International Trade

**Strategic Export Controls: Country  
Pivot Report**

1st January 2019 - 31st March  
2019

January 2024

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st January 2019 and 31st March 2019. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spreadsheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spreadsheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
General	OGELs	Not applicable
Individual	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for goods covered by the torture regulation** (see "Licence types and subtypes") concern trade in certain equipment and products which could be used for capital punishment torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for goods covered by the torture regulation are therefore not

included in the count of non-military goods for other SIEL subtypes.

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4) or Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees*. Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs**.

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by the torture regulation.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by the torture regulation** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by the torture regulation are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

# Reporting

## Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

## Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

<b>Issued licences for a given destination</b>	<b>Control Entries applied to goods on licence</b>
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	3342	3297	45	0
- Permanent Standard	2742	2698	44	0
- Temporary Standard	199	199	0	0
- Transshipment	0	0	0	0
- Incorporation	396	395	1	0
- For goods covered by the torture regulation (Permanent or Temporary)	5	5	0	0
SITCLs	35	35	0	0
OIELs	86	74	11	1
- Standard	75	63	11	1
- Dealer-to-dealer	6	6	0	0
- Cryptographic	5	5	0	0
- Media	0	0	0	0
- Continental Shelf	0	0	0	0
Global Project Licences	0	0	0	0
OITCLs	2	2	0	0

### Table notes for licensing statistics table:

SIEL and OIEL sub-types are mutually exclusive. SIEL Transshipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.

## Overall Processing Statistics

### Processing statistics covering the period 1st January 2019 to 31st March 2019

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	3343	79	3934	93	11 days
- Permanent Standard	2864	81	3358	95	11 days
- Temporary Standard	195	85	223	97	10 days
- Transhipment	4	100	4	100	5 days
- Incorporation	279	66	345	82	14 days
- For goods covered by the torture regulation (Permanent or Temporary)	1	20	4	80	31 days
SITCLs	39	64	59	97	16 days
OIELs	29	28	60	58	50 days
- Standard	13	15	41	48	63 days
- Dealer-to-dealer	7	100	7	100	5 days
- Cryptographic	7	70	10	100	7 days
- Media	1	100	1	100	3 days
- Continental Shelf	1	100	1	100	1 day
Global Project Licences	n/a	n/a	n/a	n/a	n/a
OITCLs	5	56	6	67	6 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Virtual EU	0	0	0
EU GEA 2019/125	0	0	0
Open General Export Licence (Export of Dual-Use items to EU Member States)	470	0	0

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£47,455
Non-military	1	£66,363
Total	3	£113,818

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£42,000
ML6	1	£5,455

military support vehicles [See footnote 2].  
munitions/ordnance detection/disposal equipment [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
---------------	--	-------

5A002	1	£66,337
5D002	1	£27

information security equipment.  
software for information security equipment.

#### SITCLs

Source	Issued	Refused	Revoked
Bulgaria	1	0	0
United States of America	1	0	0

#### Issued

artillery ammunition [See footnote 3].  
assault rifles (170).  
components for assault rifles.  
components for pistols.  
exploding grenade ammunition [See footnote 3].  
machine guns (10).  
pistols (100).

#### Country Footnotes

- Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2255 (2015), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.

#### Case & goods Footnotes

- Licence granted for humanitarian end use.
- Licence granted for Military (Army) end user.
- Licence granted for Military (Army) end user.

## Albania

Source	Issued	Refused	Revoked
Brazil	1	0	0

#### Issued

promoting the supply of assault rifles (1).  
promoting the supply of machine guns (1).  
promoting the supply of pistols (1).

#### Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

inertial equipment [See footnote 2].  
laser optical components.  
pathogenic genetic elements.  
small arms ammunition [See footnote 1].

#### Country Footnotes

1. On 20 June 2011 the EU adopted additional restrictions against Belarus, including prohibitions on the supply of arms and related material, as well as on equipment which might be used for internal repression. Restrictive measures currently in force with respect to Belarus are set out in Council Decision 2012/642/CFSP, as amended; as well as Council Regulation (EC) No 765/2006, as amended. Through Council Decision 2018/280, EU Member States may export certain types of small-calibre sporting rifles, small-calibre sporting pistols and small calibre ammunition, exclusively for use in sports events or sports training, or technical assistance or brokering services, financing or financial assistance related. This will be a limited number and without prejudice to the applicable licensing provisions. Member States shall notify other Member States and the Commission of its intention to grant an authorisation, at least 10 days prior to the authorisation.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
2. Licence granted for commercial end use.

1	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
2	P	information security equipment, information security software

## Bolivia

### Processing Statistics (excluding amendments)

Median processing time SIELs	145 days
% and number of SIELs completed in 20 working days	0% (0)
% and number of SIELs completed in 60 working days	0% (0)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	81 days
------------------------------	---------

% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	1	£14,300
Total	1	£14,300

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£14,300

body armour.  
components for body armour.  
military helmets.

### **OIELs (excluding Other OIELs)**

#### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition

Rv - Some or all of which have subsequently been revoked.

## **Bosnia and Herzegovina**

##### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression.

