OFFICIAL

Dear Mark,

Thank you for consulting Network Rail in relation to planning application S62A/2023/0026. At this stage, we would like to submit a holding response to the application.

The application is situated in close proximity to Network Rail's Fullers End public footpath level crossing. Network Rail is concerned that the proposed development would lead to adverse safety impacts at the level crossing.

Network Rail intends to submit a comprehensive consultation response to the application on Monday 15th January 2024.

If you have any questions in the meantime, please get in touch with me.

Thank you

Kind Regards

Elliot Stamp
