

EMPLOYMENT TRIBUNALS

Claimant: Ms M Dinea

Respondent: Kash Jaffar

JUDGMENT

The claim is struck out.

REASONS

1. By a letter dated **23 November 2023** the Tribunal gave the claimant an opportunity to contact the Tribunal by **14 December 2023** and warned the Claimant that a failure to respond might lead to strike out.
2. The 23 November letter reminded the Claimant that the Tribunal had not received a reply to its two letters of **1 September 2023** (and enclosed copies of those letters). One of those letters had sought a response by 8 September 2023. Between them, the letters sought specific details of the intended claim, and of the correct identity of the intended respondent.
3. Since there has been no response, the claim is struck out because it has not been actively pursued.