All licences for this destination were approved in accordance with the sanctions in place.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	4	£446,016
Non-military	4	£441,704
Total	8	£887,720

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£288,740
ML10	1	£33,175
ML13	2	£124,101

body armour (2 licences) [See footnote 1].  
 components for body armour (2 licences) [See footnote 1].  
 components for military support vehicles [See footnote 2].  
 military aero-engines [See footnote 3].  
 military helmets (2 licences) [See footnote 1].  
 military support vehicles [See footnote 2].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£296,000
5A002	3	£145,704

civil NBC protection clothing.  
 information security equipment (3 licences) [See footnote 4].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, technology for information security equipment, technology for information security software
2	P	information security equipment, technology for information security equipment

### Country Footnotes

1. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2360 (2017) which extended the arms embargo until 1 July 2018, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
2. Licence granted for humanitarian / international organisation / media end use.
3. Licence granted for humanitarian / international organisation / media end use.
4. Licence granted for equipment to improve broadband connectivity. Government end use.

## Denmark

### Country Footnotes

1. UN Security Council Resolution 1907 (2009) established an arms embargo on Eritrea. UNSCR 2111 (2013) consolidated exemptions to the arms embargo for non-lethal military equipment intended solely for humanitarian or protective use, as approved on case-by-case basis in advance by the Security Council Committee pursuant to resolutions 751 (1992) on Somalia and 1907 (2009); and protective clothing, including flak jackets and military helmets, temporarily exported to Eritrea by United Nations personnel, representatives of the media and humanitarian and development workers and associated personnel for their personal use only.

Following the adoption of the UN arms embargo, the EU adopted Council Decision 2010/127/CFSP on 1 March 2010 amended by 2010/414/CFSP and 2012/632/CSFP. The Council Regulation (EU) No 667/2010, was amended by No 942/2012 and No 517/2013.

All exports for this destination were approved in accordance with the sanctions in place.

Total	4	£41,560

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£37,405
1C351	1	£1,224
3A001	1	£291
5A002	1	£2,640

bacteria.  
civil explosive detection/identification equipment.  
information security equipment.  
oscillators.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.
--

No.	Type	Goods Summary
1	P	information security equipment, information security software, technology for information security equipment, technology for information security software
2	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
3	P	information security equipment, technology for information security equipment
4	P	information security equipment, information security software, technology for information security equipment, technology for information security software [See footnote 1]

#### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.

## Falkland Islands

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	78	£9,560,823
Non-military	12	£572,183
Both Military and Non-military	3	£67,191
Total	93	£10,200,197

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	12	£114,486
ML3	4	£154,370
ML4	14	£252,375
ML5	5	£744,595
ML6	8	£337,923
ML7	1	£61,900
ML9	1	£5,000,000
ML10	7	£168,524
ML11	8	£723,743
ML13	7	£467,536
ML15	3	£634,492
ML16	4	£885,562
ML18	4	£13,116
ML22	8	£2,200

- anti-armour ammunition.
- armoured plate (3 licences).
- assault rifles (3).
- blank/inert ammunition.
- components for air-to-air missiles (7 licences).
- T components for air-to-surface missiles (2 licences).
- components for assault rifles.
- components for body armour (4 licences).
- components for combat aircraft (2 licences).
- components for decoying/countermeasure equipment (3 licences).
- components for launching/handling/control equipment for missiles.
- components for military aero-engines.
- components for military combat vehicles (2 licences).
- components for military electronic equipment.
- components for military guidance/navigation equipment (5 licences).
- components for military helicopters.
- T components for military helicopters.

- components for military infrared/thermal imaging equipment (2 licences).
- components for military radars.
- components for military support aircraft (2 licences).
- components for NBC protective/defensive equipment.
- components for small arms ammunition.
- components for sniper rifles (3 licences).
- T components for tanks.
- components for targeting equipment.
- components for torpedoes.
- equipment for the production of military aero-engines (4 licences).
- equipment for the use of electronic countermeasure equipment.
- equipment for the use of military electronic equipment.
- general military vehicle components.
- gun silencers (3 licences).
- T military auxiliary/support vessels.
- military electronic equipment (2 licences).
- military helmets (3 licences).
- T military infrared/thermal imaging equipment.
- military support vehicles.
- T military support vehicles (2 licences).
- pistols (1).
- rangefinding equipment.
- rifles (7).
- small arms ammunition (2 licences).
- smooth-bore weapons (21).
- sniper rifles (1) (2 licences).
- sporting guns (5).
- sporting shotguns (1).
- T tanks.
- targeting equipment.
- technology for air-to-surface missiles.
- technology for aircraft carriers.
- technology for combat aircraft.
- technology for military aero-engines (2 licences).
- technology for military aircrew safety equipment.
- technology for military parachutes.
- technology for military training aircraft.
- technology for multi-role missiles.
- technology for sniper rifles.
- unfinished products for air-to-surface missiles.
- unfinished products for combat aircraft.
- unfinished products for military aero-engines (2 licences).
- T weapon night sights.
- weapon sights.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C001	1	£475
0C002	1	£0
0E001	1	£0
1C233	1	£7,588

6A001	2	£64,799
9A010	1	£132,000
PL9002	1	£1
PL9011	4	£251,395

- components for spacecraft and launch vehicles.
- devices containing enriched lithium manufactures.
- hydrophones (2 licences).
- materials containing enriched uranium.
- materials containing plutonium-239.
- materials containing thorium.
- T neutron generators.

non-military energetic materials.  
rifles (1).  
sporting guns (1).  
sporting shotguns (1).  
sporting shotguns (5).  
technology for materials containing enriched uranium.  
technology for materials containing plutonium-239.  
technology for nuclear reactor fuel element fabrication equipment.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£54,950
ML1	2	£3,330
ML7	1	£4,172
PL9011	2	£4,739

