

**DRAKELOW CCGT PLANT**  
**EXPLANATORY MEMORANDUM TO S.36 CONSENT VARIATION 2017**

**Variation of Section 36 Consent**

Clause 1 is amended to make reference the document titled 'Supplementary Environmental Information Report 2017' submitted with the section 36C variation application dated 31 July 2017.

Clause 2 is varied to make clear that the capacity of the development will be up to 1,220MW.

Clause 2 (a) is varied to allow for up to 14 gas turbines.

Clause 2 (b) is varied to allow for up to four once through steam generators.

Clause 2 (d) is varied by the addition of a description of some of the works that fall under the definition of "ancillary plant" and "equipment".

Clause 3 is varied to make clear that the consent runs for three years from the date of the section 36C variation.

**Conditions in Section 90 Direction – comparison with existing planning**

The Definitions section has been varied as follows:

- 'BS 4142 1997' is varied to reflect the most recent date of issue and title of the document BS 4142;
- 'CHPQA Standard (issue 5)' is amended to reflect the most recent date of issue and title of the document CHPQA Standard; and
- 'Site' is amended to reference an electronically published version of the original site plan which remains unchanged.

Condition 3 is varied to make clear that the consent runs for three years from the date of the section 36c Variation.

Condition 12 is varied to reflect the most recent date of issue and title of the document BS 5228.

Condition 15 is varied to reflect the most recent date of issue of the document BS 4142.

Condition 17 is varied to afford Derbyshire County Council, as the Lead Local Flood Authority, the opportunity to review and approve the scheme showing the method and working of drainage facilities on the site.

Condition 32 is varied to reflect the most recent date of issue and title of the document BS 5837.

Condition 33 and the following condition also numbered 33 have, to correct a numbering error, been varied and are now conditions 33a and 33b.

Conditions 34 – 37 and 40 - 41 have been varied to correct an incorrect reference to the Environment Agency.

In addition a number of minor drafting changes are made (for example to ensure consistency with the terms used and to update changes and to correct typographical errors).
