

EMPLOYMENT TRIBUNALS

Claimant: Ms S Morton
Respondent: Epilepsy Society

JUDGMENT

The respondent's application dated 20 December 2023 for reconsideration of the judgment sent to the parties on 19 December 2023 is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because it is not the case that there was a failure by the claimant to comply with the unless order dated 1 November 2023, given it is agreed that some medical evidence has been served by the claimant.