T civil explosive detection/identification equipment.  
T civil NBC detection systems.  
T components for NBC detection equipment.  
rifles (2).  
sporting guns (13).  
sporting guns (28).  
sporting shotguns (34).  
sporting shotguns (67).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	50	£60,685,072
Total	50	£60,685,072

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	9	£1,128,541
ML5	11	£626,928
ML6	3	£24,441
ML9	1	£400,830

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	45	£7,618,772
Total	45	£7,618,772

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	5	£6,054,780
ML5	5	£45,298
ML9	1	£35,500
ML10	32	£1,315,588
ML11	1	£22,080
ML16	1	£143,495
ML22	4	£2,030

- components for air defence systems.
- components for attack alerting/warning equipment.
- components for combat aircraft (18 licences) [See footnotes 1, 3].
- components for combat helicopters.
- components for decoying/countermeasure equipment.
- components for launching/handling/control equipment for air-to-air missiles.
- components for military aero-engines (8 licences) [See footnotes 2, 5].
- components for military equipment for initiating explosives.

components for military guidance/navigation equipment.  
 components for military helicopters.  
 components for military radars (2 licences).  
 components for military support aircraft (2 licences).  
 components for periscopes.  
 components for submarines.  
 components for surface-to-air missiles.  
 components for weapon control equipment.  
 general military aircraft components (2 licences).  
 technology for air defence systems.  
 technology for combat aircraft (3 licences).  
 unfinished products for combat aircraft.

#### **SIELs for goods covered by the torture regulation**

##### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£10,914
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
<b>Total</b>	<b>1</b>	<b>£10,914</b>

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£10,914

shackles.

#### **OIELs (excluding Other OIELs)**

##### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
2 (Rv)	P	small arms ammunition
3	P	chemicals used for industrial/commercial processes

Rv - Some or all of which have subsequently been revoked.

#### Case & goods Footnotes

1. Licence granted for humanitarian / international organisation / media end use.
2. Licence granted for explosive detection / disposal purposes.

#### Country Footnotes

1. Following the implementation of the Joint Comprehensive Plan of Action, the flow of certain goods and services to Iran that were previously prohibited are now permitted. The restrictions currently in force with respect to Iran (counter proliferation) are set out in Council Decision 2010/413/CFSP, as amended, and EU Council Regulation (EU) No 267/2012, as amended. Measures include an arms embargo, which has one exemption for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

All exports for this destination were approved in accordance with the sanctions in place.

2. On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, and Council Regulation (EU) No 359/2011, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for energy exploration / generation purposes. Commercial end use.

 promoting the supply of weapon night sights.  
 promoting the supply of weapon sights.

## Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004). This is implemented in the EU with Common Position 2003/495/CFSP, as amended, Council Regulation (EC) No 1210/2003, as amended, and Council Regulation (EEC) No 3541/92.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for energy exploration / generation purposes. Commercial end use.
2. Licence granted for energy exploration / generation purposes.
3. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
4. Licence granted for energy exploration / generation purposes. Commercial end use.
5. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
6. Licence granted for public services (Government) end use.
7. Licence granted for commercial end use.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
9. Licence granted for research and development purposes, including academic and medical. Public Services (Government) end use.

United States of America  
Zambia

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	technology for air-to-air missiles, technology for combat aircraft, technology for military aero-engines
4	P	military image intensifier equipment, targeting equipment
5	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
6	P	components for NBC protective/defensive equipment
7	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
8	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
9	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
10	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
11	P	towed hydrophone arrays
12	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary

1	P	technology for air-to-surface missiles, technology for equipment for the use of air-to-surface missiles, technology for launching/handling/control equipment for missiles, technology for military electronic equipment, technology for military software, technology for military training equipment, technology for software for air-to-surface missiles, technology for software for combat aircraft, technology for software for equipment for the use of air-to-surface missiles, technology for software for launching/handling/control equipment for missiles, technology for software for military electronic equipment, technology for software for military training equipment, technology for software for weapon system software
---	---	--

#### Case & goods Footnotes

1. Licence granted for a Military end user.
2. Licence granted for components / accessories / spare parts.
3. Licence granted for components / accessories / spare parts.

## Ivory Coast

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	80% (4)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	4	£24,403
Total	4	£24,403

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£2,722
5A002	2	£16,777
PL8001	1	£4,904

deuterium compounds.  
 devices for initiating explosives.  
 information security equipment (2 licences) [See footnote 1].

#### Case & goods Footnotes

1. Licence granted for commercial end use.

## Jamaica

## Processing Statistics (excluding amendments)

Median processing time SIELs	21 days
% and number of SIELs completed in 20 working days	50% (1)

1	P	information security equipment, technology for information security equipment

### Country Footnotes

1. UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) 2095 (2013) and 2362 (2017). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

UNSCR 2017/2362 states that the authorisation to inspect designated high seas vessels found in UNSCR 2146 (2014) shall apply with respect to vessels loading, transporting, or discharging petroleum, including crude oil and refined petroleum products, illicitly exported or attempted to be exported from Libya.

EU Council Decision (CFSP) 2011/137, as amended, and Council Regulation (EU) 2016/446, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

Common Position 2004/698/CFSP, as amended, and Council Regulation (EC) No 3275/1993, as amended, are also in place.

All exports for this destination must be in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for humanitarian / international organisation / media end use.
2. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
3. Licence granted for public services (Government) end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£7,139
Total	1	£7,139

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£7,139

body armour [See footnote 1].  
components for body armour [See footnote 1].  
military helmets [See footnote 1].

