JUDGMENT

The claimant's application dated 21 December 2023 for reconsideration of the Judgment sent to the parties on 7 December 2023 is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked. A reconsideration is not necessary in the interests of justice. The claimant is essentially seeking a further opportunity to advance the arguments she has advanced already (or which she reasonably could have). The claimant had a full opportunity at the preliminary hearing to explain her submissions, the tribunal seeking to guide the claimant as to the key points it wished her to address. There has been no misunderstanding on the part of the tribunal material to its conclusions.
