artillery ammunition, components for artillery, components for equipment for the production of naval gun installations/mountings, components for equipment for the use of naval gun installations/mountings, components for fire location equipment, components for heavy machine guns, components for machine guns, components for military cameras/photographic equipment, components for military infrared/thermal imaging equipment, components for naval gun installations/mountings, components for naval guns, components for targeting equipment, components for weapon control equipment, equipment for the production of naval gun installations/mountings, equipment for the use of fire location equipment, equipment for the use of naval gun installations/mountings, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, fire location equipment, heavy machine guns, machine guns, military cameras/photographic equipment, military infrared/thermal imaging equipment, naval gun installations/mountings, naval guns, small arms ammunition, software for modelling/simulating/evaluating weapon systems, software for naval gun installations/mountings, targeting equipment, technology for naval gun installations/mountings, unfinished products for naval gun installations/mountings,

		weapon control equipment
8	P	technology for biotechnology equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	inertial equipment
2	P	inertial equipment

### SITCLs

Source	Issued	Refused	Revoked
Canada	2	0	0
South Africa	1	0	0
United States of America	1	0	0

### Issued

body armour [See footnote 2].  
bomb suits [See footnote 2].  
military equipment for initiating explosives [See footnote 11].  
military helmets [See footnote 2].  
weapon night sights (2 licences).

### OITCLs

### Issued

bomb suits [See footnote 18].  
components for body armour [See footnote 18].  
components for bomb suits [See footnote 18].  
military helmets [See footnote 18].  
promoting the supply of military diving apparatus.

### Rejected

promoting the supply of air-to-surface missiles.  
promoting the supply of aircraft cannon ammunition.  
promoting the supply of aircraft machine guns.  
promoting the supply of aircraft missile protection systems.  
promoting the supply of anti-aircraft ammunition.  
promoting the supply of anti-armour ammunition.  
promoting the supply of machine guns.  
promoting the supply of rangefinding equipment.  
promoting the supply of small arms ammunition.

promoting the supply of surface-to-surface missiles.  
 promoting the supply of targeting equipment.

### Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
2. Licence granted for explosive detection / disposal purposes.
3. Licence granted for testing and evaluation by the potential end user.
4. Licence granted for energy exploration / generation purposes. Commercial end use.
5. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
6. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
7. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Diplomatic mission end use.
9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
10. Licence granted for energy exploration / generation purposes.
11. Licence granted for humanitarian / international organisation / media end use.
12. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
13. Licence granted for disaster / emergency response purposes.
14. Licence granted for research and development purposes, including academic and medical. Commercial end use.
15. Licence granted for commercial end use.
16. Licence granted for commercial end use.
17. Licence granted for commercial end use.
18. Licence granted for explosive detection / disposal purposes.
19. Licence granted for commercial end use.

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	7	£319,195
Non-military	2	£106,292
Both Military and Non-military	1	£282,900
Total	10	£708,387

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£22,500
ML13	6	£296,695

armoured plate [See footnote 11].  
body armour (5 licences) [See footnotes 1, 13, 2, 5, 8].  
components for body armour (5 licences) [See footnotes 1, 13, 2, 5, 8].  
military helmets (5 licences) [See footnotes 1, 13, 2, 5, 8].  
military trailers [See footnote 12].

#### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£105,631
3D225	1	£661

civil explosive detection/identification equipment [See footnote 3].  
software for frequency changers [See footnote 14].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A006	1	£14,400
1A007	1	£10,000
ML4	1	£202,000
ML13	1	£47,500
PL8001	1	£9,000

body armour [See footnote 10].  
devices for initiating explosives [See footnote 10].  
improvised explosive device disruptors [See footnote 10].  
munitions/ordnance detection/disposal equipment [See footnote 10].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 6]
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software, technology for software for information security equipment [See footnote 7]

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software
3	P	underwater telecommunications systems

#### SITCLs

Source	Issued	Refused	Revoked
Djibouti	2	0	0
Jordan	1	0	0

## Issued

components for sporting guns.  
munitions/ordnance detection/disposal equipment [See footnote 9].

promoting the supply of air-to-surface missiles.  
promoting the supply of aircraft cannon ammunition.  
promoting the supply of aircraft machine guns.  
promoting the supply of aircraft missile protection systems.  
promoting the supply of anti-aircraft ammunition.  
promoting the supply of anti-armour ammunition.  
promoting the supply of machine guns.  
promoting the supply of rangefinding equipment.  
promoting the supply of small arms ammunition.  
promoting the supply of surface-to-surface missiles.  
promoting the supply of targeting equipment.

## Country Footnotes

1. UN Security Council Resolution 2216 (2015) established a targeted arms embargo to prevent the direct or indirect supply, sale or transfer to, or for the benefit of designated individuals and entities and those acting on their behalf or at their direction in Yemen, of arms and related material of all types, and of technical assistance, training, financial assistance or other assistance related to military activities or the provision, maintenance or use of any arms and related material. This adds to earlier resolution 2140 (2014) establishing asset freezes and travel bans of designated individuals and entities. The EU implements these measures through Council Decision (CFSP) 2015/882, as amended; as well as Council Regulation (EU) 2015/878, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

UNSCR 2511 contains a humanitarian exemption to assist the work of the UN and other humanitarian organisations operating in Yemen or for any other purpose connected with UNSCRs 2140 and 2216.

## Case & goods Footnotes

### Country Footnotes

1. Restrictions currently in force with respect to Zimbabwe are set out in Council Decision 2011/101/CFSP, as amended, and Council Regulation No. 314/2004, as amended. These include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.