#### Country Footnotes

1. United Nations Security Council Resolution 2374 (2017) was adopted in September 2017 establishing a sanctions regime on Mali which imposes travel bans and assets freezes on individuals and entities engaged in activities that threaten the peace, security or stability of the country.

The EU implements this sanctions regime via Council Decision (CFSP) 2017/1775 and Council Regulation (EU) 2017/1770.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

## Country Footnotes

1. Restrictions currently in force with respect to Myanmar are set out in Council Decision 2013/184/CFSP, as amended; these include an embargo on the provision of arms and related material, on the export of dual-use goods for military and Border Guard Police end users, as well as of equipment that might be used for internal repression, including the export of equipment for monitoring communications as specified in Annex I to Council Regulation (EU) No 401/2013, as amended. Also the technical assistance, and financing or financial assistance related to military activities are also prohibited, and there are restrictions on military training and cooperation.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Civilian / commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£10,900
Non-military	11	£3,962,630
Total	12	£3,973,530

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£10,900

body armour [See footnote 2].  
 components for body armour [See footnote 2].  
 military helmets [See footnote 2].

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£53,538
1A005	1	£2,208
1C353	1	£3
2B350	1	£21,777
5A002	5	£545,944
5D002	1	£200
5E002	1	£960
7A003	1	£15,000
PL8001	1	£3,323,000

civil body armour.  
 civil explosive detection/identification equipment.  
 corrosion resistant chemical manufacturing equipment.  
 explosives detection equipment.  
 inertial equipment.  
 information security equipment (5 licences) [See footnote 1].  
 pathogenic genetic elements.  
 software for information security equipment.  
 technology for information security equipment.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment
2	P	information security equipment, information security software, technology for information security equipment, technology for information security software
3	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
4	P	information security equipment, technology for information security equipment
5	P	information security equipment, information security software, technology for information security equipment, technology for information security software [See footnote 3]

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for testing and evaluation by the potential end user. Commercial end use.
3. Licence granted for civilian / commercial end use.

## Non Specific Country

### Processing Statistics (excluding amendments)

Median processing time OITCLs	6 days
% and number of OITCLs completed in 20 working days	100% (1)
% and number of OITCLs completed in 60 working days	100% (1)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

## North Macedonia

### Processing Statistics (excluding amendments)

Median processing time SIELs	6 days
% and number of SIELs completed in 20 working days	100% (2)
% and number of SIELs completed in 60 working days	100% (2)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	42 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	100% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£147,136
Total	1	£147,136

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£147,136

information security equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	bismuth, magnesium

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Norway

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	91% (30)
% and number of SIELs completed in 60 working days	100% (33)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	11 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	69 days
% and number of OIELs completed in 20 working days	17% (2)
% and number of OIELs completed in 60 working days	42% (5)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	11	£471,588,709
Non-military	6	£593,577
Both Military and Non-military	3	£145,160
Total	20	£472,327,446

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£595,000
ML3	1	£13,313
ML4	2	£122,857
ML7	1	£10,484
ML9	1	£2,506
ML10	2	£470,155,409
ML11	1	£2,700

ML15	1	£36,441
ML17	1	£350,000
ML22	1	£300,000

anti-armour ammunition.  
 components for combat aircraft.  
 components for military equipment for initiating explosives.  
 components for military image intensifier equipment.  
 components for sniper rifles.  
 components for surface-to-surface missiles.  
 T electronic warfare equipment.  
 general naval vessel components.  
 military helicopters.  
 NBC protective/defensive equipment.  
 small arms ammunition.  
 technology for test models for surface-to-surface missiles.  
 test models for surface-to-surface missiles.  
 weapon sights.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C001	1	£3
1C351	1	£145
2B350	1	£1,880
6A001	1	£582,049
FR AI	2	£9,500

corrosion resistant chemical manufacturing equipment.  
 hydrophones.  
 T natural uranium.  
 sporting guns (1).  
 sporting shotguns (1).  
 toxins.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£71,000
FR AI	2	£17,000
ML1	2	£41,500
ML7	1	£15,660

T assault rifles (2).  
 T civil explosive detection/identification equipment.  
 T civil NBC detection systems.  
 T components for NBC detection equipment.  
 T machine guns (2).  
 T NBC detection equipment.  
 T pistols (18).  
 sporting guns (1).  
 sporting shotguns (2).  
 T sporting shotguns (4).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	10	£497,842
Total	10	£497,842

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	7	£411,943
ML10	2	£25,059
ML17	1	£60,840

components for command/control equipment for unmanned air vehicles (2 licences).  
 components for launching/handling/control equipment for missiles (3 licences).  
 components for surface-to-surface missiles (3 licences).  
 launching/handling/control equipment for missiles.  
 signature suppression fittings/coatings/treatments for military use.

The items being incorporated in this destination are ultimately destined for all or some of the following:

France  
 Indonesia  
 Malaysia  
 Oman  
 Poland  
 United States of America

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£223
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£223

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£223

barbiturate anaesthetic agents for injection.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4 (Rv)	P	small arms ammunition
5	P	weapon sights
6	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
7	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
8	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
9	P	towed hydrophone arrays
10	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft

18. Licence granted for commercial end use.
19. Licence granted for commercial end use.
20. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.
21. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).

