

Energy Bills Discount Relief Scheme for Non-Domestic Customers in Great Britain

Energy Bills Discount Relief Scheme for Non-Domestic Customers in Northern Ireland

Scheme parameters

This notice is published under regulation 7(3) of the Energy Bills Discount Scheme Regulations 2023 (SI 2023/453) and regulation 7(3) of the Energy Bills Discount Scheme Regulations (Northern Ireland) 2023 (SI 2023/454) (collectively, "the EBDS Regulations").

Terms defined in the EBDS Regulations have the same meanings in this notice.

With effect from 1 February 2024, the minimum supply price in respect of energy supplied to QHS customers between 1 February 2024 and 31 March 2024, is revised as specified in the table below. This revision applies in respect of all variable price contracts, flexible price contracts and DAI price contracts, including those entered into before 1 February 2024. It also applies in respect of fixed price contracts entered into on or after that date. For all contracts to which the EBDS Regulations apply, the other scheme parameters remain unchanged for both scheme periods, as set out below.

Scheme parameter	Supply contract	Great Britain (p/kWh)		Northern Ireland (p/kWh)	
		Electricity scheme	Gas scheme	Electricity scheme	Gas scheme
Government supported price	General supply contracts and ETII supply contracts	30.2	10.7	30.2	10.7
	QHS supply contracts	0	0	0	0
GSP decrement	ETII supply contracts	11.7	0.8	11.7	0.8
Maximum discount	General supply contracts and ETII supply contracts	1.961	0.697	1.961	0.697
	QHS supply contracts	∞	∞	∞	∞
MD increment	ETII supply contracts	6.939	3.303	6.939	3.303
Minimum supply price	General supply contracts and ETII supply contracts	30.2	10.7	30.2	10.7
	QHS supply contracts (energy supplied prior to 1 February 2024, under all contracts to which the EBDS Regulations apply)	34	7.83	34	7.83
	QHS supply contracts (energy supplied on or after 1 February 2024 under all variable price contracts, flexible price contracts and DAI price contracts, and fixed price contracts entered into on or after 1 February 2024)	28.24	6.50	28.24	6.50
