Hi Leanne,

Please see attached response/request for S106 for Primary Care/GP . There is no request for any S106 for Acute, Mental Health or Community Health services.

Please note the request for a trigger point of on occupancy of the 1st dwelling and “NHS England and the HWE ICB reserve the right to apply for S106 money retrospectively and the right to amend and request that this be reflected in any S106 agreement.”

Many thanks

Kind regards
Sheila Addison