# Panama

## Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	67% (4)
% and number of SIELs completed in 60 working days	83% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£31,766
Non-military	2	£12,907
Both Military and Non-military	1	£17,800
Total	5	£62,473

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	2	£31,766

body armour (2 licences) [See footnote 1].  
 components for body armour (2 licences) [See footnote 1].  
 military helmets (2 licences) [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£907
6A003	1	£12,000

T deuterium compounds.  
 imaging cameras.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A005	1	£4,000
ML13	1	£13,800

bomb suits.  
civil body armour.  
components for bomb suits.  
military helmets.

#### Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

## Papua New Guinea

### Processing Statistics (excluding amendments)

Median processing time SIELs	6 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£192,421
Total	1	£192,421

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£192,421

components for military support vehicles [See footnote 1].

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for commercial end use.

### Case & goods Footnotes

1. Licence granted for personal protective equipment. Law enforcement agency end use.

## Republic of Congo

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£27,600
Total	1	£27,600

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£27,530
5D002	1	£70

information security equipment.  
information security software.

## Republic of Guinea

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£3,000
Total	1	£3,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
7A001	1	£3,000

accelerometers.

#### Country Footnotes

1. Restrictions currently in force with respect to Guinea are set out in Council Decision 2010/638/CFSP, as amended; these include an embargo on the provision of technical and financial assistance and other services related to military equipment, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 1284/2009, as amended, with exemptions for certain humanitarian, protective and UN or EU end uses. Amendments to Council Decision 2010/638/CFSP in 2011 and 2012 introduce further exemptions for the supply of non-lethal equipment to be used for maintaining public order by the police and gendarmerie in Guinea, for the return of non-combat helicopters to Guinea, and for the provision of explosives and related equipment intended solely for civilian use in mining and infrastructure investments. In April 2014, Council Decision 2014/213/CFSP, as amended, lifts the arms embargo though measures against individuals remain in place.

All exports for this destination were approved in accordance with the sanctions in place.

## Republic of Moldova

### Processing Statistics (excluding amendments)

Median processing time SIELs	18 days
% and number of SIELs completed in 20 working days	67% (2)
% and number of SIELs completed in 60 working days	100% (3)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

##### Issued

Types of goods on licence	No. of licences	Value
Military	3	£34,324
Total	3	£34,324

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	2	£27,064
PL5001	1	£7,260

anti-riot/ballistic shields.  
components for NBC detection equipment (2 licences) [See footnotes 1, 2].

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for government end use.
2. Licence granted for government end use.

## Romania

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, technology for information security equipment, technology for information security software
2	P	information security equipment, technology for information security equipment

### Country Footnotes

1. The United Nations imposed embargo on Sierra Leone was lifted on 29 September 2010 with the adoption of UN Security Council resolution 1940. The European Union also lifted EU-imposed sanctions in November 2010. The national implementing legislation on Sierra Leone is however still in force.

All licences for this destination were approved in accordance with the sanctions in place.

 improvised explosive device disruptors [See footnote 2].  
 military helmets [See footnote 3].  
 munitions/ordnance detection/disposal equipment (2 licences) [See footnotes 2, 3].

### Country Footnotes

1. UN Security Council Resolution 2142 (2014) continues the embargo on the supply of arms and related material. The embargo no longer applies to military equipment intended solely for the development of the Security Forces of the Federal Government of Somalia, providing the UN Sanctions Committee is notified in advance.

The arms embargo on Somalia shall not apply to deliveries of weapons, ammunition or military equipment or the provision of advice, assistance or training, intended solely for the development of the Somali National Security Forces.

The entry into Somali ports for temporary visits of vessels carrying arms and related materiel for defensive purposes does not amount to a delivery of such items in violation of the arms embargo on Somalia, provided that such items remain at all times aboard such vessels

Exemptions to the embargo authorise supplies of non-lethal military equipment intended solely for humanitarian or protective use, weapons and military equipment for the support or use by UN personnel or strategic partners of AMISOM, supplies for use by UN member states to combat piracy and supplies intended for the development of Somali security sector institutions.

The EU implements this UN sanction regime via Council Decision 2010/231/CFSP, as amended, Council Regulation (EU) No 356/2010, as amended and Council Regulation (EC) No 147/2003, as amended

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
3. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

### Country Footnotes

1. EU Council Decision (CFSP) 2015/740, as amended and Council Regulation (EU) 2015/735, as amended, transpose UNSCR 2206 (2015). This provides for restrictive measures in the form of travel restrictions and asset freezes that may be applied in relation to persons and entities designated by the Security Council Committee.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

On 13 July 2018, UN Security Council Resolution 2428 (2018), established an embargo on the supply of arms and related material to South Sudan. Exemptions exist for equipment intended for the support of or use by UN personnel, humanitarian use, in support of the African Union Regional Task Force intended solely for regional operations to counter the Lords Resistance Army and intended solely in support of the implementation of the terms of the peace agreement.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

## Spain

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	53	£935,918
Non-military	4	£123,700
Total	57	£1,059,618

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£150,220
ML3	3	£329,500
ML4	2	£29,206
ML9	3	£46,096
ML10	29	£164,144
ML11	10	£173,077
ML16	1	£43,674
ML22	1	£0
PL5001	1	£0

airborne refuelling equipment.  
anti-armour ammunition.  
anti-riot/ballistic shields.  
components for air-to-air missiles.  
components for airborne refuelling equipment (14 licences).  
components for combat aircraft (2 licences) [See footnote 7].  
components for electronic warfare equipment (9 licences).  
components for military support aircraft (7 licences) [See footnotes 10, 5, 6, 8, 9].  
components for military training aircraft (4 licences) [See footnotes 1, 2].  
components for shotgun ammunition.  
components for submarines.  
components for unmanned air vehicles.  
general naval vessel components (2 licences).  
T military communications equipment.  
military improvised explosive device decoying/detection/disposal/jamming equipment.  
small arms ammunition.

sniper rifles (1).  
sporting guns (1).  
technology for targeting equipment.  
unfinished products for combat aircraft.  
weapon night sights.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9011	4	£123,700

sporting shotguns (1) (4 licences).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	19	£448,157
Non-military	1	£20,000
Total	20	£468,157

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

5A002	1	£213,125

chemicals used for industrial/commercial processes (3 licences) [See footnote 1].  
information security equipment [See footnote 2].

