

T-Sport Electric Scooter ES299	
Aspect	Details
Images	
PSD Number	2401-0007
Product Type	Machinery – Electric Scooter
Product Identifiers	Brand: T-Sport Model Number: ES299 350watt motor, 48volts
Product Description	Electric scooter, 12” wheels with yellow frame supplied in cardboard packaging.
Country of Origin	China
Counterfeit	Unknown
Risk Level	Serious
Risk Type	Electric shock
Risk Description	<p>The product presents a serious risk of electric shock because the transformer was of a poor build quality and did not meet the requirements of creepage and clearance. The plug face also did not meet the dimensional requirements of the relevant standard, meaning users can access live pins when plugging in, or unplugging, the plug from the socket. The fuse was also considered counterfeit and did not contain a ballast, preventing it from performing as required under fault conditions.</p> <p>The product was also found to have a speed greater than the maximum permissible level, and functions purely as a twist-and-go without pedalling, as a motorbike.</p> <p>The product requires improvements to marking, labelling and documentation. The product does not meet the requirements of the Supply of Machinery (Safety) Regulations 2008 or the Plugs & Sockets (Safety) Regulations 1994.</p>
Corrective Measures	The import has been rejected at the border.
