Hi [REDACTED],
Ahh yes, we are already starting to hear feedback from various stakeholders! In terms of DRS full government response, no immediate plans for that to be published and so expect that to be definitely post-Easter. Will keep you updated as much as I can when we have more specific timings in mind.
Thanks

Afternoon [REDACTED].
So Glass out of England DRS was a surprise...!! Pubs will be happy but further divergence in UK schemes adds to challenges for producers ..
Is it possible the DRS proposals may appear this week or are we still looking post-Easter earliest now..?
As ever, any steer you can provide welcome...

Hi [REDACTED],
I can't give a definitive view but I would say Q2 is definitely a possibility now so I think fine for you to communicate that to your members tomorrow!
Thanks

Hi [REDACTED],
We are hearing Q2 2022 before this will appear now which I assume is now a distinct possibility? We have a member meeting tomorrow where DRS on the agenda and no doubt I will get asked this again!

Hi [REDACTED],

Busy but ok thanks! Hope you are keeping well too.

Unfortunately no clear date for when the responses are likely to be published. The formal line is early 22, but I wouldn't be expecting to see anything for another month at least... Will of course keep you updated on when I can give more clarity!

Thanks

Morning [REDACTED],

Hope all well. I appreciate you can't be precise but just wanted to check whether likely timings for next stages of DRS and EPR reform were as previously indicated and we still should expect something soon?

Kind regards