### Country Footnotes

1. UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument. The enforcement of the arms embargo was further strengthened by resolution 1945 (2010) of 14 October 2010. This is implemented by Council Regulation (EC) No 747/2014, as amended.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for chemical manufacturing purposes. Commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.

T	military infrared/thermal imaging equipment (5 licences).
T	NBC detection equipment.
	sniper rifles (1).
	software for military training aircraft.
	software for military training equipment.
T	targeting equipment (2 licences).
T	technology for general military vehicle components.
	technology for military training aircraft.
	technology for military training equipment.
T	weapon night sights (5 licences).
T	weapon sights (5 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C001	2	£1,050
0D001	1	£89,590
1C235	2	£0
1C351	4	£765
5A002	2	£1,503
FR AI	2	£1,507,500
PL9003	1	£100

	anthrax vaccines.
	components for sporting shotguns.
	information security equipment.
T	information security equipment.
	products containing depleted uranium (2 licences).
	small arms ammunition.
	software for nuclear reactors.
	sporting shotguns (2).
	toxins (4 licences).
	tritium (2 licences).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	16	£1,949,098
Total	16	£1,949,098

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	4	£41,027
ML6	1	£4,350
ML10	6	£59,966
ML15	1	£1,457,500
ML21	4	£386,255
ML22	2	£0

components for combat aircraft (2 licences).  
 components for military image recording/processing equipment.  
 components for weapon control equipment (3 licences) [See footnote 3].  
 general military aircraft components (2 licences).  
 general military vehicle components.  
 military aircraft ground equipment (2 licences).  
 software for military training aircraft (2 licences).  
 software for military training equipment (2 licences).  
 software for software for military guidance/navigation equipment.  
 technology for military training aircraft.  
 technology for military training equipment (2 licences).  
 weapon control equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Austria  
 Bangladesh  
 Bulgaria  
 France  
 Germany  
 India  
 Indonesia  
 Ireland  
 Italy  
 Jordan  
 Kuwait  
 Oman  
 Qatar  
 Saudi Arabia  
 Spain  
 Sweden  
 United Kingdom

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	military image intensifier equipment, targeting equipment
3 (Rv)	P	small arms ammunition
4	P	weapon sights
5	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
6	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
7	P	components for military aero-engines, general military aircraft components
8	P	components for military infrared/thermal imaging equipment, components for periscopes, components for weapon night sights, general military vehicle components, periscopes, technology for military infrared/thermal imaging equipment, technology for periscopes, technology for weapon night sights, weapon night sights
9	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

Rv - Some or all of which have subsequently been revoked.

## Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Case & goods Footnotes

1. Licence granted for training purposes.
2. Licence granted for components / accessories / spare parts.
3. Licence granted for a Military end user.

## Syria

### Processing Statistics (excluding amendments)

Median processing time SIELs	19 days

3A001	1	£76,480
3A225	3	£11,602
3C001	3	£10,100,000
3E001	1	£1
5A002	6	£8,655,357
5D002	1	£200
5E002	1	£7,000
6A003	3	£173,594
7A103	2	£128,085
7B103	2	£18,356
9A004	1	£162,950
PL8001	1	£74,000

calibration equipment for guidance/navigation equipment (2 licences).  
chemicals used for general laboratory work/scientific research.  
chemicals used for pharmaceutical/healthcare production.  
constituents of propellants.

corrosion resistant chemical manufacturing equipment (3 licences).  
 dimensional measuring equipment.  
 explosives detection equipment.  
 extended temperature range integrated circuits.  
 fibrous/filamentary materials.  
 frequency changers (3 licences).  
 imaging cameras (3 licences).  
 inertial equipment (2 licences).  
 information security equipment (6 licences) [See footnote 2].  
 information security software.  
 metal alloy cylindrical forms (4 licences).  
 metal alloy tubes.  
 nickel powders.  
 semiconductor wafers with epitaxial layers (3 licences).  
 spacecraft attitude and orbit control systems.  
 technology for information security equipment.  
 technology for microwave components.  
 toxins.  
 viruses.  
 zirconium compounds.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£73,650
ML1	1	£137,650

imaging cameras.  
 weapon night sights.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£2,895
Total	1	£2,895

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£2,895

components for military aero-engines.

The items being incorporated in this destination are ultimately destined for all or some of the following:

France

#### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
2	P	general naval vessel components, technology for general naval vessel components
3 (Rv)	P	small arms ammunition
4	P	information security equipment, information security software
5	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
6	P	general naval vessel components, technology for general naval vessel components [See footnote 5]
7	P	technology for submarines

Rv - Some or all of which have subsequently been revoked.

