Inspection of licence applications can be requested under the provisions of Regulation 9 of the Goods Vehicles (Licensing of Operators) Regulations 1995 by anybody who holds statutory objector status. Applications may be inspected free of charge at the Office of the Traffic Commissioner in Leeds by any person who carries written authorisation to act in that capacity.

Objections against published applications may be made in writing by a Chief Officer of Police, a local authority, a planning authority or a prescribed trade union or association within 21 days of the date on which notice of an application is published in Applications and Decisions. Objections must be made either on the grounds that any of the requirements listed in Section 13 of the Goods Vehicles (Licensing of Operators) Act 1995 are not met and/or that a nominated operating centre will be unsuitable for use as such. A copy of the objection must be sent by the objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector.

You may fax a copy of your objection to 0113 2488521 but please note that you must send the original signed document through the post.

Classification of Operator Licences – There are three classes of licence:

- A **Restricted (R)** licence authorises the use of a goods vehicle on public roads in Great Britain for the carriage of the licence holder's own goods in the course of his trade or business. The licence holder cannot carry goods for other people for hire or reward;
- A **Standard National (SN)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward, on public roads in Great Britain. He can also carry his own goods on journeys abroad;
- A **Standard International (SI)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward. These activities can be undertaken both in Great Britain and on international journeys.

Section 3 – Schedule 4 Applications

Schedule 4 to the Goods Vehicles (Licensing of Operators) Act 1995 allows, in certain situations, the transfer of operating centres from one existing licence to either another existing licence or as part of a new licence application. A range of qualifying criteria has to be met, with approval at the Traffic Commissioner’s discretion. An important consideration in the process is any environmental history relating to the subject operating centre or any potentially adverse environmental impact resulting from the transfer. Legislation prevents any statutory objection against the Schedule 4 element of an application.

New Applications (Section 3.1): where the Traffic Commissioner has given a direction that the provisions of paragraph 2 of Schedule 4 shall apply, objections may only be lodged against the published application under Section 12(1)(a) of the 1995 Act, disregarding the suitability of the operating centre for use as such by the applicant as set out in Section 13(5)(d) of the Act.

Variation Applications (Section 3.2): where the Traffic Commissioner has given a direction that the provisions of paragraph 4 of Schedule 4 shall apply, objections may again only be lodged against the published application under Section 12(1)(a) of the 1995 Act unless that transfer can be accommodated without any overall increase in the existing overall vehicle/trailer authorisation on the receiving licence, in which case there is no statutory requirement to publish details of that application. However, **Section 3.3** does detail any such applications in order that interested parties are made aware of changes to authorised operators at listed operating centres

Section 5 – Public Inquiries

Anyone wishing to observe a physical or virtual public inquiry must request to do so from the relevant Office of the Traffic Commissioner in advance of the hearing. Due to space or technology restrictions we may not be able to accommodate all requests.

Please contact Steve.patel@otc.gov.uk for further information.

There is no obligation on the traffic commissioner to provide a transcript of proceedings. Any decision to release will refer to the reasons for the request and there may be restrictions placed on its use. That request should be made via the relevant Office of The Traffic Commissioner and the applicant must understand that they will be liable for the cost of producing the transcript. This will vary according to demand and size of content.

Appeals against any decision published in this section must be lodged with the Upper Tribunal – Administrative Appeal Chamber (Transport), 5th Floor, Rolls Building, 7 Rolls Buildings, Fetter Lane, London, EC4A 1NL not later than one month after the date of the letter conveying the Traffic Commissioner’s (or Deputy Traffic Commissioner’s) decision. Director(s): STEPHEN JEFFREY BUTLER

SAPCOTE BUSINESS CENTRE, SMALL HEATH HIGHWAY, BIRMINGHAM, B10 0HR

S26 - Licence revoked with effect from 23:59 hours on 00/04/2024.

Decision Made by Traffic Commissioner Mr. Dorrington.

“This was an exceptional case where a pragmatic approach still allowed the interests of justice to be served and road safety to be protected. My decision, after hearing from everyone and after allowing a short adjournment for Mr Oliver, Solicitor, to take instructions was:

- 1. The operator’s licence is revoked from 2359 hours on 09 April 2024 under sections 27(1)(a) [lack of appropriate financial standing] and 26(1)(f) of the Act; and**
- 2. If a complete application for a new standard operator’s licence is made before the revocation of this licence and it is supported by:**
 - (a) Mr Mohammed Khan, DoB April 1978, being the transport manager; and**
 - (b) An at least “Mostly Satisfactory” maintenance compliance audit; and**
 - (c) Evidence that Mr Butler has successfully completed an OLAT/C course; then**
- 3. I will grant the application on the papers.**
- 4. As a result the determination of any such application is reserved to myself.**

Part of my decision making process was Mr Khan telling me that he was now directly involved in assisting Mr Butler and that he would remain doing that until he was the specified transport manager. He also told me that if he was not able to be effective in ensuring compliance on a day-to-day basis due to any problems within the transport operation then he would write to me explaining why he had to step away”.

Public Inquiry (89127) held at The Public Inquiry Room (Birmingham), B15 1PL, 38 George Road, Edgbaston, Birmingham, on 9 January 2024 commenced at 11:00 (Previous Publication:(3078))

Director(s): DANIEL MILLETT-KIRKHAM

80 THE PORTWAY, KINGSWINFORD, DY6 8HW

Operator and transport manager Mr Darren Kirkham

“After very carefully considering the facts of this case, and the wishes of the operator and transport manager, I revoked the operator’s licence under section 26(1)(f) [breach of the general undertakings on the licence that relate to vehicles being kept in a roadworthy condition] and under section 27(1)(a) because the operator was not of appropriate financial standing. Both orders of revocation take effect at 2359 hours tonight, 09 January 2024. No order was made under section 28.

In reaching my decision I accepted that the driver was significantly culpable in causing the serious bridge strike on 17 July 2023 and the operator had far less culpability limited to a failure to provide a height marker stick (relying on the driver to use a tape measure instead), albeit that it was doubtful whether the driver would have used a height marker stick at the relevant time even if one had been provided.

I took no further action against the transport manager, Mr Darren Kirkham, because 17 July 2023 was the first day he was specified on the operator’s licence as the transport manager and the driver had already left the yard and commenced his duties before Mr Darren Kirkham began his first day of work as the transport manager.

The shortcomings were accepted by the operator at the public inquiry. The supplementary received from the vehicle examiner report shows that improvements have been made, such as the maintenance provider has been changed to an external garage and rolling road brake test are now been done at every PMI. The transport manager has now attended a 2 days transport manager’s refresher course. The action to be taken:-

- **Licence curtailed to 2 vehicles under section 26(1)(f) indefinitely.**
- **No action has been taken against the transport manager repute.**
