

# EMPLOYMENT TRIBUNALS

**Claimant:** Mr A Lemboye

**Respondent:** 1. Care Worldwide (Bradford) Limited  
2. Paulina Drzewiecka

## JUDGMENT

The claimant's application dated **21 November 2023** for reconsideration of the judgment sent to the parties on **13 November 2023** is refused.

## REASONS

There is no reasonable prospect of the original decision being varied or revoked, because the claimant's representative has not said anything in his application for reconsideration which he did not say or have the opportunity to say at the preliminary hearing on 13 November 2023. There is therefore nothing to cause the Employment Judge to reconsider her judgment, which was made on the basis of the claimant's evidence and the representations of the parties' representatives at the preliminary hearing.