### Case & goods Footnotes

1. Licence granted for disaster / emergency response purposes.
2. Licence granted for commercial end use.
3. Licence granted for training purposes.
4. Licence granted for components / accessories / spare parts.
5. Licence granted for components / accessories / spare parts. End use by the (Military) Navy.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	106	£45,818,489
Non-military	40	£2,792,971
Both Military and Non-military	3	£147,251
Total	149	£48,758,710

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£8,875
ML4	16	£13,812,708
ML5	20	£14,989,039
ML6	15	£6,747,889
ML7	1	£87,529
ML9	3	£16,724
ML10	25	£1,147,578
ML11	20	£869,924
ML13	3	£188,120
ML14	3	£7,550,172
ML15	1	£340,000
ML16	3	£7,388
ML17	1	£5,208
ML18	1	£480
ML21	3	£46,335
ML22	2	£520

- aerial target equipment.
- aircraft military communications equipment (4 licences).
- all-wheel drive vehicles with ballistic protection [See footnote 7].
- body armour [See footnote 15].
- bomb suits (2 licences) [See footnote 16].
- components for air-to-air missiles.
- components for air-to-surface missiles (2 licences).
- components for aircraft military communications equipment (3 licences).
- components for ballistic test equipment.
- components for body armour [See footnote 15].
- components for combat helicopters (4 licences).
- components for combat naval vessels.
- components for electronic countermeasure equipment.
- T components for electronic warfare equipment.
- components for launching/ground support equipment for unmanned air vehicles.
- components for launching/handling/control equipment for missiles.
- T components for launching/handling/control equipment for munitions [See footnote 5].
- components for military aero-engines (2 licences).
- components for military auxiliary/support vessels.
- Rv components for military combat vehicles (9 licences).
- T components for military combat vehicles [See footnote 26].
- components for military communications equipment (8 licences).
- components for military electronic equipment.
- components for military equipment for initiating explosives.
- T components for military equipment for initiating explosives.
- components for military helicopters (4 licences).

- T components for military radars (7 licences).
- T components for military support aircraft [See footnote 5].
- components for military support vehicles.
- components for military training aircraft.
- components for multi-role missiles.
- components for NBC detection equipment.
- components for surface-to-air missiles.
- components for surface-to-surface missiles.
- T components for tanks [See footnote 25].
- components for targeting equipment (2 licences).
- components for unmanned air vehicles.
- components for weapon control equipment (8 licences).
- demolition charges/devices (3 licences).
- electronic countermeasure equipment.
- T electronic warfare equipment.
- equipment for the production of small arms ammunition.
- equipment for the use of electronic countermeasure equipment.
- T equipment for the use of military guidance/navigation equipment.
- T equipment for the use of targeting equipment [See footnote 4].
- general military aircraft components.
- general military vehicle components.
- T general military vehicle components [See footnote 30].
- general naval vessel components.
- goods treated for signature suppression for military use.
- launching/handling/control equipment for munitions.
- machine guns (1).
- military aircraft head-up/down displays.
- military aircrew life support equipment.
- military aircrew safety equipment (2 licences).
- T military aircrew safety equipment [See footnote 31].
- military communications equipment (2 licences).
- military electronic equipment (2 licences).
- T military electronic equipment [See footnote 5].
- military equipment for initiating explosives (3 licences).
- T military equipment for initiating explosives.
- military guidance/navigation equipment (2 licences).
- T military guidance/navigation equipment [See footnote 28].
- military helmets (2 licences) [See footnote 15].
- T military infrared/thermal imaging equipment.
- military training equipment (2 licences).
- T munitions/ordnance detection/disposal equipment.
- T rangefinding equipment.
- small arms training equipment.
- software for electronic countermeasure equipment.
- software for equipment for the use of electronic countermeasure equipment.
- T software for military combat vehicles [See footnote 5].
- T software for military guidance/navigation equipment [See footnote 28].
- T targeting equipment [See footnote 4].
- technology for constructions for ballistic protection of military systems.
- technology for electronic countermeasure equipment.
- technology for military combat vehicles.
- unfinished products for combat aircraft.
- unfinished products for military combat vehicles (2 licences).

Rv - Some or all of which have subsequently been revoked.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	2	£2,652
1C202	2	£32,942
1C210	2	£1,114,908
1C233	1	£3,542
2B001	1	£200,000
2B008	1	£16,426

2B206	1	£9,527
2B350	6	£41,199
3A001	1	£27,000
5A002	13	£322,522
5D002	2	£2
6A002	1	£2,300
6A003	7	£987,468
6A006	1	£1,940
6A203	1	£30,543

- accessories for machine tools.
- corrosion resistant chemical manufacturing equipment (6 licences) [See footnote 18].
- deuterium compounds [See footnote 22].
- deuterium solutions [See footnote 8].
- devices containing enriched lithium [See footnote 9].
- dimensional measuring equipment [See footnote 14].
- T direct view imaging equipment.
- extended temperature range integrated circuits.
- fibrous/filamentary materials (2 licences) [See footnotes 23, 24].
- imaging cameras (5 licences) [See footnotes 1, 17].
- T imaging cameras.
- information security equipment (13 licences) [See footnotes 10, 11, 12, 13, 21].
- information security software.
- instrumentation cameras (2 licences) [See footnotes 19, 20].
- machine tools.
- magnetometers.
- metal alloy cylindrical forms (2 licences).
- software for information security equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£7,730
5A002	1	£65,175
6A002	1	£12,050
6A003	2	£17,245
ML5	1	£4,500
ML7	1	£6,262
ML11	2	£9,238
ML17	1	£25,050

- T civil NBC protection clothing [See footnote 29].
- T civil NBC protection equipment [See footnote 29].
- T civil riot control agent protection equipment [See footnote 29].
- T components for NBC protective/defensive equipment [See footnote 29].
- T direct view imaging equipment [See footnote 27].
- T imaging cameras (2 licences) [See footnotes 27, 29].
- information security equipment.
- military communications equipment.
- T military communications equipment [See footnote 29].
- T military diving apparatus [See footnote 29].
- T military laser protection equipment [See footnote 29].
- T NBC protective/defensive equipment [See footnote 29].
- T targeting equipment [See footnote 27].

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	17	£1,062,800
Non-military	2	£522,452

Both Military and Non-military	1	£2,326,016
Total	20	£3,911,268

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£151,500
ML5	3	£29,835
ML6	6	£514,773
ML10	4	£312,322
ML11	1	£7,000
ML17	1	£47,370

components for air launched rockets (2 licences) [See footnote 3].  
 components for combat aircraft (2 licences).  
 components for combat helicopters [See footnote 2].  
 components for military combat vehicles (4 licences).  
 components for military radars (2 licences).  
 components for military support aircraft.  
 components for weapon control equipment.  
 general military vehicle components (2 licences).  
 military electronic equipment.  
 military field engineer equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C233	1	£7,452
7A103	1	£515,000

devices containing enriched lithium.  
 inertial equipment [See footnote 6].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A008	1	£2,007,796
ML11	1	£214,480
ML21	1	£103,040
ML22	1	£700

components for military guidance/navigation equipment.  
 components for radar equipment.  
 military guidance/navigation equipment.  
 software for military radars.  
 technology for military guidance/navigation equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Bahrain  
 Canada  
 Denmark  
 Germany  
 Ghana  
 Indonesia  
 Israel  
 Italy  
 Japan  
 Kazakhstan  
 Malaysia  
 Netherlands  
 Norway  
 Oman  
 Pakistan  
 Russia  
 Saudi Arabia  
 South Korea  
 United Arab Emirates  
 United Kingdom  
 United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
3	P	information security equipment
4	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
5	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
6	P	components for military infrared/thermal imaging equipment, components for periscopes, components for weapon night sights, general military vehicle components, periscopes, technology for military infrared/thermal imaging equipment, technology for periscopes, technology for weapon night sights, weapon night sights
7	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

8	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
9	P	towed hydrophone arrays
10	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft

### Case & goods Footnotes

1. Licence granted for disaster / emergency response purposes. Public Services (Government) end use.
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
4. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
5. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
6. Licence granted for commercial end use.
7. Licence granted for a diplomatic mission.
8. Licence granted for research and development purposes, including academic and medical.
9. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
10. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
11. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
12. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
13. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
14. Licence granted for research and development purposes, including academic and medical.
15. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
16. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
17. Licence granted for public services (Government) end use.
18. Licence granted for chemical manufacturing purposes. Commercial end use.
19. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
20. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
21. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
22. Licence granted for commercial end use.
23. Licence granted for commercial end use.
24. Licence granted for commercial end use.
25. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
26. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
27. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
28. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
29. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
30. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

31. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

	telecommunications interception equipment (2 licences) [See footnotes 10, 9].
	toxins.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£150,957
5E002	1	£21,953
ML11	1	£938,441
ML21	1	£60,000

components for military communications equipment.  
equipment for the use of military communications equipment.  
information security equipment.  
military communications equipment.  
software for targeting equipment.  
technology for information security equipment.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£7,500
Total	1	£7,500

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more

than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
7A103	1	£7,500

inertial equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

France

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for pistols, components for sporting guns, gun silencers, pistols, shotgun ammunition, small arms ammunition, sporting guns, weapon sights [See footnote 4]
3	P	command communications control and intelligence software, software enabling equipment to function as electronic warfare equipment, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software, technology for software enabling equipment to function as electronic warfare equipment, technology for software enabling equipment to function as military communications equipment
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	T	command communications control and intelligence software, military software, software enabling equipment to function as electronic warfare equipment, software enabling equipment to function as military communications equipment, software for weapon system software, technology for command communications control and intelligence software, technology for software enabling equipment to function as electronic warfare equipment, technology for software enabling equipment to function as military communications equipment

7	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft

## Uruguay

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	75% (3)
% and number of SIELs completed in 60 working days	100% (4)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	74 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£5,812
Non-military	1	£224,652
Both Military and Non-military	1	£79,000
Total	4	£309,464

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£1,812
ML13	1	£4,000

body armour.  
weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B352	1	£224,652
2E301	1	£0

biotechnology equipment.  
technology for biotechnology equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£30,000
ML1	1	£49,000

imaging cameras.  
weapon night sights.

#### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition
2	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components

Rv - Some or all of which have subsequently been revoked.

## Uzbekistan

### Processing Statistics (excluding amendments)

#### Country Footnotes

1. EU Council Decision (CSFP) 2017/2074 and Council Regulation (EU) 2017/2063 were introduced in November 2017. It includes an asset freeze, travel ban and arms embargo, embargo on equipment that could be used for repression, and restrictions on monitoring equipment. Targeted restrictions should be imposed against those responsible for serious human rights violations or abuses or the repression of civil society and democratic opposition; or those whose actions, policies or activities otherwise undermine democracy or the rule of law in Venezuela.

All exports for this destination were approved in accordance with the sanctions in place.
